## Report on the consolidated financial statements

We have audited the accompanying consolidated financial statements of Deutsche Bank Aktiengesellschaft and its subsidiaries, which comprise the consolidated statement of income, the consolidated statement of comprehensive income, the consolidated balance sheet, the consolidated statement of changes in equity, the consolidated statement of cash flows, and notes to the consolidated financial statements for the business year from January 1 to December 31, 2012.

### Management's Responsibility for the Consolidated Financial Statements

The management of Deutsche Bank Aktiengesellschaft is responsible for the preparation of these consolidated financial statements. This responsibility includes preparing these consolidated financial statements in accordance with International Financial Reporting Standards as adopted by the EU, the supplementary requirements of German law pursuant to § Article 315a Abs. paragraph 1 HGB (Handelsgesetzbuch: German Commercial Code) and full IFRS to give a true and fair view of the net assets, financial position and results of operations of the group in accordance with these requirements. The company's management is also responsible for the internal controls that management determines are necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with § 317 HGB and German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer (Institute of Public Auditors in Germany) (IDW) as well as in supplementary compliance with the standards of the Public Company Accounting Oversight Board (United States). Accordingly, we are required to comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing audit procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The selection of audit procedures depends on the auditor's professional judgment. This includes the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In assessing those risks, the auditor considers the internal control system relevant to the entity's preparation of the consolidated financial statements that give a true and fair view. The aim of this is to plan and perform audit procedures that are appropriate in the given circumstances, but not for the purpose of expressing an opinion on the effectiveness of the group's internal control system. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Audit Opinion

Pursuant to § 322 Abs.3 Satz 1 HGB, we state that our audit of the consolidated financial statements has not led to any reservations.

In our opinion, based on the findings of our audit, the consolidated financial statements comply in all material respects with IFRSs as adopted by the EU, the supplementary requirements of German commercial law pursuant to § 315a Abs. 1 HGB and full IFRS and give a true and fair view of the net assets and financial position of the Group as of December 31, 2012 as well as the results of operations for the business year then ended, in accordance with these requirements.

The management of Deutsche Bank Aktiengesellschaft is responsible for the preparation of the group management report in compliance with the applicable requirements of German commercial law pursuant to § [Article] 315a Abs. [paragraph] 1 HGB [Handelsgesetzbuch: German Commercial Code]. We conducted our audit in accordance with § 317 Abs. 2 HGB and German generally accepted standards for the audit of the group management report promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). Accordingly, we are required to plan and perform the audit of the group management report to obtain reasonable assurance about whether the group management report is consistent with the consolidated financial statements and the audit findings, and as a whole provides a suitable view of the Group's position and suitably presents the opportunities and risks of future development.

Pursuant to § 322 Abs. 3 Satz 1 HGB, we state that our audit of the group management report has not led to any reservations.

In our opinion, based on the findings of our audit of the consolidated financial statements and group management report, the group management report is consistent with the consolidated financial statements, and as a whole provides a suitable view of the Group's position and suitably presents the opportunities and risks of future development.

## Report of the Supervisory Board

The economic environment in 2012 was marked by continuing uncertainties over the high sovereign debt in many industrial countries and a slowing of the global economy. Central banks' actions, however, mitigated risks in the financial markets and helped to prevent the severe turbulence seen in previous years. This boosted expectations that – after a weak winter period – the global economy would regain momentum over the course of 2013.

Germany mastered the difficult environment in 2012 well, despite recession in the countries on the southern periphery of the eurozone, noticeably slower emerging market growth and continuing concern over the debt crisis.

For Deutsche Bank, the 2012 financial year was decisively shaped by personnel changes in its senior management and a related realignment of its business model. In September 2012, the new Co-Chairmen of the Management Board, Mr. Fitschen and Mr. Jain, presented the bank's ambitious strategic and financial targets for 2015 and beyond. Strategy 2015+ confirms Deutsche Bank's commitment to its proven universal banking model, its German home market and its global business platform. Additional aspects include the need for continued risk reduction, organic growth of the capital base and enhanced operational excellence. Deutsche Bank also pledged to be at the forefront of shaping cultural change in the financial services sector.

In last year's challenging environment, Deutsche Bank generated good operating results in its core businesses. However, these were impaired by significant one-time charges. The bank successfully raised its core Tier 1 capital ratio, on a fully loaded Basel 3 basis and further scaled back risks in its non-core business activities.

In light of the regulatory requirements, strengthening the capital base continues to be a top priority for Deutsche Bank. We also took this into account in this year's dividend proposal. We would like to thank the Management Board and the bank's employees for their great personal dedication.

In addition to issues surrounding the ongoing strategic development of the bank and its implementation, which we discussed in detail with the Management Board at a dedicated workshop, we addressed numerous statutory and regulatory changes again in 2012. Last year, we extensively discussed the bank's economic and financial development, its operating environment, risk management system, planning and internal control system. The Management Board reported to us regularly, without delay and comprehensively on business policies and other fundamental issues relating to management and corporate planning, the bank's financial development and earnings situation, the bank's risk, liquidity and capital management along with material lawsuits and transactions and events that were of significant importance to the bank. We advised the Management Board and monitored its management of business. We were involved in decisions of fundamental importance. Regular discussions were also held between the Chairman of the Management Board, and subsequently the Co-Chairmen of the Management Board, and the Chairman of the Supervisory Board dealing with important topics and upcoming decisions. Between meetings, the Management Board kept us informed in writing of important events. Resolutions were passed by circulation procedure when necessary between the meetings.

### Meetings of the Supervisory Board

The Supervisory Board held six meetings in 2012.

