## Debt Issuance Programme

Under its Euro 80,000,000,000 Debt Issuance Programme (the "**Programme**") Deutsche Bank Aktiengesellschaft (the "**Issuer**") may from time to time issue notes ("**Notes**") and Pfandbriefe ("**Pfandbriefe**" and together with the Notes, "**Securities**"), which may be issued on an unsubordinated or a subordinated basis. The Securities will be denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

Application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be listed on the Official List of the Luxembourg Stock Exchange and to be admitted to trading on the Luxembourg Stock Exchange's regulated market or on the professional segment of the regulated market of the Luxembourg Stock Exchange. Securities issued under the Programme may also be admitted to trading on the regulated market of the Frankfurt Stock Exchange or the regulated market of any other stock exchange which is, like the regulated market of the Luxembourg Stock Exchange, a regulated market for the purposes of the Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU (as amended, "**MiFID II**"). Securities issued under the Programme may also be admitted to trading or listed on the SIX Swiss Exchange or an unregulated market such as the "Euro MTF" market of the Luxembourg Stock Exchange, the professional segment of the "Euro MTF" market of the Luxembourg Stock Exchange or the Open Market (*Freiverkehr*) of the Frankfurt Stock Exchange or may not be admitted to trading or listed.

This document has been approved as a base prospectus by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority under the Luxembourg Act dated 10 July 2005 (the "**Law**") on prospectuses for securities which implements the Prospectus Directive (as defined below) into Luxembourg law. By approving this base prospectus the CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this base prospectus or the quality or solvency of the Issuer in accordance with Article 7(7) of the Law. The Issuer has also requested the CSSF to provide the competent authorities in Austria, Belgium, Denmark, France, Germany, Ireland, Italy, the Netherlands, Portugal, Spain, Sweden and the United Kingdom of Great Britain and Northern Ireland, with a certificate of approval (a "**Notification**") attesting that this base prospectus has been drawn up in accordance with the Law. The Issuer may request the CSSF to provide competent authorities in additional Member States within the European Economic Area (the "**EEA**") with a Notification.

The requirement to publish a base prospectus under the Prospectus Directive only applies to Securities which are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. When used in this base prospectus, "**Prospectus Directive**" means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the EEA. References in this base prospectus to "**Exempt Securities**" are to Securities for which no base prospectus is required to be published under the Prospectus Directive. The CSSF has neither approved nor reviewed information contained in this base prospectus in connection with Exempt Securities.

Arranger

**Deutsche Bank**

This document comprises a base prospectus in respect of all Securities other than Exempt Securities issued under the Programme for the purpose of article 5.4 of the Prospectus Directive. This base prospectus (the "**Prospectus**") will be published in electronic form on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)) and on the website ([www.db.com/ir](http://www.db.com/ir)) of the Issuer. This Prospectus supersedes and replaces in its entirety the base prospectus dated 22 June 2018.

## IMPORTANT NOTICES

Notice of the aggregate principal amount of Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each tranche of Securities (each, a "**Tranche**") will (other than in the case of Exempt Securities, as defined above) be set out in a final terms document (the "**Final Terms**") which will be filed with the CSSF in case the Securities are to be admitted to trading on a regulated market in the EEA and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 3.2 of the Prospectus Directive. The applicable Final Terms will (if applicable) contain information relating to any underlying equity security, index, inflation index, credit risk to which the relevant Securities relate and which is contained in such Final Terms. In the case of Exempt Securities, notice of the aggregate principal amount of Securities, interest (if any) payable in respect of Securities, the issue price of Securities and certain other information which is applicable to each Tranche will be set out in a pricing supplement document (the "**Pricing Supplement**"). The applicable Pricing Supplement will (if applicable) contain information relating to any underlying equity security, index, inflation index, currency, commodity, fund unit or share, credit risk or other item(s) (each a "**Reference Item**") to which the relevant Securities relate and which is contained in such Pricing Supplement. However, unless otherwise expressly stated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), any information contained therein relating to a Reference Item will only consist of extracts from, or summaries of, information contained in financial and other information released publicly in respect of such Reference Item. The Issuer will, unless otherwise expressly stated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), confirm that such extracts or summaries have been accurately reproduced and that, so far as it is aware, and is able to ascertain from information published in respect of such Reference Item, no facts have been omitted that would render the reproduced inaccurate or misleading.

Copies of Final Terms (or Pricing Supplements, in the case of Exempt Securities) will be available from the registered office of the Issuer and the specified office set out below of each of the Paying Agents (save that a Pricing Supplement will only be available for inspection by a holder of the relevant Security and such holder must produce evidence satisfactory to the Issuer and the Paying Agent as to its holding of Securities and identity). In the case of Securities that are to be listed on the Official List of, and admitted to trading on, the Luxembourg Stock Exchange or offered to the public in any EEA member state, the applicable Final Terms will be published on the Luxembourg Stock Exchange's website at [www.bourse.lu](http://www.bourse.lu), but only for so long as such admission to trading and listing is maintained and the rules of the Luxembourg Stock Exchange or the laws or regulations so require.

This Prospectus should be read and understood in conjunction with any supplement hereto and with any other documents incorporated herein by reference (see the section entitled "*Documents Incorporated by Reference*"). Full information on the Issuer and any Securities issued under the Programme is only available on the basis of the combination of this Prospectus (including any supplement and any document incorporated by reference herein) and the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities).

No person is or has been authorised to give any information or to make any representations, other than those contained in this Prospectus, in connection with the Programme or the issue and sale of the Securities and, if given or made, such information or representations must not be relied upon as having been authorised by Deutsche Bank. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information herein is correct as of any time subsequent to the date hereof.

Neither this Prospectus nor any other information supplied in connection with the Programme or any Securities (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Prospectus or any recipient of any other information supplied in connection with the Programme or any Securities should purchase any Securities. Each investor contemplating purchasing any Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the Programme or the issue of any Securities constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to subscribe for or to purchase any Securities.

This Prospectus is valid for twelve months upon its date of approval and it and any supplement hereto as well as any Final Terms (or Pricing Supplement, in the case of Exempt Securities) reflect the status as of their respective dates of issue. Neither the delivery of this Prospectus nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained in the related documents is accurate and complete subsequent to the date hereof or that there has been no adverse change in the financial condition of the Issuer since such date or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Issuer has undertaken for the benefit of any Dealer to amend or supplement this Prospectus or publish a new Prospectus if and when the information herein should become materially inaccurate or incomplete and has further agreed with the Dealers to furnish a supplement to this Prospectus in the event of any significant new factor, material mistake or inaccuracy relating to the information included in this Prospectus which is capable of affecting the assessment of the Securities and which arises or is noted between the time when this Prospectus has been approved and the final closing of any Tranche of Securities offered to the public or, as the case may be, when trading of any Tranche of Securities on a regulated market begins.

If the Final Terms in respect of any Securities (or Pricing Supplement, in the case of Exempt Securities) includes a legend entitled "*Prohibition of Sales to Retail Investors in the European Economic Area*", the Securities are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. If the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities) include the above-mentioned legend, no key information document required by Regulation (EU) No. 1286/2014 (the "**PRIPs Regulation**") for offering or selling those Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling those Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

The Final Terms (or the Pricing Supplement, in the case of Exempt Securities) in respect of any Securities may include a legend entitled "*MiFID II Product Governance*" which will outline the target market assessment in respect of the Securities and which channels for distribution of the Securities are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**Distributor**") should take into consideration the target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance Rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Securities is a manufacturer in respect of such Securities, but otherwise neither any of the Arranger nor any other Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which would permit a public offering of any Securities in any jurisdiction other than each Member State of the EEA which has implemented the Prospectus Directive as at the date of this Prospectus or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Securities may come

must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Securities in the United States, the EEA (in particular the United Kingdom, Austria, Belgium, the Czech Republic, Denmark, France, Ireland, Italy, the Netherlands, Poland, Portugal, Spain and Sweden), Australia, Hong Kong, Israel, Japan, Mexico, the Russian Federation, Saudi Arabia, Singapore, South Africa, Switzerland, Taiwan, Turkey and the United Arab Emirates (see the section entitled "*Transfer and Selling Restrictions*"). In making an investment decision, investors must rely on their own examination of the Issuer and the terms of the Securities being offered, including the merits and risks involved. The Securities have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Prospectus or confirmed the accuracy or the adequacy of the information contained in this Prospectus. Any representation to the contrary is unlawful.

In particular, the Securities have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and may not be offered or sold in the United States or to, or for the account or benefit of, (a) a "U.S. person" as defined in Regulation S under the Securities Act, (b) a person other than a "Non-United States person" as defined in Rule 4.7 under the United States Commodity Exchange Act of 1936, as amended (the "**Commodity Exchange Act**"), or (c) a "U.S. person" as defined in the Interpretive Guidance and Policy Statement Regarding Compliance with Certain Swap Regulations promulgated by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the Commodity Exchange Act, or in regulations or guidance adopted under the Commodity Exchange Act (each such person, a "**U.S. person**"), unless the Securities are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. See the section entitled "*Description of the Securities – Form of the Securities*" for a description of the manner in which Securities will be issued. Registered Securities are subject to certain restrictions on transfer (see the section entitled "*Transfer and Selling Restrictions*"). Registered Securities may be offered or sold within the United States only to QIBs (as defined under "*Description of the Securities – Form of the Securities*") in transactions exempt from registration under the Securities Act (see the section entitled "*U.S. Information*" below).

The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the Commodity Exchange Act, and trading in the Securities has not been approved by the CFTC pursuant to the Commodity Exchange Act.

The Securities are not deposits. The Securities are not insured by the U.S. Federal Deposit Insurance Corporation or any other agency, and are subject to investment risk, including the possible loss of principal. The Securities have not been approved or disapproved by the U.S. Federal Deposit Insurance Corporation nor has the U.S. Federal Deposit Insurance Corporation passed on the adequacy or accuracy of this Prospectus. Any representation of the contrary is unlawful. The Securities are subordinate to the claims of depositors.

The language of this Prospectus is English. In respect of the issue of any Tranche of Securities under the Programme, the German text of the Terms and Conditions may be controlling and binding if specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

**Neither this Prospectus nor any Final Terms (or Pricing Supplement, in the case of Exempt Securities) may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.**

Neither this Prospectus nor any Final Terms (or Pricing Supplement, in the case of Exempt Securities) constitutes an offer or an invitation to subscribe for or purchase any Securities and should not be considered as a recommendation or a statement of an opinion (or a report of either of those things) by Deutsche Bank, the Dealers or any of them that any recipient of this Prospectus or any Final Terms (or Pricing Supplement, in the case of Exempt Securities) should subscribe for or purchase any Securities. Each recipient of this Prospectus or any Final Terms (or Pricing Supplement, in the case of Exempt Securities) shall be taken to have made its own appraisal of the condition (financial or otherwise) of the Issuer.

None of the Dealers or the Issuer makes any representation to any purchaser of the Securities regarding the legality of its investment under any applicable laws. Any purchaser of the Securities should be able to bear the economic risk of an investment in the Securities for an indefinite period of time.

Pursuant to the Prospectus, Securities may be issued whose interest and/or redemption payment will be calculated by reference to a specific benchmark which will be provided by an administrator (the "**Benchmark linked Securities**").

As at the date of this Prospectus, the specific benchmark applicable to an issue of Benchmark linked Securities has not yet been determined. However, amounts payable under Benchmark linked Securities may be calculated by reference to (i) BBSW (Bank Bill Swap Rate) which is provided by ASX Limited ("**ASX**"), (ii) EURIBOR (Euro Interbank Offered Rate) which is provided by the European Money Markets Institute ("**EMMI**"), (iii) LIBOR (London Interbank Offered Rate) and certain CMS (constant maturity swap) rates which are provided by ICE Benchmark Administration Limited ("**IBA**"), (iv) NIBOR (Norwegian Interbank Offered Rate) which is provided by Norske Finansielle Referanser AS ("**NoRe**"), (v) SONIA (Sterling Overnight Index Average) which is provided by the Bank of England ("**BoE**"); (vi) STIBOR (Stockholm Interbank Offered Rate) which is provided by the Financial Benchmarks Sweden AB ("**FBS**"), or (vii) another benchmark (an "**Other Benchmark**"). As at the date of this Prospectus, only IBA appears on the register (the "**ESMA Register**") of administrators and benchmarks established and maintained by the European Securities and Markets Authority (the "**ESMA**") pursuant to Article 36 of the Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"). As at the date of the Prospectus, neither ASX, EMMI, NoRe, FBS nor BoE appear on the ESMA Register. As far as the Issuer is aware, (i) the transitional provisions in Article 51 of the Benchmarks Regulation apply, so that neither ASX, EMMI, NoRe nor FBS are currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence), and (ii) BoE is not required to obtain authorisation or registration pursuant to Article 2 (2) (a) of the Benchmarks Regulation.

In case Securities are issued which make reference to an Other Benchmark, the relevant Final Terms will specify the name of the specific benchmark and the relevant administrator. In such case the Final Terms will further specify if the relevant administrator is included in the ESMA Register or whether the transitional provisions in Article 51 of the Benchmarks Regulation apply.

Unless otherwise stated, terms used in this paragraph have the meanings given to them in "*Description of the Securities – Form of the Securities*".

## SUMMARY

Summaries are made up of disclosure requirements known as 'Elements'. These Elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for securities of the type of the Securities and an issuer of the type of the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in this summary because of the type of Securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in this summary with the statement of 'Not applicable'.

### Section A — Introduction and Warnings

Element	Disclosure requirement

D.2	Key information on the key risks that are specific to the Issuer	<p>Investors will be exposed to the risk of the Issuer becoming insolvent as result of being overindebted or unable to pay debts, i.e. to the risk of a temporary or permanent inability to meet interest and/or principal payments on time. The Issuer's credit ratings reflect the assessment of these risks.</p> <p>Factors that may have a negative impact on Deutsche Bank's profitability are described in the following:</p> <ul style="list-style-type: none"> <li>– While the global economy showed robust growth in 2018, significant macroeconomic risks remain that could negatively affect the results of operations and financial condition in some of Deutsche Bank's businesses as well as its strategic plans, including deterioration of the economic outlook for the euro area and slowing in emerging markets, trade tensions between the United States and China as well between the United States and Europe, inflation risks, Brexit, European elections and geopolitical risks.</li> <li>– In the European Union, continued elevated levels of political uncertainty could have unpredictable consequences for the financial system and the greater economy, and could contribute to European de-integration in certain areas, potentially leading to declines in business levels, write-downs of assets and losses across Deutsche Bank's businesses. Deutsche Bank's ability to protect itself against these risks is limited.</li> <li>– The potential withdrawal of the United Kingdom from the European Union – Brexit – may have adverse effects on Deutsche Bank's business, results of operations or strategic plans.</li> <li>– Deutsche Bank may be required to take impairments on its exposures to the sovereign debt of European or other countries if the European sovereign debt crisis reignites. The credit default swaps into which Deutsche Bank has entered to manage sovereign credit risk may not be available to offset these losses.</li> <li>– Deutsche Bank's results of operation and financial condition, in particular those of Deutsche Bank's Corporate &amp; Investment Bank, continue to be negatively impacted by the challenging market environment, uncertain macroeconomic and geopolitical conditions, lower levels of client activity, increased competition and regulation, and the immediate impact of Deutsche Bank's strategic decisions. If Deutsche Bank is unable to improve its profitability as it continues to face these headwinds, Deutsche Bank may be unable to meet many of its strategic aspirations, and may have difficulty maintaining capital, liquidity and leverage at levels expected by market participants and Deutsche</li> </ul>

		<p>Bank's regulators.</p> <ul style="list-style-type: none"> <li>- Deutsche Bank considers business combinations from time to time. It is generally not feasible for Deutsche Bank to consider reviews of any business with which Deutsche Bank might engage in a combination to be complete in all respects. As a result, a combination may not perform as well as expected. In addition, Deutsche Bank may fail to integrate its operations successfully with any entity with which it participates in a business combination. Failure to complete announced business combinations or failure to achieve the expected benefits of any such combination could materially and adversely affect Deutsche Bank's profitability. Such failures could also affect investors' perception of Deutsche Bank's business prospects and management. They could also lead to departures of key employees, or lead to increased costs and reduced profitability if Deutsche Bank felt compelled to offer them financial incentives to remain.</li> </ul> <p>Market speculation about potential consolidation in the financial sector in Europe and Deutsche Bank's role in that consolidation could also have adverse effects on its business and revenue levels. Although speculation concerning consolidation is frequent, there are numerous impediments to completing transactions in Deutsche Bank's sector, including those posed by the regulatory environment, differing business models, valuation issues and the protracted headwinds facing the industry, including the low interest rate environment, market pressures and the high costs associated with rationalizing and simplifying institutions' businesses. Accordingly, Deutsche Bank may determine to cease consideration of business combinations, or may determine not to pursue available opportunities.</p> <p>If Deutsche Bank avoids entering into business combination transactions or if announced or expected transactions fail to materialize, market participants may perceive Deutsche Bank negatively. Deutsche Bank may also be unable to expand its businesses, especially into new business areas, as quickly or successfully as its competitors if Deutsche Bank does so through organic growth alone. These perceptions and limitations could cost Deutsche Bank business and harm its reputation, which could have material adverse effects on Deutsche Bank's financial condition, results of operations and liquidity.</p> <ul style="list-style-type: none"> <li>- Adverse market conditions, asset price deteriorations, volatility and cautious investor sentiment have affected and may in the future materially and adversely affect Deutsche Bank's revenues and profits, particularly in Deutsche Bank's investment banking, brokerage and other commission- and fee-based businesses. As a result, Deutsche Bank has in the past incurred and may in the future incur significant losses from its trading and investment activities.</li> <li>- Deutsche Bank's liquidity, business activities and profitability may be adversely affected by an inability to access the debt capital markets or to sell assets during periods of market-wide or firm-specific liquidity constraints. Credit rating downgrades have contributed to an increase in Deutsche Bank's funding costs, and any future downgrade could materially adversely affect its funding costs, the willingness of counterparties to continue to do business with it and significant aspects of its business model.</li> <li>- In the second quarter of 2018, Deutsche Bank announced changes to its strategy and updates to its financial targets. Competent regulators may prohibit Deutsche Bank from making dividend payments or payments on its regulatory capital instruments or take other actions if Deutsche Bank fails to comply with regulatory requirements.</li> <li>– Regulatory and legislative changes require Deutsche Bank to maintain increased capital and abide by tightened liquidity requirements. These requirements may significantly affect Deutsche Bank's business model, financial condition and results of operations as well as the competitive environment generally. Any perceptions in the market that Deutsche Bank may be unable to meet its capital or liquidity requirements with an adequate buffer, or that Deutsche Bank should maintain capital or liquidity in excess of these requirements or another failure to meet these requirements could intensify the effect of these factors on Deutsche Bank's business and results.</li> <li>– In some cases, Deutsche Bank is required to hold and calculate capital and to comply with rules on liquidity and risk management separately for its local operations in different jurisdictions, in particular in the United States.</li> <li>– Deutsche Bank's regulatory capital and liquidity ratios and its funds available for distributions on its shares or regulatory capital instruments will be affected by Deutsche Bank's business decisions and, in making such decisions, Deutsche Bank's interests and those of the holders of such instruments may not be aligned, and Deutsche Bank may make decisions in accordance with applicable law and the terms of the relevant instruments that result in no or lower payments being made on Deutsche Bank's shares or regulatory capital instruments.</li> <li>– European and German legislation regarding the recovery and resolution of banks and investment firms could, if steps were taken to ensure Deutsche Bank's resolvability or resolution measures were imposed on it, significantly affect its business operations, and lead to losses for its shareholders and creditors.</li> <li>– Other regulatory reforms adopted or proposed in the wake of the financial crisis – for example, extensive new regulations governing Deutsche Bank's derivatives activities, compensation, bank levies, deposit protection, data protection, or a possible financial transaction tax – may materially increase Deutsche Bank's operating costs and negatively impact its business model.</li> <li>– A robust and effective internal control environment and adequate</li> </ul>

Services provided by vendors pose risks to Deutsche Bank comparable to those Deutsche Bank bears when it performs the services itself, and Deutsche Bank remains ultimately responsible for the services its vendors provide. Furthermore, if a vendor does not conduct business in accordance with applicable standards or Deutsche Bank's expectations, Deutsche Bank could be exposed to material losses or regulatory action or litigation or fail to achieve the benefits it sought from the relationship.</li> <li>- Deutsche Bank's operational systems are subject to an increasing risk of cyber-attacks and other internet crime, which could result in material losses of client or customer information, damage Deutsche Bank's reputation and lead to regulatory penalties and financial losses.</li> <li>- The size of Deutsche Bank's clearing operations exposes Deutsche Bank to a heightened risk of material losses should these operations fail to function properly.</li> <li>- Ongoing global benchmark reform efforts initiated by the Financial Stability Board, specifically the transition from interbank offered rates to alternative reference rates, including so-called "risk-free-rates", that are under development, introduce a number of inherent risks to Deutsche Bank's business and the financial industry. ## RISK FACTORS

The Issuer believes that the factors (the "**Risk Factors**") described below represent the principal risks inherent in investing in Securities issued under the Programme, but the inability of the Issuer to pay principal, interest or other amounts or perform its delivery obligations on or in connection with any Securities may occur or arise for other reasons and there may be other factors which are material to the market risks associated with Securities. In the case of Exempt Securities, the Pricing Supplement in respect of a Series of Securities may contain additional issue specific Risk Factors in respect of such Series. Prospective investors should determine whether an investment in the Securities is appropriate in their particular circumstances.

Risk factors in respect of the Securities have been grouped as set out below:

- (a) Risk Factors in respect of the Issuer; and
- (b) Risk Factors in respect of Securities including (i) general Risk Factors, (ii) Risk Factors relating to certain features of the Securities, (iii) Risk Factors relating to Securities generally, and (iv) Risk Factors relating to the market generally and where applicable specifying factors which may occur in relation to certain types of Exempt Securities only.

During the life of each Series of Securities risks specified in each of the above sections may impact such Securities at different points in time and for different lengths of time. Each Series of Securities may have a risk profile that changes over time. Prospective investors should seek advice from a professional financial adviser in order to further discuss and understand how the risk profile of a particular Series of Securities will affect their overall investment portfolio.

More than one risk factor may have simultaneous effect with regard to the Securities such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given as to the effect that any combination of risk factors may have on the value of the Securities.

If one or more of the risks described below occurs, this may result in material decreases in the price of the Securities or, in the worst-case scenario, in total loss of interest and capital invested by the investor.

Where Securities are linked to one or more Reference Items an investment in such Securities should only be made after assessing the direction, timing and magnitude of potential future changes in the value of such Reference Item(s), and/or the in the composition or method of calculation of such Reference Item(s), as the return of any such investment will be dependent, *inter alia*, upon such changes.

Terms used in this section and not otherwise defined shall have the meanings given to them in section entitled "*Terms and Conditions of the Securities*".

### RISK FACTORS IN RESPECT OF THE ISSUER

An investment in debt securities issued by Deutsche Bank bears the risk that Deutsche Bank is not able to fulfil its obligations created by the issuance of the securities on the relevant due date. Thus, investors may lose all or part of their investment.

In order to assess the risk, prospective investors should consider all information provided in this Prospectus and consult with their own professional advisers if they consider it necessary.

The risk related to an issuer's ability to fulfil its obligations created by the issuance of debt securities is described by reference to the credit ratings assigned by independent rating agencies. A credit rating is an assessment of the solvency or credit-worthiness of borrowers and/or bond-issuers according to established credit review procedures. These ratings and associated research help investors to analyse the credit risks associated with fixed-income securities by providing detailed information on the ability of issuers to meet their obligations. The lower the assigned rating is on the respective scale, the higher the respective rating agency assesses the risk that obligations will not, not fully and/or not timely be met. A rating is not a recommendation to

buy, sell or hold any notes issued and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. A suspension, reduction or withdrawal of any rating assigned may adversely affect the market price of the notes issued.

Deutsche Bank is rated by Moody's Investors Service, Inc. ("**Moody's**"), S&P Global Ratings Europe Limited ("**S&P**"), Fitch Ratings Limited ("**Fitch**"), and DBRS Ratings GmbH ("**DBRS**", and together with Fitch, S&P and Moody's, the "**Rating Agencies**").

S&P, Fitch and DBRS are established in the European Union and have been registered in accordance with Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009, as amended, on credit rating agencies ("**CRA Regulation**"). With respect to Moody's, the credit ratings are endorsed by Moody's office in the UK (Moody's Investors Service Ltd.) in accordance with Article 4(3) of the CRA Regulation.

As of the date of this Prospectus or the latest supplement thereto, if applicable, the following ratings were assigned to Deutsche Bank for its long-term senior debt (or, where available, for its long-term non-preferred senior debt) and its short-term senior debt. For information on the distinction between preferred and non-preferred senior debt and the ratings assigned to Deutsche Bank for its long-term preferred senior debt, see the section entitled "*Description of the Securities*" – "*Ranking of Unsubordinated Notes*".

### **Moody's**

Long-term non-preferred senior debt: Baa3

Short-term senior debt: P-2

Moody's defines:

**Baa3:** Obligations rated "Baa" are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

Moody's long-term obligation ratings are divided into several categories ranging from "Aaa", reflecting the highest quality, subject to the lowest level of credit risk, over categories "Aa", "A", "Baa", "Ba", "B", "Caa", "Ca" to category "C", reflecting the lowest rated obligations which are typically in default, with little prospect for recovery of principal or interest. Moody's appends numerical modifiers 1, 2 and 3 to each generic rating classification from "Aa" through "Caa". The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category.

**P-2:** Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

Moody's short-term obligation ratings are divided into several categories ranging from "P-1", reflecting a superior ability of an issuer to repay short-term debt obligations, over categories "P-2" and "P-3" to category "NP", reflecting that an issuer does not fall within any of the Prime rating categories.

**Rating Outlook / Review:** A rating outlook is an opinion regarding the likely rating direction over the medium term. Rating outlooks fall into four categories: Positive (POS), Negative (NEG), Stable (STA), and Developing (DEV). A designation of RUR (Rating(s) Under Review) indicates that an issuer has one or more ratings under review, which overrides the outlook designation. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term.

A review indicates that a rating is under consideration for a change in the near term. A rating can be placed on review for upgrade (UPG), downgrade (DNG), or more rarely with direction uncertain (UNC). A review may end with a rating being upgraded, downgraded, or confirmed without a change to the rating. Ratings on review are said to be on Moody's "Watchlist" or "On Watch". Ratings are placed on review when a rating action may be warranted in the

near term but further information or analysis is needed to reach a decision on the need for a rating change or the magnitude of the potential change.

## S&P

Long-term non-preferred senior debt: BBB-

Short-term senior debt: A-2

S&P defines:

BBB-: An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

Long-term issue credit ratings by S&P are divided into several categories ranging from "AAA", reflecting an extremely strong capacity of the obligor to meet its financial commitment on the obligation, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC", "C" to category "D", reflecting that an obligation is in default or in breach of an imputed promise. The ratings from "AA" to "CCC" may be modified by the addition of a plus ("+") or minus ("-") sign to show relative standing within the major rating categories.

A-2: An obligation rated "A-2" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

Short-term issue credit ratings by S&P are divided into several categories ranging from "A-1", reflecting a strong capacity of the obligor to meet its financial commitment on the obligation, over categories "A-2", "A-3", "B", "C" to category "D", reflecting that an obligation is in default or in breach of an imputed promise.

Outlook / CreditWatch: An S&P rating outlook assesses the potential direction of a long-term credit rating over the intermediate term (typically six months to two years). In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change or future CreditWatch action. Rating outlooks fall into five categories: positive, negative, stable, developing and n.m. (not meaningful).

CreditWatch highlights S&P's opinion regarding the potential direction of a short-term or long-term rating. It focuses on identifiable events and short-term trends that cause ratings to be placed under special surveillance by S&P's analytical staff. A CreditWatch listing, however, does not mean a rating change is inevitable, and when appropriate, a range of potential alternative ratings will be shown. CreditWatch is not intended to include all ratings under review, and rating changes may occur without the ratings having first appeared on CreditWatch. The "positive" designation means that a rating may be raised; "negative" means a rating may be lowered; and "developing" means that a rating may be raised, lowered, or affirmed.

## Fitch

Long-term non-preferred senior debt: BBB

Short-term senior debt: F2

Fitch defines:

BBB: A rating of "BBB" denotes expectations of low credit risk. The capacity for payment of financial commitments is considered adequate. This capacity may, nevertheless, be more likely to be impaired by adverse business or economic conditions than in the case of higher ratings.

Fitch's long-term ratings are divided into several major categories ranging from "AAA", reflecting the lowest expectation of credit risk, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC" to category "C", reflecting exceptionally high levels of credit risk. Defaulted obligations typically are not assigned "RD" or "D" ratings, but are instead rated in the "B" to "C" rating categories, depending upon their recovery prospects and other relevant characteristics. The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the "AAA" obligation rating category or to obligation ratings below "CCC".

The subscript "emr" is appended to a rating to denote embedded market risk which is beyond the scope of the rating. The designation is intended to make clear that the rating solely addresses the counterparty risk of the issuing bank. It is not meant to indicate any limitation in the analysis of the counterparty risk, which in all other respects follows published Fitch criteria for analysing the issuing financial institution.

**F2:** A rating of "F2" indicates the good intrinsic capacity for timely payment of financial commitments. It may have an added "+" to denote any exceptionally good credit feature.

Fitch's short-term ratings are divided into several categories ranging from "F1", reflecting the strongest intrinsic capacity for timely payment of financial commitments, over categories "F2", "F3", "B", "C", "RD" to category "D" which indicates a broad-based default event for an entity, or the default of a short-term obligation.

**Outlook / Rating Watch:** Rating Outlooks indicate the direction a rating is likely to move over a one- to two-year period. They reflect financial or other trends that have not yet reached the level that would trigger a rating action, but which may do so if such trends continue. Positive or Negative rating Outlooks do not imply that a rating change is inevitable and, similarly, ratings with Stable Outlooks can be raised or lowered without a prior revision to the Outlook, if circumstances warrant such an action. Occasionally, where the fundamental trend has strong, conflicting elements of both positive and negative, the Rating Outlook may be described as Evolving.

Rating Watches indicate that there is a heightened probability of a rating change and the likely direction of such a change. These are designated as "Positive", indicating a potential upgrade, "Negative", for a potential downgrade, or "Evolving" if ratings may be raised, lowered or affirmed. However, ratings that are not on Rating Watch can be raised or lowered without being placed on Rating Watch first, if circumstances warrant such an action.

## **DBRS**

Long-term non-preferred senior debt: BBB (high) (negative)

Short-term senior debt: R-1 (low) (stable)

DBRS defines:

**BBB (high):** Adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. May be vulnerable to future events.

Long-term obligations ratings by DBRS are divided into several categories ranging from "AAA", reflecting the highest credit quality, over categories "AA", "A", "BBB", "BB", "B", "CCC", "CC", "C" to category "D", reflecting when the issuer has filed under any applicable bankruptcy, insolvency or winding up statute or there is a failure to satisfy an obligation after the exhaustion of grace periods. All rating categories other than "AAA" and "D" also contain subcategories "(high)" and "(low)". The absence of either a "(high)" or "(low)" designation indicates the rating is in the middle of the category.

**R-1 (low):** Good credit quality. The capacity for the payment of short-term financial obligations as they fall due is substantial. Overall strength is not as favourable as higher rating categories. May be vulnerable to future events, but qualifying negative factors are considered manageable.

DBRS's short-term debt ratings are divided into several categories ranging from "R-1",

reflecting the highest credit quality, over categories “R-2”, “R-3”, “R-4”, “R-5” to category “D” reflecting when the issuer has filed under any applicable bankruptcy, insolvency or winding up statute or there is a failure to satisfy an obligation after the exhaustion of grace periods. The “R-1” and “R-2” rating categories are further denoted by the subcategories “(high)”, “(middle)”, and “(low)”.

Trend /  
Under  
Review:

Rating trends provide guidance in respect of DBRS's opinion regarding the outlook for a rating. Rating trends have three categories: "positive", "stable" or "negative". The rating trend indicates the direction in which DBRS considers the rating may move if present circumstances continue, or in certain cases, unless challenges are addressed by the issuer.

It is often the rating trend that reflects the initial pressures or benefits of a changing environment rather than an immediate change in the rating. A positive or negative trend is not an indication that a rating change is imminent. Rather, a positive or negative trend represents an indication that there is a greater likelihood that the rating could change in the future than would be the case if a stable trend was assigned to the security.

Generally, the conditions that lead to the assignment of a negative or positive trend are resolved within a twelve month period. However, in some instances, new factors emerge which may cause the positive or negative trend to be maintained, even as the original factors become clarified or resolved.

DBRS places ratings "Under Review" in situations where a significant event occurs that directly impacts the credit quality of a particular entity or group of entities and if there is uncertainty regarding the outcome of the event and DBRS therefore is unable to provide an objective, forward-looking opinion in a timely fashion. DBRS also places ratings "Under Review" in situations where, in the opinion of DBRS, the current rating on the security may no longer be appropriate due to a change in the credit status of the issuing entity for other reasons and additional time is required for further analysis. Furthermore, DBRS may also place a rating "Under Review" if DBRS has announced that one or more of its methodologies that apply to such a rating is being revised and the announcement indicates that the outcome of the rating affected by the revision is uncertain. Using "Under Review – Positive" or "Under Review – Negative" is a more significant action than changing a rating trend to positive or negative as rating changes are considered more likely with the former than the latter

### ***Rating of Subordinated Obligations***

If Deutsche Bank enters into subordinated obligations, these obligations may be rated lower because, in the case of an insolvency or liquidation of the Bank, the claims and interest claims resulting from these obligations are subordinate to those claims of creditors of the Bank that are not also subordinated. Deutsche Bank will disclose the ratings of subordinated obligations (if any).

### ***Factors that May Adversely Affect Deutsche Bank's Financial Strength***

Deutsche Bank's financial strength, which is also reflected in its ratings described above, depends in particular on its profitability. The following describes factors which may adversely affect Deutsche Bank's profitability:

- While the global economy showed robust growth in 2018, significant macroeconomic risks remain that could negatively affect the results of operations and financial condition in some of Deutsche Bank's businesses as well as its strategic plans, including deterioration of the economic outlook for the euro area and slowing in emerging markets, trade tensions between the United States and China as well between the United States and Europe, inflation risks, Brexit, European elections and geopolitical risks.
- In the European Union, continued elevated levels of political uncertainty could have unpredictable consequences for the financial system and the greater economy, and could contribute to European de-integration in certain areas, potentially leading to declines in business levels, write-downs of assets and

losses across Deutsche Bank's businesses. Deutsche Bank's ability to protect itself against these risks is limited.

- The potential withdrawal of the United Kingdom from the European Union – Brexit – may have adverse effects on Deutsche Bank's business, results of operations or strategic plans.
- Deutsche Bank may be required to take impairments on its exposures to the sovereign debt of European or other countries if the European sovereign debt crisis reignites. The credit default swaps into which Deutsche Bank has entered to manage sovereign credit risk may not be available to offset these losses.
- Deutsche Bank's results of operation and financial condition, in particular those of Deutsche Bank's Corporate & Investment Bank, continue to be negatively impacted by the challenging market environment, uncertain macro-economic and geopolitical conditions, lower levels of client activity, increased competition and regulation, and the immediate impact of Deutsche Bank's strategic decisions. If Deutsche Bank is unable to improve its profitability as it continues to face these headwinds, Deutsche Bank may be unable to meet many of its strategic aspirations, and may have difficulty maintaining capital, liquidity and leverage at levels expected by market participants and Deutsche Bank's regulators.
- Deutsche Bank considers business combinations from time to time. It is generally not feasible for Deutsche Bank to consider reviews of any business with which Deutsche Bank might engage in a combination to be complete in all respects. As a result, a combination may not perform as well as expected. In addition, Deutsche Bank may fail to integrate its operations successfully with any entity with which it participates in a business combination. Failure to complete announced business combinations or failure to achieve the expected benefits of any such combination could materially and adversely affect Deutsche Bank's profitability. Such failures could also affect investors' perception of Deutsche Bank's business prospects and management. They could also lead to departures of key employees, or lead to increased costs and reduced profitability if Deutsche Bank felt compelled to offer them financial incentives to remain.