At the first meeting of the year on February 1, 2012, we discussed the development of business in the fourth quarter of 2011 and the 2011 financial year, along with a comparison of the plan-actual figures. The dividend proposal for the year 2011 as well as the corporate planning for the years 2012 to 2014 were noted with ap-

proval. Dr. Bänziger presented a status report on the bank's material risks and litigation cases. We agreed to Dr. Börsig, Dr. Eick and Dr. Siegert being named in the Annual Report as financial experts in accordance with German and U.S. laws, confirmed the continued independence of all of the members of the Audit Committee and determined that the Supervisory Board has what we consider to be an adequate number of independent members. Following a review of the appropriateness of the compensation system for the Management Board, while taking the recommendations of the Chairman's Committee account and in consultation with an independent external legal advisor and compensation expert, we determined the level of the variable compensation for the Management Board members for the 2011 financial year.

At the financial statements meeting on March 16, 2012, based on the Audit Committee's recommendation and after a discussion with the auditor, we approved the Consolidated Financial Statements and Annual Financial Statements for 2011. Furthermore, the Compliance and Anti-Money Laundering Report was discussed, along with the Remuneration Report in accordance with the Regulation on Remuneration at Financial Institutions (InstitutsVergV) for 2011. Changes in the composition of the Regional Advisory Boards and Advisory Councils in Germany were presented to us, and we approved the resolution proposals for the Agenda of the General Meeting 2012. After an extensive discussion, and based on the proposal of the Chairman's Committee, we appointed Dr. Stephan Leithner, Mr. Stuart Wilson Lewis and Mr. Henry Ritchotte members of the Management Board, each for three years with effect from June 1, 2012. Furthermore, based on the proposal of the Chairman's Committee, we resolved to terminate the Management Board appointments of Dr. Bänziger and Mr. Hermann-Josef Lamberti with effect from May 31, 2012. Corresponding severance agreements were concluded.

At the meeting on the day before the General Meeting, we discussed the procedures for the General Meeting and the announced counterproposals as well as the status of litigation in connection with the General Meetings 2004-2011. As necessary, resolutions were approved in this context. Based on a proposal of the Chairman's Committee, we resolved to adjust the Management Board service agreements of Mr. Fitschen and Mr. Jain, to extend the Management Board appointment of Mr. Krause by another five years and to appoint Dr. Leithner as Management Board member with functional responsibility for Human Resources (Arbeitsdirektor) with effect from June 1, 2012. In light of the personnel changes on the Management Board and following extensive discussion, we resolved, based on the proposal of the Chairman's Committee, to revoke the Terms of Reference for the Management Board and the Business Allocation Plan. We authorized the Management Board to issue its own Terms of Reference and Business Allocation Plan until the Supervisory Board adopts a new resolution on the matter.

At our meeting following the General Meeting, we elected Dr. Achleitner as our Chairman and Professor Dr. Trützschler as member of our Audit Committee.

At the meeting on July 31, 2012, we discussed the development of the bank's business during the first six months of 2012 and Dr. Leithner presented a status report on significant litigation cases. Based on a proposal of the Chairman's Committee and in consultation with an external, independent compensation expert, we approved a supplementary adjustment to the Management Board service agreements of Mr. Fitschen and Mr. Jain.

At the last meeting of the year on October 30, 2012, the Management Board informed us of the development of business in the third quarter and we received status reports on the implementation of strategic measures, significant litigation cases and current developments relating to the bank's IT infrastructure. We discussed the changes in the German Corporate Governance Code carried out in 2012 and resolved to adjust the objectives for the composition of the Supervisory Board pursuant to No. 5.4.1 of the German Corporate Governance Code as well as the terms of reference for the Supervisory Board, Chairman's Committee, Audit Committee and the Risk Committee. Furthermore, we issued the periodic Declaration of Conformity pursuant to Section 161 of the Stock Corporation Act.

## The Committees of the Supervisory Board

The Chairman's Committee met six times during the reporting period. Between the meetings, the Chairman of the Chairman's Committee spoke with the Committee members regularly about issues of major importance. The Committee extensively addressed the appointments of the three new members of the Management Board and the departure of Dr. Bänziger and Mr. Lamberti. New statutory and regulatory requirements for Management Board compensation were examined, the resulting need to adjust the Management Board members' service agreements was discussed, and preparations were carried out for the Supervisory Board to determine the variable Management Board compensation for the 2011 financial year. Discussions were held on the amendments required to the Terms of Reference and to the Business Allocation Plan for the Management Board, on the terms of reference for the Supervisory Board and its committees as well as on the Compensation Report. When necessary, resolutions were passed or recommendations made for the Supervisory Board's approval. The Chairman's Committee gave its approval for the Management Board members' ancillary activities and directorships at other companies, organizations and institutions.

At its six meetings, the Risk Committee addressed in particular credit, liquidity, refinancing, country, market and operational risks, as well as legal and reputational risks. The Committee's primary focus in 2012 was on the bank's capital resources, while a special emphasis was also placed on the hard core capital ratio, the expected effects of Basel 3, the initiatives to reduce risk and the appropriateness of our risk-weighted assets compared to the relevant peers. Other major topics were the bank's risk culture, the emergency plans regulatory authorities are calling for in the event of insolvency ("living wills") and the development of the European sovereign debt crisis. With regard to the latter, measures were also carried out by the bank to close refinancing gaps in Spain, Italy and Portugal. In-depth discussions also addressed several selected portfolios, including ship financing, commercial real estate finance and various trading portfolios. Besides the bank's funding and liquidity positions, the Committee meetings examined various aspects of the bank's risk provisions, along with the potential effects of regulatory proposals. The Risk Committee was regularly informed of current developments relating to the larger litigation cases. Furthermore, the Committee discussed risk models and limits, the development of the Risk Management infrastructure, risks of fraud and progress achieved in the integration of Post-bank. Also, our risk portfolios were presented by industry according to a pre-specified plan and compared in terms of profitability. The exposures subject to mandatory approval under German law and the Articles of Association were discussed in detail. Where necessary, the Risk Committee gave its approval.

The Audit Committee met seven times in 2012. Representatives of the bank's auditor attended all of these meetings. Subjects covered were the audit of the Annual Financial Statements and Consolidated Financial Statements for 2011, the Interim Reports, as well as the Annual Report on Form 20-F for the U.S. Securities and Exchange Commission (SEC). The Committee dealt with the proposal for the election of the auditor for the 2012 financial year, verified the auditor's independence in accordance with the requirements of the German Corporate Governance Code and the rules of the U.S. Public Company Accounting Oversight Board (PCAOB), issued the audit mandate and resolved on the auditor's remuneration. The Committee did not specify audit areas of focus for 2012 as the Federal Financial Supervisory Authority (BaFin), in accordance with Section 30 of the German Banking Act, specified extensive audit areas of focus, as in 2011. The Audit Committee is convinced that, as in the previous years, there are no conflicts of interest on the part of the bank's auditor. The Committee assured itself of the effectiveness of the system of internal controls, risk management and internal audit and monitored the financial reporting, accounting process and audit of the Annual Financial Statements. When necessary, resolutions were passed or recommendations made for the Supervisory Board's approval. The Audit Committee had reports submitted to it regularly on the engagement of accounting firms, including the auditor, with non-audit-related services, on the work of Internal Audit, on issues relating to compliance, on legal and reputational risks as well as on special audits and significant findings of regulatory authorities. Internal Audit's plan for the year was noted with approval. The Audit Committee did not receive any complaints in connection with accounting, internal accounting controls and auditing matters. Furthermore, the Audit Committee regularly dealt with the processing of audit findings issued by the auditor for the Annual and Consolidated Financial Statements for 2011, the measures to resolve the audit findings, the requirements relating to monitoring tasks

pursuant to Section 107 (3) of the Stock Corporation Act, the measures to prepare for the audit of the Annual Financial Statements and the audit areas of focus specified by the Federal Financial Supervisory Authority in accordance with Section 30 of the German Banking Act.

The Nomination Committee met three times in 2012 and dealt with Supervisory Board succession and appointment issues.

Meetings of the Mediation Committee, established pursuant to the provisions of Germany's Co-Determination Act (MitbestG), were not necessary in 2012.

The committee chairmen reported regularly to the Supervisory Board on the work of the committees.

In 2012, the Supervisory Board members participated in the meetings of the Supervisory Board and their respective committees as follows:

## Corporate Governance

At their meetings on October 29 and 30, 2012, the Supervisory Board and the Chairman's Committee addressed the new suggestions and recommendations of the German Corporate Governance Code of May 15, 2012. In light of the change in the Code's recommendation for a supervisory board's composition, the Supervisory Board resolved that, under the premise that the performance of the Supervisory Board mandate in itself by a representative of the employees cannot be reason to doubt fulfilment of the independence criteria according to No. 5.4.2 of the Code, the Supervisory Board shall have a total of at least sixteen members that are independent within the meaning of the Code and that the Supervisory Board shall be composed such that at least six shareholder representatives are independent within the meaning of No. 5.4.2 of the Code. At the meeting on January 30, 2013, we determined that the Supervisory Board has what we consider to be an adequate number of independent members.

In addition, the Chairman's Committee and the Supervisory Board addressed Management Board compensation at several meetings. The Supervisory Board resolved to engage an independent compensation expert to assist in its review of the structure of the Management Board's compensation system and the appropriateness of the variable compensation for the 2011 financial year as well as an external legal advisor to examine compliance with the statutory and regulatory requirements.

On January 30, 2013, we also determined that all members of the Audit Committee are independent as defined by the U.S. Securities and Exchange Commission (SEC) rules issued to implement Section 407 of the U.S. Sarbanes-Oxley Act of 2002. Dr. Achleitner and Professor Dr. Trützschler, who have been Audit Committee

members since May 31, were determined to be audit committee financial experts in accordance with the regulations of the SEC as well as Sections 107 (4) and 100 (5) of the Stock Corporation Act.

The Declaration of Conformity pursuant to Section 161 of the Stock Corporation Act, last issued by the Supervisory Board and Management Board on October 25, 2011, was reissued at the meeting of the Supervisory Board on October 30, 2012. The Management Board and Supervisory Board stated that Deutsche Bank has complied and will continue to comply with the recommendations of the German Corporate Governance Code in the version dated May 15, 2012, as before, with one exception. The exception involves the recommendation under No. 5.5.3 sentence 1 of the Code on the disclosure of conflicts of interest in the report of the Supervisory Board to the General Meeting. The Declaration of Conformity was qualified in this regard as a precaution due to two non-final judgments of the Higher Regional Court (OLG) Frankfurt. On March 19, 2013, the Management Board and Supervisory Board further qualified the Declaration of Conformity issued on October 30, 2012, to the effect that, in departure from the recommendation in No. 7.1.2 sentence 4 of the Code, the Consolidated Financial Statements of Deutsche Bank AG for the 2012 financial year would not be publicly accessible within 90 days after the end of the financial year. Deutsche Bank AG postponed the publication of its Annual Report 2012 and Form 20-F until mid-April 2013, after holding its Extraordinary General Meeting on April 11, 2013. The background to this is a ruling on December 18, 2012, of the Frankfurt am Main District Court, as the court of first instance, which, among other things, declared null and void the resolution adopted by the General Meeting of Deutsche Bank AG on May 31, 2012, to appoint KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Berlin, the auditor of the annual and consolidated financial statement for the 2012 financial year. While Deutsche Bank AG has filed motions to appeal the ruling, it has decided that in order to exclude risks regarding the validity of the Annual Financial Statements as far as possible, the appointment of the auditor of the annual and consolidated financial statements should first be confirmed by the Extraordinary General Meeting on April 11, 2013, before the auditor's report is issued and before publication of the financial statements. The text of the Declaration of Conformity issued on October 30, 2012, and the adjusted Declaration of Conformity issued on March 19, 2013, along with a comprehensive presentation of the bank's corporate governance, can be found beginning on page 424 of the Financial Report 2012 and on our Internet website at [www.deutsche-bank.de/ir/en/content/corporate\\_governance.htm](http://www.deutsche-bank.de/ir/en/content/corporate_governance.htm). The terms of reference for the Supervisory Board and its committees as well as for the Management Board are also published there, each in their currently applicable versions.