Market speculation about potential consolidation in the financial sector in Europe and Deutsche Bank's role in that consolidation could also have adverse effects on its business and revenue levels. Although speculation concerning consolidation is frequent, there are numerous impediments to completing transactions in Deutsche Bank's sector, including those posed by the regulatory environment, differing business models, valuation issues and the protracted headwinds facing the industry, including the low interest rate environment, market pressures and the high costs associated with rationalizing and simplifying institutions' businesses. Accordingly, Deutsche Bank may determine to cease consideration of business combinations, or may determine not to pursue available opportunities.

If Deutsche Bank avoids entering into business combination transactions or if announced or expected transactions fail to materialize, market participants may perceive Deutsche Bank negatively. Deutsche Bank may also be unable to expand its businesses, especially into new business areas, as quickly or successfully as its competitors if Deutsche Bank does so through organic growth alone. These perceptions and limitations could cost Deutsche Bank business and harm its reputation, which could have material adverse effects on Deutsche Bank's financial condition, results of operations and liquidity.

- Adverse market conditions, asset price deteriorations, volatility and cautious investor sentiment have affected and may in the future materially and adversely affect Deutsche Bank's revenues and profits, particularly in Deutsche Bank's investment banking, brokerage and other commission- and fee-based businesses. As a result, Deutsche Bank has in the past incurred and may in the future incur significant losses from its trading and investment activities.

- Deutsche Bank's liquidity, business activities and profitability may be adversely affected by an inability to access the debt capital markets or to sell assets during periods of market-wide or firm-specific liquidity constraints. Credit rating downgrades have contributed to an increase in Deutsche Bank's funding costs, and any future downgrade could materially adversely affect its funding costs, the willingness of counterparties to continue to do business with it and significant aspects of its business model.
- In the second quarter of 2018, Deutsche Bank announced changes to its strategy and updates to its financial targets. If Deutsche Bank is unable to implement its strategic plans successfully, Deutsche Bank may be unable to achieve its financial objectives, or it may incur losses or low profitability, and its financial condition, results of operations and share price may be materially and adversely affected.
- Deutsche Bank may have difficulties selling companies, businesses or assets at favorable prices or at all and may experience material losses from these assets and other investments irrespective of market developments.
- Intense competition, in Deutsche Bank's home market of Germany as well as in international markets, has and could continue to materially adversely impact its revenues and profitability.
- Regulatory reforms enacted and proposed in response to weaknesses in the financial sector, together with increased regulatory scrutiny more generally, have had and continue to have a significant impact on Deutsche Bank and may adversely affect its business and ability to execute its strategic plans. Competent regulators may prohibit Deutsche Bank from making dividend payments or payments on its regulatory capital instruments or take other actions if Deutsche Bank fails to comply with regulatory requirements.
- Regulatory and legislative changes require Deutsche Bank to maintain increased capital and abide by tightened liquidity requirements. These requirements may significantly affect Deutsche Bank's business model, financial condition and results of operations as well as the competitive environment generally. Any perceptions in the market that Deutsche Bank may be unable to meet its capital or liquidity requirements with an adequate buffer, or that Deutsche Bank should maintain capital or liquidity in excess of these requirements or another failure to meet these requirements could intensify the effect of these factors on Deutsche Bank's business and results.
- In some cases, Deutsche Bank is required to hold and calculate capital and to comply with rules on liquidity and risk management separately for its local operations in different jurisdictions, in particular in the United States.
- Deutsche Bank's regulatory capital and liquidity ratios and its funds available for distributions on its shares or regulatory capital instruments will be affected by Deutsche Bank's business decisions and, in making such decisions, Deutsche Bank's interests and those of the holders of such instruments may not be aligned, and Deutsche Bank may make decisions in accordance with applicable law and the terms of the relevant instruments that result in no or lower payments being made on Deutsche Bank's shares or regulatory capital instruments.
- European and German legislation regarding the recovery and resolution of banks and investment firms could, if steps were taken to ensure Deutsche Bank's resolvability or resolution measures were imposed on it, significantly affect its business operations, and lead to losses for its shareholders and creditors.
- Other regulatory reforms adopted or proposed in the wake of the financial crisis – for example, extensive new regulations governing Deutsche Bank's derivatives activities, compensation, bank levies, deposit protection, data protection, or a possible financial transaction tax – may materially increase Deutsche Bank's operating costs and negatively impact its business model.

- A robust and effective internal control environment and adequate infrastructure (comprising people, policies and procedures, controls testing and IT systems) are necessary to ensure that Deutsche Bank conducts its business in compliance with the laws, regulations and associated supervisory expectations applicable to it. Deutsche Bank has identified the need to strengthen its internal control environment and infrastructure and has embarked on initiatives to accomplish this. If these initiatives are not successful or are delayed, Deutsche Bank's reputation, regulatory position and financial condition may be materially adversely affected, and Deutsche Bank's ability to achieve its strategic ambitions may be impaired.
- The BaFin has ordered Deutsche Bank to improve its control and compliance infrastructure relating to anti-money laundering and know-your-client processes in CIB, and appointed a special representative to monitor these measures' implementation. Deutsche Bank's results of operations, financial condition and reputation could be materially and adversely affected if Deutsche Bank is unable to significantly improve its infrastructure and control environment by the set deadline.
- Deutsche Bank operates in a highly and increasingly regulated and litigious environment, potentially exposing Deutsche Bank to liability and other costs, the amounts of which may be substantial and difficult to estimate, as well as to legal and regulatory sanctions and reputational harm.
- Deutsche Bank is currently the subject of industry-wide investigations by regulatory and law enforcement agencies relating to interbank and dealer offered rates, as well as civil actions. Due to a number of uncertainties, including those related to the high profile of the matters and other banks' settlement negotiations, the eventual outcome of these matters is unpredictable, and may materially and adversely affect Deutsche Bank's results of operations, financial condition and reputation.
- Regulators and law enforcement authorities are investigating, among other things, Deutsche Bank's compliance with the U.S. Foreign Corrupt Practices Act and other laws with respect to Deutsche Bank's hiring practices related to candidates referred by clients, potential clients and government officials, and Deutsche Bank's engagement of finders and consultants.
- Deutsche Bank is currently involved in civil proceedings in connection with its voluntary takeover offer for the acquisition of all shares of Postbank. The extent of Deutsche Bank's financial exposure to this matter could be material, and its reputation may be harmed.
- Deutsche Bank has investigated the circumstances around equity trades entered into by certain clients in Moscow and London and has advised regulators and law enforcement authorities in several jurisdictions about those trades. In the event that violations of law or regulation are found to have occurred, any resulting penalties against Deutsche Bank may materially and adversely affect its results of operations, financial condition and reputation.
- Deutsche Bank is currently involved in civil and criminal proceedings in connection with transactions with Monte dei Paschi di Siena. The extent of Deutsche Bank's financial exposure to these matters could be material, and its reputation may be harmed.
- Deutsche Bank is under continuous examination by tax authorities in the jurisdictions in which Deutsche Bank operates. Tax laws are increasingly complex and are evolving. The cost to Deutsche Bank arising from the conclusion and resolution of routine tax examinations, tax litigation and other forms of tax proceedings or tax disputes may increase and may adversely affect its business, financial condition and results of operation.
- Deutsche Bank is currently involved in a legal dispute with the German tax authorities in relation to the tax treatment of certain income received with respect to its pension plan assets. The proceeding is pending in front of the German supreme fiscal court (*Bundesfinanzhof*). Should the courts ultimately rule in favor of the German tax authorities, the outcome could have a material effect on Deutsche Bank's comprehensive income and financial condition.
- US Congressional committees and other U.S. governmental entities have sought and may seek information from Deutsche Bank concerning potential dealings between Deutsche Bank and the U.S.

executive branch, the President, his family and other close associates, exposing Deutsche Bank in particular to risk to its reputation and potential loss of business as a result of extensive media attention

- Deutsche Bank has received requests for information from regulatory and law enforcement agencies concerning its correspondent banking relationship with Danske Bank, exposing Deutsche Bank in particular to risk to its reputation and potential loss of business as a result of extensive media attention.
- In November 2018, Deutsche Bank's offices in Frankfurt were searched by German law enforcement authorities on the suspicion that two employees and as-yet unidentified further individuals deliberately abstained from issuing suspicious activity reports (SARs) in a timely manner and aided and abetted money laundering, exposing Deutsche Bank in particular to risk to its reputation and potential loss of business as a result of extensive media attention.
- Guilty pleas by or convictions of Deutsche Bank or its affiliates in criminal proceedings may have consequences that have adverse effects on certain of its businesses.
- In addition to its traditional banking businesses of deposit-taking and lending, Deutsche Bank also engages in nontraditional credit businesses in which credit is extended in transactions that include, for example, its holding of securities of third parties or its engaging in complex derivative transactions. These nontraditional credit businesses materially increase Deutsche Bank's exposure to credit risk.
- A substantial proportion of the assets and liabilities comprise financial instruments that it carries at fair value, with changes in fair value recognized in its income statement. As a result of such changes, Deutsche Bank has incurred losses in the past, and may incur further losses in the future.
- Pursuant to accounting rules, Deutsche Bank must periodically test the value of the goodwill of its businesses and the value of its other intangible assets for impairment. In the event such test determines that criteria for impairment exists, Deutsche Bank is required under accounting rules to write down the value of such asset. Impairments of goodwill and other intangible assets have had and may have a material adverse effect on Deutsche Bank's profitability results of operations.
- Pursuant to accounting rules, Deutsche Bank must review its deferred tax assets at the end of each reporting period. To the extent that it is no longer probable that sufficient taxable income will be available to allow the benefit of part or all of deferred tax assets to be utilized, Deutsche Bank has to reduce the carrying amounts. These reductions have had and may in the future have material adverse effects on its profitability, equity and financial condition.
- Deutsche Bank's risk management policies, procedures and methods leave it exposed to unidentified or unanticipated risks, which could lead to material losses.
- Operational risks, which may arise from errors in the performance of Deutsche Bank's processes, the conduct of Deutsche Bank's employees, instability, malfunction or outage of Deutsche Bank's IT system and infrastructure, or loss of business continuity, or comparable issues with respect to Deutsche Bank's vendors, may disrupt Deutsche Bank's businesses and lead to material losses.
- Deutsche Bank utilizes a variety of vendors in support of its business and operations. Services provided by vendors pose risks to Deutsche Bank comparable to those Deutsche Bank bears when it performs the services itself, and Deutsche Bank remains ultimately responsible for the services its vendors provide. Furthermore, if a vendor does not conduct business in accordance with applicable standards or Deutsche Bank's expectations, Deutsche Bank could be exposed to material losses or regulatory action or litigation or fail to achieve the benefits it sought from the relationship.
- Deutsche Bank's operational systems are subject to an increasing risk of cyber-attacks and other internet crime, which could result in material losses of client or customer information, damage Deutsche Bank's reputation and lead to regulatory penalties and financial losses.

- The size of Deutsche Bank's clearing operations exposes Deutsche Bank to a heightened risk of material losses should these operations fail to function properly.
- Ongoing global benchmark reform efforts initiated by the Financial Stability Board, specifically the transition from interbank offered rates to alternative reference rates, including so-called “risk-free-rates”, that are under development, introduce a number of inherent risks to Deutsche Bank's business and the financial industry. These risks, should they materialize, may have adverse effects on Deutsche Bank's business, results of operations and profitability.
- Deutsche Bank is subject to laws and other requirements relating to financial and trade sanctions and embargoes. If Deutsche Bank breaches such laws and requirements, it can be subject, and have in the past been subject, to material regulatory enforcement actions and penalties.
- Transactions with counterparties in countries designated by the U.S. State Department as state sponsors of terrorism or persons targeted by U.S. economic sanctions may lead potential customers and investors to avoid doing business with Deutsche Bank or investing in Deutsche Bank's securities, harm Deutsche Bank's reputation or result in regulatory or enforcement action which could materially and adversely affect Deutsche Bank's business.

### **RISK FACTORS IN RESPECT OF THE SECURITIES**

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under Securities issued under the Programme and/or are material for the purpose of assessing the market risks associated with Securities issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

#### **GENERAL**

##### **Securities May not be a Suitable Investment for all Investors**

The Securities may not be a suitable investment for all investors. Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus or any applicable supplement and all the information contained in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities);
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions. The risk factors below represent the principal risks associated with the interest and redemption provisions detailed in "*Description of the Securities – Description of the Interest Rate and Redemption Provisions*".

## Interest

The Securities to be issued under the Programme may pay either (a) a fixed amount of interest, (b) a variable amount of interest or (c) no interest at all.

### Fixed Rate Interest

Securities bearing or paying a fixed rate of interest either will pay or, depending on the fulfilment of certain conditions, may pay a fixed amount of interest on specified interest payment dates. Investors who purchase Securities with a fixed rate of interest are exposed to the risk that market interest rates rise and the fixed amount of interest they receive is less than the amount they would have received had they invested in a Security with a floating rate of interest. The market value of Securities with a fixed rate of interest will decrease if potential investors perceive that they can achieve a greater return on an investment by investing in alternative products. If an investor holds a Security bearing a fixed rate of interest through to maturity, changes in the market interest rate may become less relevant to the value as the maturity date approaches.

### Floating and Other Variable Rate Interest

Securities bearing or paying a floating or other variable rate of interest either will pay or, depending on the fulfilment of certain conditions, may pay a variable amount of interest on specified interest payment dates. Securities which bear or pay floating or other variable interest rates can be volatile investments. Investors who purchase Securities with a floating or other variable rate of interest will be exposed to the risk of a fluctuating rate of interest and consequently variable interest amounts. Fluctuating interest rate levels make it impossible to determine the profitability of Floating Rate Securities. If floating or other variable rate securities are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, the market value of those securities may be more volatile than that for securities that do not include these features.

Floating Rate Securities or other variable rate Securities may be subject to a maximum amount of interest, which may limit the total amount of interest that an investor may receive.

### *Securities Linked to LIBOR, EURIBOR or another "Benchmark"*

Interest rates and indices or other figures which are deemed to be "benchmarks" (including the London Interbank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other interest rates and indices) are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or to have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Securities linked to or referencing such a benchmark.

Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**") was published in the Official Journal of the EU on 29 June 2016 and mostly applies, subject to certain transitional provisions, since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Securities linked to or referencing LIBOR, EURIBOR or any other benchmark, in particular, if the methodology or other terms of LIBOR, EURIBOR or such other benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of LIBOR, EURIBOR or such other benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. On 27 July 2017, and in a subsequent speech by its Chief Executive on 12 July 2018, the UK Financial Conduct Authority (the "**FCA**"), which regulates the LIBOR, confirmed that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "**FCA Announcements**"). The FCA Announcements indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average ("**SONIA**") over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021. See further "*The Market continues to develop in relation to SONIA as a reference rate*" below.

Separate workstreams are also underway in Europe to reform EURIBOR using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate). On 13 September 2018, the working group on euro risk-free rates recommended Euro Short-term Rate ("**€STR**") as the new risk free rate. €STR is expected to be published by the ECB by October 2019. In addition, on 21 January 2019, the euro risk free-rate working group published a set of guiding principles for fallback provisions in new euro denominated cash products (including bonds). The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, benchmarks (including LIBOR and EURIBOR) will continue to be supported going forwards. This may cause benchmarks to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Any of the above factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Securities linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark and the Calculation Agent may be entitled to make corresponding adjustments to the conditions of Reference Item linked Securities.

Investors should be aware that if a benchmark used to calculate the Interest Rate under the Securities were discontinued or otherwise unavailable, were no longer permitted for use by the Issuer or were its methodology of calculation to be materially changed, the benchmark used in the calculation of the Rate of Interest will then be determined by the fall-back provisions set out in the Terms and Conditions which may (depending on market circumstances at the relevant time, including uncertainty concerning availability of replacement rates) not operate as intended. The fall-back provisions may in certain circumstances (i) result in the Calculation Agent or an Independent Adviser appointed by the Issuer, or the Issuer itself, determining a replacement rate (if any at the relevant time) to be used, with or without the application of an adjustment spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the extent reasonably practicable in the circumstances, any transfer of economic value between the Issuer and Securityholders arising out of the replacement of the relevant rate) and making such other adjustments to the terms of the Securities as it determines appropriate to account for such replacement; (ii) result in the effective application of a fixed rate based on the rate which applied in the previous period when the benchmark was available; (iii) result in the early redemption of the Securities; or (iv) result in paragraphs (i) and (ii), or (ii) and (iii), both applying. Any such replacement and adjustment may result in an Interest Rate in respect of the Securities which is different and may perform differently from the rate originally anticipated (and result in a lower Rate of Interest) and unless any

such replacement rate is itself discontinued or otherwise unavailable, is no longer permitted for use by the Issuer or its methodology of calculation is materially changed, such replacement rate will be used to calculate the Interest Rate for the remainder of the life of the Securities, regardless of any change in industry or market practice as to the appropriate replacement for the rate originally anticipated. Due to the uncertainty concerning the availability of replacement rates, the involvement of an Independent Adviser and the potential for further regulatory developments, there is a risk that the relevant fall-back provisions may not operate as intended at the relevant time. All of this could have an adverse effect on the value or liquidity of, and return on, the Securities.

In addition, in the case of Securities linked to other types of benchmarks, the occurrence of an Administrator/Benchmark Event may cause early redemption or adjustment of the Securities, which may include selecting one or more successor benchmarks and making related adjustments to the Securities, including if applicable to reflect increased costs. An Administrator/Benchmark Event may arise if any of the following circumstances occurs or may occur: (1) a benchmark is materially changed or cancelled; or (2) (i) the relevant authorisation, registration, recognition, endorsement, equivalence decision or approval in respect of the benchmark or the administrator or sponsor of the benchmark is not obtained, (ii) an application for authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register is rejected or (iii) any authorisation, registration, recognition, endorsement, equivalence decision or approval is suspended or inclusion in any official register is withdrawn; (3) it is not fair and commercially reasonable from the perspective of the Issuer or the Calculation Agent to continue the use of the benchmark or the Issuer or the Calculation Agent suffer increased costs in each case due to licensing restrictions or changes in licence costs; or (4) a relevant supervisor officially announces a benchmark is longer representative of any relevant underlying market(s).

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any other relevant international or national reforms and the possible application of any benchmark provisions of Securities as described above in making any investment decision with respect to any Securities linked to or referencing a benchmark.

#### *The Market Continues to Develop in Relation to SONIA as a Reference Rate*

Where the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) for a Series of Floating Rate Securities identifies that the Rate of Interest for such Securities will be determined by reference to SONIA, the Rate of Interest will be determined on the basis of compounded daily SONIA. Compounded daily SONIA differs from LIBOR in a number of material respects, including (without limitation) that compounded daily SONIA is a backwards-looking, compounded, risk-free overnight rate, whereas LIBOR is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending. As such, investors should be aware that LIBOR and SONIA may behave materially differently as interest reference rates for Securities issued under the Programme. The use of compounded daily SONIA as a reference rate for Eurobonds is nascent, and is subject to change and development, both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing compounded daily SONIA.

Accordingly, prospective investors in any Securities referencing compounded daily SONIA should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. For example, in the context of backwards-looking SONIA rates, market participants and relevant working groups are currently assessing the differences between compounded rates and weighted average rates, and such groups are also exploring forward-looking 'term' SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The adoption of SONIA may also see component inputs into swap rates or other composite rates transferring from LIBOR or another reference rate to SONIA.

The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions and used in relation to Securities referencing SONIA that are issued under the Programme. Furthermore, the Issuer may in future issue Securities referencing SONIA that differ materially in

terms of interest determination when compared with any previous SONIA-referenced Securities issued under the Programme. The nascent development of compounded daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Securities issued under the Programme from time to time.

Furthermore, the Rate of Interest on Securities which reference compounded daily SONIA is only capable of being determined at the end of the relevant Interest Period prior to the relevant Interest Payment Date. It may be difficult for investors in Securities which reference compounded daily SONIA to estimate reliably the amount of interest which will be payable on such Securities, and some investors may be unable or unwilling to trade such Securities without changes to their IT systems, both of which factors could adversely impact the liquidity of such Securities. Further, in contrast to LIBOR-based Securities, if Securities referencing compounded daily SONIA are redeemed early and accrued interest is payable on such redemption in respect of a period which is not an Interest Period, the final Rate of Interest payable in respect of such Securities shall only be determined immediately prior to the due date for redemption.

In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Securities referencing compounded daily SONIA.

To the extent the daily SONIA rate is discontinued or is no longer published on the SONIA Screen Page or published by authorised distributors, the applicable rate to be used to calculate the Interest Rate on Securities referencing SONIA will be determined using the fall-back provisions set out in the Terms and Conditions. Any of these fall-back provisions may result in interest payments that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Securities if the SONIA rate had been so published in its current form. In addition, use of the fall-back provisions may result in the effective application of a fixed rate of interest to the Securities.

Investors should carefully consider all of these matters when making their investment decision with respect to any such Securities.

#### Zero Coupon Securities

In the absence of periodical interest payments, Zero Coupon Securities are issued at a discount to their principal amount and redeem at their principal amount. The difference between the redemption amount and the purchase price of such Securities constitutes the return on the Securities. The price of such Securities will fall if the market interest rate is greater than the return at any point in time. The market prices of Zero Coupon Securities may be more volatile than the market price of Securities with a fixed rate of interest and are likely to respond to a greater degree to market interest rate movements than interest bearing Securities with a similar maturity.

#### Variable Interest Securities

Variable Interest Securities bear or pay interest at a rate that may at the election of the Issuer convert from one interest basis to another, for example from a fixed rate to a floating or other variable rate, or from a floating or other variable rate to a fixed rate. The Issuer's right to convert the interest rate will affect the secondary market in and the market value of, the Securities because the Issuer may be expected to elect to convert the rate when it is likely to produce a lower overall cost of borrowing. For example if the Issuer elects to convert the interest rate from a fixed rate to a floating or other variable rate, the spread on the Securities may be less favourable than the then prevailing spreads on comparable floating or other variable rate securities relating to the same reference rate. In addition, the new floating or other variable rate at any time may be lower than the interest rates payable on other securities. If the Issuer elects to convert the interest rate from a floating or other variable rate to a fixed rate, the fixed rate may be lower than the then prevailing interest rates payable on its securities.

Variable Interest Securities (which bear or pay interest on a variable basis (whether fixed to floating/variable, floating/variable to fixed or one floating/variable to another)) are distinguishable from variable rate interest securities which pay interest at a variable rate but not (unless otherwise stated) on a variable basis.

## Redemption

The Securities to be issued under the Programme may either be redeemed at maturity or prior to maturity. The redemption amount or early redemption amount, as the case may be, received by an investor may be either (i) par, (ii) below par or (iii) above par. The redemption amount may be in the form of either cash or physical settlement.

## Reference Items

This section relates to Securities issued in the form of Notes only.

As described in the section entitled "*Description of the Securities – Description of Interest Rate and Redemption Provisions*", Securities may be issued where the amount of interest payable or the amount payable, or, if "Physical Settlement" or "Physical Delivery" is specified as an applicable settlement method for the Securities in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), assets deliverable, on redemption are linked to one or more Reference Items. These Securities will derive some or all of their value by reference to one or more underlying assets or other bases of reference.

The purchase of, or investment in, Securities linked to Reference Item(s) involves substantial risks. These Securities are not conventional debt securities and carry various unique investment risks which prospective investors should understand clearly before investing in the Securities. Each prospective investor in these Securities should be familiar with securities having characteristics similar to such Securities and should fully review all documentation for and understand the Terms and Conditions of the Securities and the nature and extent of its exposure to risk of loss.

*By investing in such Securities each investor represents that:*

- (a) *Non-Reliance. It is acting for its own account, and it has made its own independent decisions to invest in the Securities and as to whether the investment in the Securities is appropriate or proper for it based upon its own judgement and upon advice from such advisers as it has deemed necessary. It is not relying on any communication (written or oral) of the Issuer or any Dealer as investment advice or as a recommendation to invest in the Securities, it being understood that information and explanations related to the terms and conditions of the Securities shall not be considered to be investment advice or a recommendation to invest in the Securities. No communication (written or oral) received from the Issuer or any Dealer shall be deemed to be an assurance or guarantee as to the expected results of the investment in the Securities.*
- (b) *Assessment and Understanding. It is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts the terms and conditions and the risks of the investment in the Securities. It is also capable of assuming, and assumes, the risks of the investment in the Securities.*
- (c) *Status of Parties. Neither the Issuer nor any Dealer is acting as a fiduciary for or adviser to it in respect of the investment in the Securities.*

The Issuer may issue Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon:

- (a) the price or changes in the price of, one or more equity securities;
- (b) the level or changes in the level of one or more indices;
- (c) movements in currency exchange rates and/or the circumstance that capital or interest payments are payable in one or more currencies different from the currency in which the Securities are denominated;

- (d) whether certain events have occurred in respect of one or more specified entities (each a "**Reference Entity**") and, for certain types of Securities, whether amounts would be received by a holder of specified assets of such Reference Entity; or

In relation to Exempt Securities the Issuer may issue, in addition to (a) to d) above, Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon:

- (a) in the case of Exempt Securities, the price or changes in the price of one or more commodities;
- (b) in the case of Exempt Securities, the price or changes in the price of units or shares in one or more funds;
- (c) in the case of Exempt Securities, other underlying assets or bases of reference.

The Issuer may also issue Securities where the amount of interest or principal payable or the amount of assets deliverable is dependent upon more than one Reference Item.

Prospective investors in any such Securities should be aware that depending on the terms of such Securities (i) they may receive no or a limited amount of interest or principal and/or deliverable assets, (ii) payment of interest or principal and/or assets delivered may occur at different times than expected or in a different currency than expected and (iii) they may lose all or a substantial portion of their investment upon redemption.

In addition, the movements in:

- (a) the price of the equity securities in respect of Equity Linked Notes;
- (b) the level of the index or indices in respect of Index Linked Notes;
- (c) the level of the inflation index or inflation indices in respect of Inflation Index Linked Notes;
- (d) currency exchange rates in respect of Currency Linked Notes (Exempt Securities only) or other Securities whose terms include a currency exchange rate and/or payments of capital or interest payments being due in one or more currencies different from the currency in which the Securities are denominated;
- (e) the price of the commodity or commodities in respect of Commodity Linked Notes (Exempt Securities only);
- (f) the price of the units or shares in one or more funds in respect of Fund Linked Notes (Exempt Securities only);
- (g) the creditworthiness of each Reference Entity in respect of Credit Linked Notes; or
- (h) the movement in the level of any underlying asset or basis of reference (Exempt Securities only),

may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other economic factors or indices and the timing of changes in the relevant price or level of the Reference Item may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or level of the Reference Item, the greater the effect on yield.

If the amount of interest or principal payable and/or assets deliverable is determined by reference to a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price or level of the Reference Item will be magnified.

The market price of such Securities may be volatile and may be affected by:

- (a) the time remaining to the redemption date;

- (b) the volatility of the Reference Item or other underlying asset or basis of reference;
- (c) the dividend rate (if any) and the financial results and prospects of the issuer(s) of the equity securities in respect of Equity Linked Notes or the issuers of the equity securities comprised in an Index in respect of Index Linked Notes;
- (d) movements in exchange rates and the volatility of currency exchange rates in respect of Currency Linked Notes or other Securities whose terms include a currency exchange rate and/or payments of capital or interest payments being due in one or more currencies different from the currency in which the Securities are denominated; or
- (e) the volatility of the price of units or shares in the fund or funds in respect of Fund Linked Notes,

as well as economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any such commodities, fund units or shares or equities may be traded.

#### Equity Linked Notes

Equity linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or, in the case of Exempt Securities, by the physical delivery of a given number of specified assets and/or by payment of an amount determined by reference to the value of one or more equity securities. Accordingly, an investment in equity linked redemption Notes may bear similar market risks to a direct equity investment and prospective investors should take advice accordingly. Equity linked interest Securities will bear or pay interest by reference to the value of one or more equity securities.

Equity Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### *Corporate Actions and Events*

Equity Linked Notes may be subject to early redemption in the event of certain corporate actions or events occurring in respect of the issuer(s) of the equity security(ies). On such early redemption Securityholders will receive an early redemption amount equal to the fair market value of the Securities less Early Redemption Unwind Costs (see page 75 below). Unless the rules of the market or trading facility upon which the Securities are listed and admitted to trading require otherwise, the early redemption amount may be less than an investors' original investment and may in certain circumstances be zero.

#### *Disruption Provisions for Equity Linked Notes*

Where "Disrupted Day" is specified as applying in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and/or may delay payment, or in the case of equity linked redemption Notes, settlement in respect of the Securities.

Where equity linked redemption Exempt Securities provide for physical delivery, the Calculation Agent may determine that a Settlement Disruption Event is subsisting. A Settlement Disruption Event is an event beyond the control of the Issuer as a result of which, in the opinion of the Calculation Agent, delivery of the specified assets to be delivered by or on behalf of the Issuer is not practicable. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

#### Index Linked Notes

Index linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of one or more indices. Accordingly, an investment in index linked redemption Notes may bear similar market risks to a direct investment in the components of the

Index comprising such index or indices and prospective investors should take advice accordingly. Index linked interest Securities will bear or pay interest calculated by reference to the value of one or more indices.

Index Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### *Index Adjustment Events*

Index Linked Notes may be subject to early redemption following an Index Adjustment Event. An Index Adjustment Event can be either:

- (a) a failure to calculate and announce the relevant index by the index sponsor;
- (b) a material modification in the way that the relevant index is calculated from that originally intended; or
- (c) a permanent cancellation of the relevant index with no successor index.

On such early redemption, Securityholders will receive an early redemption amount equal to the fair market value of the Securities less Early Redemption Unwind Costs (see page 75 below). Unless the rules of the market or trading facility upon which the Securities are listed and admitted to trading require otherwise the early redemption amount may be less than an investors' original investment amount and may in certain circumstances be zero.

#### *Disruption Provisions for Index Linked Redemption Notes*

Where "Disrupted Day" is specified as applying in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Calculation Agent may determine that an event giving rise to a Disrupted Day has occurred at any relevant time. Any such determination may have an effect on the timing of valuation and consequently the value of the Securities and may delay settlement in respect of the Securities.

#### *Inflation Linked Notes*

Inflation index linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the value of one or, in the case of Exempt Securities, more indices.

Index Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### *Currency Linked Notes (Exempt Securities only)*

Currency linked redemption Notes may be redeemed by the Issuer by payment of the par value amount and/or by payment of an amount determined by reference to the rate of exchange between one or more currencies. Accordingly, an investment in currency linked redemption Notes may bear similar market risks to a direct currency investment and investors should take advice accordingly. Currency linked interest Securities will bear or pay interest calculated by reference to the rate of exchange between one or more currencies.

Currency Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### *Commodity Linked Notes (Exempt Securities only)*

Commodity linked redemption Notes may be redeemed by the Issuer by payment of the par value amount or by payment of an amount determined by reference to the value of one or more commodities. Accordingly, an investment in commodity linked redemption Notes whose redemption is commodity linked may bear similar

market risks to a direct commodity investment and investors should take advice accordingly. Commodity linked interest Securities will bear or pay interest calculated by reference to the value of one or more commodities.

Commodity Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### Fund Linked Notes (Exempt Securities only)

Fund linked redemption Notes may be redeemed by the Issuer by payment of the par value amount or by payment of an amount determined by reference to the value of one or more shares or units in a fund. Accordingly, an investment in fund linked redemption Notes may bear similar market risks to a direct fund investment and investors should take advice accordingly. Fund linked interest Securities will bear or pay interest calculated by reference to the value of one or more shares or units in a fund.

Fund Linked Notes may not benefit from the same ratings assigned to other Securities to be issued under the Programme. Investors should note that no specific rating for the Securities may have been applied for or sought.

#### *Market Disruption and Termination/Adjustment Provisions for Fund Linked Notes*

The market disruption and termination/adjustment provisions will vary on a case-by-case basis depending on the nature of the relevant fund. Prospective investors should review the relevant fund documentation and the applicable Pricing Supplement in respect of an issue of Fund Linked Notes.

#### Credit Linked Notes

##### *General*

Credit Linked Notes may only be governed by English law and may be redeemed by the Issuer by payment of the par value amount and/or by the physical delivery of a given number of specified assets and/or by payment of an amount depending on whether certain events ("**Credit Events**") have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified assets of the Reference Entity(ies) or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets. Since the relevant assets will be issued, guaranteed or insured by the Reference Entity affected by the Credit Event, the value of such assets at the relevant time may be considerably less than would be the case if the Credit Event had not occurred.

In certain circumstances Credit Events may occur with respect to an entity other than the Reference Entity or an obligation which has not been directly issued or incurred by the Reference Entity (for example if the provisions taken from the ISDA Sukuk Transaction Types supplement apply to the Securities, a Credit Event may occur in respect of a Sukuk Issuer or an obligation issued by a Sukuk Issuer, being an entity which has recourse to the Reference Entity for the purposes of funding amounts due under certain of its instruments. Similarly, if the provisions taken from the ISDA LPN Reference Entities supplement applies to the Securities, a Credit Event may occur in respect of a LPN Issuer or an obligation of a LPN Issuer, being an entity which issues loan participation notes solely to provide funds to finance the Reference Entity). In addition, the relevant assets determined for settlement purposes may be obligations of an entity other than the Reference Entity (for example the Sukuk Issuer or LPN Issuer) and these risk factors will be construed accordingly.

Investors should note that each of the Credit Event Redemption Amount, any Asset Amount and any Cash Settlement Amount (if "Unwind Costs" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities)) and any Early Redemption Amount will have deducted from it an amount equal to either (a) the amount specified in the relevant Final Terms (or Pricing Supplement, in the case of Exempt Securities) to be the unwind costs or (b) an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, fees, charges, expenses (including loss of funding), tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Credit Linked Notes and the related termination, settlement or re-establishment of any hedge or related trading position, such amount to be apportioned *pro rata* amongst the Credit Linked Notes. Investors may therefore receive back less

than their initial investment or, in the case of redemption following the occurrence of a Credit Event, losses may be greater than if the investor were to hold obligations of the Reference Entity directly.

The market price of the Securities may be volatile and may be affected by, among other things, the creditworthiness of the Reference Entity (which in turn may be affected by the economic, financial and political events in one or more jurisdictions) and the time remaining until maturity.

#### *Credit Events*

Events that will constitute a "Credit Event" for these purposes are as specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and, depending on which is specified as applicable in the applicable Final Terms (or Pricing Supplement in the case of Exempt Securities), as further described in Credit Linked Notes Annex A or Credit Linked Notes Annex B (each a "**Credit Linked Notes Annex**" and together the "**Credit Linked Notes Annexes**"). The Credit Events that apply to the Securities will be specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and may include, without limitation, the occurrence of one or more of the following:

- (a) Bankruptcy - the Reference Entity goes bankrupt;
- (b) Failure to Pay - subject to a minimum threshold amount, the Reference Entity fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, guarantees (which, for the purposes of these risk factors, includes guarantees and insurance pursuant to a guarantee);
- (c) Obligation Acceleration - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are accelerated;
- (d) Obligation Default - the Reference Entity defaults on a minimum amount of its borrowings (including its bonds or loans) or, where applicable, guarantees and as a result such obligations are capable of being accelerated;
- (e) Restructuring - following a deterioration of the Reference Entity's creditworthiness, any of its borrowings or, where applicable, guarantees, subject to a minimum threshold amount of such borrowings or, where applicable, guarantees, are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan); and
- (f) Repudiation/Moratorium - (i) the Reference Entity repudiates or rejects, in whole or in part, its obligations in relation to its borrowings or, where applicable, its guarantees, or it declares or imposes a moratorium with respect to its borrowings or, where applicable, guarantees and (ii) thereafter within a certain period it fails to pay any amounts due on any of its borrowings (including its bonds or loans) or, where applicable, its guarantees, or it restructures any of its borrowings or, where applicable, guarantees in such a way as to adversely affect a creditor; and
- (g) if Credit Linked Notes Annex B applies to the Credit Linked Notes, Governmental Intervention – any of the Reference Entity's borrowings or, where applicable, guarantees are restructured in such a way as to adversely affect a creditor (such as a reduction or postponement of the interest or principal payable on a bond or loan), are expropriated or amended in such a way that the beneficial holder is changed or are mandatorily cancelled, converted or exchanged or any similar event occurs with respect thereto, in each case as a result of Governmental Authority action or announcement pursuant to or by means of a restructuring and resolution law or regulation (or similar).