## Training and Further Education Measures

Members of the Supervisory Board completed the training and further education measures required for their tasks on their own responsibility. Deutsche Bank provided the appropriate support to them in this context. Furthermore, an internal two-day seminar was conducted for the members of the Supervisory Board in April 2012 by an external university professor. The topics covered were the annual financial statements and the analysis of annual accounts, risk management as well as functions and responsibilities of supervisory board members. In addition, members of the Supervisory Board were informed on a regular basis of new developments in corporate governance. Furthermore, members of the Supervisory Board participated in external training courses.

The Risk Committee members were informed by the Chief Risk Officer and leading staff members of the Risk Management organization of new developments on risk-specific issues (including risk appetite, setting limits and living wills) in two training sessions in October and December 2012.

Together with staff members of the Finance department and the auditor, the Audit Committee members discussed the new regulations on accounting and financial reporting.

Individual introductory courses were held for the new members who joined the Supervisory Board in 2012, Dr. Achleitner, Mr. Löscher, Mr. Stockem and Professor Dr. Trützschler.

## Conflicts of Interest and Their Handling

The Chairman's Committee approved the conclusion of an agreement, which was reviewed by external legal counsel, between Deutsche Bank and Dr. Achleitner on the performance of functions and tasks on the bank's behalf as well as on support services provided by the bank. Dr. Achleitner did not participate in taking this resolution due to a possible conflict of interest.

Mr. Stockem is a member of the Supervisory Board of Deutsche Bank Privat- und Geschäftskunden AG and was its member in the 2012 financial year. At the meeting on March 19, 2013, he abstained from voting on the resolution of the Supervisory Board of Deutsche Bank AG required pursuant to Section 32 of the Co-Determination Act (MitbestG) on the ratification of the acts of management of the Management Board and Supervisory Board of Deutsche Bank Privat- und Geschäftskunden AG for the 2012 financial year.

## Litigation

As in the preceding years, we regularly obtained information on important lawsuits and discussed further courses of action. These included the actions for rescission and to obtain information filed in connection with the General Meetings in 2006, 2007, 2008, 2009, 2010, 2011 and 2012, as well as the lawsuits of Dr. Kirch/his legal successor and KGL Pool GmbH against Deutsche Bank and Dr. Breuer.

Furthermore, in plenary session, we extensively addressed the proceedings relating to possible manipulations of reference rates (IBOR, LIBOR, Euribor, SIBOR, etc.) as well as OFAC (possible infringements of U.S. embargo regulations) and possible sales tax (Umsatzsteuer) fraud in connection with trading in CO2 emission certificates. Furthermore, reports concerning important lawsuits were presented to the Supervisory Board on a regular basis and, in detail, to the Audit and Risk Committees.

## Annual Financial Statements

KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft has audited the accounting, the Annual Financial Statements and the Management Report for 2012 as well as the Consolidated Financial Statements with the related Notes and Management Report for 2012. KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft was elected by the Ordinary General Meeting on May 31, 2012, as the auditor of the Annual Financial Statements and Consolidated Financial Statements. After the Frankfurt am Main Regional Court in the first instance had ruled this appointment null and void based on an action to rescind, the Extraordinary General Meeting on April 11, 2013, confirmed the appointment of KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft as the auditor of the Annual Financial Statements and Consolidated Financial Statements. The audits led in each case to an unqualified opinion. The Audit Committee examined the documents for the Annual Financial Statements and Consolidated Financial Statements, along with the auditor's report, and discussed them extensively with the auditor. The Chairman of the Audit Committee reported to us on this at today's meeting of the Supervisory Board. Furthermore, at our meeting on March 19, 2013, we already held detailed discussions with the auditor's representatives on the Annual Financial Statements and the Management Report for 2012 as well as the Consolidated Financial Statements with the related Notes and Management Report for 2012, along with the drafts of the auditor's reports. Based on the recommendation of the Audit Committee, which examined the Annual Financial Statements and Management Report for 2012 as well as the Consolidated Financial Statements with the related Notes and the Management Report for 2012 at its meetings on March 18, 2013, and April 12, 2013, and after inspecting the auditor's reports, the Annual Financial Statements and Consolidated Financial Statements documents, we agreed with the results of the audits following an extensive discussion and determined that, also based on the results of our inspections, there were no objections to be raised.

Today, we approved the Annual Financial Statements and Consolidated Financial Statements prepared by the Management Board; the Annual Financial Statements are thus established. We agree to the Management Board's proposal for the appropriation of profits.

## Personnel Issues

Three new Management Board members were appointed at the meeting of the Supervisory Board on March 16, 2012. Dr. Stephan Leithner, Mr. Stuart Wilson Lewis and Mr. Henry Ritchotte were appointed members of the Management Board, each for three years with effect from June 1, 2012. They also became members of the Group Executive Committee as of this date. Dr. Leithner has been with Deutsche Bank since 2000 and has been Co-Head of Investment Banking Coverage & Advisory since 2010. Mr. Lewis joined Deutsche Bank in 1996 and has been Deputy Chief Risk Officer since 2010. Mr. Ritchotte has been with Deutsche Bank since 1995 and has been Chief Operating Officer of the Corporate & Investment Bank Group Division since 2010. Since the end of the General Meeting on May 31, 2012, Mr. Fitschen and Mr. Jain have been equally authorized Co-Chairmen of the Management Board. Dr. Leithner has held functional responsibility on the Management Board for Human Resources (Arbeitsdirektor) since June 1, 2012.