Prospective investors should note that not all of the possible Credit Events require an actual default with respect to the obligations of a relevant Reference Entity. Securityholders could bear losses based on deterioration in the credit of any relevant Reference Entity(ies) short of a default, subject to the provisions set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

### *Early Redemption upon Merger Event*

If applicable, in the event that in the determination of the Calculation Agent a Merger Event has occurred the Issuer may redeem the Credit Linked Notes early at the Early Redemption Amount.

### *Early Redemption on Redemption in whole of Reference Obligation for Reference Obligation Only Securities Relating to a Single Reference Entity*

If Credit Linked Notes Annex B applies and the Credit Linked Notes are Reference Obligation Only Securities relating to a single Reference Entity and the Reference Obligation is redeemed in whole, the Issuer will redeem the Credit Linked Notes early at the Early Redemption Amount.

### *ISDA Credit Derivatives Definitions*

This Prospectus contains Terms and Conditions for Credit Linked Notes some of which terms are based on the 2003 ISDA Credit Derivatives Definitions (as supplemented) (the "**2003 ISDA Definitions**") (see the section entitled "*Annexes to the Terms and Conditions - Credit Linked Notes Annex A*") and further Terms and Conditions for Credit Linked Notes some of which terms are based on the 2014 Credit Derivatives Definitions (the "**2014 ISDA Definitions**") (see the section entitled "*Annexes to the Terms and Conditions - Credit Linked Notes Annex B*"). While there are similarities between the terms used in such Annexes and the terms used in the 2003 ISDA Definitions or 2014 ISDA Definitions, as applicable, there are a number of differences (including, without limitation, whether or not Credit Derivatives Determinations Committee determinations are applicable (see further below), the operation of the credit protection period and, if auction settlement applies, the auction(s) which may be applicable on a M(M)R Restructuring Credit Event). In particular, the Issuer has determined that certain provisions of the Credit Derivatives Definitions, which are intended for use by market participants in "over the counter" transactions, require amendment when incorporated in the terms of an offering of securities such as the Credit Linked Notes. Therefore, a prospective investor should understand that the complete terms and conditions of the Credit Linked Notes are as set out in this Base Prospectus and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) and that neither the 2003 ISDA Definitions nor the 2014 ISDA Definitions are incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates either set of ISDA Definitions.

While ISDA has published and, where applicable, supplemented the 2003 ISDA Definitions and 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2003 ISDA Definitions and 2014 ISDA Definitions and the terms applied to credit derivatives, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how the Credit Derivatives Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes. Furthermore, there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Securityholders.

### *Differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions*

There are a number of important differences between the 2003 ISDA Definitions and the 2014 ISDA Definitions. In particular the 2014 ISDA Definitions have:

- (a) introduced a new Credit Event of "Governmental Intervention", which is intended to capture "bail-in" procedures to which financial institutions may be subject;
- (b) made certain amendments to the Restructuring Credit Event to provide for the possibility of a Euro exit;
- (c) reduced the number of buckets applicable in circumstances where Mod Mod R is applicable and deleted the concept of the "Enabling Obligation" which was previously applicable to both Mod R and Mod Mod R;

- (d) introduced the concept of Asset Package Delivery in respect of certain Financial Reference Entities and Sovereigns. This provides that if Deliverable Obligations are exchanged into non-Deliverable assets or written-down in part or in full, in certain circumstances, the credit protection buyer will be able to deliver the resultant package of Assets or the written-down Deliverable Obligation to realise its protection;
- (e) split credit protection between senior and subordinated coverage in respect of a Governmental Intervention and Restructuring Credit Event for Financial Reference Entities, *i.e.* a Senior Transaction will only be triggered by a Restructuring or Governmental Intervention of Senior Obligations and a Subordinated Transaction will not be capable of being triggered by a Restructuring or Governmental Intervention of an obligation which is Subordinated to the Subordinated Reference Obligation;
- (f) made a number of changes to the provisions for determining a Successor to a Reference Entity, particularly with respect to Financial and Sovereign Reference Entities;
- (g) provided for a new election of "Standard Reference Obligation" which, if chosen, will mean that the Reference Obligation will be the obligation of the relevant seniority level published in respect of the relevant Reference Entity on a List maintained by ISDA. A transaction on the terms of the 2014 ISDA Definitions may elect not to apply that election such that the Reference Obligation would remain as chosen by the parties, although, if this is the case, the procedure for selecting a Substitute Reference Obligation has also changed significantly in the 2014 ISDA Definitions;
- (h) replaced the Not Contingent Deliverable Obligation Characteristic with the concept of Outstanding Principal Balance. In order for an obligation (including the Reference Obligation) to constitute a Deliverable Obligation, it must have an Outstanding Principal Balance greater than zero;
- (i) amended the definition of "Qualifying Guarantee" to expand the universe of guarantees that can constitute Qualifying Guarantees (with a particular emphasis on including, to some extent, guarantees with caps or transfer provisions); and
- (j) introduced a large number of technical and other changes.

These changes in the 2014 ISDA Definitions as compared to the 2003 ISDA Definitions have been reflected in Credit Linked Notes Annex B, but in each case subject to important differences, including to reflect the nature of the Credit Linked Notes as compared to "over-the-counter" transactions and to reflect hedging arrangement of the Issuer. Some changes, such as the inclusion of a new Credit Event, may have significant economic effect on the Credit Linked Notes and may mean the value of the Credit Linked Notes and the return (if any) to investors is significantly different from Credit Linked Notes using Credit Linked Notes Annex A. Some changes may be disadvantageous to Securityholders and prospective investors should review carefully the terms of any issue of Credit Linked Notes and, where in any doubt, take advice from suitably qualified professional advisers.

#### *Credit Derivatives Determinations Committees and ISDA Auctions*

As further provided in the Credit Linked Notes Annexes, the determination as to whether or not a Credit Event has occurred may, if "DC Determinations" is specified as applicable in the applicable Final Terms (or Pricing Supplement in the case of Exempt Securities) be made on the basis of a determination of a committee established by ISDA pursuant to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Definitions (published on 12 March 2009) (the "**2009 Supplement**") for the purposes of making certain determinations in connection with credit derivative transactions (a "**Credit Derivatives Determinations Committee**").

In such circumstances the relevant determination pursuant to the terms and conditions of the Credit Linked Notes is subject to the announcements, publications, determinations and resolutions made by ISDA and/or the Credit Derivatives Determinations Committees, unless the Calculation Agent determines that it is inappropriate to follow such announcements, publications, determinations and resolutions as provided therein (see the section entitled "*Disapplication of DC Resolution*" below).

Credit Derivatives Determinations Committees also apply under the 2014 ISDA Definitions and if Credit Linked Notes Annex B applies to the Credit Linked Notes and "DC Determinations" is specified as applicable in the

Final Terms (or Pricing Supplement, in the case of Exempt Securities), the determination as to whether or not a Credit Event has occurred may also be subject to the announcements, publications, determinations and resolutions made by those Credit Derivatives Determinations Committees (unless the Calculation Agent determines inappropriate).

Certain other determinations under the Credit Linked Notes, including without limitation determinations with respect to Successors and Substitute Reference Obligations, may also follow determinations and/or approvals of the relevant Credit Derivatives Determinations Committee (unless the Calculation Agent determines inappropriate).

In any such cases any such announcements, publications, determinations and resolutions could therefore affect the amount and timing of payments of interest on and principal of the Credit Linked Notes or deliveries pursuant to the terms of the Credit Linked Notes. The Issuer, the Dealer and no other related person will have any liability to any person for any determination or calculation and/or any delay or suspension of payments and/or redemption of the Credit Linked Notes resulting from or relating to any announcements, publications, determinations and resolutions made by ISDA and/or any of the Credit Derivatives Determinations Committees. Further information regarding the ISDA Credit Derivatives Determinations Committees can be found at [www.isda.org/credit](http://www.isda.org/credit).

In certain circumstances, following the occurrence of a Credit Event if the relevant Credit Derivatives Determinations Committee determines that one or more auctions will be held in accordance with any Credit Derivatives Auction Settlement Terms published by ISDA in relation to obligations of appropriate seniority of the Reference Entity (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies, applicable to credit derivatives transactions incorporating the 2009 Supplement or the case of Credit Linked Notes to which Credit Linked Notes Annex B applies, applicable to credit derivatives transactions incorporating the 2014 ISDA Definitions), Credit Linked Notes may be redeemed by the Issuer by payment of an amount linked to the value determined pursuant to the relevant auction. Investors should note that the value determined pursuant to such ISDA auction (if applicable) will be determined by reference to obligations of the Reference Entity which may not include the Reference Obligation and such value may be lower than the market value that would otherwise have been determined in respect of the Reference Obligation. In addition, if the Credit Event is a Restructuring Credit Event, in certain circumstances the ISDA auction determined to be applicable may be for obligations of the Reference Entity of considerably longer tenor than the Reference Obligation, and as a result it is very likely that the value determined pursuant to such ISDA auction will be lower than the market value that would otherwise have been determined in respect of the Reference Obligation.

Prospective investors should note that Deutsche Bank or an affiliate of Deutsche Bank may be a member of the Credit Derivatives Determinations Committee responsible for determining the occurrence of Credit Events for the purposes of certain credit derivatives transactions. This may cause conflicts of interest which could affect its voting behaviour, and thus the determinations made by a Credit Derivatives Determinations Committee, which may be detrimental to investors.

Any references in these "*Credit Linked Notes*" risk factors to ISDA will include any other entity which succeeds to or is performing functions previously undertaken by ISDA in relation to Credit Derivatives Determinations Committees and references to Credit Derivatives Determinations Committees in relation to ISDA will include any successor thereto. The Calculation Agent may make such adjustments to the Credit Conditions and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) as it determines appropriate to account for any other entity so succeeding to or performing functions previously undertaken by ISDA.

If a Reference Obligation is a subordinated debt obligation, investors in the Securities should be aware that, on the occurrence of a Credit Event, the value of that Reference Obligation or the value determined pursuant to the ISDA auction in respect of obligations of appropriate seniority (being subordinated obligations) and (if the Credit Event is a restructuring) tenor of the relevant Reference Entity, as applicable, will be less than that of senior unsecured obligations of the Reference Entity and therefore the amount (if any) payable to investors in the Securities on redemption following a Credit Event will be lower (and is more likely to be zero) than if that Reference Obligation were a senior unsecured obligation.

### *Disapplication of DC Resolution*

The Calculation Agent may in certain circumstances taking into account the differences between the 2003 ISDA Definitions or 2014 ISDA Definitions, as applicable, and the terms of the Credit Linked Notes and such other factor(s) as it deems appropriate, determine that a DC Resolution is inappropriate to follow for the purposes of the Credit Linked Notes including in relation to the determination of whether a Credit Event has occurred and the determination of a Successor.

### *Amendment of Terms in Accordance with Market Convention*

The Calculation Agent may from time to time amend the terms of the Credit Linked Notes in any manner which the Calculation Agent determines in a commercially reasonable manner is necessary or desirable from the perspective of the Issuer, the Calculation Agent or any Affiliate of the Issuer hedging the Issuer's obligations in respect of the Securities:

- (i) to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the documentation, trading or settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives Determinations Committees; and/or
- (ii) to reflect or account for market practice for credit derivative transactions.

### *Physically Settled Credit Linked Notes*

Where the Securities provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the Settlement Date or (b) assets which the Issuer and/or any Affiliate has not received under the terms of any transaction entered into by the Issuer and/or such Affiliate to hedge the Issuer's obligations in respect of the Securities. Any such determination may delay settlement in respect of the Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Securities and as a result, the amount of principal payable on redemption. Prospective purchasers should carefully review the Terms and Conditions of the Securities and the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) to ascertain whether and how such provisions should apply to the Securities.

### *No Investigation or Due Diligence of Reference Entities*

No investigation, due diligence or other enquiries have been made by the Issuer, any Dealer or any other related person in respect of any Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation, Deliverable Obligation or other obligations of the Reference Entity (as applicable). No representations, warranties or undertakings whatsoever have been or will be made by the Issuer, any Dealer or any other related person in respect of the Reference Entity (including its existing or future creditworthiness) or any Reference Obligation, Obligation, Deliverable Obligation or other obligations of the Reference Entity (as applicable). Prospective investors in Credit Linked Notes should make their own evaluation as to the creditworthiness of each Reference Entity and the likelihood of the occurrence of a Credit Event.

### *Sovereign Reference Entities*

Credit Linked Notes may be linked to the credit of one or more sovereign or governmental entity or quasi-governmental entity, and therefore payment of amounts due or delivery of any assets pursuant to the terms and conditions of the Credit Linked Notes, including any applicable interest payments, may be subject to sovereign risks. These include the potential default by such sovereign, government/quasi government issuer or the occurrence of political or economic events resulting in or from governmental action such as the declaration of a moratorium on debt repayment or negating repayment obligations of the sovereign issuer. If any such event

were to occur, holders of such Credit Linked Notes may lose up to all of their initial investment in such Credit Linked Notes.

#### *No Claim against any Reference Entity*

A Credit Linked Note will not represent a claim against any Reference Entity in respect of which any amount of principal and/or interest payable or, if "Physical Delivery" is specified as an applicable settlement method for the Credit Linked Notes in the applicable Final Terms (or Pricing Supplement, in the case of exempt Securities), the amount of assets deliverable in respect of the Credit Linked Notes, is dependent and, in the event that the amount paid by the Issuer or value of the specified assets delivered on settlement of the Credit Linked Notes is less than the principal amount of the Credit Linked Notes, a Securityholder will not have recourse under a Credit Linked Note to the Issuer or any Reference Entity.

An investment in Credit Linked Notes linked to one or more Reference Entities may entail significant risks which are not associated with investments associated with conventional debt securities, including but not limited to the risks set out in this section. The amount paid or value of the specified assets delivered by the Issuer on redemption or settlement of such Credit Linked Notes may be less than the principal amount of the Credit Linked Notes, together with any accrued interest, and may in certain circumstances be zero.

#### *No Exposure to Reference Entities*

The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

#### *Postponed Maturity Date*

Where Conditions to Settlement have not been satisfied (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies) or a Credit Event Determination Date has not occurred (in the case of Credit Linked Notes to which Credit Linked Notes Annex B applies) in each case on or prior to the Scheduled Maturity Date but (a) the Repudiation/Moratorium Extension Condition has been satisfied, (b) a Potential Failure to Pay has occurred or (c) if on the Scheduled Maturity Date, the Repudiation/Moratorium Evaluation Date or the Grace Period Extension Date (as applicable) the Calculation Agent determines that a Credit Event may have occurred or a Potential Repudiation/Moratorium may have occurred, the relevant Maturity Date of the Credit Linked Notes may be extended pursuant to the terms and conditions of the Credit Linked Notes such that investors may experience delays in receipt of payments or deliveries that would otherwise have occurred in accordance with the terms of the Credit Linked Notes.

#### *Other Types of Credit Linked Notes*

Credit Linked Notes may also be "**first to default credit linked securities**" which refers to the exposure to the credit risk of a basket of Reference Entities. Where a Credit Event occurs in relation to a Reference Entity and Conditions to Settlement are satisfied (in the case of Credit Linked Notes to which Credit Linked Notes Annex A applies) or a Credit Event Determination Date occurs (in the case of Credit Linked Notes to which Credit Linked Notes Annex B applies), the Securities may be redeemed by the Issuer as set out above but Conditions to Settlement may only be satisfied or a Credit Event Determination Date may only occur, as applicable, on one occasion, unless the Calculation Agent delivers a Credit Event Notice in respect of only part of the principal amount outstanding of each Security, in which case Conditions to Settlement may be satisfied or a Credit Event Determination Date may occur, as applicable, on a further occasion and in respect of any Reference Entity. If Conditions to Settlement are satisfied or a Credit Event Determination Date occurs, as applicable, in respect of more than one Reference Entity on the same date, the Calculation Agent will determine which Reference Entity is the Reference Entity in respect of which Conditions to Settlement are satisfied or the Credit Event Determination Date has occurred. The basket of Reference Entities increases the likelihood that a Credit Event may occur prior to the maturity date of the Securities.

The Issuer may issue "**Portfolio Credit Linked Securities**" which are Credit Linked Notes linked to the performance of a portfolio of Reference Entities. Under Portfolio Credit Linked Notes the amount of principal and interest (if any) payable by the Issuer is dependent on whether a Credit Event in respect of one or more of

Reference Entities has occurred. Where such Securities are "zero recovery" Portfolio Credit Linked Notes, the loss suffered by investors on a Credit Event occurring in respect of a Reference Entity will be equal to the entire weighting of that Reference Entity in the portfolio.

The Issuer may issue "**Single Name Zero Recovery Credit Linked Securities**" which are Credit Linked Notes linked to the performance of a single Reference Entity under which if a Credit Event occurs in respect of the Reference Entity, the Credit Linked Notes will cease to pay interest and will be cancelled at zero and investors will lose their entire investment.

The Issuer may issue "**Fixed Recovery Securities**" which are Credit Linked Notes where the amount payable on redemption of the Securities following the occurrence of a Credit Event is fixed.

The amount of interest payable on Credit linked interest Notes will depend on whether or not a Credit Event has occurred in respect of one or more Reference Entities.

The Issuer may also issue "**pass-through Securities**" which are Credit Linked Notes under which the amount of interest and/or principal (in each case if any) payable is dependent on amount(s) paid under a "holding" of specified obligations of the Reference Entity. Further risk factors in relation to EM Pass-Through Securities, a type of pass-through Securities, are set out below. Other types of pass-through Securities will be Exempt Securities.

#### *EM Pass-Through Securities*

EM Pass-Through Securities are credit-linked to the performance of the Reference Entity and Obligations of the Reference Entity (including the Reference Obligation comprising the Holding) and currency linked to the convertibility of the currency in which the Securities are denominated from or into the Specified Currency of the Securities and early redemption of the Securities may be triggered through certain events which are linked to the performance and creditworthiness of the Reference Entity. Investors should note that the amounts payable by the Issuer in respect of the Securities are linked to the value of and amounts that would be received by a Holding Party in respect of the Holding (and therefore such amounts as they would be reduced by deductions for withholding taxes as applicable) and that in certain circumstances the Securities will not pay interest and the amount paid to Securityholders on redemption may be less than the amounts paid by it in respect of the Securities and may in certain circumstances be zero.

Investors should also note that (a) if an Inconvertibility Event has occurred and is subsisting, in lieu of paying amounts in respect of the Securities in the Specified Currency, the Issuer may pay such amounts in the currency in which the Securities are denominated and (b) if it is unlawful, impossible, or otherwise impracticable for the Issuer to make payment of any such denomination currency amount, the Issuer may postpone payment of such amount.

#### *No Claim against any Reference Item*

A Security will not represent a claim against any Reference Item to which the amount of principal and/or interest payable, or, if "Physical Settlement" or "Physical Delivery" is specified as an applicable settlement method for the Securities in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the amount of assets deliverable in respect of the Securities, is dependent and, in the event that the amount paid by the Issuer or value of the specified assets delivered on redemption of the Securities is less than the principal amount of the Securities, a Securityholder will not have recourse under a Security to the Issuer or any Reference Item.

An investment in Securities linked to one or more Reference Items may entail significant risks not associated with investments in conventional debt securities, including but not limited to the risks set out in this section "*Reference Items*". The amount paid or value of the specified assets delivered by the Issuer on redemption of such Securities may be less than the principal amount of the Securities, together with any accrued interest, and may in certain circumstances be zero.

## **Reference Rates**

As described in the section entitled "*Description of the Securities – Description of Interest Rate and Redemption Provisions*", Securities may be issued where the amount of interest payable or the amount payable on redemption are linked to a Reference Rate.

Securities where the amount of interest payable or the amount payable on redemption are linked to a Reference Rate can be volatile investments. Investors who purchase such Securities will be exposed to the risk of a fluctuating Reference Rate and consequently variable interest amounts or redemption amounts which cannot be pre-estimated. If such Securities are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, the market value of those securities may be more volatile than that for securities that do not include these features.

## **RISK FACTORS RELATING TO CERTAIN FEATURES OF SECURITIES**

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which may have one or more of the features described below which contain particular risks for potential investors. The amount of interest and/or principal payable and/or the amount of assets deliverable may depend on these features alone and/or in combination with other features and Reference Items. Prospective investors should be aware that they may lose all or a substantial portion of their investment. A combination of more than one of the features outlined below may increase the volatility of the price of the Securities in the secondary market.

### **Inverse Variable Rate Securities**

The market value of Securities which bear or pay interest at a variable rate inversely linked to a specified reference rate typically is more volatile than the market value of other more conventional floating or other variable rate securities based on the same reference rate. These Securities are more volatile because an increase in the relevant reference rate not only decreases the interest rate payable on the Securities, but may also reflect an increase in prevailing interest rates, which may further adversely affect the market value of these Securities.

### **Capped Variable Rate Securities**

The maximum amount of interest payable in respect of Securities that bear or pay interest with a capped variable rate will equal the sum of the reference rate and any specified margin subject to a specified maximum rate. Consequently investors in these Securities will not benefit from any increase in the relevant reference rate if, when added to the specified margin, such resulting rate is equal to or greater than the maximum specified rate. The market value of these Securities would typically fall the closer the sum of the relevant reference rate and any margin is to the maximum specified rate. The yield of Securities with a capped variable rate may be considerably lower than that of similar Securities without a cap.

### **Securities whose Interest and/or Redemption Amount is Calculated by Reference to a Formula**

Where an issue of Securities references a formula in the applicable Terms and Conditions (which may be replicated in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, the Pricing Supplement as the basis upon which the interest payable and/or the amount payable and/or assets deliverable on redemption is calculated potential investors should ensure that they understand the relevant formula and if necessary seek advice from their own financial adviser.

In addition the effects of the formula may be complex with respect to expected amounts of interest and/or amounts payable and/or assets deliverable on redemption and in certain circumstances may result in increases or decreases in these amounts.

### **Participation in Performance**

Where the amount of interest payable and/or amounts payable and/or assets deliverable on redemption of Securities may be determined by reference to a ratio greater than one, prospective investors should note that the effect of changes in the price or level of the floating rate or Reference Item(s) payable will be magnified.

Conversely, where the ratio is less than one, the effect will be reduced and investors will not benefit (as applicable) from the full performance of the floating rate or Reference Item(s).

### **Securities Issued at a Substantial Discount or Premium**

The market value of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

### **Partly-paid Securities (Exempt Securities only)**

The Issuer may issue Securities (except within the United States or to U.S. persons) where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

### **Securities Subject to Optional Redemption by the Issuer**

Securities which include a redemption option by the Issuer are likely to have a lower market value than similar securities which do not contain an Issuer redemption option. An optional redemption feature is likely to limit the market value of Securities. During any period when the Issuer may elect to redeem the Securities, the market value of those Securities generally will not rise substantially above the price at which they may be redeemed. This may also be the case prior to any redemption period.

The Issuer may be expected to redeem Securities when its cost of borrowing is lower than the interest rate on the Securities. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Securities being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) will indicate whether the Issuer has the right to redeem the Securities prior to maturity. The Issuer may exercise its right to redeem the Securities if the yield on comparable Securities in the market falls which may result in the investor only being able to invest the redemption proceeds in Securities with a lower yield. If specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Issuer will have the right to redeem the Securities, if the Issuer is required to gross-up payments as a result of the imposition of certain taxes. If the Issuer redeems the Securities prior to maturity, a holder of such Securities is exposed to the risk that as a result of such early redemption its investment will have a lower than expected yield.

### **Subordinated Notes**

The Issuer may issue Subordinated Notes. The obligations of the Issuer under Subordinated Notes constitute unsecured and subordinated obligations and will rank junior in priority of payment to unsubordinated obligations. In the event of insolvency or liquidation of the Issuer, such obligations will be subordinated to the claims of all unsubordinated creditors of the Issuer so that in any such event no amounts will be payable in respect of such obligations until the claims of all unsubordinated creditors of the Issuer have been satisfied in full. The Issuer expects from time to time to incur additional indebtedness or other obligations that will constitute senior indebtedness, and the Subordinated Notes do not contain any provisions restricting the Issuer's ability to incur senior indebtedness. Although the Subordinated Notes may pay a higher rate of interest than comparable Securities which are not so subordinated, there is a real risk that an investor will lose all or some of its investment should the Issuer become insolvent since its assets would be available to pay such amounts only after all of its senior creditors have been paid in full.

Subordinated Notes are intended to qualify as Tier 2 capital instruments within the meaning of Article 63 of the Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, as amended by the Regulation (EU) No. 2019/876 of the European Parliament and of the Council of 20 May 2019 (including any provisions of regulatory law supplementing this Regulation) ("**CRR**"); to the extent that any

provisions of the CRR are amended or replaced, the term "CRR" shall refer to such amended provisions or successor provisions.

In the context of a Regulatory Bail-in the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any non-subordinated liabilities of the Issuer are affected by such measures. Accordingly, trading behaviour in respect of the Subordinated Notes may not follow the trading behaviour associated with other types of securities.

The Issuer may redeem all, but not some, of the Subordinated Notes at its option at any time prior to maturity upon the occurrence of certain regulatory events. If the Issuer redeems the Subordinated Notes, holders of such Securities may not be able to reinvest the amounts they receive upon redemption at a rate that will provide the same rate of return as did the investment in the Subordinated Notes.

In the event of the dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, the Issuer, the obligations under the Subordinated Notes will be fully subordinated to the claims of other unsubordinated creditors of the Issuer. Accordingly, in any such event no amounts shall be payable in respect of the Subordinated Notes until in any such event no amounts shall be payable in respect of the Subordinated Notes until the claims of such other unsubordinated creditors of the Issuer have been satisfied in full. Accordingly, the Securityholder's rights under the Securities will rank behind all unsubordinated creditors of the Issuer in the event of the insolvency or liquidation of the Issuer. The Issuer's payment obligations under the Securities will rank *pari passu* amongst themselves and with all claims in respect of existing and future instruments classified as Tier 2 capital (*Ergänzungskapital*) of the Issuer and the payment of interest payments thereunder.

The only remedy against the Issuer available to Securityholders for recovery of amounts which have become due in respect of the Subordinated Notes will be the institution of legal proceedings to enforce payment of the amounts. In an insolvency or liquidation of the Issuer, any Securityholder may only claim amounts due under the Subordinated Notes after the Issuer has discharged or secured in full (*i.e.* not only with a quota) all claims that rank senior to the Subordinated Notes.

### **Integral Multiples of the Specified Denomination**

If Securities are issued in one or more integral multiples of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Securities may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than such minimum Specified Denomination in its account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Security in respect of such holding (should definitive Securities be printed) and would need to purchase a principal amount of Securities at or in excess of the minimum Specified Denomination such that its holding amounts to Specified Denomination.

If definitive Securities are issued, holders should be aware that definitive Securities which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

### **RISK FACTORS RELATING TO SECURITIES GENERALLY**

Set out below is a brief description of certain risks relating to the Securities generally:

#### **Modification and Waivers**

Meetings of Securityholders may be called to consider their interests generally either (a) in the case of English law governed Securities, pursuant to the Terms and Conditions of the Securities; and (b) in the case of German law governed Securities, in accordance with and subject to the German Bond Act (*Schuldverschreibungsgesetz*). At such meetings a defined majority of Securityholders may bind all

Securityholders, including Securityholders who did not attend and vote at the relevant meeting and Securityholders who voted in a manner contrary to the majority.

In respect of English law governed Securities, the Terms and Conditions of the Securities also provide that the Fiscal Agent and the Issuer may, without the consent of Securityholders, agree to (a) any modification (subject to certain specific exceptions) of the Securities, the Coupons or the Receipts or the Agency Agreement which is not prejudicial to the interests of the Securityholders or (b) any modification of the Securities, the Coupons, the Receipts or the Agency Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or proven error or to comply with mandatory provisions of law.

## **Taxation**

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

## **No Tax Gross-Up in Respect of Certain Series of Securities**

If the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) specify that no withholding tax gross-up is applicable, the Issuer is not obliged to gross up any payments in respect of the Securities and all amounts payable in respect of the Securities shall be made with such deduction or withholding of taxes duties or governmental charges of any nature whatsoever imposed, levied or collected by way of deduction or withholding, if such deduction or withholding is required by law (including pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise pursuant to Sections 1471 through 1474 of the Code and any regulations or agreements thereunder or official interpretations thereof ("**FATCA**") or pursuant to any law implementing an intergovernmental approach thereto).

## **U.S. Foreign Account Tax Compliance Act Withholding**

While the Securities issued by a branch or office outside the United States ("**Non-U.S. Securities**") are in global form and held within Euroclear Bank SA/NV or Clearstream Banking S.A., Luxembourg (together, the "**ICSDs**"), Clearstream Banking AG, Frankfurt ("**CBF**") or SIX SIS AG, Olten, Switzerland ("**SIS**"), in all but the most remote circumstances, it is not expected that the new reporting regime and potential withholding tax imposed by FATCA will affect the amount of any payment received by the ICSDs, CBF or SIS, as applicable (see the section entitled "*Taxation – United States – Foreign Account Tax Compliance Act*"). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer's obligations under the Non-U.S. Securities are discharged once it has made payment to, or to the order of, the common depository or common safekeeper for the ICSDs (as bearer or registered holder of the Non-U.S. Securities) or CBF or SIS and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs, CBF or SIS and custodians or intermediaries.

Payments on Securities issued by Deutsche Bank AG, New York Branch may be subject to withholding under FATCA if the Holder, beneficial owner or an intermediary in the chain of payments is not compliant with FATCA.

The Issuer will have no obligation to pay Additional Amounts or otherwise indemnify a Securityholder in connection with any such non-compliance.

### **Hiring Incentives to Restore Employment Act Withholding**

The U.S. Hiring Incentives to Restore Employment Act imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should refer to the section "*Taxation – United States – Hiring Incentives to Restore Employment Act*".

### **Early Redemption Unwind Costs**

Prospective investors should note that, if so specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), the Early Redemption Amount in respect of certain Series of Securities will include a deduction in respect of Early Redemption Unwind Costs. If the Early Redemption Unwind Costs are stated to be Standard Early Redemption Costs, then such amount will comprise an amount determined by the Calculation Agent equal to the sum of (without duplication) of all costs, expenses (including loss of funding), tax and duties incurred by the Issuer in connection with the redemption of the Securities and the related termination, settlement or re-establishment of any hedge or related trading position.

### **Hedging**

In the ordinary course of its business, including without limitation in connection with its market making activities, the Issuer and/or any of its affiliates may effect transactions for its own account or for the account of its customers and hold long or short positions in Reference Item(s) or related derivatives. In addition, in connection with the offering of the Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives. In connection with such hedging or market-making activities or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Reference Item(s) or related derivatives which may affect the market price, liquidity or value of the Securities and which could be adverse to the interests of the relevant Securityholders.

### **Conflicts of Interest**

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, potential conflicts of interest may exist between the Calculation Agent and Securityholders, including with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Securities that may influence the amount receivable or specified assets deliverable on redemption of the Securities.

The Issuer and any Dealer may at the date hereof or at any time hereafter, be in possession of information in relation to a Reference Item that is or may be material in the context of the Securities and may or may not be publicly available to Securityholders. There is no obligation on the Issuer or any Dealer to disclose to Securityholders any such information.

The Issuer and/or any of its affiliates may have existing or future business relationships with any Reference Item(s) (including, but not limited to, lending, depositary, risk management, advisory and banking relationships), and will pursue actions and take steps that they or it deems necessary or appropriate to protect their and/or its interests arising therefrom without regard to the consequences for a Securityholder.

### **Substitution of the Issuer**

Subject to certain requirements, the Terms and Conditions contain provisions allowing for substitution of the Issuer or a change of the office (*Niederlassung*) through which the Issuer acts. Without prejudice to the requirements of any jurisdiction where any Securities are admitted to trading, for so long as any substitution of the Issuer or the office through which the Issuer acts may be subject to certain further conditions or requirements of such Stock Exchange or regulated market. Where any further conditions or requirements apply

and the Issuer wishes to substitute itself or change the branch through which the Issuer acts, the Issuer may delist the relevant Securities from the relevant Stock Exchange or regulated market and is not obliged to list the Securities on any other Stock Exchange or regulated market.

### **Regulatory Bail-in and Other Resolution Measures**

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or the "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority and (iii) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation, the BRRD or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") as set out below (see *Risk factor "Ranking of senior non-preferred debt instruments"*)

The holders of Notes are bound by any Resolution Measure. They would have no claim or any other right against the Issuer arising out of any Resolution Measure. Depending on the Resolution Measure, there would be no obligation of the Issuer to make payments under the Notes. The extent to which payment obligations under the Notes may be affected by Resolution Measures would depend on a number of factors that are outside the Issuer's control, and it will be difficult to predict when, if at all, Resolution Measures will occur. The exercise of any Resolution Measure would not constitute any right to terminate the Notes. Potential investors should consider the risk that they may lose all of their investment, including the principal amount plus any accrued interest, if Resolution Measures are initiated, and should be aware that extraordinary public financial support for troubled banks, if any, would only potentially be used as a last resort after having assessed and exploited, to the maximum extent practicable, the Resolution Measures, including the Bail-in tool.

### **Ranking of senior non-preferred debt instruments**

The German Banking Act (*Kreditwesengesetz*, "KWG") establishes a category of notes which are not subordinated, but rank below other unsubordinated notes of banks (Section 46f(6) KWG). As a consequence, in the event of insolvency proceedings or Resolution Measures affecting the Issuer, these senior non-preferred debt instruments rank below other unsubordinated (senior preferred) obligations of the Issuer, such as debt instruments that are "structured" as defined in Section 46f(7) KWG, derivatives, money market instruments and deposits, and in priority to tier 2 instruments of the Issuer. Thus, such senior non-preferred debt instruments would bear losses before other unsubordinated liabilities of the Issuer.

Since 21 July 2018, only those unsecured and unsubordinated debt instruments will qualify as senior non-preferred debt instruments, which are not only "non structured" and have at the time of their issuance a maturity of at least one year, but also explicitly refer to the lower ranking in their terms and conditions and any related prospectus.

## **RISKS FACTORS RELATING TO THE MARKET GENERALLY**

Set out below is a brief description of certain market risks.

### **The Secondary Market Generally**

Securities may have no established trading market when issued, and one may never develop. If a market for the Securities does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case should the Issuer be in financial distress, which may result in any sale of the Securities having to be at a substantial discount to their principal amount or for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Securities.

### **Market Price Risk**

The market prices of the Securities depends on various factors, such as changes of interest rate levels, the policy of central banks, overall economic developments, inflation rates or the supply and demand for the relevant type of Security. The market price of the Securities may also be negatively affected by an increase in the Issuer's credit spreads, *i.e.* the difference between yields on the Issuer's debt and the yield of government bonds or swap rates of similar maturity. The Issuer's credit spreads are mainly based on its perceived creditworthiness but also influenced by other factors such as general market trends as well as supply and demand for such Securities.

### **Exchange Rate Risks and Exchange Controls**

The Issuer will pay principal and interest on the Securities in the Specified Currency. This presents certain risks relating to currency conversion if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (a) the Investor's Currency-equivalent yield on the Securities, (b) the Investor's Currency equivalent value of the principal payable on the Securities and (c) the Investor's Currency equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

In addition, there is the risk that the Specified Currency is or becomes illiquid and/or subject to currency restrictions including conversion restrictions and exchange controls imposed by authorities with jurisdiction over

the Specified Currency. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) may determine that payments under the Securities may be made in another currency as the Specified Currency due to certain currency restrictions or the illiquidity of the Specified Currency. In such cases the Securityholders could be exposed to specific risks connected to the currency in which payments are actually made. Investors may also suffer disadvantages and losses due to the circumstance that they do not receive payment in the Specified Currency, e.g. if amounts in the Specified Currency are needed to fulfil own payment obligations in the Specified Currency.

Such currency risks generally depend on factors over which the Issuer and the Securityholder have no control, such as economic and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange for certain currencies have been highly volatile, and such volatility may be expected to continue in the future. Fluctuations in any particular exchange rate that have occurred in the past are not necessarily indicative, however, of fluctuations in the rate that may occur during the term of any Security.

### **Currency Related Risks in Relation to Rouble**

There are risks associated with new debt instruments that are both denominated and settled in Roubles and the inexperience of both the Clearing Systems and the Russian and international banking systems in dealing with them.

The Securities may be denominated and settled in Russian Roubles. Offerings of debt instruments that are both denominated and settled in Russian Roubles are a relatively new development in the international capital markets. This, coupled with the relative inexperience of Euroclear France, Euroclear and Clearstream (the "**Clearing Systems**") and the Russian and international banking systems in dealing with Russian Roubles payments, could lead to unforeseen difficulties, which may have an adverse effect on the liquidity, marketability or trading price of the Securities.