Dr. Bänziger and Mr. Lamberti stepped down as members of the Management Board and left Deutsche Bank effective at the end of May 31, 2012. Dr. Ackermann left the bank's Management Board, which he had chaired since 2006, with effect from the end of the General Meeting on May 31, 2012.

There were also changes on the Supervisory Board in 2012. With the conclusion of the General Meeting on May 31, 2012, Dr. Börsig, Dr. Siegert and Mr. Lévy left the Supervisory Board of Deutsche Bank. Dr. Achleitner, Mr. Löscher and Professor Dr. Trützschler were elected to the Supervisory Board by the General Meeting on May 31, 2012.

Mr. Gerd Herzberg resigned as member of the Supervisory Board on May 31, 2012. His substitute, Mr. Rudolf Stockem, succeeded him as member of the Supervisory Board on June 1, 2012, for the remainder of his term of office.

We thank the members who left last year for their dedicated work and for their constructive assistance to the company during the past years.

\* Elected by the employees in Germany; Renate Voigt appointed by the court as employee representative.

Dr. Clemens Börsig, Maurice Lévy and Dr. Theo Siegert were shareholder representative members of the Supervisory Board until the conclusion of the Annual General Meeting on May 31, 2012. They were replaced by Dr. Paul Achleitner, Peter Löscher and Professor Dr. Klaus Rüdiger Trützscher. Gerd Herzberg was an employee representative member of the Supervisory Board until May 31, 2012, and was subsequently replaced by substitute member Rudolf Stockem for the remainder of the term of office.

In accordance with the German Banking Act, members of the Supervisory Board must be reliable and have the expertise required to perform their control function and to assess and supervise the businesses the company operates. While taking these requirements into account in accordance with Section 5.4.1 of the German Corporate Governance Code, the Supervisory Board established the following objectives for its composition in October 2010 and amended them in October 2012 and March 2013 based on the updated version of the Code published on May 15, 2012. These objectives have also been incorporated into Section 4 of the Terms of Reference for the Supervisory Board (see: [www.deutsche-bank.de/corporate-governance](http://www.deutsche-bank.de/corporate-governance)).

The Supervisory Board of Deutsche Bank AG must be composed in such a way that its members as a group possess the knowledge, ability and expert experience to properly complete its tasks. In particular, the Supervisory Board members should have sufficient time to perform their mandates. The composition of the Supervisory Board should ensure the Supervisory Board's qualified control of and advice for the Management Board of an internationally operating, broadly positioned bank and should preserve the reputation of Deutsche Bank Group among the public. In this regard, in particular, attention should be placed on the integrity, personality, willingness to perform, professionalism and independence of the individuals proposed for election. The objective is for the Supervisory Board as a group to have all of the knowledge and experience considered to be essential in consideration of the activities of Deutsche Bank Group.

Furthermore, the Supervisory Board shall have an adequate number of independent members and shall not have more than two former members of the Management Board of Deutsche Bank AG. Under the premise that the performance of the Supervisory Board mandate in itself by the representatives of the employees cannot be reason to doubt fulfillment of the independence criteria according to Section No. 5.4.2, the Supervisory Board shall have a total of at least sixteen members that are independent within the meaning of the Code. In any event, the Supervisory Board shall be composed such that the number of independent members, within the meaning of Code 5.4.2, among the shareholder representatives will be at least six. The members of the Supervisory Board may not exercise functions on a management body of or perform advisory duties at major competitors. Important and not just temporary conflicts of interests shall be avoided. Any member of the Supervisory Board who is a member of the management board of a listed stock corporation shall have no more than three supervisory board mandates outside the group of companies controlled by such stock corporation's dependent companies or mandates in supervisory bodies of companies that have similar requirements. There is a regular maximum age limit of 70. In well-founded, individual cases, a Supervisory Board member may be elected or appointed for a period that extends at the latest until the end of the fourth Ordinary General Meeting that takes place after he or she has reached the age of 70. This age limit was taken into account in the election proposals to the recent General Meetings and shall also be taken into account for the next Supervisory Board elections or subsequent appointments for Supervisory Board positions that become vacant.

The Supervisory Board respects diversity when proposing members for appointment to the Supervisory Board. In light of the international operations of Deutsche Bank, care should be taken that the Supervisory Board has an appropriate number of members with long-term international experience. Currently, the professional careers and private lives of four members of the Supervisory Board are centered outside Germany. Furthermore, all of the shareholder representatives on the Supervisory Board have several years of international experience from their current or former activities as management board members or CEOs of corporations with international operations. In these two ways, the Supervisory Board believes the international activities of the company are sufficiently taken into account. The objective is to retain the currently existing international profile.

For the election proposals to the General Meeting, the Supervisory Board takes care that there is an appropriate consideration of women. Special importance was already attached to this in the selection process for the last Supervisory Board elections in 2008. In reviewing potential candidates for a new election or subsequent appointments to Supervisory Board positions that have become vacant, qualified women shall be included in the selection process and shall be appropriately considered in the election proposals. In accordance with the fixed targets, and at the proposal of the Supervisory Board, the General Meeting elected Ms. Garrett-Cox to the Supervisory Board at the General Meeting in 2011. Since the Supervisory Board elections in 2003, between 25% and 40% of the Supervisory Board members have been women. The Supervisory Board currently counts eight women among its members, which corresponds to 40%. We shall strive to maintain this number and, as appropriate, to further increase the number of women among the shareholder representatives. It should be taken into account that the Supervisory Board can only influence the composition of the Supervisory Board through its election proposals to the General Meeting (for information on Deutsche Bank's various diversity initiatives, please see the Annual Review 2012, which is available at [www.deutsche-bank.com/ir/en/content/reports\\_2012.htm](http://www.deutsche-bank.com/ir/en/content/reports_2012.htm), and Deutsche Bank's Career Portal on the Internet at [www.db.com/careers/index\\_e.html](http://www.db.com/careers/index_e.html)).