In particular debt instruments that are both denominated and settled in Russian Roubles only became accepted by the Clearing Systems in early 2007. Due to the lack of experience of the Clearing Systems with settling, clearing and trading debt instruments that are both denominated and settled in Russian Roubles, there can be no guarantee that such clearing, settlement and trading procedures will progress smoothly or in a way which is comparable to procedures carried out in more conventionally settled currencies, such as U.S. Dollars or Euros.

Russian law previously prohibited or otherwise severely restricted the transfer and holding of Russian Roubles offshore and their repatriation onshore. Although these restrictions have now been lifted for non-residents (save for some restrictions which apply to the regime of residents' accounts held outside of the Russian Federation), there is still no specific tested framework under Russian law for transferring or holding Russian Roubles in offshore Russian Rouble accounts. As with much recent Russian legislation, there is extremely limited or non-existent regulatory or court practice in interpreting these regulations. If restrictions or prohibitions were placed on the transfer and holding of Russian Roubles offshore or if such legislation was reinterpreted by the Russian regulators or courts to the effect that restrictions were still deemed to apply to the transfer and holding of Russian Roubles offshore, this would severely hinder Securityholders' ability to receive payments of principal or interest under the Securities or proceeds from the sale of the Securities.

Payments of principal and interest under the Securities and proceeds from the sale of the Securities will be made in Russian Roubles. All payments of Russian Roubles to, from, or between Russian Roubles accounts located outside the Russian Federation will be made via onshore correspondent accounts within the Russian banking system. The Russian banking system is less developed than many of its Western counterparts and at present has little experience in dealing with payments relating to Eurobonds or similar international debt instruments. Consequently, there is a risk that payments of both principal and interest under the relevant Securities and proceeds from the sale of such Securities, which need to pass through the Russian banking system, will be subject to delays and disruptions which may not exist in more mature banking markets.

In order for Securityholders to remove Russian Roubles received from payments of principal and interest on the Securities and proceeds from the sale of the Securities from the Clearing Systems, they will need to hold a bank account denominated in Russian Roubles. The administrative difficulties associated with opening Russian Roubles accounts outside the Russian Federation are significant. Securityholders that are not resident in the Russian Federation may also encounter considerable procedural difficulties with opening Russian Roubles

accounts onshore in the Russian Federation. There can therefore be no guarantee that Securityholders will be able to successfully open a Russian Roubles bank account either offshore or in the Russian Federation or transfer Russian Roubles payments made under the Securities out of the Clearing Systems.

The Russian Rouble experienced significant depreciation against the U.S. dollar in 2014 and 2015, due to a substantial decrease in oil prices, slowing growth and contraction of Russia's gross domestic product, the imposition of economic sanctions and capital outflows. The Russian Rouble depreciated by 71.9 per cent. from RUB 32.73 per U.S.\$1.00 as of 31 December 2013 to RUB 56.26 per U.S.\$1.00 as of 31 December 2014. In 2015, the Russian Rouble / U.S.\$ exchange rate fluctuated significantly, ranging from RUB 49.18 per U.S.\$1.00 to RUB 72.88 per U.S.\$1.00. In 2017 and 2018, the Russian Rouble / U.S.\$ exchange rate experienced some stabilisation but remained volatile at certain times. The Russian Rouble amounted to RUB 65.4176 per U.S.\$1.00 on 2 April 2019.

Fluctuations in foreign currency exchange rates could have a material adverse effect on the value of an investor's investment in RUB.

### **Currency Related Risks in Relation to Turkish Lira**

The Turkish foreign exchange markets have historically been volatile, which has increased in recent periods. As a result of the rapid depreciation of the Turkish Lira over the first half of 2018, the Turkish government and monetary authorities announced measures to support the financial markets and prevent volatility in the currency market. Currently, there is no restriction on an investor receiving payments on those Securities denominated in Turkish Lira. However, Turkish government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal. An investor may also not be able to convert (at a reasonable exchange rate or at all) amounts received in Turkish Lira into the currency of its home jurisdiction.

### **Credit Ratings may not Reflect all Risks**

One or more independent credit rating agencies may assign credit ratings to the Securities. Where a Series of Securities is rated, such rating will not necessarily be the same as the rating assigned to the Securities to be issued under the Programme. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. Any ratings assigned to Securities as at the date of this Prospectus are not indicative of future performance of the Issuer's business or its future creditworthiness.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list."

### **Legal Investment Considerations may Restrict Certain Investments**

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Securities are legal investments for it, (b) Securities can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Securities. Financial

institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

### **Certain Considerations Relating to Public Offers of Securities in Italy**

As described in the applicable Final Terms, Securities may be distributed by means of a public offer made during an offer period specified in the applicable Final Terms. During such offer period, the Issuer and/or any other person specified in the applicable Final Terms may reserve the right to cancel such offer and/or to scale back applications for such offer in the event of over-subscription. In such circumstances, an applicant investor may not be issued any Securities or may be issued a number of Securities which is less than the amount for which such applicant investor applied. Any payments made by an applicant investor for Securities that are not issued to such applicant investor for any such reason will be refunded. However, there will be a time lag in making any reimbursement, no interest will be payable in respect of any such amounts. The applicant investor may be subject to reinvestment risk.

Further, investors should note that, in certain circumstances, Securities may not be issued on the originally designated issue date, for example because either the Issuer and/or any other person specified in the applicable Final Terms has reserved the right to postpone such issue date or, following the publication of a supplement to this Prospectus the Issuer has decided to postpone such issue date to allow investors who had made applications to subscribe for Securities before the date of publication of such supplement to exercise their right to withdraw their acceptances. In the event that the issue date is so delayed, no interest shall accrue (if applicable) until the issue date of the Securities and no compensation shall be payable.

## CONSENT TO USE THIS PROSPECTUS

Each Dealer and/or each further financial intermediary subsequently reselling or finally placing the Securities is – if and to the extent stated in the applicable Final Terms of a particular issue of Securities (the Issuer may give a general consent or consent to one or more specified Dealers and/or financial intermediaries) – entitled to use this Prospectus for the subsequent resale or final placement of the Securities in the offer jurisdictions which may be Luxembourg, Austria, Belgium, Denmark, France, Germany, Ireland, Italy, the Netherlands, Portugal, Spain, Sweden, the United Kingdom of Great Britain and Northern Ireland for the offer period, provided however, that this Prospectus is still valid in accordance with Article 11(2) of the Luxembourg Law relating to prospectuses for securities (*Loi relative aux prospectus pour valeurs mobilières*) which implements Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (as amended or superseded). The relevant offer period and offer jurisdictions are specified in the Final Terms. When using this Prospectus, each Dealer and/or relevant further financial intermediary must make certain that it complies with all applicable laws and regulations in force in the respective jurisdictions.

**In the event of an offer being made by a Dealer and/or a further financial intermediary the Dealer and/or the further financial intermediary shall provide information to investors on the terms and conditions of the Securities at the time of that offer.**

**Any Dealer and/or further financial intermediary using this Prospectus shall state on its website that it uses this Prospectus in accordance with this consent and the conditions attached to this consent.**

The Issuer may at its sole discretion revoke any such consent. Any new information in connection with the consent to use this Prospectus (including the revocation of any such consent) will be published on the website of the Issuer ([www.db.com/ir](http://www.db.com/ir)).

## GENERAL DESCRIPTION OF THE PROGRAMME

### GENERAL

#### Securities to be issued under the programme

The Programme allows for the issue of Notes and Pfandbriefe (together "**Securities**"). Securities may be issued as Non-Exempt Securities or Exempt Securities. "**Non-Exempt Securities**" means Securities which are to be admitted to trading on a regulated market for the purposes of MiFID II and/or offered in the European Economic Area (the "**EEA**") in circumstances where no exemption is available under Article 3.2 of Directive 2003/71/EC (as amended or superseded, the "**Prospectus Directive**") (as implemented in the relevant Member State(s)) and therefore where a prospectus is required to be published thereunder. "**Exempt Securities**" means Securities which are neither to be admitted to trading on a regulated market in the EEA nor offered in the EEA in circumstances where a prospectus is required to be published under the Prospectus Directive.

#### Non-Exempt Securities

The following types of Securities may be issued under the Programme as Non-Exempt Securities:

#### 1. Fixed Rate Securities and Zero Coupon Securities

If Fixed Rate or Zero Coupon Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate Notes and zero coupon Notes ("**Option I**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Fixed Rate or Zero Coupon Notes are issued in registered form and not in bearer form (as described in "*Form*" below) the terms and conditions of such Securities are formed by both Option I and the terms and conditions set out in the section "*Registered Securities Annex*". If Fixed Rate or Zero Coupon Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for fixed rate or zero coupon Pfandbriefe ("**Option III**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". Pfandbriefe cannot be issued in registered form. The other sets of Terms and Conditions available under the Programme, *i.e.* Options II to V in the case of Fixed Rate or Zero Coupon Notes, and Options I, II, IV and V in the case of Fixed Rate or Zero Coupon Pfandbriefe, respectively, are not relevant for Fixed Rate or Zero Coupon Securities.

#### 2. Floating Rate Securities

If Floating Rate Securities are issued as Notes, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Notes ("**Option II**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". If Floating Rate Notes are issued in registered form and not in bearer form (as described in "*Form*" below) the terms and conditions of such Securities are formed by both Option II and the terms and conditions set out in the section "*Registered Securities Annex*". If Floating Rate Securities are issued as Pfandbriefe, the terms and conditions of such Securities are set out in the set of Terms and Conditions for floating rate Pfandbriefe ("**Option IV**"), as described in more detail in the sections "*Issue Procedures*" and "*Terms and Conditions*". Pfandbriefe cannot be issued in registered form. The other sets of Terms and Conditions available under the Programme, *i.e.* Options I, III, IV, and V in the case of Floating Rate Notes, and Options I, II, III, and V in the case of Floating Rate Pfandbriefe, respectively, are not relevant for Floating Rate Securities.

#### 3. Structured Notes

The Programme allows for Notes to be issued which are equity linked, index linked and/or inflation index linked in the form of (i) Equity Linked Redemption Notes, (ii) Equity Linked Interest Notes, (iii) Index Linked Redemption Notes, (iv) Index Linked Interest Notes and (v) Inflation Index Linked Interest Notes. The terms and conditions of such Structured Notes are set out in the set of Terms and Conditions for Structured Notes ("**Option V**"), as described in more detail in the sections "*Issue*

*Procedures*" and *Terms and Conditions*". Structured Notes cannot be issued as Pfandbriefe. If Structured Notes are issued in registered form and not in bearer form (as described in *"Form"* below) the terms and conditions of such Securities are formed by both Option V and the terms and conditions set out in the section *"Registered Securities Annex"*. The other sets of Terms and Conditions available under the Programme, *i.e.* Options I to IV are not relevant for Structured Notes.

#### **4. Credit Linked Notes**

The Programme allows for Notes to be issued which are credit linked in the form of Credit Linked Notes. Credit Linked Notes may only be governed by English law. The terms and conditions of Credit Linked Notes are set out in the applicable Credit Linked Notes Annex set out in the section *"Credit Linked Notes Annex A"* or in the section *"Credit Linked Notes Annex B"*, depending on which is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) together with either Option I (if the Securities bear fixed rate interest), Option II (if the Securities bear floating rate interest) or Option V (if the Securities bear structured interest). If the Credit Linked Notes are issued in registered form and not in bearer form (as described in *"Form"* below) the terms and conditions of such Securities are formed by (i) the applicable Credit Linked Notes Annex, (ii) either Option I, Option II or Option V, and (iii) the terms and conditions set out in the section *"Registered Securities Annex"*. The other sets of Terms and Conditions available under the Programme, *i.e.* Options II to V (if the Securities bear fixed rate interest), Options I and III to V (if the Securities bear floating rate interest) or Options I to IV (if the Securities bear structured interest) are not relevant for Credit Linked Notes.

#### *Exempt Securities*

In addition to the options set out above the relevant Options and Annexes, respectively, there will also be further options depending on the applicable law or jurisdiction of the issuing branch.

## ISSUE PROCEDURES

### General

The Issuer and the relevant Dealer(s) will agree on the terms and conditions applicable to each particular Tranche of Securities (the "**Conditions**"). The Conditions will be constituted by the Terms and Conditions of the Securities (the "**Terms and Conditions**") (see the section entitled "*Terms and Conditions*") as amended by any applicable Annex set forth in this Prospectus and as completed by the Final Terms (or as completed and amended by the Pricing Supplement, in the case of Exempt Securities) as described in this Prospectus.

The Final Terms (or Pricing Supplement, in the case of Exempt Securities) relating to a Tranche of Securities will specify:

- (a) which set of Terms and Conditions applies to such Securities from the following options (each an "**Option**"):
- Terms and Conditions for fixed rate Notes and zero coupon Notes (Option I);
  - Terms and Conditions for floating rate Notes (Option II);
  - Terms and Conditions for fixed rate Pfandbriefe and zero coupon Pfandbriefe (Option III);
  - Terms and Conditions for floating rate Pfandbriefe (Option IV); and
  - Terms and Conditions for structured Notes (Option V); and
- (b) whether the provisions of any one or more of the following Annexes (each a "**Annex**", together the "**Annexes**") will also apply to such Securities:
- Credit Linked Notes Annex A;
  - Credit Linked Notes Annex B; and
  - Registered Securities Annex.

The Annexes may only apply to Option I, Option II or Option V, as specified in the applicable Final Terms or, in the case of Exempt Securities, the Pricing Supplement.

### Documentation of the Conditions

The Issuer may document the Conditions in respect of a Tranche of Securities in either of the following ways:

- (a) in the case of Securities other than Registered Securities or Credit Linked Notes, by completing the Final Terms (or Pricing Supplement, in the case of Exempt Securities) as set out therein, which will specify which Option(s), in each case including certain further options contained therein, will apply to such Securities, by replicating the relevant provisions and completing the relevant placeholders of the relevant Terms and Conditions set out in this Prospectus in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) ("**Replicated and Completed set of Terms and Conditions**"). The replicated and completed provisions of the sets of Terms and Conditions shall constitute the Conditions, which will be attached to each global note representing the Securities of the relevant Tranche. This type of documentation of the Conditions will generally be used for Securities which are sold and distributed on a syndicated basis in Germany and/or publicly offered or distributed, in whole or in part, to non-professional investors in Germany; or
- (b) by completing the Final Terms (or Pricing Supplement, in the case of Exempt Securities), which will specify which Option(s) and (as applicable) Annex(es), in each case including the further options contained therein, will apply to such Securities, by referring to the relevant provisions of the relevant

Terms and Conditions and, as applicable, Annex(es) in each case set out in this Prospectus ("**Reference to the Terms and Conditions set out in the Prospectus**"). The Final Terms (or Pricing Supplement, in the case of Exempt Securities) will specify that the provisions of the Final Terms (or Pricing Supplement) and the relevant Terms and Conditions and, as applicable, Annex(es) in each case set out in this Prospectus, as completed by such Final Terms, such Final Terms (or Pricing Supplement) (or completed and amended by such Pricing Supplement) will together constitute the Conditions and such Final Terms (or Pricing Supplements) will be attached to each global note representing such Securities. This type of documentation of the Conditions will generally be used for Securities sold on a non-syndicated basis (or, if sold outside of Germany, syndicated basis) and which are not publicly offered.

### **Selection of Options / Completion of Placeholders**

The Final Terms (or Pricing Supplement, in the case of Exempt Securities) for a Tranche of Securities will specify which of Option I to Option V and (as applicable) Annex(es) will apply to such Securities. The relevant Terms and Conditions and, as applicable, Annex(es) also contain certain further options (characterised, in certain cases, by indicating the respective optional provision through instructions and explanatory notes set out either on the left of or in square brackets within the text of the relevant set of Terms and Conditions and, as applicable, Annex(es) as set out in this Prospectus) as well as placeholders (characterised by square brackets which include the relevant items) which will be specified in and/or completed by the Final Terms (or Pricing Supplement, in the case of Exempt Securities) as follows:

*Selection of Options.* The Issuer will determine which options will apply to a Tranche of Securities either by replicating the relevant provisions in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) or by referencing the relevant provisions of the relevant Terms and Conditions and, as applicable, Annex(es) set out in this Prospectus in the Final Terms (or Pricing Supplement). If the Final Terms (or Pricing Supplement, in the case of Exempt Securities) do not refer to an alternative or optional provision or such alternative or optional provision is not replicated therein it shall be deemed to be deleted from the Conditions.

*Completion of Placeholders.* The Final Terms (or Pricing Supplement, in the case of Exempt Securities) will specify the information with which the placeholders in the relevant set of Terms and Conditions and, as applicable, Annex(es) will be completed. For a Tranche of Securities for which the provisions of the Final Terms (or Pricing Supplement, in the case of Exempt Securities) and the relevant Terms and Conditions and, as applicable, Annex(es) together constitute the Conditions, the relevant Terms and Conditions and, as applicable, Annex(es) shall be deemed to be completed by the information contained in the Final Terms (or completed and amended by the information contained in the Pricing Supplement, in the case of Exempt Securities) as if such information were inserted in the placeholders of such provisions.

All instructions and explanatory notes and text set out in square brackets in the relevant set of Terms and Conditions and, as applicable annex(es) and any footnotes and explanatory text in the Final Terms (or Pricing Supplement, in the case of Exempt Securities) will be deemed to be deleted from the Conditions.

### **Controlling Language**

As to the controlling language of the respective Conditions, the Issuer anticipates that, in general, subject to any stock exchange or legal requirements applicable from time to time, and unless otherwise agreed between the Issuer and the relevant Dealer:

- (a) in the case of Securities sold and distributed on a syndicated basis in Germany, German shall be the controlling language;
- (b) in the case of Securities sold and distributed on a syndicated basis outside Germany, English shall (unless otherwise specified) be the controlling language;
- (c) in the case of Securities publicly offered, in whole or in part, in Germany, or distributed, in whole or in part, to non-professional investors in Germany, German shall be the controlling language. If, in the event of such public offer or distribution to non-professional investors in Germany, however, English is

chosen as the controlling language, a German language translation of the Conditions will be available from the specified office of the Fiscal Agent and Issuer, as specified in this Prospectus; and

- (d) in the case of Securities publicly offered, in whole or in part, in any jurisdiction aside from Germany, or distributed, in whole or in part, to non-professional investors, English shall be the controlling language. Where required, a translation of the Summary will be provided in the language applicable to the jurisdiction where the public offer is made.

## **TREND INFORMATION**

### ***Statement of No Material Adverse Change***

There has been no material adverse change in the prospects of Deutsche Bank since 31 December 2018.

## Recent Developments

On 24 May 2018, Deutsche Bank announced that it will significantly reshape its Equities Sales & Trading business. Overall, Deutsche Bank aims to reduce headcount in this area by approximately 25 per cent. In Cash Equities, it will concentrate on electronic solutions and its most significant clients globally. In Prime Finance, Deutsche Bank will reduce leverage exposure by a quarter, equivalent to a reduction of approximately EUR 50 billion. These business reductions will contribute to a decrease in leverage exposure in the Corporate & Investment Bank of over EUR 100 billion. This is approximately 10 per cent. of the EUR 1,050 billion of leverage exposure reported at the end of the first quarter of 2018. The majority of this reduction is expected to be achieved by the end of 2018. Together with Deutsche Bank's decision to right-size the expense base in the Corporate & Investment Bank, Deutsche Bank will accelerate the pace of cost reduction across the organisation. In 2018, as announced earlier, Deutsche Bank envisages adjusted costs not to exceed EUR 23 billion. For 2019, the Management Board plans to reduce adjusted costs to EUR 22 billion with no further significant disposals currently planned. In connection with the implementation of these plans, the number of full-time equivalent positions is expected to fall from just over 97,000 currently to well below 90,000. The associated personnel reductions are underway. The Management Board reaffirms its target of a post-tax return on average tangible equity of approximately ten per cent. in a normalised business environment. Deutsche Bank will seek to reach this goal from 2021 onwards. Although results in 2018 will reflect the impact of the aforementioned actions, including planned restructuring charges of up to EUR 800 million, Deutsche Bank aims to deliver steady growth in return on capital over the coming years.

On 17 March 2019, Deutsche Bank announced that in light of arising opportunities the Management Board of Deutsche Bank has decided to review strategic options. However, there is no certainty that any transaction will occur. In this context Deutsche Bank confirmed discussions with Commerzbank Aktiengesellschaft.

On 25 April 2019, Deutsche Bank announced that after careful analysis, the Management Board of Deutsche Bank has concluded on that day that a combination with Commerzbank would not have created sufficient benefits to offset the additional execution risks, restructuring costs and capital requirements associated with such a large-scale integration. As a result, the two banks have decided to discontinue discussions. Deutsche Bank will continue to review all alternatives to improve long-term profitability and shareholder returns.

## Outlook

In 2019, Deutsche Bank intends to build on the progress made last year to pursue Deutsche Bank's near-term operating targets for adjusted costs and employees. Deutsche Bank is also working towards its 2019 Post-tax Return on Average Tangible Equity target. Achieving its near-term Post-tax Return on Average Tangible Equity target requires amongst other things growth in Deutsche Bank's more market-sensitive businesses, which will in part depend on market conditions. Market conditions have improved as compared to those experienced in the fourth quarter of 2018, however, they are somewhat weaker than Deutsche Bank had anticipated. Deutsche Bank aims to achieve its other key performance indicators over time, consistent with becoming a simpler and safer bank.

Deutsche Bank's most important key performance indicators are shown in the table below:

	<b>31 March 2019 (unaudited)*</b>	<b>Target Key Performance Indicators</b>
<b>Near-term operating targets</b>		
Post-tax Return on Average Tangible Equity <sup>1</sup>	1.3 %	2019: greater than 4.0 %
Adjusted costs <sup>2</sup>	€ 5.9 bn	2019: € 21.8 bn
Employees <sup>3</sup>	91,463	2019: below 90,000

	<b>31 March 2019 (unaudited)*</b>	<b>Target Key Performance Indicators</b>
<b>Long-term operating target</b>		
Post-tax Return on Average Tangible Equity <sup>1</sup>	1.3 %	circa 10.0 %

CRR/CRD 4 leverage ratio according to transitional rules (phase-in)	4.1 %	4.5 %

\* Extracted from the Earnings Report as of 31 March 2019.

<sup>1</sup> Based on Net Income attributable to Deutsche Bank shareholders.

<sup>2</sup> Adjusted costs are noninterest expenses excluding impairment of goodwill and other intangible assets, litigation and restructuring and severance.

<sup>3</sup> Internal full-time equivalents.

The subsection "Non-GAAP Financial Measures" set forth in the Earnings Report of the Issuer as of 31 March 2019 is incorporated by reference in, and forms part of, this Prospectus (see the section "Documents Incorporated by Reference").

Deutsche Bank is committed to working towards a target for its Post-tax Return on Average Tangible Equity of greater than 4 per cent. in 2019. Reaching Deutsche Bank's 2019 target of 4 per cent. Post-Tax Return on Tangible Equity depends on factors within Deutsche Bank's direct control, but also on factors which are more market-sensitive and event-sensitive.

Deutsche Bank expects revenues in 2019 to be essentially flat compared to 2018. It aims to improve revenue in particular through investments in targeted growth areas including loan and volume growth as well as through liquidity and balance sheet optimization and redeployment. Deutsche Bank's outlook also takes into account that market environment and client activity in the first quarter of 2019 were not supportive of a more pronounced revenue recovery in its more market-sensitive businesses.

For the Group, Deutsche Bank is committed to reducing its adjusted costs in 2019 to € 21.8 billion and to reducing its internal workforce to below 90,000 full-time employees by year-end 2019. Deutsche Bank's expectation is to benefit from the run-rate impact of measures executed in 2018, as well as from the impact of Postbank integration and from the exit of retail business in Portugal. Deutsche Bank will continue to address structural cost issues and optimize processes while also striving for additional cost savings if the revenue environment does not develop as Deutsche Bank expects. Over time, Deutsche Bank aspires to achieve a Post-tax Return on Average Tangible Equity of approximately 10 per cent., in a normalized environment and on the basis of the achievement of Deutsche Bank's cost targets.

Deutsche Bank assumes an increase in provision in credit losses in 2019 compared to last year, and to benefit from a more normalized tax rate.

Deutsche Bank expects its CRR/CRD 4 Common Equity Tier 1 capital ratio to be negatively impacted by pending supervisory assessments but to remain above 13 per cent. throughout the year 2019. Deutsche Bank expects its CRR/CRD 4 leverage ratio (phase-in) to remain above 4 per cent. in 2019. Deutsche Bank

anticipates year-end 2019 risk weighted assets (RWA) to stay essentially flat and CRR/CRD 4 leverage exposure to be slightly higher compared to year end 2018. With the transition to IFRS 16 as of 1 January 2019, Deutsche Bank expects to see a further decline in its CRR/CRD 4 Common Equity Tier 1 capital ratio of approximately 20 basis points as Deutsche Bank recognizes certain lease contracts on its balance sheet.

Deutsche Bank targets a competitive dividend payout ratio. Deutsche Bank's dividend payments are subject to its ability to maintain sufficient levels of distributable profits under its standalone financial statements in accordance with German accounting rules (HGB) for the respective fiscal year.

By the nature of its business, Deutsche Bank is involved in litigation, arbitration and regulatory proceedings and investigations in Germany and in a number of jurisdictions outside Germany, especially in the US. Such matters are subject to many uncertainties. While Deutsche Bank has resolved a number of important legal matters and made progress on others, it expects the litigation and enforcement environment to remain challenging in the short term. Litigation expenses in 2018 were relatively low as a result of Deutsche Bank's successful efforts in resolving a number of matters at or below estimated provisions. For 2019, and with a caveat that forecasting litigation expense is subject to many uncertainties, Deutsche Bank expects litigation expense to be significantly higher than in 2018.

## The Business Segments of Deutsche Bank

### *Corporate & Investment Bank (CIB)*

CIB's aim is to provide efficient and seamless client coverage for Deutsche Bank's offering of investment and transaction banking products and services for corporate and institutional clients and thereby generate attractive returns for its shareholders.

After completing the targeted headcount and resource reductions as part of Deutsche Bank's strategic reshaping in 2018, the division's focus is now on revenue growth in 2019. CIB should also benefit from the Group wide re-deployment of excess liquidity into higher-yielding assets, which is expected to reduce liquidity-related funding costs.

For Global Transaction Banking, Deutsche Bank expects revenues adjusted for a gain on sale in 2018 to be slightly higher in 2019 compared to the prior year, due to the benefits from expected interest rate increases in the US, in addition to treasury and deposit initiatives. Deutsche Bank expects Trade revenues to be higher, driven by increased income from structured transactions. Cash Management revenues are expected to be higher from net interest income growth and deposit initiatives. Trust and Agency and Securities Services revenues adjusted for the aforementioned gain on sale are expected to be slightly lower.

Origination & Advisory revenues are expected to be higher in 2019 year over year, driven by market share growth. Deutsche Bank expects Debt Origination revenues to be higher as the business aims to build on the market share gains achieved during 2018 especially in Leveraged Finance, combined with an intensified focus on Investment Grade acquisition financing. Equity Origination revenues are also expected to be higher year over year with a renewed focus on initial public offerings and acquisition financing. Advisory revenues are expected to be essentially flat in 2019 compared to 2018.

Deutsche Bank expects Sales & Trading Fixed Income and Currencies (FIC) revenues to be higher in 2019 compared to 2018 driven by an expected increase in client activity levels and a more favorable trading environment after difficult conditions, especially in the fourth quarter. Revenues in FIC should also benefit from improved client coverage provided by the integrated Institutional and Treasury Coverage Group, targeted resource deployment in Credit, an increased focus on cross-selling with GTB and the aforementioned lower funding costs as a result of re-deployment of the Group's excess liquidity.

Sales & Trading Equity revenues are expected to be slightly higher in 2019 compared to 2018. Equity Trading is expected to benefit from platform stabilization and investment in electronic trading platforms. Deutsche Bank expects Equity Derivatives to see growth in structured products from funding optimization, targeted hires and system investment. Within Prime Finance, a focus on client balances and spreads in addition to the

aforementioned lower funding costs as a result of re-deployment of the Group's excess liquidity are expected to drive higher revenues.

Noninterest expenses for 2019 are expected to be essentially flat. Costs excluding litigation, severance and restructuring and goodwill impairment are expected to be slightly lower, driven by lower non-compensation costs and reduced infrastructure related costs. In 2019, Deutsche Bank expects CIB to benefit from the full-year run-rate impact of the headcount reductions in 2018. Further expense management initiatives in 2019 are focused on middle and back office functions. For 2019, Deutsche Bank expects RWA in CIB to be essentially flat as targeted Credit Risk RWA increases should be offset by reduced Market Risk RWA and slightly lower Operational Risk RWA. Deutsche Bank continues to focus on regulatory compliance, know-your-client (KYC) and client on-boarding process enhancement, system stability and control and conduct.

Risks to Deutsche Bank's outlook include potential impacts on its business model from Brexit and other macro and global geopolitical uncertainty. Risks regarding a potential deterioration of international trade relations cause further concerns. Uncertainty around central bank policies, ongoing regulatory developments (e.g. Basel III framework agreement) also pose risks, while challenges such as event risks and levels of client activity may also have an adverse impact.

For CIB, the first quarter of 2019 saw an unfavorable macroeconomic and financial market environment for the industry. Uncertainty was driven by a number of geopolitical factors such as, but not limited to, Brexit, U.S. - China trade relations and the U.S. government shutdown in January, all of which suppressed client activity and negatively impacted revenues, specifically in Sales & Trading and broadly in line with the overall industry trend. Deutsche Bank does expect to see some improvement in the macroeconomic and financial market environment as the year progresses, with March having been more favorable than the first two months of the quarter. Should Deutsche Bank experience continued recovery, Deutsche Bank expects CIB revenues for 2019 to be slightly higher compared to 2018.

### *Private & Commercial Bank (PCB)*

PCB provides private, corporate and wealth management clients with a comprehensive range of products from standard banking services to individual investment and financing advice. Deutsche Bank intends to keep its focus on the transformation and growth of its core businesses in 2019. In its German home market, Deutsche Bank aims to continue the execution of its integration plans within DB Privat- und Firmenkundenbank AG and to deliver synergies and savings potential from the merger transaction. In Deutsche Bank's Private and Commercial Business (International), Deutsche Bank will also execute identified measures consistent with the bank's strategy. The sale of Deutsche Bank's retail banking business in Portugal is well on track and envisaged to be closed in the first half of 2019. In Deutsche Bank's remaining countries, Deutsche Bank intends to continue the transformation of its businesses with the objective to improve client coverage and efficiency. In its global Wealth Management business, Deutsche Bank's emphasis will be on further transforming and growing its global presence by hiring relationship managers in key markets. Deutsche Bank also plans to continue to invest in its digital technologies across all business units.

In PCB, Deutsche Bank expects growth in its investment and loan businesses in 2019. In the investment businesses, Deutsche Bank plans to grow net new assets, and to continue to hire relationship managers in core markets and Deutsche Bank expects to be able to leverage pricing opportunities in a normalizing market environment. In the loan businesses, Deutsche Bank plans to benefit from the growth achieved in 2018 and target to further accelerate growth in 2019 within Deutsche Bank's existing risk management framework and with a focus on consumer and commercial loans. Deutsche Bank expects the year-over-year revenue development will be negatively impacted by lower specific items, which Deutsche Bank does not expect to repeat in the same magnitude as in 2018. Deutsche Bank also expects the margin pressure on its deposit products to continue in the ongoing low interest rate environment and that Deutsche Bank's revenue base declines as a result of its business divestitures in Poland and Portugal. Given these aforementioned opposing revenue trends, Deutsche Bank expects PCB revenues to remain essentially flat in 2019 compared to 2018.

Associated with this growth in its loan businesses, Deutsche Bank expects higher provision for credit losses and RWA in 2019. The increase in RWA will also reflect the implementation of regulatory changes including effects from the ECB's targeted review of internal models. Assets under management are expected to be slightly higher

in 2019, in line with Deutsche Bank's growth initiatives and slightly offset by a deconsolidation impact subsequent to the announced disposal of its business in Portugal.

Deutsche Bank expects noninterest expenses and adjusted costs in 2019 to be slightly lower compared to 2018. The decline will be driven by further savings from Deutsche Bank's executed reorganization measures, including the merger of Deutsche Bank Privat- und Geschäftskunden AG and Postbank and the impact of its business divestitures in Poland and Portugal. Savings will be offset in part by inflationary effects and by continued investments in targeted growth initiatives, including the further development of Deutsche Bank's digital technologies and the further expansion of its Wealth Management franchise.

Specific risks to Deutsche Bank's outlook are slower economic growth in its major operating countries, a delayed or less pronounced interest rate recovery than expected, and lower client activity in the investment business. Client activity could be affected by adverse developments or market uncertainties, including higher than expected volatility in equity and credit markets. The implementation of regulatory requirements including consumer protection measures and delays in the implementation of Deutsche Bank's strategic projects could also have a negative impact on its revenues and costs.

### *Asset Management (AM)*

Deutsche Bank believes that Asset Management, with its strong and diverse investment capabilities, is well positioned to address the challenges facing the industry and capture opportunities.

Developing economies are growing and increasing in wealth, offering new opportunities for managers as local investors expand their investment horizons globally. In developed markets, low interest rates are causing a shift from unmanaged assets, such as cash and deposit accounts, into managed portfolios. New digital technology, such as robo-advisory, is enhancing distribution capabilities giving investors online access, while the wider adoption of artificial intelligence is expanding product choice and enhancing performance. Asset managers are playing a progressively larger role in providing capital to the economy, taking advantage of bank retrenchment due to regulatory and capital constraints and diminished ability of national governments to fund infrastructure investment. However, pressure on fees and costs will persist, in an environment of heightened competition and growing regulatory and compliance requirements.

Over the medium term, the industry's global assets under management are expected to substantially increase, driven by strong net flows in passive strategies, alternatives and multi asset solutions, as clients increasingly demand value-for-money, transparency and outcome oriented products. Due to its capabilities in active and passive products, alternative investments and multi asset solutions, Deutsche Bank believes that AM is well positioned to grow market share amid these industry growth trends. While AM's digital capabilities are also creating new channels for it to distribute products and services, bottom line results are expected to be challenged by fee compression, rising costs of regulation and competitive dynamics. In the face of this challenge, AM intends to focus its growth initiatives on products and services where it has a competitive advantage and can differentiate itself, while also maintaining cost discipline.

Deutsche Bank expects assets under management at the end of 2019 to be higher compared to the end of 2018. Net flows are expected to be positive across all major asset classes driven by passive products, alternative investments and multi asset solutions, thereby contributing to the flow target of 3 per cent. to 5 per cent. per annum.

Deutsche Bank expects 2019 revenues to be essentially flat compared to 2018. Management fees are assumed to be essentially flat compared to 2018 reflecting anticipated assets under management growth, offset by margin compression, the unfavorable impact from net outflows in 2018 as well as the most recent market downturn during the fourth quarter of 2018. Performance and transaction fees are expected to be lower than 2018, contributing 3 per cent. to 5 per cent. of Deutsche Bank's total net revenues. Other revenues are expected to be significantly higher mainly driven by lower funding costs. While Deutsche Bank remains constructive on equity markets, it anticipates the management fee margin to be further challenged following one of the worst equity performances ever in December 2018.

In 2019, Deutsche Bank intends to continue to keep its focus on tight cost management, with the aim of achieving reduced noninterest expenses and cost income ratio (CIR), together with slightly lower adjusted costs. Deutsche Bank is on track to achieve its mid-term CIR target of below 65 per cent.

Risks to Deutsche Bank's outlook include the longevity of the bull market, continued low interest rates in developed markets, the pace of growth in emerging economies and increase in wealth, as well as the increasing demand for retirement products in developed countries' aging populations. Continued elevated levels of political uncertainty worldwide, protectionist and anti-trade policies, and the United Kingdom's decision to leave the European Union could have unpredictable consequences in the economy, market volatility and investors' confidence, which may lead to declines in business and could affect Deutsche Bank's revenues and profits as well as the execution of its strategic plans. In addition, the evolving regulatory framework could lead to unforeseen regulatory compliance costs and possible delays in the implementation of Deutsche Bank's efficiency measures due to jurisdictional restrictions, which could have an adverse impact on its cost base.

Pursuant to German law and the Deutsche Bank's Articles of Association, to the extent that the Bank may have major shareholders at any time, it may not give them different voting rights from any of the other shareholders.