In accordance with Section 5.4.2 of the German Corporate Governance Code, the Supervisory Board determined that it has what it considers to be an adequate number of independent members.

Some members of the Supervisory Board are, or were last year, in high-ranking positions at other companies that Deutsche Bank has business relations with. Business transactions with these companies are conducted under the same conditions as those between unrelated third parties. These transactions, in our opinion, do not affect the independence of the members of the Supervisory Board involved.

### Standing Committees

The Supervisory Board has established the following five standing committees. The Report of the Supervisory Board in the Financial Report 2012 provides information on the concrete work of the committees over the preceding year.

**Chairman's Committee:** The Chairman's Committee is responsible for all Management Board and Supervisory Board matters. **Audit Committee:** The Audit Committee handles in particular the monitoring of the accounting process, the effectiveness of the internal control system, the risk management system and the internal audit system as well as the external audit including the auditor's independence, additional services provided by the auditor as well as Compliance. It reviews the documentation relating to the annual and consolidated financial statements and discusses the audit reports with the auditor. It prepares the decisions of the Supervisory Board on the annual financial statements and the approval of the consolidated financial statements and discusses important changes to the audit and accounting methods. The Audit Committee also discusses the quarterly financial statements and the report on the limited review of the quarterly financial statements with the Management Board and the auditor prior to their publication. In addition, the Audit Committee issues the audit mandate to the auditor elected by the General Meeting. It passes the resolution on the compensation paid to the auditor and monitors the auditor's independence, qualifications and efficiency. The Chairman of the Audit Committee, as well as the Chairman of the Supervisory Board, is entitled to obtain information directly from the Head of Compliance. The Audit Committee is responsible for acknowledging communications about significant reductions in the compliance budget and for taking receipt of and handling the report by the Head of Compliance on the appropriateness and effectiveness of the principles, methods and procedures in accordance with Section 33 (1) sentence 2 No. 5 of the German Securities Trading Act (WpHG) (Compliance Report). The Compliance Report

is issued at least once a year. The Head of Group Audit regularly reports to the Audit Committee on its ongoing work. The Audit Committee is informed about special audits, substantial complaints and other exceptional measures on the part of bank regulatory authorities. It has functional responsibility for receiving and handling complaints concerning accounting, internal accounting controls and issues relating to the audit. Subject to its review, the Audit Committee grants its approval for mandates engaging the auditor for non-audit-related services (in this context, see also the Principal Accountant Fees and Services section starting on page 434 of the Corporate Governance Statement/Corporate Governance Report). The Audit Committee held seven meetings in 2012.

The current members of the Audit Committee are Dr. Karl-Gerhard Eick (Chairman), Dr. Paul Achleitner (since May 31, 2012), Henriette Mark, Karin Ruck, Marlehn Thieme and Professor Dr. Klaus Rüdiger Trützschler (since May 31, 2012).

**Risk Committee:** The Risk Committee advises the Supervisory Board on issues related to the actual and future aggregate risk disposition and aggregate risk strategy and supports the Supervisory Board in monitoring the implementation of this strategy by the Management Board. It handles loans which require a resolution by the Supervisory Board pursuant to law or our Articles of Association. Subject to its review, it grants its approval for the acquisition of shareholdings in other companies that amount to between 2% and 3% of our regulatory banking capital if it is likely that the shareholding will not remain in our full or partial possession for more than twelve months. At the meetings of the Risk Committee, the Management Board reports on credit, market, liquidity, operational, litigation and reputational risks. The Management Board also reports on risk strategy, credit portfolios, loans requiring a Supervisory Board approval pursuant to law or our Articles of Association, questions of capital resources and matters of special importance due to the risks they entail. The Risk Committee held six meetings in 2012.

The current members of the Risk Committee are Dr. Paul Achleitner (Chairman) (since May 31, 2012), Professor Dr. Henning Kagermann and Suzanne Labarge.

In addition to these four committees, the **Mediation Committee**, which is required by German law, makes proposals to the Supervisory Board on the appointment or dismissal of members of the Management Board in cases where the Supervisory Board is unable to reach a two-thirds majority decision with respect to the appointment or dismissal. The Mediation Committee only meets if necessary and did not hold any meetings in 2012.

The current members of the Mediation Committee are Dr. Paul Achleitner (Chairman) (since May 31, 2012), Wolfgang Böhr, Karin Ruck and Tilman Todenhöfer.

Further details regarding the Chairman's Committee, the Risk Committee, the Audit Committee and the Nomination Committee are regulated in separate Terms of Reference. ## Auditing and Controlling

### Audit Committee Financial Expert

Our Supervisory Board has determined that Dr. Paul Achleitner, Dr. Karl-Gerhard Eick and Professor Dr. Klaus Rüdiger Trützschler, who are members of its Audit Committee, are “audit committee financial experts”, as such term is defined by the regulations of the Securities and Exchange Commission issued pursuant to Section 407 of the Sarbanes-Oxley Act of 2002. The audit committee financial experts mentioned above are “independent” of us, as defined in Rule 10A-3 under the U.S. Securities Exchange Act of 1934 and Section 100 (5) of the Stock Corporation Act (AktG). According to Sections 107 (4), 100 (5) of the Stock Corporation Act they are well grounded in the fields of accounting and auditing.