### ***Interim Financial Information***

### ***Legal and Arbitration Proceedings***

Deutsche Bank Group operates in a legal and regulatory environment that exposes it to significant litigation risks. ### **Challenge of the General Meeting's Resolution Not to Pay a Dividend for the 2015 Fiscal Year**

In May 2016, Deutsche Bank AG's General Meeting resolved that no dividend was to be paid to Deutsche Bank's shareholders for the 2015 fiscal year. Some shareholders filed a lawsuit with the Regional Court Frankfurt am Main (*Landgericht*), challenging (among other things) the resolution on the grounds that Deutsche Bank was required by law to pay a minimum dividend in an amount equal to 4 per cent. of Deutsche Bank's share capital. In December 2016, the Regional Court ruled in favor of the plaintiffs. Deutsche Bank initially appealed the court's decision. However, consistent with Deutsche Bank's updated strategy, Deutsche Bank withdrew its appeal prior to Deutsche Bank's 2017 General Meeting, as a result of which the challenged resolution became void. Deutsche Bank's General Meeting in May 2017 resolved the payment of a dividend of approximately € 400 million from Deutsche Bank's distributable profit for 2016 which amount contains a component reflecting the distributable profit carried forward from 2015 of approximately € 165 million. Such dividend was paid to the shareholders shortly after the annual General Meeting. The resolution was also challenged in court based on the argument that the way the decision was taken was not correct. On 18 January 2018, the Regional Court Frankfurt am Main dismissed the shareholder actions as regards the dividend resolution taken in May 2017. The plaintiffs appealed to the Higher Regional Court Frankfurt am Main. On 26 March 2019, the Higher Regional Court Frankfurt am Main confirmed the decision of the Regional Court and dismissed the appeal.

## CO2 Emission Rights

The Frankfurt am Main Office of Public Prosecution (the OPP) has investigated alleged value-added tax (VAT) fraud in connection with the trading of CO2 emission rights by certain trading firms, some of which also engaged in trading activity with Deutsche Bank. The OPP alleges that certain employees of Deutsche Bank knew that their counterparties were part of a fraudulent scheme to avoid VAT on transactions in CO2 emission rights, and it searched Deutsche Bank in April 2010 and December 2012. On 13 June 2016, the Regional Court Frankfurt am Main sentenced seven former Deutsche Bank employees for VAT evasion and for aiding and abetting VAT evasion in connection with their involvement in CO2 emissions trading. On 15 May 2018, the Federal Supreme Court (*Bundesgerichtshof*) handed down its decision in the appeal proceedings. The Federal Supreme Court partly granted the appeal of one former employee and referred the case back to the trial court. In relation to the other cases where appeal proceedings were pending, the Federal Supreme Court confirmed the trial court's judgment, which meant that the judgment became final and binding and the cases are closed. The majority of the other investigations by the OPP against former and current employees which were ongoing have meanwhile been closed. In addition to the case which was referred back to the trial court, investigations remain ongoing against one current and one former employee.

## Cum-ex Investigations and Litigations

Deutsche Bank has received inquiries from law enforcement authorities, including requests for information and documents, in relation to cum-ex transactions of clients. "Cum-ex" refers to trading activities in German shares around dividend record dates (trade date before and settlement date after dividend record date) for the purpose of obtaining German tax credits or refunds in relation to withholding tax levied on dividend payments including, in particular, transaction structures that have resulted in more than one market participant claiming such credit or refund with respect to the same dividend payment. Deutsche Bank is cooperating with the law enforcement authorities in these matters.

The Public Prosecutor in Cologne has been conducting a criminal investigation since August 2017 concerning two former employees of Deutsche Bank in relation to cum-ex transactions of certain former clients of the Bank. Deutsche Bank is a potential secondary participant pursuant to Section 30 of the German Law on Administrative Offences in this proceeding. Deutsche Bank is cooperating with this investigation.

In February 2018, Deutsche Bank received from the Federal Central Tax Office (Bundeszentralamt für Steuern) a demand of approximately € 49 million for tax refunds paid to a former custody client. Deutsche Bank had filed withholding tax refund claims through the electronic refund procedure (elektronisches Datenträgerverfahren) on behalf of the client in connection with the client's cum-ex transactions. Deutsche Bank expects to receive a formal notice for the same amount in the near future.

By letter dated 26 February 2018, The Bank of New York Mellon SA/NV ("BNY") informed Deutsche Bank of its intention to seek indemnification for potential cum-ex related tax liabilities incurred by BHF Asset Servicing GmbH ("BAS") and/or Frankfurter Service Kapitalanlage-GmbH ("FSKAG"). Deutsche Bank had acquired BAS and FSKAG as part of the acquisition of Sal. Oppenheim in 2010 and sold them to BNY in the same year. BNY estimates the potential tax liability to amount to up to € 120 million.

On 6 February 2019, the Regional Court Frankfurt am Main (Landgericht) served Deutsche Bank with a claim by M.M.Warburg & CO Gruppe GmbH and M.M.Warburg & CO (AG & Co.) KGaA (together "Warburg") in connection with cum-ex transactions of Warburg with a custody client of Deutsche Bank during 2007 to 2011. Warburg claims from Deutsche Bank indemnification against German taxes in relation to transactions conducted in the years 2010 and 2011. Further, Warburg claims compensation of unspecified damages relating to these transactions and declaratory relief that Deutsche Bank will have to indemnify Warburg against any potential future tax assessments for cum-ex transactions conducted in the years 2007 to 2009.

According to Warburg's claim, the Hamburg Tax Office has claimed from Warburg German taxes of approximately € 42.7 million plus interest of approximately € 14.6 million for 2010 and German taxes of approximately € 4 million plus interest of approximately € 1.6 million for 2011. According to the claim, neither taxes nor interest have yet been assessed against Warburg for the years 2007 to 2009. Deutsche Bank estimates that for the years 2007 to 2009 the aggregate amount of German taxes and interest could be as high as approximately € 88.9 million and approximately € 45.9 million, respectively.

### Danske Bank Estonia Investigations

Deutsche Bank has received requests for information from regulatory and law enforcement agencies concerning the Bank's correspondent banking relationship with Danske Bank, including the Bank's historical processing of correspondent banking transactions on behalf of customers of Danske Bank's Estonia branch prior to cessation of the correspondent banking relationship with that branch in 2015. Deutsche Bank is providing information to and otherwise cooperating with the investigating agencies. The Bank is also conducting an internal investigation into these matters, including of whether any violations of law, regulation or policy occurred and the effectiveness of the related internal control environment.

The Group has not established a provision or contingent liability with respect to this matter.

### Deutsche Bank Shareholder Litigations

Deutsche Bank and certain of its current and former officers and management board members are the subject of a purported class action, filed in the U.S. District Court for the Southern District of New York, asserting claims under Sections 10(b) and 20(a) of the U.S. Securities Exchange Act of 1934 on behalf of persons who purchased or otherwise acquired securities of Deutsche Bank on a United States exchange or pursuant to other transactions within the United States between 31 January 2013 and 26 July 2016. Plaintiffs allege that Deutsche Bank's SEC Annual Reports on Form 20-F for the years 2012, 2013, 2014 and 2015 were materially false and misleading in failing to disclose (i) serious and systemic failings in controls against financing terrorism, money laundering, aiding organizations subject to international sanctions and committing financial crime and (ii) that the Bank's internal control over financial reporting and its disclosure controls and procedures were not effective. On 21 February 2017, Deutsche Bank and the individual defendants served at the time with the summons and complaint moved to dismiss the consolidated amended complaint. On 28 June 2017, the court granted the motion to dismiss as to all defendants, without leave to replead. On 30 June 2017, the court entered judgment dismissing the lawsuit. The plaintiffs appealed the court's decision. Following completion of briefing, the Court of Appeals held oral argument on 28 March 2018. On 13 April 2018, the Court of Appeals issued a Summary Opinion affirming the dismissal of the action.

Deutsche Bank and certain of its current and former officers and management board members are the subject of a purported class action, filed in the United States District Court for the Southern District of New York, asserting claims under Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 on behalf of persons who purchased or otherwise acquired securities of Deutsche Bank on a United States exchange or pursuant to other transactions within the United States between 20 March 2017 and 30 May 2018. Plaintiffs allege that Deutsche Bank's SEC Annual Reports on Form 20-F for the years 2016 and 2017 and its quarterly interim reports on Form 6-K for calendar 2017 contained materially false and misleading statements regarding its business, operational and compliance policies and internal control environment. On 25 January 2019, the lead plaintiff filed an amended class action complaint. Deutsche Bank has moved to dismiss the action.

### Esch Funds Litigation

Prior to its acquisition by Deutsche Bank in 2010, Sal. Oppenheim jr. & Cie. AG & Co. KGaA ("Sal. Oppenheim") was involved in the marketing and financing of participations in closed end real estate funds. These funds were structured as partnerships under German law. Usually, Josef Esch Fonds-Projekt GmbH carried out the planning and project development in connection with the funds' investments. Sal. Oppenheim held an indirect interest in this company via a joint venture. In relation to this business, a number of civil claims have been filed against Sal. Oppenheim. Some, but not all, of these claims are also directed against former managing partners of Sal. Oppenheim and other individuals. The investors are seeking to unwind their fund participation and to be indemnified against potential losses incurred in connection with the investment. The claims are based in part, on an alleged failure of Sal. Oppenheim to adequately disclose related risks and other material aspects important for the investors' investment decision. The claims brought against Sal. Oppenheim relate to investments in an amount of originally approximately € 1.1 billion. After certain claims have either been dismissed or settled, claims relating to investments in an amount of originally approximately € 6 million are still pending. Based on the facts of the individual cases, some courts have decided in favor and some against Sal. Oppenheim. In some cases, appeals are pending. Currently, the aggregate amount claimed in the pending proceedings is approximately € 10 million.

## FX Investigations and Litigations

Deutsche Bank has received requests for information from certain regulatory and law enforcement agencies globally who investigated trading in, and various other aspects of, the foreign exchange market. Deutsche Bank cooperated with these investigations. Relatedly, Deutsche Bank has conducted its own internal global review of foreign exchange trading and other aspects of its foreign exchange business.

On 19 October 2016, the U.S. Commodity Futures Trading Commission (CFTC), Division of Enforcement issued a letter ("CFTC Letter") notifying Deutsche Bank that the CFTC Division of Enforcement "is not taking any further action at this time and has closed the investigation of Deutsche Bank" regarding foreign exchange. As is customary, the CFTC Letter states that the CFTC Division of Enforcement "maintains the discretion to decide to reopen the investigation at any time in the future." The CFTC Letter has no binding impact on other regulatory and law enforcement agency investigations regarding Deutsche Bank's foreign exchange trading and practices, which remain pending.

On 7 December 2016, it was announced that Deutsche Bank reached an agreement with CADE, the Brazilian antitrust enforcement agency, to settle an investigation into conduct by a former Brazil-based Deutsche Bank trader. As part of that settlement, Deutsche Bank paid a fine of BRL 51 million and agreed to continue to comply with the CADE's administrative process until it is concluded. This resolves CADE's administrative process as it relates to Deutsche Bank, subject to Deutsche Bank's continued compliance with the settlement terms.

On 13 February 2017, the U.S. Department of Justice (DOJ), Criminal Division, Fraud Section, issued a letter (DOJ Letter) notifying Deutsche Bank that the DOJ has closed its criminal inquiry "concerning possible violations of federal criminal law in connection with the foreign exchange markets." As is customary, the DOJ Letter states that the DOJ may reopen its inquiry if it obtains additional information or evidence regarding the inquiry. The DOJ Letter has no binding impact on other regulatory and law enforcement agency investigations regarding Deutsche Bank's foreign exchange trading and practices, which remain pending.

On 20 April 2017, it was announced that Deutsche Bank AG, DB USA Corporation and Deutsche Bank AG New York Branch reached an agreement with the Board of Governors of the Federal Reserve System to settle an investigation into Deutsche Bank's foreign exchange trading and practices. Under the terms of the settlement, Deutsche Bank entered into a cease-and-desist order, and agreed to pay a civil monetary penalty of U.S.\$ 137 million. In addition, the Federal Reserve ordered Deutsche Bank to "continue to implement additional improvements in its oversight, internal controls, compliance, risk management and audit programs" for its foreign exchange business and other similar products, and to periodically report to the Federal Reserve on its progress.

On 20 June 2018, it was announced that Deutsche Bank AG and Deutsche Bank AG New York Branch reached an agreement with the New York State Department of Financial Services (DFS) to settle an investigation into Deutsche Bank's foreign exchange trading and sales practices. Under the terms of the settlement, Deutsche Bank entered into a consent order, and agreed to pay a civil monetary penalty of U.S.\$ 205 million. In addition, the DFS ordered Deutsche Bank to continue to implement improvements in its oversight, internal controls, compliance, risk management and audit programs for its foreign exchange business, and to periodically report to the DFS on its progress.

Investigations conducted by certain other regulatory agencies are ongoing, and Deutsche Bank has cooperated with these investigations.

On 6 August 2018, the U.S. District Court for the Southern District of New York issued a final order approving Deutsche Bank's U.S.\$ 190 million settlement and plaintiffs' dismissal with prejudice of the consolidated action (In re Foreign Exchange Benchmark Rates Antitrust Litigation). The consolidated action was brought on behalf of a putative class of over-the-counter traders and a putative class of central-exchange traders, who are domiciled in or traded in the United States or its territories, and alleged illegal agreements to restrain competition with respect to and to manipulate both benchmark rates and spot rates, particularly the spreads quoted on those spot rates. On 10 July 2018, the U.S. Court of Appeals for the Second Circuit affirmed the district court's dismissal of *Doris Sue Allen v. Bank of America, et al.*, a putative class action that tracked the allegations in the consolidated action and asserted that such purported conduct gave rise to, and resulted in a breach of, defendants' fiduciary duties under the U.S. Employment Retirement Income Security Act of 1974. On

6 September 2018, the U.S. District Court for the Southern District of New York denied Axiom Investment Advisors, LLC's ("Axiom") motion for class certification in *Axiom v. Deutsche Bank AG*. Axiom's motion for voluntary dismissal with prejudice was granted on 18 January 2019. This putative class action alleged that Deutsche Bank rejected FX orders placed over electronic trading platforms through the application of a function referred to as "Last Look" and that these orders were later filled at prices less favorable to putative class members. One U.S. putative class action remains pending against Deutsche Bank. Filed on 26 September 2016, amended on 24 March 2017, and later consolidated with a similar action that was filed on 28 April 2017, the "Indirect Purchasers" action (*Contant, et al. v. Bank of America Corp., et al.*) tracks the allegations in the consolidated action and asserts that such purported conduct injured "indirect purchasers" of FX instruments. These claims are brought pursuant to the Sherman Act and various states' consumer protection statutes. On 15 March 2018, the court granted Deutsche Bank's motion to dismiss this action. Plaintiffs filed a motion to replead and proposed an amended complaint on 5 April 2018, which Deutsche Bank opposed. On 25 October 2018, the U.S. District Court for the Southern District of New York granted plaintiffs' motion and a second amended complaint was filed on 28 November 2018. Discovery has commenced in the Indirect Purchasers action. Filed on 7 November 2018, *Allianz, et al. v. Bank of America Corporation, et al.*, was brought on an individual basis by a group of asset managers who opted out of the settlement in the consolidated action. Plaintiffs filed an amended complaint on 1 March 2019. Deutsche Bank's response to that complaint is due on 1 April 2019. Limited discovery has commenced pending resolution of defendants' motion to dismiss.

Deutsche Bank also has been named as a defendant in two Canadian class proceedings brought in the provinces of Ontario and Quebec. Filed on 10 September 2015, these class actions assert factual allegations similar to those made in the consolidated action in the United States and seek damages pursuant to the Canadian Competition Act as well as other causes of action. Plaintiffs in the Ontario action have moved for class certification and completed service of their class certification motion record on 23 June 2017. Deutsche Bank has opposed class certification, and a hearing on the class certification motion is scheduled for 10 to 14 June 2019. Deutsche Bank has also been named as a defendant in two putative class actions filed in Israel in September 2018. These actions assert factual allegations similar to those made in the consolidated action in the United States and seek damages pursuant to Israeli antitrust law as well as other causes of action. These actions are in preliminary stages and Deutsche Bank has not been formally served.

The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

*Interbank and Dealer Offered Rates Matters.* Regulatory and Law Enforcement Matters. Deutsche Bank has responded to requests for information from, and cooperated with, various regulatory and law enforcement agencies, in connection with industry-wide investigations concerning the setting of the London Interbank Offered Rate (LIBOR), Euro Interbank Offered Rate (EURIBOR), Tokyo Interbank Offered Rate (TIBOR) and other interbank and/or dealer offered rates. As previously reported, Deutsche Bank paid € 725 million to the European Commission pursuant to a settlement agreement dated 4 December 2013 in relation to anticompetitive conduct in the trading of interest rate derivatives.

Also as previously reported, on 23 April 2015, Deutsche Bank entered into separate settlements with the DOJ, the CFTC, the UK Financial Conduct Authority (FCA), and the New York State Department of Financial Services (DFS) to resolve investigations into misconduct concerning the setting of LIBOR, EURIBOR, and TIBOR. Under the terms of these agreements, Deutsche Bank agreed to pay penalties of U.S.\$ 2.175 billion to the DOJ, CFTC and DFS and GBP 226.8 million to the FCA. As part of the resolution with the DOJ, DB Group Services (UK) Limited (an indirectly-held, wholly-owned subsidiary of Deutsche Bank) pled guilty to one count of wire fraud in the U.S. District Court for the District of Connecticut and Deutsche Bank entered into a Deferred Prosecution Agreement with a three year term pursuant to which it agreed (among other things) to the filing of an Information in the U.S. District Court for the District of Connecticut charging Deutsche Bank with one count of wire fraud and one count of price fixing in violation of the Sherman Act. On 23 April 2018, the Deferred Prosecution Agreement expired, and the U.S. District Court for the District of Connecticut subsequently dismissed the criminal Information against Deutsche Bank. The fines referred to above, which include a U.S.\$ 150 million fine paid in April 2017 following the 28 March 2017 sentencing of DB Group Services (UK) Limited, have been paid in full and do not form part of the Bank's provisions.

As previously reported, on 20 March 2017, Deutsche Bank paid CHF 5.4 million to the Swiss Competition Commission (WEKO) pursuant to a settlement agreement in relation to Yen LIBOR.

On 25 October 2017, Deutsche Bank entered into a settlement with a working group of U.S. state attorneys general resolving their interbank offered rate investigation. Among other conditions, Deutsche Bank agreed to make a settlement payment of U.S.\$ 220 million. The settlement amount has been paid in full and does not form part of the Bank's provisions.

Other investigations of Deutsche Bank concerning the setting of various interbank and/or dealer offered rates remain ongoing.

The Group has not disclosed whether it has established a provision or contingent liability with respect to the remaining investigations because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

*Overview of Civil Litigations.* Deutsche Bank is party to 45 U.S. civil actions concerning alleged manipulation relating to the setting of various interbank and/or dealer offered rates which are described in the following paragraphs, as well as single actions pending in each of the UK, Israel and Argentina. Most of the civil actions, including putative class actions, are pending in the U.S. District Court for the Southern District of New York (SDNY), against Deutsche Bank and numerous other defendants. All but four of the U.S. civil actions were filed on behalf of parties who allege losses as a result of manipulation relating to the setting of U.S. dollar LIBOR. The four civil actions pending against Deutsche Bank that do not relate to U.S. dollar LIBOR are also pending in the SDNY, and include one consolidated action concerning Pound Sterling (GBP) LIBOR, one action concerning Swiss franc (CHF) LIBOR, one action concerning two Singapore Dollar (SGD) benchmark rates, the Singapore Interbank Offered Rate (SIBOR) and the Swap Offer Rate (SOR), and one action concerning the Canadian Dealer Offered Rate (CDOR).

Claims for damages for all 45 of the U.S. civil actions discussed have been asserted under various legal theories, including violations of the U.S. Commodity Exchange Act, federal and state antitrust laws, the U.S. Racketeer Influenced and Corrupt Organizations Act, and other federal and state laws. The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

*U.S. dollar LIBOR.* With three exceptions, all of the U.S. civil actions concerning U.S. dollar LIBOR are being coordinated as part of a multidistrict litigation (the "**U.S. dollar LIBOR MDL**") in the SDNY. In light of the large number of individual cases pending against Deutsche Bank and their similarity, the civil actions included in the U.S. dollar LIBOR MDL are now subsumed under the following general description of the litigation pertaining to all such actions, without disclosure of individual actions except when the circumstances or the resolution of an individual case is material to Deutsche Bank.

Following a series of decisions in the U.S. dollar LIBOR MDL between March 2013 and March 2019 narrowing their claims, plaintiffs are currently asserting antitrust claims, claims under the U.S. Commodity Exchange Act and US Securities Exchange Act and state law fraud, contract, unjust enrichment and other tort claims. The court has also issued decisions dismissing certain plaintiffs' claims for lack of personal jurisdiction and on statute of limitations grounds.

On 20 December 2016, the district court issued a ruling dismissing certain antitrust claims while allowing others to proceed. Multiple plaintiffs have filed appeals of the district court's 20 December 2016 ruling to the U.S. Court of Appeals for the Second Circuit, and those appeals are proceeding in parallel with the ongoing proceedings in the district court. Briefing of the appeals is complete.

On 13 July 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 80 million with plaintiffs to resolve a putative class action pending as part of the U.S. dollar LIBOR MDL asserting claims based on alleged transactions in Eurodollar futures and options traded on the Chicago Mercantile Exchange (*Metzler Investment GmbH v. Credit Suisse Group AG*). The settlement agreement was submitted to the court for preliminary approval on 11 October 2017. The settlement amount is already fully reflected in existing litigation provisions and no additional provisions have been taken for this settlement. The settlement agreement is subject to further review and approval by the court.

On 6 February 2018, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 240 million with plaintiffs to resolve a putative class action pending as part of the U.S. dollar LIBOR MDL asserting claims based

on alleged transactions in U.S. dollar LIBOR-linked financial instruments purchased over the counter directly from LIBOR panel banks (*Mayor & City Council of Baltimore v. Credit Suisse AG*). The agreement was submitted to the court for approval, and the court granted final approval of the settlement on 25 October 2018. Accordingly, the action is not included in the total number of actions above. The settlement amount, which Deutsche Bank has paid, is no longer reflected in Deutsche Bank's litigation provisions.

Plaintiff in one of the non-MDL cases proceeding in the SDNY moved to amend its complaint following a dismissal of its claims. On 20 March 2018, the court denied plaintiff's motion for leave to amend and entered judgment in the action, closing the case. Plaintiff has appealed the court's decision, and a decision is pending. On 15 and 31 January 2019, plaintiffs filed two putative class action complaints in the SDNY against several financial institutions, alleging that the defendants, members of the panel of banks that provided U.S. dollar LIBOR submissions, the organization that administers LIBOR, and their affiliates, conspired to suppress U.S. dollar LIBOR submissions from 1 February 2014 through the present. These actions were subsequently consolidated. A third putative class action complaint was filed on 4 March 4 2019. These actions are not part of the U.S. dollar LIBOR MDL.

There is a further UK civil action regarding U.S. dollar LIBOR brought by the U.S. Federal Deposit Insurance Corporation, in which a claim for damages has been asserted pursuant to Article 101 of The Treaty on the Functioning of the European Union, Section 2 of Chapter 1 of the UK Competition Act 1998 and U.S. state laws. Deutsche Bank is defending this action.

A further class action regarding LIBOR, EURIBOR and TIBOR has been filed in Israel seeking damages for losses incurred by Israeli individuals and entities. Deutsche Bank is contesting service and jurisdiction.

*Yen LIBOR and Euroyen TIBOR.* On 21 July 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 77 million with plaintiffs to resolve two putative class actions pending in the SDNY alleging manipulation of Yen LIBOR and Euroyen TIBOR (*Laydon v. Mizuho Bank, Ltd. and Sonterra Capital Master Fund Ltd. v. UBS AG*). The agreement was submitted to the court for approval, and the court granted final approval of the settlement on 7 December 2017. Accordingly, these two actions are not included in the total number of actions above. The settlement amount, which Deutsche Bank paid on 1 August 2017, is no longer reflected in Deutsche Bank's litigation provisions.

*EURIBOR.* On 10 May 2017, Deutsche Bank executed a settlement agreement in the amount of U.S.\$ 170 million with plaintiffs to resolve a putative class action pending in the SDNY alleging manipulation of EURIBOR (*Sullivan v. Barclays PLC*). The agreement was submitted to the court for approval, and the court granted final approval of the settlement on 18 May 2018. Accordingly, the action is not included in the total number of actions above. The settlement amount, which Deutsche Bank has paid, is no longer reflected in Deutsche Bank's litigation provisions.

*GBP LIBOR.* A putative class action alleging manipulation of the Pound Sterling (GBP) LIBOR remains pending in the SDNY. On 21 December 2018, the court partially granted defendants' motions to dismiss the action, dismissing all claims against Deutsche Bank. On 22 January 2019, the plaintiffs moved for partial reconsideration of the court's decision; that motion is fully briefed.

*CHF LIBOR.* A putative class action alleging manipulation of the Swiss Franc (CHF) LIBOR remains pending in the SDNY. It is the subject of fully briefed motions to dismiss.

*SIBOR and SOR.* A putative class action alleging manipulation of the Singapore Interbank Offered Rate (SIBOR) and Swap Offer Rate (SOR) remains pending in the SDNY. On 25 October 2018, the plaintiff filed a third amended complaint, which is the subject of a fully briefed motion to dismiss. On 26 December 2018, plaintiff moved the court for leave to file a fourth amended complaint; that motion is fully briefed.

*CDOR.* A putative class action alleging manipulation of the Canadian Dealer Offered Rate (CDOR) is pending in the SDNY. On 14 March 2019, the court granted defendants' motions to dismiss .the amended complaint, dismissing all claims against Deutsche Bank. Plaintiff has filed a notice of appeal.

*Bank Bill Swap Rate Claims.* On 16 August 2016, a putative class action was filed in the U.S. District Court for the Southern District of New York against Deutsche Bank and other defendants, bringing claims based on alleged collusion and manipulation in connection with the Australian Bank Bill Swap Rate ("BBSW") on behalf of persons and entities that engaged in US-based transactions in BBSW-linked financial instruments from 2003 through the

date on which the effects of the alleged unlawful conduct ceased. The complaint alleges that the defendants, among other things, engaged in money market transactions intended to influence the BBSW fixing, made false BBSW submissions, and used their control over BBSW rules to further the alleged misconduct. An amended complaint was filed on 16 December 2016. On 26 November 2018, the court partially granted defendants' motions to dismiss the amended complaint, dismissing all claims against Deutsche Bank. On 3 April 2019, the plaintiffs filed a second amended complaint.

#### Investigations into Referral Hiring Practices and Certain Business Relationships

Certain regulators and law enforcement authorities in various jurisdictions, including the U.S. Securities and Exchange Commission and the DOJ, are investigating, among other things, Deutsche Bank's compliance with the U.S. Foreign Corrupt Practices Act and other laws with respect to the Bank's hiring practices related to candidates referred by clients, potential clients and government officials, and the Bank's engagement of finders and consultants. Deutsche Bank is responding to and continuing to cooperate with these investigations. Certain regulators in other jurisdictions have also been briefed on these investigations. The Group has recorded a provision with respect to certain of these regulatory investigations. The Group has not disclosed the amount of this provision because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these regulatory investigations. Based on the facts currently known, it is not practicable at this time for the Bank to predict the timing of a resolution.

#### ISDAFIX

On 1 February 2018, the Bank entered into a settlement with the U.S. Commodity Futures Trading Commission (CFTC) to resolve the CFTC's investigation concerning the Bank's involvement in the setting of U.S. dollar ISDAFIX benchmark. The Bank agreed to pay a civil monetary penalty of U.S.\$ 70 million and to remedial undertakings, including maintaining systems and controls reasonably designed to prevent potential manipulation of interest rate swaps benchmarks.

In addition, the Bank has been named as a defendant in five putative class actions that were consolidated in the U.S. District Court for the Southern District of New York asserting antitrust, fraud, and other claims relating to an alleged conspiracy to manipulate the U.S. dollar ISDAFIX benchmark. On 8 April 2016, Deutsche Bank settled the class actions for U.S.\$ 50 million, subject to final court approval. The court approved the settlement on 30 May 2018.

#### Kirch

The public prosecutor's office in Munich (Staatsanwaltschaft München I) has conducted and is currently conducting criminal investigations in connection with the Kirch case inter alia with regard to former Deutsche Bank Management Board members. The Kirch case involved several civil proceedings between Deutsche Bank AG and Dr. Leo Kirch as well as media companies controlled by him. The key issue was whether an interview given by Dr. Rolf Breuer, then Spokesman of Deutsche Bank's Management Board, in 2002 with Bloomberg television, during which Dr. Breuer commented on Dr. Kirch's (and his companies') inability to obtain financing, caused the insolvency of the Kirch companies. In February 2014, Deutsche Bank and the Kirch heirs reached a comprehensive settlement, which has ended all legal disputes between them.

The allegations of the public prosecutor are that the relevant former Management Board members failed to correct in a timely manner factual statements made by Deutsche Bank's litigation counsel in submissions filed in one of the civil cases between Kirch and Deutsche Bank AG before the Munich Higher Regional Court and the Federal Court of Justice, after allegedly having become aware that such statements were not correct, and/or made incorrect statements in such proceedings, respectively.

On 25 April 2016, following the trial before the Regional Court Munich regarding the main investigation involving Jürgen Fitschen and four other former Management Board members, the Regional Court acquitted all of the accused, as well as the Bank, which was a secondary participant in such proceedings. On 26 April 2016, the public prosecutor filed an appeal. An appeal is limited to a review of legal errors rather than facts. On 18 October 2016, a few weeks after the written judgment was served, the public prosecutor provided notice that it will uphold its appeal only with respect to former Management Board members Jürgen Fitschen, Dr. Rolf Breuer and Dr. Josef Ackermann and that it will withdraw its appeal with respect to former Management Board members

Dr. Clemens Börsig and Dr. Tessen von Heydebreck for whom the acquittal thereby becomes binding. On 24 January 2018, the Attorney General's Office applied to convene an oral hearing before the Federal Supreme Court to decide about the Munich public prosecutor's appeal.

The other investigations by the public prosecutor (which also deal with attempted litigation fraud in the Kirch civil proceedings) are ongoing. Deutsche Bank is fully cooperating with the Munich public prosecutor's office.

The Group does not expect these proceedings to have significant economic consequences for it and has not recorded a provision or contingent liability with respect thereto.

#### KOSPI Index Unwind Matters

Following the decline of the Korea Composite Stock Price Index 200 (the "KOSPI 200") in the closing auction on 11 November 2010 by approximately 2.7 per cent., the Korean Financial Supervisory Service ("FSS") commenced an investigation and expressed concerns that the fall in the KOSPI 200 was attributable to a sale by Deutsche Bank of a basket of stocks, worth approximately € 1.6 billion, that was held as part of an index arbitrage position on the KOSPI 200. On 23 February 2011, the Korean Financial Services Commission, which oversees the work of the FSS, reviewed the FSS' findings and recommendations and resolved to take the following actions: (i) to file a criminal complaint to the Korean Prosecutor's Office for alleged market manipulation against five employees of Deutsche Bank group and Deutsche Bank's subsidiary Deutsche Securities Korea Co. (DSK) for vicarious corporate criminal liability; and (ii) to impose a suspension of six months, commencing 1 April 2011 and ending 30 September 2011, of DSK's business for proprietary trading of cash equities and listed derivatives and DMA (direct market access) cash equities trading, and the requirement that DSK suspend the employment of one named employee for six months. On 19 August 2011, the Korean Prosecutor's Office announced its decision to indict DSK and four employees of Deutsche Bank group on charges of spot/futures linked market manipulation. The criminal trial commenced in January 2012. On 25 January 2016, the Seoul Central District Court rendered guilty verdicts against a DSK trader and DSK. A criminal fine of KRW 1.5 billion (less than € 2.0 million) was imposed on DSK. The Court also ordered forfeiture of the profits generated on the underlying trading activity. The Group disgorged the profits on the underlying trading activity in 2011. The criminal trial verdicts against both the DSK trader and against DSK were overturned on appeal in a decision rendered by the Seoul High Court on 12 December 2018. The Korean Prosecutor's Office has appealed the Seoul High Court decision.

In addition, a number of civil actions have been filed in Korean courts against Deutsche Bank and DSK by certain parties who allege they incurred losses as a consequence of the fall in the KOSPI 200 on 11 November 2010. First instance court decisions were rendered against the Bank and DSK in some of these cases starting in the fourth quarter of 2015. The outstanding claims known to Deutsche Bank have an aggregate claim amount of less than € 50 million (at present exchange rates).

#### Life Settlements Investigation

On 2 May 2017, the U.S. Attorney's Office for the Southern District of New York notified the Bank that it has closed its investigation of the Bank's historical life settlements business, which included the origination and purchase of investments in life insurance assets during the 2005 to 2008 period. As is customary, the U.S. Attorney's Office further informed the Bank that it may reopen its investigation if it obtains additional information or evidence.

#### Monte Dei Paschi

In March 2013, Banca Monte dei Paschi di Siena ("MPS") initiated civil proceedings in Italy against Deutsche Bank alleging that Deutsche Bank assisted former MPS senior management in an accounting fraud on MPS, by undertaking repo transactions with MPS and "Santorini", a wholly owned special-purpose vehicle of MPS, which helped MPS defer losses on a previous transaction undertaken with Deutsche Bank. Subsequently, in July 2013, the Fondazione Monte dei Paschi di Siena ("FMPS"), MPS' largest shareholder, also commenced civil proceedings in Italy for damages based on substantially the same facts. In December 2013, Deutsche Bank reached an agreement with MPS to settle the civil proceedings and the transactions were unwound. The civil proceedings initiated by FMPS, in which damages of between € 220 million and € 381 million were claimed, were also recently settled upon payment by Deutsche Bank of € 17.5 million. . FMPS's separate claim filed in July 2014

against FMPS's former administrators and a syndicate of 12 banks including Deutsche Bank S.p.A. for € 286 million continues to be pending before the first instance Florence courts.

A criminal investigation was launched by the Siena Public Prosecutor into the transactions entered into by MPS with Deutsche Bank and certain unrelated transactions entered into by MPS with other parties. Such investigation was moved in summer 2014 from Siena to the Milan Public Prosecutors as a result of a change in the alleged charges being investigated. On 16 February 2016, the Milan Public Prosecutors issued a request of committal to trial against Deutsche Bank and six current and former employees. The committal process concluded with a hearing on 1 October 2016, during which the Milan court committed all defendants in the criminal proceedings to trial. Deutsche Bank's potential exposure is for administrative liability under Italian Legislative Decree n. 231/2001 and for civil vicarious liability as an employer of current and former Deutsche Bank employees who are being criminally prosecuted. A verdict is not expected before summer 2019.

On 22 May 2018, CONSOB, the authority responsible for regulating the Italian financial markets, issued fines of € 100,000 each against the six current and former employees of Deutsche Bank who are individual defendants in the criminal proceedings. The six individuals were also banned from performing management functions in Italy and for Italian based institutions for three to six months each. No separate fine or sanction was imposed on Deutsche Bank but it is jointly and severally liable for the six current/former Deutsche Bank employees' fines. On 14 June 2018, Deutsche Bank and the six individuals filed an appeal in the Milan Court of Appeal challenging CONSOB's decision and one of the individuals sought a stay of enforcement of the fine against that individual. The stay was granted on 21 July 2018. The hearing of the appeal is scheduled for 5 June 2019 with a verdict expected by the end of 2019.

#### Mortgage-Related and Asset-Backed Securities Matters and Investigation

*Regulatory and Governmental Matters.* Deutsche Bank, along with certain affiliates (collectively referred in these paragraphs to as "Deutsche Bank"), have received subpoenas and requests for information from certain regulators and government entities, including members of the Residential Mortgage-Backed Securities Working Group of the U.S. Financial Fraud Enforcement Task Force, concerning its activities regarding the origination, purchase, securitization, sale, valuation and/or trading of mortgage loans, residential mortgage-backed securities (RMBS), commercial mortgage-backed securities (CMBS), collateralized debt obligations (CDOs), other asset-backed securities and credit derivatives. Deutsche Bank is cooperating fully in response to those subpoenas and requests for information.

On 23 December 2016, Deutsche Bank announced that it reached a settlement-in-principle with the DOJ to resolve potential claims related to its RMBS business conducted from 2005 to 2007. The settlement became final and was announced by the DOJ on 17 January 2017. Under the settlement, Deutsche Bank paid a civil monetary penalty of U.S.\$ 3.1 billion and agreed to provide U.S.\$ 4.1 billion in consumer relief.

In September 2016, Deutsche Bank received administrative subpoenas from the Maryland Attorney General seeking information concerning Deutsche Bank's RMBS and CDO businesses from 2002 to 2009. On 1 June 2017, Deutsche Bank and the Maryland Attorney General reached a settlement to resolve the matter for U.S.\$ 15 million in cash and U.S.\$ 80 million in consumer relief (to be allocated from the overall U.S.\$ 4.1 billion consumer relief obligation agreed to as part of Deutsche Bank's settlement with the DOJ).

The Group has recorded provisions with respect to some of the outstanding regulatory investigations but not others, a portion of which relates to the consumer relief being provided under the DOJ settlement. The Group has not disclosed the amount of these provisions because it has concluded that such disclosure can be expected to prejudice seriously the resolution of these matters.

*Issuer and Underwriter Civil Litigation.* Deutsche Bank has been named as defendant in numerous civil litigations brought by private parties in connection with its various roles, including issuer or underwriter, in offerings of RMBS and other asset-backed securities. These cases, described below, allege that the offering documents contained material misrepresentations and omissions, including with regard to the underwriting standards pursuant to which the underlying mortgage loans were issued, or assert that various representations or warranties relating to the loans were breached at the time of origination. The Group has recorded provisions with respect to several of these civil cases, but has not recorded provisions with respect to all of these matters. The Group has not disclosed the

amount of these provisions because it has concluded that such disclosure can be expected to prejudice seriously the resolution of these matters.

Deutsche Bank is a defendant in a class action relating to its role as one of the underwriters of six RMBS offerings issued by Novastar Mortgage Corporation. No specific damages are alleged in the complaint. The lawsuit was brought by plaintiffs representing a class of investors who purchased certificates in those offerings. The parties reached a settlement to resolve the matter for a total of U.S.\$ 165 million, a portion of which was paid by the Bank. On 30 August 2017, FHFA/Freddie Mac filed an objection to the settlement and shortly thereafter appealed the district court's denial of their request to stay settlement approval proceedings, which appeal was resolved against FHFA/Freddie Mac. The court approved the settlement on 7. March 2019 over FHFA/Freddie Mac's objections. The parties have 60 days from entry of the order to file an appeal.

Deutsche Bank is a defendant in three actions related to RMBS offerings brought by the U.S. Federal Deposit Insurance Corporation (FDIC) as receiver for: (a) Colonial Bank (alleging no less than U.S.\$ 213 million in damages against all defendants), (b) Guaranty Bank (alleging no less than U.S.\$ 901 million in damages against all defendants), and (c) Citizens National Bank and Strategic Capital Bank (alleging an unspecified amount in damages against all defendants). In each of these actions, the appellate courts reinstated claims previously dismissed on statute of limitations grounds and petitions for rehearing and certiorari to the U.S. Supreme Court were denied. In the case concerning Colonial Bank, on 21 June 2017, the FDIC filed a second amended complaint, which defendants moved to dismiss on 7 September 2017. On 2 March 2018, the court granted in part and denied in part defendants' motion to dismiss. Fact discovery largely concluded in March 2019, and the parties are discussing a schedule for expert discovery. In the case concerning Guaranty Bank, on 14 September 2017, the court granted in part Deutsche Bank's motion for summary judgment regarding the proper method of calculating pre-judgment interest. On 31 August 2018, the court vacated the March 2019 trial date. On 27 September 2018, the court ordered that the case must go to mediation before 11 January 2019, and that it is stayed in the meantime. The parties engaged in mediation on 27 November 2018. No settlement was reached during the mediation. The court re-opened the case and, on 2 January 2019, set a trial date of 26 August 2019. On 25 March 2019, the court granted in part Deutsche Bank's motion to preclude the FDIC from asserting certain damages testimony, and denied the FDIC's motion to strike one of Deutsche Bank's damages experts. In the case concerning Citizens National Bank and Strategic Capital Bank, on 31 July 2017, the FDIC filed a second amended complaint, which defendants moved to dismiss on 14 September 2017.

The case is stayed pending resolution of defendants' motion to dismiss. Deutsche Bank is a defendant in an action brought by Royal Park Investments (as purported assignee of claims of a special-purpose vehicle created to acquire certain assets of Fortis Bank) alleging common law claims related to the purchase of RMBS. The complaint did not specify the amount of damages sought. On 17 April 2017, the court dismissed the complaint, and on 13 February 2018 the plaintiff filed its appeal. On 9 October 2018, the dismissal was affirmed by the appellate court. Plaintiff filed a motion for leave to appeal to the New York Court of Appeals on 8 November 2018. Defendants filed an opposition on 21 November 2018, which completed the briefing. On 15 January 2019, the New York Court of Appeals denied the motion.

In June 2014, HSBC, as trustee, brought an action in New York state court against Deutsche Bank to revive a prior action, alleging that Deutsche Bank failed to repurchase mortgage loans in the ACE Securities Corp. 2006-SL2 RMBS offering. The revival action was stayed during the pendency of an appeal of the dismissal of a separate action wherein HSBC, as trustee, brought an action against Deutsche Bank alleging breaches of representations and warranties made by Deutsche Bank concerning the mortgage loans in the same offering. On 29 March 2016, the court dismissed the revival action, and on 29 April 2016, plaintiff filed a notice of appeal. Plaintiff's appeal has been adjourned to the appellate court's September 2019 term. Deutsche Bank is a defendant in two cases brought initially by RMBS investors and subsequently by HSBC, as trustee, in New York state court. The cases allege breaches of loan-level representations and warranties in the ACE Securities Corp. 2006-FM1 and ACE Securities Corp. 2007-ASAP1 RMBS offerings, respectively. Both cases were dismissed on statute of limitations grounds by the trial court on 28 March 2018. Plaintiff has appealed the dismissals, which appeals remain pending.

In the actions against Deutsche Bank solely as an underwriter of other issuers' RMBS offerings, Deutsche Bank has contractual rights to indemnification from the issuers, but those indemnity rights may in whole or in part prove effectively unenforceable where the issuers are now or may in the future be in bankruptcy or otherwise defunct.

*Trustee Civil Litigation.* Deutsche Bank is a defendant in civil lawsuits brought by various groups of investors concerning its role as trustee of certain RMBS trusts. The actions generally allege claims for breach of contract, breach of fiduciary duty, breach of the duty to avoid conflicts of interest, negligence and/or violations of the U.S. Trust Indenture Act of 1939, based on the trustees' alleged failure to perform adequately certain obligations and/or duties as trustee for the trusts. Two putative class actions brought by a group of investors, including funds managed by BlackRock Advisors, LLC, PIMCO-Advisors, L.P., and others recently were settled. One of these putative class actions was pending in the Superior Court of California until the court dismissed the action with prejudice on 11 January 2019. The second putative class action was pending in the U.S. District Court for the Southern District of New York and was dismissed with prejudice on 6 December 2018. Deutsche Bank was also a defendant in a lawsuit brought by the Western and Southern Life Insurance Company and five related entities, but on 28 September 2017, plaintiffs filed a notice of voluntary dismissal of their claims. Deutsche Bank is currently a defendant in six separate civil lawsuits – two putative class actions and four individual lawsuits. The putative class actions were brought by Royal Park Investments SA/NV, concern 10 trusts, and are pending in the U.S. District Court for the Southern District of New York. In the first case, which plaintiff filed on 18 June 2014, plaintiff alleges that the trusts suffered total realized collateral losses of more than U.S.\$ 3.1 billion, although the complaint does not specify a damage amount. On 29 March 2018, the court issued an order denying plaintiff's renewed motion for class certification, and on 7 August 2018, the court of appeals denied plaintiff's motion for leave to immediately appeal the denial of class certification. On 28 September 2018, the court denied plaintiff's motion seeking permission to prove liability and damages using a statistical sample of the loans at issue in the case. Discovery is ongoing. On 4 August 2017, Royal Park filed a separate, additional class action complaint against the trustee asserting claims for breach of contract, unjust enrichment, conversion, breach of trust, equitable accounting and declaratory and injunctive relief arising out of the payment from trust funds of the trustee's legal fees and expenses in the other, ongoing Royal Park litigation. On 13 August 2018, the court stayed the action pending resolution of the underlying Royal Park litigation and denied the trustee's motion to dismiss without prejudice to its refiling once the stay is lifted.

The four individual lawsuits include actions by (a) the National Credit Union Administration Board ("NCUA"), as an investor in 37 trusts, which allegedly suffered total realized collateral losses of U.S.\$ 8.5 billion; (b) certain CDOs (collectively, "Phoenix Light") that hold RMBS certificates issued by 43 RMBS trusts, and seeking "hundreds of millions of dollars in damages"; (c) Commerzbank AG, as an investor in 50 RMBS trusts, seeking recovery for alleged "hundreds of millions of dollars in losses;" and (d) IKB International, S.A. in Liquidation and IKB Deutsche Industriebank AG (collectively, "IKB"), as an investor in 30 RMBS trusts, seeking more than U.S. \$ 268 million of damages. In the NCUA case, NCUA notified the court on 31 August 2018 that it was dismissing claims relating to 60 out of the 97 trusts originally at issue; NCUA's a motion for leave to amend its complaint and Deutsche Bank's motion to dismiss the complaint if the court grants NCUA's motion for leave to amend are fully briefed as of 19 December 2018. In the Phoenix Light case, the plaintiffs filed an amended complaint on 27 September 2017, and the trustees filed an answer to the complaint on 13 November 2017. On 7 December 2018, the parties filed motions for summary judgment. In the Commerzbank case, the plaintiff filed an amended complaint on 30 November 2017, and the trustees filed an answer to the complaint on 29 January 2018. On 7 December 2018, the parties filed motions for summary judgment. In the IKB case, the court heard oral argument on the trustee's motion to dismiss on 3 May 2017, but has not yet issued a decision. On 20 June 2017, the IKB plaintiffs stipulated to the dismissal with prejudice of all claims asserted against Deutsche Bank concerning four trusts. Discovery is ongoing.

The Group has established contingent liabilities and provisions with respect to certain of these matters but the Group has not disclosed the amounts because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these matters.

#### Parmalat Litigation

Following the bankruptcy of the Italian company Parmalat, prosecutors in Parma conducted a criminal investigation against various bank employees, including employees of Deutsche Bank, and brought charges of fraudulent bankruptcy and usury against a number of Deutsche Bank employees and others. The trial commenced in September 2009 and a verdict was recently delivered in July 2017. The Deutsche Bank employees were acquitted and, as a result thereof, Deutsche Bank will not be held to have vicarious liability in connection with the actions of the bank employees. The court published its reasoning in January 2018, and the prosecutor did not appeal within the applicable time period, so that the criminal proceedings can now be considered to be at an end.

On 28 June 2018, Deutsche Bank received formal certification from the Court of Parma that its decision had become final.

#### Pas-de-Calais Habitat

On 31 May 2012, Pas-de-Calais Habitat ("PDCH"), a public housing office, initiated proceedings before the Paris Commercial Court against Deutsche Bank in relation to four swap contracts entered into in 2006, restructured on 19 March 2007 and 18 January 2008 and subsequently restructured in 2009 and on 15 June 2010. PDCH asked the Court to declare the 19 March 2007 and 18 January 2008 swap contracts null and void, or terminated, or to grant damages to PDCH in an amount of approximately € 170 million on the grounds that, inter alia, Deutsche Bank committed fraudulent and deceitful acts, manipulated the LIBOR and EURIBOR rates which are used as a basis for calculating the sums due by PDCH under the swap contracts and breached its obligations to warn, advise and inform PDCH. In December 2018, Deutsche Bank and PDCH reached an agreement to settle these proceedings.

#### Pension Plan Assets

The Group sponsors a number of post-employment benefit plans on behalf of its employees. In Germany, the pension assets that fund the obligations under these pension plans are held by Benefit Trust GmbH. The German tax authorities are challenging the tax treatment of certain income received by Benefit Trust GmbH in the years 2010 to 2013 with respect to its pension plan assets. For the year 2010 Benefit Trust GmbH paid the amount of tax and interest assessed of € 160 million to the tax authorities and is seeking a refund of the amounts paid in litigation. For 2011 to 2013 the matter is stayed pending the outcome of the 2010 tax litigation. The amount of tax and interest under dispute for years 2011 to 2013, which also has been paid to the tax authorities, amounts to € 456 million. In March 2017, the lower fiscal court ruled in favor of Benefit Trust GmbH and in September 2017 the tax authorities appealed the decision to the German supreme fiscal court (*Bundesfinanzhof*). A decision by the supreme fiscal court is not expected for a number of years.

#### Postbank Voluntary Public Takeover Offer

On 12 September 2010, Deutsche Bank announced the decision to make a voluntary takeover offer for the acquisition of all shares in Deutsche Postbank AG (Postbank). On 7 October 2010, the Bank published the official offer document. In its takeover offer, Deutsche Bank offered Postbank shareholders consideration of € 25 for each Postbank share. The takeover offer was accepted for a total of approximately 48.2 million Postbank shares.

In November 2010, a former shareholder of Postbank, Effecten-Spiegel AG, which had accepted the takeover offer, brought a claim against Deutsche Bank alleging that the offer price was too low and was not determined in accordance with the applicable law of the Federal Republic of Germany. The plaintiff alleges that Deutsche Bank had been obliged to make a mandatory takeover offer for all shares in Postbank, at the latest, in 2009. The plaintiff avers that, at the latest in 2009, the voting rights of Deutsche Post AG in Postbank had to be attributed to Deutsche Bank AG pursuant to Section 30 of the German Takeover Act. Based thereon, the plaintiff alleges that the consideration offered by Deutsche Bank AG for the shares in Postbank in the 2010 voluntary takeover offer needed to be raised to € 57.25 per share.

The Regional Court Cologne (Landgericht) dismissed the claim in 2011 and the Cologne appellate court dismissed the appeal in 2012. The Federal Court set aside the Cologne appellate court's judgment and referred the case back to the appellate court. In its judgment, the Federal Court stated that the appellate court had not sufficiently considered the plaintiff's allegation that Deutsche Bank AG and Deutsche Post AG "acted in concert" in 2009.

Starting in 2014, additional former shareholders of Postbank, who accepted the 2010 tender offer, brought similar claims as Effecten-Spiegel AG against Deutsche Bank which are pending with the Regional Court Cologne and the Higher Regional Court of Cologne, respectively. On 20 October 2017, the Regional Court Cologne handed down a decision granting the claims in a total of 14 cases which were combined in one proceeding. The Regional Court Cologne took the view that Deutsche Bank was obliged to make a mandatory takeover offer already in 2008 so that the appropriate consideration to be offered in the takeover offer should have been € 57.25 per share. Taking the consideration paid into account, the additional consideration per share owed to shareholders which have accepted the takeover offer would thus amount to € 32.25. Deutsche Bank appealed this decision and the

appeal has been assigned to the 13th Senate of the Higher Regional Court of Cologne, which also is hearing the appeal of Effecten-Spiegel AG.

On 8 November 2017, a hearing took place before the Higher Regional Court of Cologne in the Effecten-Spiegel case. In that hearing, the Higher Regional Court indicated that it disagreed with the conclusions of the Regional Court Cologne and took the preliminary view that Deutsche Bank was not obliged to make a mandatory takeover offer in 2008 or 2009. Initially the Higher Regional Court resolved to announce a decision on 13 December 2017. However, this was postponed to February 2018 because the plaintiff challenged the three members of the 13th Senate of the Higher Regional Court of Cologne for alleged prejudice. The challenge was rejected by the Higher Regional Court of Cologne at the end of January 2018. In February 2018, the court granted a motion by Effecten-Spiegel AG to re-open the hearing.

The Higher Regional Court informed the parties by notice dated 19 February 2019 that it has doubts that an acting in concert can be based on the contractual clauses which the Regional Court Cologne found to be sufficient to assume an acting in concert (and to grant the plaintiffs' claims in October 2017). Against this background, the Higher Regional Court resolved to take further evidence and to call a number of witnesses in both cases who shall be heard from 30 October 2019 until at least 11 December 2019 in weekly hearings. The individuals to be heard include current and former board members of Deutsche Bank, Deutsche Post AG and Postbank as well as other persons involved in the Postbank transaction. In addition, the court had informed the parties that it was considering to request from Deutsche Bank the production of relevant transaction documents. Thereafter, on 15 April 2019, the Higher Regional Court Cologne issued non-appealable orders for the production of relevant transaction documents by 6 May 2019. The documents to be produced by Deutsche Bank include the original sale and purchase agreement related to the acquisition of Postbank shares between Deutsche Bank and Deutsche Post AG dated 12 September 2008, the related postponement agreement dated 22 December 2008 and the related amendment agreement dated 14 January 2009. In addition, Deutsche Bank was ordered to produce the indenture for a mandatory exchangeable bond dated 25 February 2009 as well as a pledge agreement dated 30 December 2008. The court orders currently only relate to the main bodies of the respective contracts, but the court may extend its orders to exhibits of those contracts at a later point in time. This extension of the taking of evidence may further delay the proceedings. Stefan Krause, a former Deutsche Bank Management Board member, (who is to testify on request of the plaintiffs) has invoked the right to refuse to give testimony because in February 2018 a law firm representing some plaintiffs in the above-mentioned civil actions had filed a criminal complaint with the public prosecutor in Frankfurt am Main against certain Deutsche Bank personnel alleging that they engaged in fraudulent conduct in connection with the takeover offer. However, the competent public prosecutors rejected opening proceedings. On 10 April 2019, the Higher Regional Court Cologne issued a non-appealable decision acknowledging Mr. Krause's right to refuse to give testimony. Deutsche Bank has been served with a large number of additional lawsuits filed against Deutsche Bank shortly before the end of 2017, almost all of which are now pending with the Regional Court Cologne. Some of the new plaintiffs allege that the consideration offered by Deutsche Bank AG for the shares in Postbank in the 2010 voluntary takeover should be raised to € 64.25 per share. The claims for payment against Deutsche Bank in relation to these matters total almost € 700 million (excluding interest).

The Group has established a contingent liability with respect to these matters but the Group has not disclosed the amount of this contingent liability because it has concluded that such disclosure can be expected to prejudice seriously the outcome of these matters.

#### Further Proceedings Relating to the Postbank Takeover

In September 2015, former shareholders of Postbank filed in the Regional Court Cologne shareholder actions against Postbank to set aside the squeeze-out resolution taken in the shareholders meeting of Postbank in August 2015. Among other things, the plaintiffs allege that Deutsche Bank was subject to a suspension of voting rights with respect to its shares in Postbank based on the allegation that Deutsche Bank failed to make a mandatory takeover offer at a higher price in 2009. The squeeze out is final and the proceeding itself has no reversal effect, but may result in damage payments. The claimants in this proceeding refer to legal arguments similar to those asserted in the Effecten-Spiegel proceeding described above. In a decision on 20 October 2017, the Regional Court Cologne declared the squeeze-out resolution to be void. The court, however, did not rely on a suspension of voting rights due to an alleged failure of Deutsche Bank to make a mandatory takeover offer, but argued that Postbank violated information rights of Postbank shareholders in Postbank's shareholders meeting in August 2015. Postbank has appealed this decision.

The legal question of whether Deutsche Bank had been obliged to make a mandatory takeover offer for all Postbank shares prior to its 2010 voluntary takeover may also impact two pending appraisal proceedings (*Spruchverfahren*). These proceedings were initiated by former Postbank shareholders with the aim to increase the cash compensation offered in connection with the squeeze-out of Postbank shareholders in 2015 and the cash compensation offered and annual guaranteed dividend paid in connection with the execution of a domination and profit and loss transfer agreement (*Beherrschungs- und Gewinnabführungsvertrag*) between DB Finanz-Holding AG (now DB Beteiligungs-Holding GmbH) and Postbank in 2012. The Regional Court Cologne issued resolutions indicating that it is inclined to consider a potential obligation of Deutsche Bank to make a mandatory takeover offer for Postbank at an offer price of € 57.25 when determining the adequate cash compensation in the appraisal proceedings. The cash compensation paid in connection with the domination and profit and loss transfer agreement was € 25.18 and was accepted for approximately 0.5 million shares. The squeeze-out compensation paid in 2015 was € 35.05 and approximately 7 million shares were squeezed-out.

The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

### Precious Metals Investigations and Litigations

Deutsche Bank received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to investigations of precious metals trading and related conduct. Deutsche Bank is cooperating with these investigations, and engaging with relevant authorities, as appropriate. On 29 January 2018, the Bank entered into a U.S.\$ 30 million settlement with the U.S. Commodity Futures Trading Commission ("CFTC") to resolve the CFTC's investigation concerning spoofing, manipulation and attempted manipulation in precious metals futures, as well as the manipulation and attempted manipulation of stop loss orders. The order requires that the Bank, among other things, maintain systems and controls reasonably designed to detect spoofing, and maintain training regarding spoofing, manipulation and attempted manipulation. The order also requires the Bank to continue to cooperate with the CFTC.

Deutsche Bank is a defendant in two consolidated class action lawsuits pending in the U.S. District Court for the Southern District of New York. The suits allege violations of U.S. antitrust law, the U.S. Commodity Exchange Act and related state law arising out of the alleged manipulation of gold and silver prices through participation in the Gold and Silver Fixes, but do not specify the damages sought. Deutsche Bank has reached agreements to settle the gold action for U.S.\$ 60 million and the silver action for U.S.\$ 38 million. The agreements remain subject to final court approval.

In addition, Deutsche Bank is a defendant in Canadian class action proceedings in the provinces of Ontario and Quebec concerning gold and silver. Each of the proceedings seeks damages for alleged violations of the Canadian Competition Act and other causes of action. Deutsche Bank has reached agreements to settle these actions. The agreements remain subject to court approval, and the amounts are not material to the Bank.

### Pre-Release ADRs

Deutsche Bank and certain affiliates have received inquiries from certain European regulatory, tax and law enforcement authorities, including requests for documents and information, with respect to American Depositary Receipts (ADRs), including ADRs that have been issued on a "pre-release" basis ("pre-release ADRs"). Deutsche Bank is cooperating with these inquiries.

On 20 July 2018, the U.S. Securities and Exchange Commission (SEC) announced that it had reached civil settlements with Deutsche Bank Trust Company Americas ("DBTCA") and Deutsche Bank Securities Inc. ("DBSI") in this matter. The settlements resolved SEC claims that DBTCA was negligent in issuing pre-release ADRs under certain circumstances, and that DBSI failed reasonably to supervise employees who were negligent in borrowing and lending pre-release ADRs. The settlements required DBTCA and DBSI to pay a combined financial sanction of approximately US\$ 75 million, and the SEC ordered DBTCA to cease and desist from committing or causing any violations and any future violations of Section 17(a)(3) of the Securities Act of 1933.

### Regula Ltd. Clients AML Investigations

On 29 November 2018, based on a search warrant issued by the Local Court (Amtsgericht) in Frankfurt, Deutsche Bank's offices in Frankfurt were searched by German law enforcement authorities on the suspicion that two employees – and as-yet unidentified further individuals – deliberately abstained from issuing suspicious activity reports (SARs) in a timely manner and aided and abetted money laundering in connection with Deutsche Bank's offshore trust business. The physical searches ended on 30 November 2018. Nevertheless, the search remains formally open until Deutsche Bank has completed additional data deliveries. The Bank is cooperating in the investigation, as has been publicly acknowledged by the Frankfurt Public Prosecutor's Office.

### Russia/UK Equities Trading Investigation

Deutsche Bank has investigated the circumstances around equity trades entered into by certain clients with Deutsche Bank in Moscow and London that offset one another. The total volume of transactions reviewed is significant. Deutsche Bank's internal investigation of potential violations of law, regulation and policy and into the related internal control environment has concluded, and Deutsche Bank has assessed the findings identified during the investigation; to date it has identified certain violations of Deutsche Bank's policies and deficiencies in Deutsche Bank's control environment. Deutsche Bank has advised regulators and law enforcement authorities in several jurisdictions (including Germany, Russia, the UK and the United States) of this investigation. Deutsche Bank has taken disciplinary measures with regards to certain individuals in this matter

On 30 and 31 January 2017, the DFS and the FCA announced settlements with the Bank related to their investigations into this matter. The settlements conclude the DFS and the FCA's investigations into the Bank's anti-money laundering (AML) control function in its investment banking division, including in relation to the equity trading described above. Under the terms of the settlement agreement with the DFS, Deutsche Bank entered into a consent order, and agreed to pay civil monetary penalties of U.S.\$ 425 million and to engage an independent monitor for a term of up to two years. Under the terms of the settlement agreement with the FCA, Deutsche Bank agreed to pay civil monetary penalties of approximately GBP 163 million. On 30 May 2017, the Federal Reserve announced its settlement with the Bank resolving this matter as well as additional AML issues identified by the Federal Reserve. Deutsche Bank paid a penalty of U.S.\$ 41 million. Deutsche Bank also agreed to retain independent third parties to assess its Bank Secrecy Act/AML program and review certain foreign correspondent banking activity of its subsidiary Deutsche Bank Trust Company Americas. The Bank is also required to submit written remediation plans and programs.

Deutsche Bank continues to cooperate with regulators and law enforcement authorities, including the DOJ, which has its own ongoing investigation into these securities trades. The Group has recorded a provision with respect to the remaining investigation. The Group has not disclosed the amount of this provision because it has concluded that such disclosure can be expected to prejudice seriously the outcome of this matter.

### Sebastian Holdings Litigation

Litigation with Sebastian Holdings Inc. (SHI) in respect of claims arising from FX trading activities concluded in the UK Commercial Court in November 2013 when the court awarded Deutsche Bank approximately U.S.\$ 236 million plus interest and dismissed all of SHI's claims. On 27 January 2016, a New York court dismissed substantially similar claims by SHI against Deutsche Bank when it granted Deutsche Bank's motion for summary judgment based on the UK Commercial Court's judgment. The New York court also denied SHI's motion for leave to file an amended complaint. The New York court's decisions were affirmed on appeal on 28 February 2017. The New York State Court of Appeals denied SHI's motion for leave to appeal on 6 June 2017. The time for SHI to seek review by the U.S. Supreme Court has expired, and the decision is now final.

## Sovereign, Supranational and Agency Bonds (SSA) Investigations and Litigations

Deutsche Bank has received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to SSA bond trading. Deutsche Bank is cooperating with these investigations. On 20 December 2018, the European Commission sent a Statement of Objections to Deutsche Bank regarding a potential breach of EU antitrust rules in relation to secondary market trading of SSA bonds denominated in U.S. dollars. The sending of a Statement of Objections is a step in the European Commission's investigation and does not prejudice the outcome of the investigation. Deutsche Bank has proactively cooperated with the European Commission in this matter and as a result has been granted immunity. In accordance with the European Commission's guidelines, Deutsche Bank does not expect a financial penalty.

Deutsche Bank is a defendant in several putative class action complaints filed in the U.S. District Court for the Southern District of New York by alleged direct and indirect market participants claiming violations of U.S. antitrust law and common law related to alleged manipulation of the secondary trading market for SSA bonds. Deutsche Bank has reached an agreement to settle the actions by direct market participants for the amount of U.S.\$ 48.5 million and has recorded a provision in the same amount. The settlement is subject to court approval. The action filed on behalf of alleged indirect market participants is in its early stages.

Deutsche Bank is also a defendant in putative class actions filed on 7 November and 5 December 2017 in the Ontario Superior Court of Justice and Federal Court of Canada respectively, claiming violations of antitrust law and the common law relating to alleged manipulation of secondary trading of SSA bonds. The complaints rely on allegations similar to those in the U.S. class actions involving SSA bond trading, and seek compensatory and punitive damages. The cases are in their early stages.

Deutsche Bank was named as a defendant in several putative class action complaints filed in the U.S. District Court for the Southern District of New York alleging violations of U.S. antitrust law and a claim for unjust enrichment relating to Mexican government bond trading. The case is in its early stages. Deutsche Bank has also been named as a defendant in several putative class action complaints filed in the U.S. District Court for the Southern District of New York alleging violations of antitrust law and common law related to alleged manipulation of the secondary trading market for U.S. Agency bonds. These cases are in the early stages.

Other than as noted above, the Group has not disclosed whether it has established provisions or contingent liabilities with respect to the matters referred to above because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

## Transfer of Lease Assets

In December 2017, a claim for damages was filed with the Regional Court Frankfurt am Main against Deutsche Bank AG in the amount of approximately € 155 million (excluding interest). In 2006, Deutsche Bank AG (indirectly, through a special-purpose vehicle) entered into transactions according to which the plaintiff transferred certain lease assets to the special-purpose vehicle against, among others things, receipt of a preference dividend. The plaintiff alleges that Deutsche Bank had entered into an agreement with it under which Deutsche Bank provided flawed contractual documentation as a result of which the German tax authorities have disallowed the plaintiff's expected tax savings. At a hearing in September 2018, the court indicated that it intended to dismiss the claims. The plaintiff filed a post-hearing brief arguing that the claims should not be dismissed. In December 2018, the court issued an advisory order according to which Deutsche Bank AG is required to respond to the plaintiff's brief, and scheduled a further hearing for the end of June 2019.

## Trust Preferred Securities Litigation

Deutsche Bank and certain of its affiliates and former officers are the subject of a consolidated putative class action, filed in the United States District Court for the Southern District of New York, asserting claims under the federal securities laws on behalf of persons who purchased certain trust preferred securities issued by Deutsche Bank and its affiliates between October 2006 and May 2008. In a series of opinions, the court dismissed all claims as to four of the six offerings at issue, but allowed certain alleged omissions claims relating to the November 2007 and February 2008 offerings to proceed. The district court limited claims relating to the two offerings remaining in the case to alleged failures (i) to disclose "any known trends or uncertainties that have had or that the registrant reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from

continuing operations" and (ii) to disclose "the most significant factors that make the offering speculative or risky" pursuant to Items 303 and 503 of Regulation S-K. Defendants have served Answers denying all wrongdoing. On 2 October 2018, the district court certified a plaintiff class as to both offerings. Merits discovery is ongoing.

The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

#### U.S. Embargoes-Related Matters

Deutsche Bank has received requests for information from certain U.S. regulatory and law enforcement agencies concerning its historical processing of U.S. dollar payment orders through U.S. financial institutions for parties from countries subject to U.S. embargo laws in connection with investigations into whether such processing complied with U.S. federal and state laws. In 2006, Deutsche Bank voluntarily decided that it would not engage in new U.S. dollar business with counterparties in Iran, Sudan, North Korea and Cuba and with certain Syrian banks, and to exit existing U.S. dollar business with such counterparties to the extent legally possible. In 2007, Deutsche Bank decided that it would not engage in any new business, in any currency, with counterparties in Iran, Syria, Sudan and North Korea and to exit existing business, in any currency, with such counterparties to the extent legally possible; it also decided to limit its non-U.S. dollar business with counterparties in Cuba. On 3 November 2015, Deutsche Bank entered into agreements with the New York State Department of Financial Services and the Federal Reserve Bank of New York to resolve their investigations of Deutsche Bank. Deutsche Bank paid the two agencies U.S.\$ 200 million and U.S.\$ 58 million, respectively, and agreed not to rehire certain former employees. In addition, the New York State Department of Financial Services ordered Deutsche Bank to terminate certain employees and Deutsche Bank agreed to retain an independent monitor for one year, and the Federal Reserve Bank of New York ordered certain remedial measures including ensuring an effective OFAC compliance program and an annual review of such program by an independent party until the Federal Reserve Bank of New York is satisfied as to its effectiveness.

The Group has not disclosed whether it has established a provision or contingent liability with respect to this matter because it has concluded that such disclosure can be expected to prejudice seriously its outcome.

#### U.S. Treasury Securities Investigations and Litigations

Deutsche Bank has received inquiries from certain regulatory and law enforcement authorities, including requests for information and documents, pertaining to U.S. Treasuries auctions, trading, and related market activity. Deutsche Bank is cooperating with these investigations.

Deutsche Bank's subsidiary Deutsche Bank Securities Inc. (DBSI) was a defendant in several putative class actions alleging violations of U.S. antitrust law, the U.S. Commodity Exchange Act and common law related to the alleged manipulation of the U.S. Treasury securities market. These cases have been consolidated in the Southern District of New York. On 16 November 2017, plaintiffs filed a consolidated amended complaint, which did not name DBSI as a defendant. On 11 December 2017, the court dismissed DBSI from the class action without prejudice.

The Group has not disclosed whether it has established a provision or contingent liability with respect to these matters because it has concluded that such disclosure can be expected to prejudice seriously their outcome.

#### Vestia

In December 2016, Stichting Vestia, a Dutch housing association, commenced proceedings against Deutsche Bank in England. The proceedings relate to derivatives entered into between Stichting Vestia and Deutsche Bank between 2005 and 2012. Stichting Vestia alleges that certain of the transactions entered into by it with Deutsche Bank should be set aside on the grounds that they were not within its capacity and/or were induced by the bribery of Vestia's treasurer by an intermediary involved in those transactions. The sums claimed by Stichting Vestia are made up of different elements, some of which have not yet been quantified. The amount claimed at this stage ranges between € 757 million and € 837 million, plus compound interest. The trial is due to commence on 9 May 2019 and is scheduled to last for 8 to 10 weeks. Deutsche Bank is defending against the claim.

## DESCRIPTION OF THE SECURITIES

### DESCRIPTION OF INTEREST RATE AND REDEMPTION PROVISIONS

The Programme contemplates the issue of a wide variety of Securities with different interest and redemption provisions.

#### Interest

The Securities to be issued under the Programme may pay either (a) fixed amounts of interest, (b) variable amounts of interest or (c) no interest at all. An overview of the different interest rate provisions is set out below, where applicable specifying provisions which may occur in relation to certain types of Exempt Securities only.

##### *Fixed Rate Interest*

Securities bearing or paying a fixed rate of interest may either pay a specified fixed amount of interest on specified interest payment dates or, depending on the fulfilment of certain conditions, pay a fixed amount of interest on specified interest payment dates.

The fixed rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Where the specified interest payment dates provide for irregular interest accrual periods, a day count fraction agreed between the Issuer and the relevant Dealer will be applied and the amount of interest will be calculated on the basis of that day count fraction.

##### *Floating and other Variable Rate Interest*

Securities bearing or paying a floating or other variable rate of interest may either pay a variable amount of interest on specified interest payment dates or, depending on the fulfilment of certain conditions, pay a variable amount of interest on specified interest payment dates.

The floating or other variable rate of interest may apply to the Securities for the duration of the Securities or for a limited period of time during the life of the Securities. Interest in respect of each interest period will be calculated on the basis of the day count fraction agreed between the Issuer and the relevant Dealer and will be payable on specified interest payment dates.

Floating or other variable rates of interest may be determined by reference to a rate determined:

- (a) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (b) on the same basis as the floating rate under a notional interest rate swap incorporating the 2006 ISDA Definitions; or
- (c) by reference to the value or performance of an underlying reference item which is an inflation index, underlying reference items comprising one or more indices or equities or, in the case of Exempt Securities, one or more other underlying reference items ("**Reference Items**", and each a "**Reference Item**") (described below); or
- (d) in the case of Exempt Securities, on such other basis as may be agreed between the Issuer and the relevant Dealer.

In addition, a margin agreed between the Issuer and the relevant Dealer may be applied to the floating or other variable rate of interest.

Securities bearing or paying Reference Item linked interest may only be Notes.

### *Inverse Floating Rate Notes*

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate.

#### **Reference Rates**

A reference rate may be any one or more of EURIBOR (the European Interbank Offered Rate), LIBOR (the London Interbank Offered Rate), STIBOR (the Stockholm Interbank Offered Rate), NIBOR (the Norwegian Interbank Offered Rate), BBSW (the Australian Bank Bill Swap Rate), SONIA (the daily Sterling Overnight Index Average), a CMS (constant maturity swap) rate or any other interest or other rate that appears on a reference page.

If the reference rate for the Securities is EURIBOR, LIBOR, STIBOR, NIBOR, BBSW or SONIA, the floating rate will be determined by reference to the relevant reference page.

EURIBOR is the rate of interest quoted by banks operating in the European interbank market for the Euro.

LIBOR is the rate of interest quoted by banks operating in the London interbank market for certain specified currencies.