### Code of Business Conduct and Ethics

Deutsche Bank’s Code of Business Conduct and Ethics describes the values and minimum standards for ethical business conduct that we expect all of our employees to follow. These values and standards govern employee interactions with our clients, competitors, business partners, government and regulatory authorities, and shareholders, as well as with other employees. The Code contains a voluntary commitment from the Management Board and the Group Executive Committee. It reflects our core values and our promise to our stakeholders. In addition, it forms the cornerstone of our policies, which provide guidance on compliance with applicable laws and regulations.

In accordance with Section 406 of the Sarbanes-Oxley Act of 2002, we also adopted a Code of Ethics that sets out special obligations for our Senior Financial Officers. Currently at Deutsche Bank these are the Co-Chairmen of the Management Board, the Chief Financial Officer, the Head of Group Accounting as well as members of the Group Finance Committee. In 2012, no complaints were reported to the Corporate Governance Officer regarding the Code of Ethics for Senior Financial Officers.

### Principal Accountant Fees and Services

In accordance with German law, our principal accountant is appointed at our General Meeting based on a recommendation of our Supervisory Board. The Audit Committee of our Supervisory Board prepares such a recommendation. Subsequent to the principal accountant’s appointment, the Audit Committee awards the contract and in its sole authority approves the terms and scope of the audit and all audit engagement fees as well as monitors the principal accountant’s independence. KPMG AG Wirtschaftsprüfungsgesellschaft was our principal accountant for the 2011 and 2012 fiscal years, respectively.

The table set forth below contains the aggregate fees billed for each of the last two fiscal years by KPMG AG Wirtschaftsprüfungsgesellschaft and the worldwide member firms of KPMG International in each of the following categories: (1) audit fees, which are fees for professional services for the audit of our annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for those fiscal years, (2) audit-related fees, which are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported as audit fees; (3) tax-related fees, which are fees for professional services rendered for tax compliance, tax consulting and tax planning, and (4) all other fees, which are fees for products and services other than Audit fees, Audit-related fees and tax-related fees. These amounts include expenses and exclude value added tax (VAT).

Fee category in € m.	2012	2011
Audit fees	50	54
Audit-related fees	19	12
Tax-related fees	7	7
All other fees	1	3
<b>Total fees<sup>1</sup></b>	<b>76</b>	<b>76</b>

<sup>1</sup> Totals do not add up due to rounding.

The audit fees figure excludes the audit fees for Postbank and its subsidiaries, as they are currently not audited by KPMG. Audit fees decreased as the number of entities to be audited fell year-on-year. The increase in audit-related fees results from a higher number of Postbank engagements. The audit-related fees include fees for accounting advisory, due diligence relating to actual or contemplated acquisitions and dispositions, attestation engagements and other agreed-upon procedure engagements. Our tax-related fees include fees for services relating to the preparation and review of tax returns and related compliance assistance and advice, tax consultation and advice relating to Group tax planning strategies and initiatives and assistance with assessing compliance with tax regulations. All other fees were incurred for project-related advisory services.

United States law and regulations, and our own policies, generally require that all engagements of our principal accountant be pre-approved by our Audit Committee or pursuant to policies and procedures adopted by it. Our Audit Committee has adopted the following policies and procedures for consideration and approval of requests to engage our principal accountant to perform non-audit services. Engagement requests must in the first instance be submitted to the Accounting Engagement Team established and supervised by our Group Finance Committee, whose members consist of our Chief Financial Officer and senior members of our Finance and Tax departments. If the request relates to services that would impair the independence of our principal accountant, the request must be rejected. Our Audit Committee has given its pre-approval for specified assurance, financial advisory and tax services, provided the expected fees for any such service do not exceed € 1 million. If the engagement request relates to such specified pre-approved services, it may be approved by the Group Finance Committee, which must thereafter report such approval to the Audit Committee. If the engagement request relates neither to prohibited non-audit services nor to pre-approved non-audit services, it must be forwarded by the Group Finance Committee to the Audit Committee for consideration. In addition, to facilitate the consideration of engagement requests between its meetings, the Audit Committee has delegated approval authority to several of its members who are “independent” as defined by the Securities and Exchange Commission and the New York Stock Exchange. Such members are required to report any approvals made by them to the Audit Committee at its next meeting.

Additionally, United States law and regulations permit the pre-approval requirement to be waived with respect to engagements for non-audit services aggregating to no more than five percent of the total amount of revenues we paid to our principal accountant, if such engagements were not recognized by us at the time of engagement and were promptly brought to the attention of our Audit Committee or a designated member thereof and approved prior to the completion of the audit. In 2011 and 2012, the percentage of the total amount of revenues we paid to our principal accountant for non-audit services in each category that was subject to such a waiver was less than 5 % for each year .

## Compliance with the German Corporate Governance Code

### Declaration pursuant to Section 161 German Stock Corporation Act (AktG) (Declaration of Conformity 2012)

The Declaration of Conformity pursuant to Section 161 of the Stock Corporation Act, last issued by the Supervisory Board and Management Board on October 25, 2011, was reissued at the meeting of the Supervisory Board on October 30, 2012. The Management Board and Supervisory Board stated that Deutsche Bank has complied and will continue to comply with the recommendations of the German Corporate Governance Code in the version dated May 15, 2012, as before, with one exception. The exception involves the recommendation under No. 5.5.3 sentence 1 of the Code on the disclosure of conflicts of interest in the report of the Supervisory Board to the General Meeting. The Declaration of Conformity was qualified in this regard as a precaution due to two non-final judgments of the Higher Regional Court (OLG) Frankfurt.