STIBOR is the rate of interest based on the interest rates at which banks offer to lend unsecured funds to other banks in the Stockholm interbank market.

NIBOR is the rate of interest lenders require for unsecured money market lending in Norwegian Kroner (NOK).

BBSW is the rate for Australian prime bank eligible securities with tenors of 1 to 6 months.

SONIA is the average of the interest rates that banks pay to borrow Sterling in unsecured overnight transactions from other financial institutions in the London market.

If the reference rate for interest payments is a CMS rate, the floating rate will be determined by reference to the relevant reference page. The rate is reset periodically. Details of the relevant CMS rate will be specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

If the floating or other variable rate of interest is calculated by reference to a reference rate that is different to those contemplated above, then the reference page for such reference rate will be set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, if the reference rate is not available on a recognised reference page published by an information provider, details on how the reference rate is calculated will be set out in the applicable Pricing Supplement. For the avoidance of doubt, potential investors should note that the rates specified above can be used in the calculation of the redemption amount in respect of a series of Securities.

#### *Other*

Interest bearing Securities may be issued which bear or pay interest based on any combination of the above, for example bearing or paying interest based on a combination of fixed and variable rates.

#### *Non-Interest Bearing Securities and Zero Coupon Securities*

Securities may be issued under the Programme that do not bear or pay any interest including Zero Coupon Securities which amortise over the life of the Securities. Zero Coupon Securities may be issued at a discount to par.

#### **Redemption**

The Securities issued under the Programme may be redeemed at maturity or in certain circumstances prior to maturity.

If Securities are redeemed at maturity the redemption amount may be equal to the principal amount (redemption at par) or determined by reference to:

- (a) the value or performance of one or more underlying Reference Items (as explained below in "*Reference Items*"); or
- (b) a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (c) in the case of Exempt Securities, the floating rate under a notional interest rate swap incorporating the 2006 ISDA Definitions; or
- (d) in the case of Exempt Securities, on such other basis as may be agreed between the Issuer and the relevant Dealer.

If the Securities are redeemed prior to maturity and if specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), early redemption unwind costs may be deducted from the early redemption amount. The early redemption unwind costs may include, but are not limited to, the Issuer's costs associated with unwinding any related hedging arrangements related to the Securities it may have in place.

The Securities may be redeemed prior to maturity in the following circumstances:

- (a) at the option of the Issuer (in the case of (i) Securities where the Issuer Call option is specified as applicable in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities or (ii) certain Securities bearing or paying a floating or other variable rate of interest following a rate replacement event);
- (b) at the option of the Securityholder (in the case of Securities where the Investor Put option is specified as applicable in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (c) for taxation reasons (if specified in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (d) following an illegality;
- (e) following a regulatory event (if specified in the applicable Final Terms or Pricing Supplement, in the case of Exempt Securities);
- (f) following an index adjustment event (in the case of Securities linked to an index or a basket of indices);
- (g) following certain corporate actions or events (in the case of Securities linked to an equity or a basket of equities);
- (h) following the cessation and publication of the index where there is no replacement or successor index (in the case of Securities linked to an inflation index);
- (i) following a merger event (in the case of Securities linked to the credit of one or more reference entities);
- (j) following an event of default; and
- (k) in the case of Exempt Securities, any other event specified in the applicable Pricing Supplement.

In each case the amount received by an investor may be (i) par, (ii) below par or (iii) above par, as specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

Depending on the nature of the Securities, redemption at maturity or prior to maturity may be by way of (A) cash settlement, (B) physical settlement or (C) cash and/or physical settlement.

Securities for which redemption is Reference Item linked may only be Notes.

An overview of certain redemption provisions is set out below.

*Early Redemption at the option of the Issuer*

Securities may include a call option. A call option gives the Issuer the right (but not the obligation) to redeem the Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on exercise of the call option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

*Early Redemption at the option of the Securityholder*

Securities may include a put option. A put option gives the investor the right to require the Issuer to redeem its Securities on specified date(s) or during a specified period prior to maturity. The redemption amount payable on redemption following exercise of a put option will be agreed between the Issuer and the relevant Dealer and set out in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities).

*Redemption following taxation reasons*

Securities may be subject to early redemption in the event that as a result of any change in, or amendment to, the laws or regulations prevailing in Germany, certain withholding taxes are levied on payments of principal or interest in respect of the Securities and the Issuer is obliged to pay Additional Amounts as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following an Illegality*

Securities may be subject to early redemption in the event that the Issuer's obligations under the Securities or any arrangements made to hedge the Issuer's obligations under the Securities has or will become unlawful as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following a Regulatory Event*

Securities may be subject to early redemption following any change in, or amendment to, Capital Regulations which are in effect at the Issue Date as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following an Index Adjustment Event*

Securities linked to an index or basket of indices may be subject to early redemption following an Index Adjustment Event as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following certain corporate actions or events*

Securities linked to an equity or basket of equities may be subject to early redemption in the event of certain corporate actions or events occurring in respect of the relevant equity issuer(s) as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following cessation of publication of Inflation Index*

Securities may be subject to early redemption in the event that the relevant Inflation Index is not published or announced and no replacement Inflation Index can be determined as more fully set out under "*Terms and Conditions of the Securities*".

*Redemption following a Merger Event*

Securities linked to the credit of one or more reference entities may be subject to early redemption in the event of a Merger Event in respect of the Issuer or any reference entity as more fully set out under "*Terms and Conditions of the Securities*".

## REGULATORY BAIL-IN AND OTHER RESOLUTION MEASURES

On 15 May 2014, the European Parliament and the Council of the European Union adopted Directive 2014/59/EU establishing a framework for the recovery and resolution of credit institutions and investment firms (commonly referred to as the "Bank Recovery and Resolution Directive" or the "**BRRD**") which was transposed into German law by the Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*, or the "**SAG**") with effect from 1 January 2015. For banks established in the eurozone, such as the Issuer, which are supervised within the framework of the Single Supervisory Mechanism (the "**SSM**"), Regulation (EU) No 806/2014 of the European Parliament and of the Council (the "**SRM Regulation**") provides for a coherent application of the resolution rules across the SSM under responsibility of the European Single Resolution Board, with effect since 1 January 2016 (referred to as the "Single Resolution Mechanism" or "**SRM**"). Under the SRM, the Single Resolution Board is responsible for adopting resolution decisions in close cooperation with the European Central Bank, the European Commission, and national resolution authorities in the event that a significant bank directly supervised by the European Central Bank, such as the Issuer, is failing or likely to fail and certain other conditions are met. National resolution authorities in the European Union member states concerned would implement such resolution decisions adopted by the Single Resolution Board in accordance with the powers conferred on them under national law transposing the BRRD.

If the competent authority determines that the Issuer is failing or likely to fail and certain other conditions are met (as set forth in the SRM Regulation, the SAG and other applicable rules and regulations), the competent resolution authority has the power to write down, including to write down to zero, claims for payment of the principal, interest or any other amount in respect of the Notes, to convert the Notes into ordinary shares or other instruments qualifying as common equity tier 1 capital (the write-down and conversion powers are hereinafter referred to as the "**Bail-in tool**"), or to apply any other resolution measure including (but not limited to) a transfer of the Notes to another entity, a variation of the terms and conditions of the Notes (including, but not limited to, the variation of maturity of the Notes) or a cancellation of the Notes. The Bail-in tool and each of these other resolution measures are hereinafter referred to as a "**Resolution Measure**". The competent resolution authority may apply Resolution Measures individually or in any combination.

The competent resolution authority will have to exercise the Bail-in tool in a way that results in (i) common equity tier 1 instruments (such as ordinary shares of the Issuer) being written down first in proportion to the relevant losses, (ii) subsequently, the principal amount of other capital instruments (additional tier 1 instruments and tier 2 instruments) being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority and (iii) finally, the Issuer's unsecured and unsubordinated liabilities (unless exempted by the SRM Regulation or the SAG) – such as those under the unsubordinated Notes – being written down on a permanent basis or converted into common equity tier 1 instruments in accordance with their order of priority under Section 46f(5)-(7) of the German Banking Act (*Kreditwesengesetz*, "**KWG**") as set out below.

## RANKING OF UNSUBORDINATED NOTES

Under the German Banking Act (*Kreditwesengesetz*, "**KWG**") certain unsecured and unsubordinated debt instruments of the Issuer (hereinafter referred to as "**Non-Preferred Senior Obligations**") rank below the Issuer's other senior liabilities (hereinafter referred to as "**Preferred Senior Obligations**") in insolvency or in the event of the imposition of resolution measures, such as a bail-in, affecting the Issuer. Non-Preferred Senior Obligations will rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the Programme. Unsecured and unsubordinated Securities issued under this Programme will qualify as Non-Preferred Senior Obligations only if (i) they are not structured and (ii) they have at the time of their issuance a maturity of at least one year, and (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) explicitly refer to the lower ranking under Section 46f(5) KWG. In addition, Section 46f(7) KWG further specifies the delineation between structured and non structured obligations in that it clarifies that the amount of the repayment or the amount of the interest payments do not qualify as depending on the occurrence or non-occurrence of an event which is uncertain at the point in time when the senior unsecured debt instruments are issued only due to the fact that the instrument is issued in a currency other than the home currency of the issuer if the principal amount, the repayment amount and the interest claim have the same currency.

Securities, qualifying as Non-Preferred Senior Obligations rank *pari passu* among themselves and junior to any Preferred Senior Obligations. In the event of insolvency proceedings or Resolution Measures affecting the Issuer, such Non-Preferred Senior Obligations would bear losses before other unsubordinated liabilities of the Issuer, including Preferred Senior Obligations. In contrast, unsecured and unsubordinated Securities issued under this Programme that do not meet the requirements of (i), (ii) and (iii) above, qualify as Preferred Senior Obligations and rank in priority to Non-Preferred Senior Obligations and *pari passu* among themselves, derivatives, money market instruments and deposits not subject to protection and junior to, in particular, protected deposits.

As of the date of this Prospectus or the latest supplement hereto, if applicable, the following ratings were assigned to Deutsche Bank for its long-term preferred senior debt (Preferred Senior Obligations): A3 (Negative) by Moody's, BBB+ by S&P and BBB+ by Fitch. For information on the definitions employed by the Rating Agencies, see the section entitled "*Risk Factors – Risk Factors in Respect of the Issuer*".

## REFERENCE ITEMS

This section relates to Securities issued in the form of Notes only.

A Reference Item is the asset or other basis of reference from which the amount payable in interest and/or redemption on the Securities may be calculated.

A Reference Item can be any of the following items:

- (a) an equity or a basket of equities ("**Equity Linked Notes**"); or
- (b) an index or a basket of indices ("**Index Linked Notes**"); or
- (c) an inflation index or, in the case of Exempt Securities, a basket of inflation indices ("**Inflation Index Linked Notes**"); or
- (d) in the case of Exempt Securities, a currency or a basket of currencies ("**Currency Linked Notes**"); or
- (e) in the case of Exempt Securities, a commodity or basket of commodities ("**Commodity Linked Notes**"); or
- (f) in the case of Exempt Securities, a fund share or unit or a basket of fund shares or units ("**Fund Linked Notes**"); or
- (g) the credit risk of one or more reference entities ("**Credit Linked Notes**"); or
- (h) in the case of Exempt Securities, some other asset or basis of reference.

*Equity Linked Notes* – The amount payable in interest and/or on redemption, whether at maturity or otherwise, in respect of Equity Linked Notes will be calculated by reference to a single equity security or basket of equity securities. **Equity Linked Notes providing for physical delivery do not qualify as "equity securities" in the sense of Article 2 of the Luxembourg Prospectus Law (i.e. the underlying shares which may be delivered are neither shares of the Issuer nor of an entity belonging to the group of the Issuer).**

*Index Linked Notes* – The amount payable in interest and/or on redemption in respect of Index Linked Notes will be calculated by reference to a single index or a basket of indices. Such index or constituent of a basket of indices may be a well known and widely published index or an index of Deutsche Bank Aktiengesellschaft (in the case of Exempt Securities only) or other entity which may not be widely published or available.

*Inflation Index Linked Notes* – The amount payable in interest and/or on redemption in respect of Inflation Index Linked Notes will be calculated by reference to a single inflation index or a basket of inflation indices.

*Currency Linked Notes (Exempt Securities only)* – The amount payable in interest and/or on redemption in respect of Currency Linked Notes will be calculated by reference to such rates of exchange as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

*Commodity Linked Notes (Exempt Securities only)* – The amount payable in interest and/or on redemption in respect of Commodity Linked Notes will be calculated by reference to a single commodity or basket of commodities on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

*Fund Linked Notes (Exempt Securities only)* – The amount payable in interest and/or on redemption in respect of Fund Linked Notes will be calculated by reference to units or shares in a fund or basket of funds on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

*Credit Linked Notes* – Securities with respect to which the amount payable in interest and/or on redemption is linked to the credit of a specified entity or entities will be issued on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities). If a Credit Event has occurred and the Conditions to Settlement are satisfied, the Issuer will redeem the Securities at an amount which depends on the value of certain specified assets of the Reference Entity, if "Cash Settlement" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities), or by Delivery of the Deliverable Obligations comprising the Asset Amount, if "Physical Delivery" is specified as applicable in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities). **Credit Linked Notes providing for physical delivery do not qualify as "equity securities" in the sense of Article 2 of the Luxembourg Prospectus Law.**

*Other (Exempt Securities only)* – The amount payable in interest and/or on redemption of Securities linked to other assets or bases of reference may be issued on such terms as may be agreed between the Issuer and the relevant Dealer and specified in the applicable Pricing Supplement.

## FEATURES OF CERTAIN SECURITIES

A wide range of Securities may be issued under the Programme. The Issuer may issue Securities which have one or more of the features described below. The amount of interest and/or principal payable and/or the amount of assets deliverable may depend on these features alone and/or in combination with other features and Reference Items.

*Inverse Variable Rate Securities* – The amount of interest payable in respect of the Securities is inversely linked to a specified reference rate.

*Capped Variable Rate Securities* – The maximum amount of interest payable in respect of Securities with a capped variable rate will equal the sum of the reference rate and any specified margin subject to a specified maximum rate.

*Securities whose interest and or redemption amount is calculated by reference to a formula* – The formula on the basis of which the interest payable and/or the amount of payable and/or assets deliverable on redemption is calculated will be stated in the Terms and Conditions of the Securities and may be replicated in the applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) or, in the case of Exempt Securities, will be stated in the applicable Pricing Supplement.

*Participation Securities* – The amount of interest payable and/or amounts payable and/or assets deliverable on redemption of Securities may be determined by reference to a ratio greater or less than one.

*Securities issued at a substantial discount or premium* – The issue price of the Securities is substantially lower or greater than the principal amount of the Securities.

*Partly-paid Securities (Exempt Securities only)* – The issue price for the Securities is payable in more than one instalment.

*Securities subject to optional redemption by the Issuer* – The Issuer may redeem the Securities prior to maturity.

*Subordinated Notes (German law governed Securities only)* – In the event of Resolution Measures insolvency or liquidation of the Issuer the Subordinated Notes will rank junior in priority of payment to all unsubordinated obligations and no amounts will be payable in respect of the Subordinated Notes until the claims of all unsubordinated creditors of the Issuer have been satisfied in full. Accordingly, there is a higher risk that an investor in Subordinated Notes will lose all or some of its investment should the Issuer become insolvent. In addition, no holder may set off its claims arising under the Securities against any claims of the Issuer. There will be no security in respect of the Securities.

Subordinated Notes are intended to qualify as Tier 2 instruments within the meaning of Art. 63 CRR means Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, as amended by Regulation (EU) No. 2019/876 of the European Parliament and of the Council of 20 May 2019 (including any provisions of regulatory law supplementing this Regulation) ("**CRR**"); to the extent that any provisions of the CRR are amended or replaced, the term "CRR" shall refer to such amended provisions or successor provisions. In the context of a Regulatory Bail-in the Subordinated Notes will be written down or converted to common equity tier 1 capital instruments of the Issuer before any non-subordinated liabilities of the Issuer are affected by such measures.

*Non-Preferred Senior Notes* – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Non-Preferred Senior Notes if (i) they are not structured, (ii) have at the time of their issuance a maturity of at least one year and, (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) explicitly refer to the lower ranking under Section 46f(5) KWG. Non-Preferred Senior Obligations will continue to rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the Programme, but will rank below the Issuer's other non subordinated liabilities in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer. Accordingly, there is a higher risk that an investor in Non-Preferred Senior Notes will lose all or some of its investment should the Issuer become insolvent.

Non-Preferred Senior Notes are intended to qualify as eligible liabilities within the meaning of Sec. 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Art. 72b CRR.

*Preferred Senior Notes* – Unsecured and unsubordinated debt instruments of the Issuer will qualify as Preferred Senior Notes if (i) they are structured, or (ii) have at the time of their issuance a maturity of less than one year or, (iii) their Final Terms (or Pricing Supplement, in the case of Exempt Securities) do not refer to the lower ranking under Section 46f(5) KWG. Preferred Senior Obligations will rank above the Issuer's contractually subordinated liabilities, including Subordinated Notes issued under the Programme, and its Non-Preferred Senior Notes and will rank below pari passu with other non subordinated liabilities in insolvency or in the event of the imposition of Resolution Measures, such as a bail-in, affecting the Issuer.

The Final Terms (or the Pricing Supplement in the case of Exempted Securities) will specify if an issuance of Preferred Senior Notes is intended to qualify as eligible liabilities within the meaning of Sec. 91 of the German Recovery and Resolution Act (*Sanierungs- und Abwicklungsgesetz*) and eligible liabilities instruments within the meaning of Art. 72b CRR.

*Minimum Redemption Securities (Exempt Securities only)* – The redemption amount payable at maturity of the Securities will be no less than the stated minimum amount.

## **Form of the Securities**

*Any reference in this section to "Final Terms" shall be deemed to include, in respect of Exempt Securities only, a reference to "Pricing Supplement".*

## **SECURITIES**

The Securities of each Series will be in either bearer form ("**Bearer Securities**") without interest coupons attached or, in the case of definitive Securities and if applicable, with interest coupons attached, or registered

form ("**Registered Securities**") without interest coupons attached. Bearer Securities will be issued outside the United States in reliance on Regulation S under the Securities Act ("**Regulation S**") and Registered Securities will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States pursuant to the exemption from registration under Rule 144A.

Any reference herein to CBF, Euroclear, CBL, SIS, and/or DTC shall, whenever the context so permits, be deemed to include a reference to any permitted additional or alternative clearing system specified in the applicable Final Terms.

### **Bearer Securities**

Each Tranche of Bearer Securities will be initially issued in the form of either a Temporary Global Bearer Security (a "**Temporary Global Bearer Security**") without interest coupons or, if so specified in the applicable Final Terms, a permanent bearer global security (a "**Permanent Bearer Global Security**" and, together with the Temporary Global Bearer Security, the "**Global Bearer Securities**") without interest coupons which, in either case, will:

- (i) if the Global Bearer Securities are intended to be issued in new global note ("**NGN**") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**"), Clearstream Banking S.A. ("**CBL**"); and
- (ii) if the Global Bearer Securities are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to Clearstream Banking AG, Frankfurt ("**CBF**") or SIX SIS AG ("**SIS**") or a common depository (the "**Common Depository**") for Euroclear and CBL.

Where the Global Securities issued in respect of any Tranche are in NGN form, the Final Terms or, as the case may be, Pricing Supplement will also indicate whether such Global Securities are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Securities are to be so held does not necessarily mean that the Securities of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for NGNs will either be Euroclear or CBL or another entity approved by Euroclear and CBL.

Whilst any Bearer Security is represented by a Temporary Global Bearer Security, payments of principal, interest (if any) and any other amount payable in respect of the Bearer Securities due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Bearer Security if the Temporary Global Bearer Security is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Bearer Security are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or CBL and/or CBF and/or SIS and Euroclear and/or CBL and/or CBF and/or SIS, as applicable, has given a like certification (based on the certifications it has received) to the Fiscal Agent.

If the applicable Final Terms state that the Temporary Global Bearer Security is exchangeable for a Permanent Bearer Global Security, on and after the date (the "**Exchange Date**") which is forty days after a Temporary Global Bearer Security is issued, interests in such Temporary Global Bearer Security will be exchangeable (free of charge) as described in the Temporary Global Bearer Security either for (i) interests in a Permanent Bearer Global Security of the same Series or (ii) for definitive Bearer Securities of the same Series with, where applicable, interest coupons, receipts and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Securities, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Securities. The holder of a Temporary Global Bearer Security will not be entitled to collect any payment of principal, interest or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bearer Security for an interest in a Permanent Bearer Global Security or for definitive Bearer Securities is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Security will be made through Euroclear and/or CBL or CBF or SIS (as the case may be, against presentation or surrender of the Permanent Bearer Global Security except in cases where the Permanent Bearer Global Security is intended to be issued in NGN form or other cases where the Permanent Bearer Global Security is directly held by the Clearing System) without any requirement for certification.

The applicable Final Terms may specify that a Permanent Bearer Global Security will be exchangeable (free of charge), in whole or in part, for definitive Bearer Securities with, where applicable, interest coupons, receipts and talons attached upon either (A) not less than 60 days' written notice from Euroclear and/or CBL and/or CBF (acting on the instructions of any holder of an interest in such Permanent Bearer Global Security) to the Fiscal Agent as described therein or (B) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing (other than for Securities for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms), (ii) the Issuer has been notified that both Euroclear, CBL (in respect of Securities settled through Euroclear or CBL) or CBF (in respect of Securities settled through CBF) have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Permanent Bearer Global Security in definitive form. The Issuer will promptly give notice to Securityholders in accordance with the Terms and Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or CBL or CBF (acting on the instructions of any Holder of an interest in such Permanent Bearer Global Security) may give notice to the Fiscal Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Fiscal Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Fiscal Agent.

The following legend will appear on all Bearer Securities (other than Temporary Global Bearer Securities), interest coupons and receipts relating to such Securities where "TEFRA D" is specified in the applicable Final Terms or Pricing Supplement, as the case may be:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Securities, interest coupons or receipts and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Securities, interest coupons or receipts.

Securities which are represented by a Bearer Global Security will only be transferable in accordance with the rules and procedures for the time being of CBF, Euroclear, CBL or SIS, as the case may be.

### **Swiss Global Securities**

The applicable Final Terms may specify that the Securities are represented by a Swiss Global Security. The Swiss Global Security shall be a permanent global note deposited with SIX SIS Ltd or any other Intermediary in Switzerland recognized for such purposes by SIX Swiss Exchange Ltd (SIX SIS Ltd or any such other Intermediary, the "**Intermediary**" or the "**Clearing System**") until final redemption of the Securities. Once the permanent global note has been deposited with the Intermediary and entered into the accounts of one or more participants of the Intermediary, the Securities will, for Swiss law purposes, constitute intermediated securities (*Bucheffekten*) ("**Intermediated Securities**") in accordance with the provisions of the Swiss Federal Intermediated Securities Act (*Bucheffektengesetz*). The holders of such Securities (the "**Securityholders**") will be the persons holding the Securities in a securities account (*Effektenkonto*) which is in their own name and for their own account or, or in the case of Intermediaries (*Verwahrungsstellen*), the Intermediaries holding the Securities for their own account in a securities account (*Effektenkonto*) which is in their name.

The Securityholders shall not at any time have the right to effect or demand the conversion of the permanent global note into, or the delivery of, uncertificated securities (*Wertrechte*) or definitive Securities (*Wertpapiere*).

## Registered Securities

The Registered Securities of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global security in registered form (a "**Regulation S Global Security**"). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Securities, beneficial interests in a Regulation S Global Security may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in the Annex for Registered Securities and may not be held otherwise than through Euroclear or CBL and such Regulation S Global Security will bear a legend regarding such restrictions on transfer.

The Registered Securities of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions to "qualified institutional buyers" within the meaning of Rule 144A under the Securities Act ("**QIBs**"). The Registered Securities of each Tranche sold to QIBs will be represented by a global security in registered form (a "**Rule 144A Global Security**" and, together with a Regulation S Global Security, the "**Registered Global Securities**").

Registered Global Securities will either (i) be deposited with a custodian for, and registered in the name of a nominee of, the Depository Trust Company ("**DTC**") or (ii) be deposited with a common depository for Euroclear and CBL, and registered in the name of the common nominee for the Common Depository of, Euroclear and CBL, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Securities will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Securities in fully registered form.

The Rule 144A Global Security will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Securities will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in the Terms and Conditions) as the registered holder of the Registered Global Securities. None of the Issuer, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Securities in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in § 4 (*Payments*) of the Terms and Conditions) immediately preceding the due date for payment in the manner provided in that paragraph.

Interests in a Registered Global Security will be exchangeable (free of charge), in whole but not in part, for definitive Registered Securities without interest coupons, receipts or talons attached only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that (i) an Event of Default has occurred and is continuing (other than for Securities for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms), (ii) in the case of Securities registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Securities and no alternative clearing system is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, (iii) in the case of Securities registered in the name of a nominee for a common depository for Euroclear and CBL, the Issuer has been notified that both Euroclear and CBL have been closed for business for a continuous period of fourteen days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, in any such case, no successor clearing system is available or (iv) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Securities represented by the Registered Global Security in definitive form.

The Issuer will promptly give notice to Securityholders in accordance with the Terms and Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or CBL (acting on the instructions of any holder of an interest in such Registered Global Security) may give notice to the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur

not later than ten days after the date of receipt of the first relevant notice by the Registrar. Where Registered Securities are only to be issued to non-U.S. persons outside the United States (pursuant to Regulation S or otherwise) an alternative Registrar should be appointed and amendments may be required to the Registered Security Annex and the Agency Agreement.

## **SECURITYHOLDERS AND TRANSFER OF INTERESTS**

### **Interests in Global Securities**

Interests in a Registered Global Security may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Security. No beneficial owner of an interest in a Registered Global Security will be able to transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and CBL, in each case to the extent applicable. **Registered Securities are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions, see the section entitled "*Transfer and Selling Restrictions*".**

For so long as any of the English law governed Securities is represented by one or more Global Securities held by CBF or on behalf of Euroclear and/or CBL each person (other than Euroclear or CBL) who is for the time being shown in the records of CBF, Euroclear or of CBL as the holder of a particular principal amount of such Securities (in which regard any certificate or other document issued by CBF or Euroclear or CBL as to the principal amount of such Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities for all purposes other than with respect to the payment of principal or interest on such principal amount of such Securities, for which purpose the bearer of the relevant Bearer Global Securities or the registered holder of the relevant Registered Global Security shall be treated by the Issuer and its agents as the holder of such principal amount of such Securities or Securities in accordance with and subject to the terms of the relevant Global Security or Security, as the case may be, and the expressions "**Noteholder**", "**Securityholder**", "**holder of Notes**", and "**holder of Securities**" and related expressions shall be construed accordingly.

So long as DTC or its nominee is the registered owner or holder of a Registered Global Security, DTC or such nominee, as the case may be, will be considered the sole owner or holder of the Securities represented by such Registered Global Security for all purposes under the Agency Agreement and such Securities except to the extent that in accordance with DTC's published rules and procedures any ownership rights may be exercised by its participants or beneficial owners through participants.

## **ACCELERATION OF SECURITIES**

A Security (other than a Security for which Eligible Liabilities Format is specified as applicable in the applicable Final Terms) may be accelerated by the holder thereof in certain circumstances described in the "Events of Default" Condition of the Terms and Conditions. In such circumstances, where any Security is still represented by a Global Security and the Global Security (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Securities and redemption has not occurred in accordance with the provisions of the Global Security then holders of interests in such Global Security credited to accounts with Euroclear and/or CBL and/or CBF and/or SIS and/or DTC, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by CBF, Euroclear, CBL and DTC on and subject to, in respect of Securities governed by English law, the terms of a deed of covenant executed by the Issuer and dated 21 June 2019 (the "**Deed of Covenant**"). In addition, holders of interests in such Global Security credited to their accounts with DTC may require DTC to deliver definitive Securities in registered form in exchange for their interest in such Global Security in accordance with DTC's standard operating procedures.

## **FUNGIBLE ISSUES OF SECURITIES**

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Securities*"), the Fiscal Agent shall arrange that, where a further tranche of Securities is issued which is intended to form a single Series with an existing tranche of Securities, the Securities of such further tranche shall be assigned a common code and International Securities Identification Number ("**ISIN**") and, where applicable, a Committee on Uniform Securities Identification Procedures ("**CUSIP**") and CUSIP International Number ("**CINS**"),

*Wertpapierkennnummer* ("WKN") or *Valorenummer*, which are different from the common code, ISIN, WKN, CUSIP, CINS or *Valorenummer* assigned to Securities of any other Tranche of the same Series until the expiry of any applicable period that by law or regulation would require such Securities not to be fungible.

## PFANDBRIEFE

The following is a description of some of the more fundamental principles governing the laws regarding Pfandbriefe and Pfandbrief Banks in summary form. It does not address all the laws' complexities and details. Accordingly, it is qualified in its entirety by reference to the applicable laws.

The German Pfandbrief Act (*Pfandbriefgesetz*; the "**Pfandbrief Act**") was published on 27 May 2005 and came into force on 19 July 2005. As from such date, the legislation accompanying the Pfandbrief Act, *i.e.*, the Act on the Reorganisation of the Law on Pfandbriefe (*Gesetz zur Neuordnung des Pfandbriefrechts*), rescinded all existing special legislation regarding the Pfandbrief business in Germany, including, *inter alia*, (i) the Mortgage Bank Act (*Hypothekbankgesetz*) applicable to the existing mortgage banks being specialist institutions authorised to issue Mortgage Pfandbriefe (*Hypothekpfandbriefe*) covered by mortgage loans as well as Public Sector Pfandbriefe (*Öffentliche Pfandbriefe*) covered by obligations of public sector debtors (and, in either case, by certain other qualifying assets), (ii) the Act on Pfandbriefe and Related Bonds of Public-Law Credit Institutions (*Gesetz über die Pfandbriefe und verwandten Schuldverschreibungen öffentlich-rechtlicher Kreditanstalten*) in the version as published on 9 September 1998, as amended, applicable to various types of public sector banks, including in particular the Landesbanken, in respect of Mortgage Pfandbriefe and Public Sector Pfandbriefe issued by them, and (iii) finally, the Ship Bank Act (*Schiffsbankgesetz*), as last amended on 5 April 2004, governing the operations of ship mortgage banks issuing Ship Mortgage Pfandbriefe (*Schiffspfandbriefe*). Also, since 19 July 2005, the Pfandbrief operations of the Issuer are subject to the Pfandbrief Act dated 22 May 2005.

The Pfandbrief Act abolished the concept of specialist Pfandbrief institutions hitherto prevailing in respect of the existing mortgage banks and ship mortgage banks. It established a new and uniform regulatory regime for all German credit institutions. Since 19 July 2005, all German credit institutions are permitted, subject to authorisation and fulfilment of certain requirements of the Pfandbrief Act, to engage in the Pfandbrief business and to issue Mortgage Pfandbriefe, Public Sector Pfandbriefe as well as Ship Mortgage Pfandbriefe, and, since that date, existing mortgage banks and ship mortgage banks are authorised to engage in other types of banking transactions, eliminating the limitations in respect of the scope of their permitted business which existed in the past. The Pfandbrief Act thus created a level playing field for all German credit institutions, including the Landesbanken, operating as universal banks and engaged in the issuance of Pfandbriefe.

German credit institutions wishing to take up the Pfandbrief business must obtain special authorisation under the German Banking Act (*Kreditwesengesetz*) from the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*, the "**BaFin**") and, for that purpose, must meet some additional requirements as specified in the Pfandbrief Act.

Mortgage banks and ship mortgage banks, which were operating as such up to 19 July 2005 as well as public sector banks (including the *Landesbanken*) carrying on the Pfandbrief business up to such date, have all been grandfathered in respect of authorisation for the particular type of Pfandbrief business in which they were engaged at such time. They were required, though, to give a comprehensive notice to the BaFin by 18 October 2005, failing which the BaFin would have had the right to withdraw the authorisation. Mortgage banks and ship mortgage banks are since 19 July 2005 also authorised to engage in other banking transactions, including, *inter alia*, deposit taking, the extension of credits, the guarantee business, underwriting as well as others, up to then not permitted to be carried out by them, contrary to the Landesbanken, to which all types of banking transactions have always been open (subject to authorisation).

The operations of all banks engaged in the issuance of Pfandbriefe are since 19 July 2005 regulated by the Pfandbrief Act and the Banking Act, and are subject to the prudential supervision of the BaFin. In particular, the BaFin will carry out audits of the assets forming part of any Cover Pool, regularly in bi-annual intervals.

In 2009, the Pfandbrief Act was amended. Among other changes, the new Pfandbrief category of Airplane Mortgage Pfandbriefe (*Flugzeugpfandbriefe*) was introduced, rules requiring a certain liquidity cushion of the Cover Pool from 1 November 2009 onwards were established, and the list of assets qualifying as Cover Pool for

Public Sector Pfandbriefe was extended to include payment claims against certain qualifying public bodies in Switzerland, the United States of America, Canada or Japan.

The Pfandbrief Act was further amended in 2010 (in particular with respect to clarifications regarding the quality of Pfandbriefe in the case of insolvency of the Pfandbrief Bank), in 2013 and in 2015.

In this description, banks authorised to issue Pfandbriefe will generally be referred to as "Pfandbrief Banks" which is the term applied by the Pfandbrief Act.

Pfandbriefe are standardised debt instruments issued by a Pfandbrief Bank. The quality and standards of Pfandbriefe are strictly governed by provisions of the Pfandbrief Act and subject to the prudential supervision of the BaFin. Pfandbriefe generally are medium- to long-term bonds, typically with an original maturity of two to ten years, which are secured or "covered" at all times by a pool of specified qualifying assets (*Deckung*), as described below. Pfandbriefe are recourse obligations of the issuing bank, and no separate vehicle is created for their issuance or for the issuance of any specific series of Pfandbriefe. Pfandbriefe may not be redeemed at the option of the Holders prior to maturity.

Pfandbriefe may either be Mortgage Pfandbriefe, Public Sector Pfandbriefe, Ship Mortgage Pfandbriefe or Airplane Mortgage Pfandbriefe. The outstanding Pfandbriefe of any one of these types must be covered by a separate pool of specified qualifying assets: a pool for Mortgage Pfandbriefe only, a pool for Public Sector Pfandbriefe only, a pool covering all outstanding Ship Mortgage Pfandbriefe only and a pool covering all outstanding Airplane Mortgage Pfandbriefe only (each a "**Cover Pool**"). An independent cover pool monitor appointed by the BaFin has wide responsibilities in monitoring the compliance by the Pfandbrief Bank with the provisions of the Pfandbrief Act. In particular, the cover pool monitor shall ensure that the prescribed cover for the Pfandbriefe exists at all times and that the cover assets are recorded in the respective register. Prior to issue this will be certified by the cover pool monitor on the Pfandbrief certificate.

The aggregate principal amount of assets in any Cover Pool must at all times at least be equal to or greater than the aggregate principal amount of the outstanding Pfandbriefe issued against any such Cover Pool and the aggregate interest yield on any such Cover Pool must at all times be at least equal to or greater than the aggregate interest payable on all outstanding Pfandbriefe issued against such Cover Pool. In addition, the coverage of all outstanding Pfandbriefe with respect to principal and interest must at all times be ensured on the basis of the net present value (*Barwert*). Finally, the net present value of the assets contained in any Cover Pool must exceed the net present value of liabilities from the corresponding Pfandbriefe and derivatives by at least 2 per cent. (*sichernde Überdeckung*).

Such 2 per cent. excess cover must consist of highly liquid assets. Qualifying assets for the excess cover are, *inter alia*, (i) debt securities of Germany, a special fund of Germany, a German state, the European Communities, another member state of the European Union, another contracting state on the agreement on the European Economic Area, the European Investment Bank, the International Bank for Reconstruction and Development, the Council of Europe Development Bank or the European Bank for Reconstruction and Development; (ii) debt securities of Switzerland, the United Kingdom of Great Britain and Northern Ireland, the United States of America, Canada or Japan, provided that the risk weighting such countries have received pursuant to a rating by an approved international rating agency is credit quality step 1 (according to table 1 of Article 114 (2) of Commission Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No. 648/2012 as amended by the Regulation (EU) No. 2019/876 of the European Parliament and of the Council of 20 May 2019 ("**CRR**")); (iii) debt securities guaranteed by any of the foregoing institutions; and (iv) credit balances maintained with the European Central Bank, any central bank of a member state of the European Union or any other suitable credit institution having its registered office in one of the countries listed under (i) and (ii) above, provided that those have received a risk weighting in accordance with Article 119 (1) CRR which is comparable with credit quality step 1 or, in case of initial maturities of up to 100 days, credit quality step 1 or 2 (each according to table 3 of Article 120 (1) or table 5 of Article 121 (1) CRR). In addition, to safeguard liquidity, a certain liquidity cushion must be established.