On March 19, 2013, the Management Board and Supervisory Board further qualified the Declaration of Conformity issued on October 30, 2012, to the effect that, in departure from the recommendation in No. 7.1.2 sentence 4 of the Code, the Consolidated Financial Statements of Deutsche Bank AG for the 2012 financial year would not be publicly accessible within 90 days after the end of the financial year. Deutsche Bank AG postponed the publication of its Annual Report 2012 and Form 20-F until mid-April 2013, after holding its Extraordinary General Meeting on April 11, 2013. The background to this is a ruling on December 18, 2012, of the Frankfurt am Main District Court, as the court of first instance, which, among other things, declared void the resolution adopted by the General Meeting of Deutsche Bank AG on May 31, 2012, to appoint KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Berlin, the auditor of the annual and consolidated financial statements for the 2012 financial year. While Deutsche Bank AG has filed motions to appeal the ruling, it has decided that in order to exclude risks regarding the validity of the Annual Financial Statements as far as possible, the appointment of the auditor of the annual and consolidated financial statements should first be confirmed by the Extraordinary General Meeting on April 11, 2013, before the auditor's report is issued and before publication of the financial statements.

The adjusted Declaration of Conformity 2012 is as follows:

- 1. “The last Declaration of Conformity was issued on October 25, 2011. Since then, Deutsche Bank AG has complied with the recommendations of the “Government Commission on the Corporate Governance Code” in the code version dated May 26, 2010, published in the Federal Gazette (Bundesanzeiger) on July 2, 2010, although one exception was stated as a precautionary measure regarding No. 5.5.3 sentence 1, which addresses the disclosure of conflicts of interest in the report of the Supervisory Board to the General Meeting, as our approach according to two non-final judgments of the Higher Regional Court (OLG) Frankfurt am Main does not fulfill the recommendation in No. 5.5.3 sentence 1. We consider the requirements from No. 5.5.3 sentence 1 to be limited by the confidentiality obligation pursuant to Sections 93 and 116 Stock Corporation Act and, in departure from the Higher Regional Court (OLG) Frankfurt am Main, therefore see no basis for expanding the scope of the information.
- 2. On May 15, 2012, the “Government Commission on the German Corporate Governance Code” submitted a new version of the Code, which was published in the Federal Gazette (Bundesanzeiger) on June 15, 2012. Deutsche Bank has also complied with the new version, as stated in 1. above, with the exception of the revised No. 5.4.1. Owing to the new recommendation concerning the objectives for the composition of the Supervisory Board, following the required in-depth discussion of the matter at the Supervisory Board meeting on October 30, 2012, specific objectives were approved with regard to the number of independent Supervisory Board members within the meaning of No. 5.4.2.
- 3. Since October 30, 2012, Deutsche Bank AG has complied with the recommendations of the “Government Commission on the German Corporate Governance Code” in the code version dated May 15, 2012, although one exception was stated as a precautionary measure regarding No. 5.5.3 sentence 1 based on the reason stated in 1. above as we intended to maintain the practice we considered appropriate in light of our circumstances.

- 4. As of today, Deutsche Bank AG complies with the recommendations of the “Government Commission on the German Corporate Governance Code” in the code version dated May 15, 2012, with the following exceptions:
  - One exception is stated as a precautionary measure regarding No. 5.5.3 sentence 1 based on the reason stated in 1. above as we intend to maintain the practice we consider appropriate in light of our circumstances.
  - On December 18, 2012, the Regional Court (Landgericht) of Frankfurt am Main, as the court of first instance, ruled that the resolution of the General Meeting on May 31, 2012, on the appointment of KPMG Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Berlin, as the auditor of the annual financial statements and as the auditor of the consolidated financial statements for the 2012 financial year is void. Deutsche Bank AG has appealed this decision, but in order to exclude risks to the largest extent possible concerning the effectiveness of the annual financial statements, the annual financial statements are to be certified only once the appointment of the auditor has been confirmed by the resolution of the Extraordinary General Meeting convened for April 11, 2013. In deviation from the recommendation in Section 7.1.2 sentence 4, Deutsche Bank AG will therefore not make its consolidated financial statements publicly accessible within 90 days of the end of the financial year. Deutsche Bank AG has postponed the publication of its Annual Report 2012 and Form 20-F until mid-April 2013, following the Extraordinary General Meeting on April 11, 2013.”

The adjusted Declaration of Conformity 2012 and all of the previous versions of the Declaration of Conformity are published on Deutsche Bank’s website at [www.deutsche-bank.com/corporate-governance](http://www.deutsche-bank.com/corporate-governance), where a copy of the German Corporate Governance Code is also available.

No. 5.4.3 of the German Corporate Governance Code recommends that applications for judicial appointment of Supervisory Board members be limited in time until the next General Meeting. The “Government Commission of the German Corporate Governance Code” confirmed in writing that this recommendation applies only to shareholder representatives elected by the General Meeting. It is only these representatives whose appointment can be confirmed by election at the General Meeting and who can be substituted by another member elected by the General Meeting. Hence, this point does not apply to employee representatives appointed to the Supervisory Board. Subsequently, the Register Court appointed Ms. Renate Voigt employee representative on November 30, 2011 until the end of the term of the Supervisory Board.

#### Statement on the Suggestions of the German Corporate Governance Code

Deutsche Bank voluntarily complies with the suggestions of the Code in the version dated May 15, 2012, with the following exceptions:

- The representatives appointed by Deutsche Bank to exercise shareholders’ voting rights can be reached by those attending the General Meeting until just before voting commences. The representatives are reachable by those not attending until 12 noon on the day of the General Meeting using the instruction tool in the Internet (Code No. 2.3.3). In this manner, the risk of any technical disruptions directly before voting takes place can basically be excluded. The broadcast through the Internet also ends at the latest at this time, which means information useful for non-participants in forming an opinion can no longer be expected thereafter.
- Our broadcast of the General Meeting through the Internet (Code No. 2.3.4) covers the opening of the General Meeting by the Chairman and the report of the Management Board. The shareholders are thus free to hold their discussions with management unencumbered by a public broadcast to a wide audience.