The Pfandbrief Bank must record in the register of cover assets for any Cover Pool of a given Pfandbrief type each asset and the liabilities arising from derivatives. Derivatives may be entered in such register only with the consent of the cover pool monitor and the counterparty.

In case that any cover asset recorded in the register of cover assets for any Cover Pool is intended for partial cover only, the register of cover assets must clearly state the amount of the intended cover and its status in relation to the part of the asset which is not intended for the Cover Pool.

The Pfandbrief Bank must command over an appropriate risk management system meeting the requirements specified in detail in the Pfandbrief Act and must comply with comprehensive disclosure requirements on a quarterly and annual basis set out in detail in the Pfandbrief Act.

### **Cover Pool for Mortgage Pfandbriefe**

The Cover Pool for Mortgage Pfandbriefe mainly consists of mortgage loans with a ratio between the loan and the value of the underlying assets of not more than 60 per cent. This lending value is established by an expert of the Pfandbrief issuer who is not involved in the loan decision-making process in accordance with comprehensive value assessment rules on the basis of which the market value of a property is to be determined. Qualifying mortgages must encumber properties, rights equivalent to real property or such rights under a foreign legal system which are comparable with the equivalent rights under German law. The encumbered properties and the properties in respect of which the encumbered rights exist must be situated in a EU or EEA member state, in Switzerland, the United Kingdom of Great Britain and Northern Ireland, the United States of America, Canada, Japan, Australia, New Zealand or Singapore. Land charges and such foreign security interests which offer comparable security and entitle the relevant holder of Pfandbriefe to satisfy its claim also by realising the encumbered property or equivalent right rank equal with mortgages.

The Cover Pool covering Mortgage Pfandbriefe may also, to a limited extent, contain the following assets: (i) compensation claims converted into notes in bearer form, (ii) subject to certain restrictions the assets that may also be included in the 2 per cent. Excess Cover described above, up to a total of 10 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, (iii) notes that may also be included in the cover pool for Public Sector Pfandbriefe (e.g. notes of specified public sector debtors such as (without limitation) (a) the German Federal Government, the Federal States, political subdivisions and other suitable public law corporations within Germany, (b) EU or EEA member states and their central banks and political subdivisions, (c) the United States of America, Japan, Switzerland, the United Kingdom of Great Britain and Northern Ireland or Canada if they fulfil certain rating criteria, (d) political subdivisions of the countries listed under (c) above if such political subdivisions are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (e) the European Central Bank and certain multilateral development banks and international organisations, (f) public authorities of EU or EEA member states, (g) public authorities of the countries listed under (c) above if such authorities are equated by the competent authorities to the central state or if they fulfil certain rating criteria, (h) entities for the liabilities of which any one of the public law entities referred to under (a) to (e) above or certain qualifying export credit insurance companies have assumed a full guarantee), up to a total of 20 per cent. of the aggregate amount of the outstanding Mortgage Pfandbriefe, with the cover assets set out under (ii) above being taken into account, and (iv) claims under derivative transactions concluded with specified suitable counterparties on the basis of standardised master agreements, provided that it is ensured that the claims under these derivative transactions cannot be impaired in the event of insolvency of the Pfandbrief issuer or of the other cover pools held by it. The share of the Pfandbrief issuer's claims under the derivative transactions included in the cover pool in the total amount of the cover assets as well as the Pfandbrief issuer's share in the liabilities under these derivatives in the total amount of Mortgage Pfandbriefe outstanding plus the liabilities under these derivatives must not exceed 12 per cent., in each case, the calculation being made on the basis of their net present values.

### **Insolvency Proceedings**

In the event of the institution of insolvency proceedings over the assets of the Pfandbrief Bank, any assets of a Cover Pool maintained by it and registered in the respective register of cover assets would not be part of the insolvency estate, and, therefore, such insolvency would not result in an insolvency of any Cover Pool. Only if at the same time or thereafter the relevant Cover Pool were to become insolvent, separate insolvency proceedings would be initiated against such Cover Pool by the BaFin. In this case, Holders of Pfandbriefe would have the first claim on the respective Cover Pool. Their preferential right would also extend to interest on the Pfandbriefe accrued after the commencement of insolvency proceedings. Furthermore, but only to the extent that Holders of Pfandbriefe suffer a loss, Holders would also have recourse to any assets of the Pfandbrief Bank not included in

the Cover Pools. As regards those assets, Holders of the Pfandbriefe would rank equal with other unsecured and unsubordinated creditors of the Pfandbrief Bank.

Up to three administrators (*Sachwalter*, the "**Administrator**") will be appointed in the case of the insolvency of the Pfandbrief Bank to administer each Cover Pool for the sole benefit of the Holders of Pfandbriefe. The Administrator will be appointed by the court having jurisdiction at the location of the head office of the Pfandbrief Bank at the request of the BaFin before or after the institution of insolvency proceedings. The Administrator will be subject to the supervision of the court and also of the BaFin with respect to the duties of the Pfandbrief Bank arising in connection with the administration of the assets included in the relevant Cover Pool. The Administrator will be entitled to dispose of the Cover Pool's assets and receive all payments on the relevant assets to ensure full satisfaction of the claims of the Holders of Pfandbriefe. To the extent, however, that those assets are obviously not necessary to satisfy such claims and in case that assets are not subject to the trustee's administration, the insolvency receiver of the Pfandbrief Bank is entitled to demand the transfer of such assets to the insolvency estate.

Subject to the consent of the BaFin, the Administrator may transfer all or part of the cover assets and the liabilities arising from the Pfandbriefe issued against such assets to another Pfandbrief Bank.

### **Jumbo Pfandbriefe**

Jumbo Pfandbriefe are governed by the same laws as Pfandbriefe and therefore cannot be classified as a type of assets apart from Pfandbriefe. However, in order to improve the liquidity of the Pfandbrief market certain Pfandbrief issuers have agreed upon certain minimum requirements for Jumbo Pfandbriefe (*Mindeststandards von Jumbo-Pfandbriefen*) applicable to such Pfandbriefe which are issued as Jumbo Pfandbriefe. These minimum requirements are not statutory provisions. Instead, they should be regarded as voluntary self-restrictions which limit the options issuers have when structuring Pfandbriefe. The minimum requirements include the following provisions:

- (i) *Minimum issue size.* The minimum issue size of a Jumbo Pfandbrief is EUR 1 billion. If the minimum size is not reached within the initial issue, a Pfandbrief may be increased by way of a tap to give it Jumbo Pfandbrief status, provided all the requirements stated under Nos. ii to vii are fulfilled.
- (ii) *Format.* Only Pfandbriefe of straight bond format (*i.e.* fixed coupon payable annually in arrears, bullet redemption) may be offered as Jumbo Pfandbriefe.
- (iii) *Stock market listing.* Jumbo Pfandbriefe must be listed on a regulated market in an EU or EEA member state immediately after issue, or not later than 30 calendar days after the settlement date.
- (iv) *Syndicate banks.* Jumbo Pfandbriefe must be placed by a syndicate consisting of at least five banks (syndicate banks).
- (v) *Quoting.* The syndicate banks act as market makers; in addition to their own system, they pledge to quote prices upon application and bid/ask (two-way) prices at the request of investors on an electronic trading platform and in telephone trading.
- (vi) *Publishing of average spreads.* The syndicate banks pledge to report daily for each Jumbo Pfandbrief outstanding (life to maturity from 24 months upwards) the spread vs. asset swap. The average spreads, which are calculated for each Jumbo Pfandbrief by following a defined procedure, are published on the website of the Association of German Pfandbrief Banks (*Verband Deutscher Pfandbriefbanken, vdp*).
- (vii) *Transfer and buyback.* A subsequent transfer to the name of an investor is not permitted (restriction on transferability). It is permitted to buy back securities for redemption purposes or for cover pool monitor administration if the outstanding volume of the issue does not fall below EUR 1 billion at any time. The issuer must publicly announce any buyback, the planned volume thereof and the issue envisaged for repurchase at least 3 banking days in advance, and make sure that extensive transparency is given in the market. After a buyback transaction it is not permitted to tap the issue in question for a period of one year.

- (viii) *Loss of status.* If one of the aforementioned requirements is not met, the issue will lose its Jumbo Pfandbrief status. Jumbo Pfandbriefe that were issued before 28 April 2004, and have a volume of less than EUR 1 billion retain the status of a Jumbo Pfandbrief notwithstanding the requirements set out under (i) if the other aforementioned provisions are met.

The minimum requirements are supplemented by additional recommendations (*Empfehlungen*) and a code of conduct applicable to issuers of Jumbo Pfandbriefe (*Wohlverhaltensregeln für Emittenten und Syndikatsbanken*). Neither the recommendations nor the code of conduct are statutory provisions.

With the consent of the BaFin, the administrator may transfer all or part of the Pfandbrief liabilities and the corresponding cover assets to another Pfandbrief issuer.

Copies of the Agency Agreement may be obtained free of charge at the specified office of the Fiscal Agent, at the specified office of any Paying Agent and at the head office of the Issuer.

**IN CASE OF ENGLISH LAW SECURITIES FOLLOWING THE APPLIES:** The Securityholders [and] [,] [Couponholders] [and] [Receipholders] are entitled to the benefit of the Deed of Covenant (the "**Deed of Covenant**") dated 21 June 2019 and made by the Issuer. The original of the Deed of Guarantee will be held by the Fiscal Agent on behalf of the Securityholders[,] [and] [the Couponholders] [and] [the Receipholders] at its specified office.

Any reference in these Conditions to "Final Terms" shall be deemed to include a reference to "Pricing Supplement" where relevant. The provisions of the following Conditions apply to the Securities as completed by the provisions of Part I of the applicable Final Terms or, if the Securities are neither admitted to trading on a regulated market in the European Economic Area nor offered in the European Economic Area in circumstances where a prospectus is required to be published under the Prospectus Directive ("**Exempt Securities**"), as may be supplemented, replaced or modified by the applicable Pricing Supplement for the purposes of the Securities. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended or superseded), and includes any relevant implementing measure in a relevant Member State of the European Economic Area. The Replacement Rate (if any) so determined, subject to the application of the Adjustment Spread as set out herein, shall replace the relevant Floating Rate and the Conditions shall be furthermore modified by the Replacement Rate Adjustments so determined for the purposes of determining the Rate of Interest in each case for the Interest Period related to the Interest Determination Day falling on or, if none, immediately following the Replacement Rate Determination Date and each Interest Period thereafter (subject to the subsequent occurrence of a Rate Replacement Event in respect of the Replacement Rate). - (a) In order to obtain delivery of the Asset Amount(s) in respect of a Security (i) if such Security is represented by a Global Security, the Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date (as defined below), a duly completed Asset Transfer Notice or (ii) if such Security is a Definitive Security, the Securityholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice.

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered if such Security is represented by a Global Security in such manner as is acceptable to the relevant Clearing System or, if such Security is a Definitive Security, in writing or by tested telex together with the Securities to

<sup>32</sup> Only applicable in case of Exempt Securities.

which the relevant Asset Transfer Notice relates.

An Asset Transfer Notice must:

- (i) specify the name and address of the Securityholder, the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount;
- (ii) if such Security is represented by a Global Security, specify the principal amount of Securities which are the subject of such notice and the number of the Securityholder's account at the relevant Clearing System to be debited with such Securities and irrevocably instruct and authorise the relevant Clearing System to debit the Securityholder's account with such Securities on or before the Delivery Date;
- (iii) include an undertaking to pay all Delivery Expenses and if the Security is represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System in respect thereof and to pay such Delivery Expenses;
- (iv) specify an account to which dividends (if any) payable pursuant to this subsection or any other cash amounts are to be paid; and
- (v) authorise the production of such notice in any applicable administrative or legal proceedings.

**[(vi)] [additional requirements]**

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the Securityholder may not transfer the Securities which are the subject of such notice.

In case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made in case of Securities represented by a Global Security by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the Securityholder and, if such Security is a Definitive Security, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the Securityholder.

- (b) Delivery of the Asset Amount in respect of each Security shall be [made at the risk of the Securityholder in such commercially reasonable manner as the Calculation Agent shall in its [sole discretion] determine and notify to the person designated by the

Securityholder in the relevant Asset Transfer Notice] **[alternative manner of delivery]**.

In relation to each Security which is to be redeemed by delivery of the Asset Amount, the Asset Amount will be delivered at the risk of the Securityholder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with this § [6] the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to the Clearing System or any Paying Agent, as the case may be, with a copy to the Issuer, as provided above, not later than the close of business in each place of receipt on **[Cut-Off Date]** (the "**Cut-Off Date**").

If the Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuer, not later than the close of business in each place of receipt on the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of the relevant Securityholder in the manner provided above. For the avoidance of doubt, in such circumstances the relevant Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Issuer.

- (c) All Delivery Expenses arising from the delivery of the Asset Amount in respect of the Securities shall be for the account of the Securityholder and no delivery of the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the Securityholder.

After delivery of the Asset Amount and for such period of time as any person other than the relevant Securityholder shall continue to be registered as the legal owner of any such securities or other obligations comprising the Asset Amount ("**Intervening Period**"), none of the Issuer, the Calculation Agent nor any other person shall at any time (i) be under any obligation to deliver or procure delivery to the Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities or obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations or (iii) be under any liability to the Securityholder in respect of any loss or damage which the Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations.

If, prior to the delivery of the Asset Amount in accordance with this § [6], a Settlement Disruption Event is subsisting, then the Delivery Date in respect of such Security shall be postponed until the date on which no Settlement Disruption Event is subsisting and notice thereof shall be given to the Securityholder, in accordance with § [15]. The Securityholder shall not be entitled to any payment, whether of interest or otherwise, on such Security as a result of any delay in the delivery of the Asset Amount pursuant to this paragraph. Where delivery of the Asset Amount has been postponed as provided in this paragraph the Issuer shall not be in breach of these Conditions and no liability in respect thereof shall attach to the Issuer.

For so long as delivery of the Asset Amount in respect of any Security is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Security by payment to the Securityholder of the Disruption Cash Settlement Price (as defined below) not later than on the third Business Day following the date that the notice of such election (the "**Election Notice**") is given to the Securityholders in accordance with § [15]. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Securityholders in accordance with § [15].

Where the Asset Amount is, in the determination of the Issuer, an amount other than an amount of the Relevant Assets capable of being delivered, the Securityholders will receive an Asset Amount comprising of the nearest number (rounded down) of the Relevant Assets capable of being delivered by the Issuer (taking into account that a Securityholder's entire holding may be aggregated at the Issuer's discretion for the purpose of delivering the Asset Amounts), and an amount in the Specified Currency which shall be the value of the amount of the Relevant Assets so rounded down, as calculated by the Calculation Agent in a fair and commercially reasonable manner from such source(s) as it may select, after consultation with the Issuer (converted if necessary into the Specified Currency by reference to such exchange rate as the Calculation Agent deems appropriate). Payment will be made in such manner as shall be notified to the Securityholders in accordance with § [15].

For the purposes of the Securities (i) the Issuer shall be under no obligation to register or procure the registration of the Securityholder or any other person as the registered shareholder in the register of members of the Equity Issuer, (ii) the Issuer shall not be obliged to account to any Securityholder or any other person for any entitlement received or that is receivable in respect of Underlying Equities comprising the Asset Amount in respect of any Security if the date on which the Underlying Equities are first traded on the Relevant Exchange ex such entitlement is on or prior to the Maturity Date and (iii) any interest, dividend or other distribution in respect of any Asset Amount will be payable to the party that would receive such interest, dividend or other distribution according to market practice for a sale of the Underlying Equities executed on the Delivery Date and to be delivered in the same manner as the Asset Amount. Any such interest, dividend or other distribution to be paid to the Securityholder shall be paid to the account specified in the Asset Transfer Notice.

The following definitions shall apply:

**"Asset Transfer Notice"** means an asset transfer notice substantially in the form set out in the Agency Agreement.

**"Delivery Expenses"** means all costs, taxes, duties and/or expenses, including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Asset Amount.

- (b) in relation to an Index which is a Multi-Exchange Index, the closure on any Exchange Business Day of the Exchange in respect of any Component Security

or the Related Exchange prior to its Scheduled Closing Time unless such earlier closing is announced by such Exchange or Related Exchange (as the case may be) at least one hour prior to the earlier of: (i) the actual closing time for the regular trading session on such Exchange or Related Exchange (as the case may be) on such Exchange Business Day; and (ii) the submission deadline for orders to be entered into the relevant Exchange or Related Exchange system for execution at the relevant [Valuation Time] [Determination Time] on such Exchange Business Day.

If three responses are received, and two or more leading independent dealers state the same index, this index will be deemed the "Successor Inflation Index". If fewer than three responses are received, the Calculation Agent will proceed to § [8](2)(iv); or

- (3) *Rebasing of the Inflation Index.* If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the level of the Inflation Index from the date of such rebasing; provided, however, that the Calculation Agent shall make adjustments **[the following applies if Related Bond is applicable: as are made by the calculation agent pursuant to the terms and conditions of the Related Bond]** to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased.
- (4) *Material Modification Prior to Last Occurring Cut-Off.* If, on or prior to the last occurring Cut-Off Date, the Inflation Index Sponsor announces that it will make a material change to the Inflation Index then the Calculation Agent shall make **[the following applies if Related Bond is applicable: any such adjustments consistent with adjustments made to the Related Bond] [the following applies if Related Bond is not applicable: only those adjustments to the Inflation Index necessary for the modified Inflation Index to continue as the Inflation Index]**.

**"Cut-Off Date"** means, in respect of a Determination Date, [●] [five Business Days prior to such Determination Date].

**"Delayed Index Level Event"** means, in respect of any Determination Date and an Inflation Index, that the relevant Index Sponsor fails to publish or announce the level of such Index (the **"Relevant Level"**) in respect of any Reference Month which is to be utilised in any calculation or determination to be made by the Issuer in respect of such Determination Date, at any time on or prior to the Cut-Off Date.

If the Fallback Bond redeems, the Calculation Agent will select a new Fallback Bond on the same basis, but selected from all eligible bonds in issue at the time the original Fallback Bond redeems (including any bond for which the redeemed bond is exchanged).]

**"Reference Month"** means the calendar month for which the level of the Inflation Index was reported, regardless of when this information is published or announced. Ein solcher Austausch darf nur nach Vorlage von Bescheinigungen erfolgen, wonach der bzw. die wirtschaftliche(n) Eigentümer (*beneficial owner(s)*) der durch die Vorläufige Globalurkunde verbrieften Schuldverschreibungen keine US-Person ist bzw. keine US-Personen sind (ausgenommen bestimmte Finanzinstitute oder bestimmte Personen, die Schuldverschreibungen über solche Finanzinstitute halten). **[Im Fall von Schuldverschreibungen, bei denen es sich nicht um Nullkupon-Anleihen handelt, gilt Folgendes:** Zinszahlungen auf durch eine Vorläufige Globalurkunde verbrieft Schuldverschreibungen erfolgen erst nach Vorlage solcher Bescheinigungen.] Eine gesonderte Bescheinigung ist für jede solche Zinszahlung erforderlich. ## Emissionsbedingungen für Variabel Verzinsliche Anleihen (Option II)

Diese Serie von Anleihen (die "**Schuldverschreibungen**") wird gemäß einem Zahlstellenvertrag vom 21. Juni 2019 (einschließlich einer etwaigen geänderten, ergänzten und/oder neu gefassten Fassung dieses Vertrags, das "**Agency Agreement**") begeben, der unter anderem zwischen Deutsche Bank Aktiengesellschaft als Emittentin und Deutsche Bank Aktiengesellschaft als Fiscal Agent und den anderen darin genannten Parteien geschlossen wurde. Kopien des Agency Agreement können kostenfrei bei der bezeichneten Geschäftsstelle des Fiscal Agent, der bezeichneten Geschäftsstelle jeder Zahlstelle sowie der Hauptgeschäftsstelle der Emittentin bezogen werden.

**IM FALL VON ENGLISCH-RECHTLICHEN SCHULDVER-SCHREIBUNGEN GILT FOLGENDES:** Die Gläubiger der Schuldverschreibungen [und] [,] [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] sind berechtigt, Rechte aus der von der Emittentin ausgefertigten Deed of Covenant (die "**Deed of Covenant**") vom 21. Juni 2019 auszuüben. Das Original der Deed of Covenant wird von einer gemeinsamen Verwahrstelle (*common depository*) für die Clearing Systeme verwahrt.

**FALLS DIE SCHULDVER-SCHREIBUNGEN DURCH DEUTSCHE BANK AG, FILIALE NEW YORK GARANTIERT WERDEN, GILT FOLGENDES:** Die Zahlung aller in Bezug auf die Schuldverschreibungen zahlbaren Beträge wird von Deutsche Bank AG, Filiale New York, als Garantin (die "**Garantin**") gemäß einer von der Garantin am oder vor dem Emissionstag unterzeichneten Garantieerklärung (*Deed of Guarantee*) (die "**Garantie**"), die englischem Recht unterliegt und dem im Agency Agreement enthaltenen Muster entspricht, garantiert. Das Original der Garantie wird vom Fiscal Agent für die Gläubiger der Schuldverschreibungen [,] [und] [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] in seiner bezeichneten Geschäftsstelle verwahrt werden.

**FALLS DIE IN DIESER OPTION II AUFGEFÜHRTEN EMISSIONS-BEDINGUNGEN NICHT IN DEN ENDGÜLTIGEN BEDINGUNGEN WIEDERHOLT UND VERVOLL-STÄNDIGT WERDEN, GILT FOLGENDES:** Für jede Tranche von Schuldverschreibungen, bei denen es sich nicht um Befreite Schuldverschreibungen (wie nachstehend definiert) handelt, gelten endgültige Bedingungen (jeweils die "**Endgültigen Bedingungen**"), und für jede Tranche von Befreiten Schuldverschreibungen gilt ein Konditionenblatt (jeweils ein "**Konditionenblatt**"), sofern nichts anderes bestimmt ist. Jede Bezugnahme in diesen Bedingungen auf die "Endgültigen Bedingungen" ist auch als Bezugnahme auf das "Konditionenblatt" zu verstehen (soweit anwendbar). Die Bestimmungen der nachstehenden Bedingungen gelten für die Schuldverschreibungen in der jeweils durch die Bestimmungen von Teil I der anwendbaren Endgültigen Bedingungen vervollständigten Form oder, sofern die Schuldverschreibungen weder zum Handel an einem geregelten Markt innerhalb des Europäischen Wirtschaftsraums zugelassen sind noch im Europäischen Wirtschaftsraum in Fällen angeboten werden, in denen nach Maßgabe der Prospektrichtlinie die Veröffentlichung eines Prospekts vorgeschrieben ist ("**Befreite Schuldverschreibungen**"), wie jeweils durch das anwendbare Konditionenblatt für die Zwecke der Schuldverschreibungen ergänzt, ersetzt oder geändert. "**Prospektrichtlinie**" bezeichnet die Richtlinie 2003/71/EG (in der jeweils geänderten oder ersetzten Fassung) und umfasst alle maßgeblichen Umsetzungsmaßnahmen in einem maßgeblichen Mitgliedstaat des Europäischen Wirtschaftsraums. Die Leerstellen in den auf die Schuldverschreibungen anwendbaren Bestimmungen dieser Bedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob diese Angaben in die betreffenden Bestimmungen eingefügt wären; alternative oder wählbare Bestimmungen dieser Bedingungen, deren Entsprechungen in den Endgültigen Bedingungen nicht

ausdrücklich ausgefüllt oder die gestrichen sind, gelten als aus diesen Bedingungen gestrichen; sämtliche auf die Schuldverschreibungen nicht anwendbaren Bestimmungen dieser Bedingungen (einschließlich der Anweisungen, Anmerkungen und der Texte in eckigen Klammern) gelten als aus diesen Bedingungen gestrichen, so dass die Bestimmungen der Endgültigen Bedingungen Geltung erhalten.

Der (etwaige) in dieser Weise festgelegte Ersatzzinssatz ersetzt, unter Anwendung der Anpassungsspanne gemäß den Bestimmungen dieser Bedingungen, den maßgeblichen Variablen Zinssatz, und die Bedingungen gelten des Weiteren für die Zwecke der Festlegung des Zinssatzes jeweils für die Zinsperiode in Bezug auf den Zinsfestlegungstag, der auf den Ersatzzinssatz-Festlegungstag fällt oder, falls auf diesen Tag kein Zinsfestlegungstag fällt, der unmittelbar auf den Tag des Ersatzzinssatz-

Für jede Tranche von Pfandbriefen, bei denen es sich nicht um Befreite Schuldverschreibungen (wie nachstehend definiert) handelt, gelten endgültige Bedingungen (jeweils die "**Endgültigen Bedingungen**"), und für jede Tranche von Pfandbriefen, bei denen es sich um Befreite Schuldverschreibungen handelt, gilt ein Konditionenblatt (jeweils ein "**Konditionenblatt**"), sofern nichts anderes bestimmt ist. Jede Bezugnahme in diesen Bedingungen auf die "Endgültigen Bedingungen" ist auch als Bezugnahme auf das "Konditionenblatt" zu verstehen (soweit anwendbar). (3) *Auflaufende Zinsen.* Der Zinslauf der Pfandbriefe endet mit Ablauf des Tages, der dem Tag vorangeht, an dem sie zur Rückzahlung fällig werden, es sei denn, die Rückzahlung wird unberechtigterweise vorenthalten oder verweigert. Zahlt die Emittentin die Pfandbriefe nicht bei Fälligkeit zurück, wird der ausstehende Gesamtnennbetrag der Pfandbriefe weiter verzinst, und zwar ab dem Tag, an dem die Pfandbriefe zur Rückzahlung fällig werden, (einschließlich) bis zum Ablauf des Tages, der dem Tag der tatsächlichen Rückzahlung der Pfandbriefe vorangeht (ausschließlich), wobei der gesetzliche Verzugszinssatz Anwendung findet (der gesetzliche Verzugszinssatz beträgt fünf Prozentpunkte über dem von der Deutschen Bundesbank jeweils veröffentlichten Basiszinssatz, §§ 288 Abs. 1, 247 Bürgerliches Gesetzbuch (BGB); der gesetzliche Verzugszinssatz schließt darüber hinausgehende Schadensersatzansprüche nicht aus).

Ein solcher Austausch darf nur nach Vorlage von Bescheinigungen erfolgen, wonach der bzw. die wirtschaftliche(n) Eigentümer (beneficial owner(s)) der durch die Vorläufige Globalurkunde verbrieften Pfandbriefe keine US-Person ist bzw. keine US-Personen sind (ausgenommen bestimmte Finanzinstitute oder bestimmte Personen, die Pfandbriefe über solche Finanzinstitute halten). Zinszahlungen auf durch eine Vorläufige Globalurkunde verbrieft Pfandbriefe erfolgen erst nach Vorlage solcher Bescheinigungen. Eine gesonderte Bescheinigung ist für jede solche Zinszahlung erforderlich. Jede Bescheinigung, die am oder nach dem 40. Tag nach dem Tag der Ausgabe der Vorläufigen Globalurkunde eingeht, wird als ein Ersuchen behandelt, diese Vorläufige Globalurkunde gemäß diesem Unterabsatz (b) dieses Absatzes (2) auszutauschen. FOLGENDES:**

- (5) *Unterlagen der ICSDs.* Als Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe gilt der jeweils in den Unterlagen der beiden ICSDs verzeichnete Gesamtbetrag. Die Unterlagen der ICSDs (wobei dieser Ausdruck die Unterlagen bezeichnet, die jeder der ICSDs für seine Kunden führt und in welchen der Betrag des auf jeden Kunden entfallenden Anteils an den Pfandbriefen erfasst ist) gelten als schlüssiger Nachweis in Bezug auf den Nennbetrag der durch die Globalurkunde verbrieften Pfandbriefe; zu diesem Zweck gilt eine von einem ICSD erstellte Bescheinigung über den Nennbetrag der verbrieften Pfandbriefe (die dem Gläubiger auf Verlangen zur Verfügung zu stellen ist) als schlüssiger Nachweis in Bezug auf die Unterlagen des betreffenden ICSD zu dem jeweiligen Zeitpunkt.

Bei der Rückzahlung oder Zahlung von Raten oder Zinsen auf die Pfandbriefe beziehungsweise beim Rückkauf und bei der Entwertung von Pfandbriefen, die durch diese Globalurkunde verbrieft sind, hat die Emittentin sicherzustellen, dass nähere Angaben zu der Rückzahlung oder Zahlung bzw. dem Rückkauf und der Entwertung in Bezug auf die Globalurkunde unter Angabe des betroffenen Anteils in den Unterlagen der ICSDs vermerkt wird; mit der Vornahme jedes solchen Vermerks verringert sich der Nennbetrag der in den Unterlagen der ICSDs eingetragenen und durch die Globalurkunde verbrieften Pfandbriefe um den Gesamtnennbetrag der zurückgezahlten oder zurückgekauften und entwerteten Pfandbriefe oder um den Gesamtbetrag der gezahlten Raten.

<sup>4</sup> Im Fall von Pfandbriefen, die an der Frankfurter Wertpapierbörse zum Handel zugelassen werden, erfolgt das Clearing üblicherweise über CBF.

- [(6)] *Bezugnahmen.* Bezugnahmen in diesen Bedingungen auf die "Pfandbriefe" schließen Bezugnahmen auf jede die Pfandbriefe verbriefende Globalurkunde ein, es sei denn, aus dem Zusammenhang ergibt sich etwas anderes. Bezugnahmen in diesen Emissionsbedingungen auf die "Emissionsbedingungen" oder die "Bedingungen" verstehen sich als Bezugnahmen auf diese Emissionsbedingungen der Pfandbriefe.

## § 2 STATUS

[(6)] *Berechnungen und Feststellungen.* Soweit in diesem § 3 nicht etwas anderes bestimmt ist, werden sämtliche Berechnungen und Feststellungen, die nach diesem § 3 vorzunehmen sind, durch die Berechnungsstelle vorgenommen. Die Berechnungsstelle legt den Zinssatz an den für die Festlegung des Zinssatzes jeweils vorgesehenen Terminen oder so bald wie möglich danach fest.

[(7)] *Mitteilungen von Zinssatz und Zinsbetrag.* Die Berechnungsstelle wird veranlassen, dass der Zinssatz und jeder Zinsbetrag für eine jede Zinsperiode der Emittentin und den Pfandbriefgläubigern gemäß § 10 und, sofern die Vorschriften einer Börse, an der die Pfandbriefe zu dem betreffenden Zeitpunkt zum Handel zugelassen sind, dies verlangen, der betreffenden Börse so bald wie möglich nach der Feststellung, keinesfalls aber später als am [vierten Geschäftstag] **[anderer Zeitpunkt]** nach der Feststellung mitgeteilt werden. [(8)] *Verbindlichkeit der Feststellungen.* Alle Bescheinigungen, Mitteilungen, Gutachten, Feststellungen, Berechnungen, Quotierungen und Entscheidungen, die von der Berechnungsstelle, einem Unabhängigen Berater oder der Emittentin für die Zwecke dieses § 3 vorgenommen, abgegeben, getroffen oder eingeholt werden, sind (sofern nicht ein offensichtlicher Irrtum vorliegt) für die Emittentin, den Fiscal Agent, die Zahlstellen und die Pfandbriefgläubiger bindend.

[(9)] *Auflaufende Zinsen.* Der Zinslauf der Pfandbriefe endet mit Ablauf des Tages, der dem Tag vorangeht, an dem sie zur Rückzahlung fällig werden, es sei denn, die Rückzahlung wird unberechtigterweise vorenthalten oder verweigert. Zahlt die Emittentin die Pfandbriefe nicht bei Fälligkeit zurück, wird der ausstehende Gesamtnennbetrag der Pfandbriefe weiter verzinst, und zwar ab dem Tag, an dem die Pfandbriefe zur Rückzahlung fällig werden, (einschließlich) bis zum Ablauf des Tages, der dem Tag der tatsächlichen Rückzahlung der Pfandbriefe vorangeht (ausschließlich), wobei der gesetzliche Verzugszinssatz Anwendung findet (der gesetzliche Verzugszinssatz beträgt fünf Prozentpunkte über dem von der Deutschen Bundesbank jeweils veröffentlichten Basiszinssatz, §§ 288 Abs. 1, 247 Bürgerliches Gesetzbuch (BGB); der gesetzliche Verzugszinssatz schließt darüber hinausgehende

GILT FOLGENDES:**

[(10)] *Zinssatz-Ersetzung.* Im Falle, dass die Emittentin feststellt, dass an oder vor einem Zinsfestlegungstag (der "**Maßgebliche Zinsfestlegungstag**") ein Zinssatz-Ersetzungsgrund in Bezug auf einen Variablen Zinssatz eingetreten ist, hat die Maßgebliche Festlegende Stelle, falls sie gegenüber der Emittentin den Eintritt dieses Zinssatz-Ersetzungsgrunds bestätigt (sofern es sich bei der Maßgeblichen Festlegenden Stelle nicht um die Emittentin handelt), nach ihrem billigen Ermessen (i) einen Ersatzzinssatz für den maßgeblichen Variablen Zinssatz und (ii) Ersatzzinssatz-Anpassungen festzulegen und ihre Festlegungen der Emittentin und der Berechnungsstelle (sofern es sich bei diesen jeweils nicht um die Maßgebliche Festlegende Stelle handelt) unverzüglich mitzuteilen.

Der (etwaige) in dieser Weise festgelegte Ersatzzinssatz ersetzt, unter Anwendung der Anpassungsspanne gemäß den Bestimmungen dieser Bedingungen, den maßgeblichen Variablen Zinssatz, und die Bedingungen gelten des Weiteren für die Zwecke der Festlegung des Zinssatzes jeweils für die Zinsperiode in Bezug auf den Zinsfestlegungstag, der auf den Ersatzzinssatz-Festlegungstag fällt oder, falls auf diesen Tag kein Zinsfestlegungstag fällt, der unmittelbar auf den Tag des Ersatzzinssatz-Festlegungstags folgt, sowie jede nachfolgende Zinsperiode als durch die in dieser Weise festgelegten Ersatzzinssatz-Anpassungen abgeändert (vorbehaltlich des nachfolgenden Eintritts eines Zinssatz-Ersetzungsgrunds in Bezug auf den Ersatzzinssatz). Die Emittentin wird den Pfandbriefgläubigern so bald wie möglich nach dem Ersatzzinssatz-Festlegungstag den Ersatzzinssatz sowie die Ersatzzinssatz-Anpassungen durch Mitteilung gemäß § 10 mitteilen und das Clearing System auffordern, der Globalurkunde die vorgelegten Dokumente in geeigneter Weise beizufügen, um die Änderung der Bedingungen zu berücksichtigen.

Im Falle, dass ein Ersatzzinssatz, eine etwaige erforderliche Anpassungsspanne und jedwede sonstigen maßgeblichen Ersatzzinssatz-Anpassungen nicht im Einklang mit den vorstehenden Bestimmungen festgelegt werden, kann die Emittentin durch Mitteilung an die Pfandbriefgläubiger mit einer Frist von nicht weniger als 15 Geschäftstagen gemäß § 10 bis zum Zinsfestlegungstag (ausschließlich), der unmittelbar auf den Maßgeblichen Zinsfestlegungstag folgt, die Schuldverschreibungen insgesamt, jedoch nicht teilweise, zum Vorzeitigen Rückzahlungsbetrag einschließlich etwaiger bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen zurückzahlen. Werden die Schuldverschreibungen nicht gemäß den vorstehenden Bestimmungen zurückgezahlt, so finden die Bestimmungen dieses § 3[(10)] in Bezug auf den unmittelbar folgenden Zinsfestlegungstag erneut Anwendung.

"**Ersatzzinssatz-Anpassungen**" bezeichnet (a) solche Anpassungen der Bedingungen, die die Maßgebliche Festlegende Stelle nach ihrem billigen Ermessen festlegt, um der Anwendung des jeweiligen Ersatzzinssatzes Rechnung zu tragen (wobei diese, ohne Beschränkung hierauf, Anpassungen der geltenden Geschäftstagskonvention, der Definition von Geschäftstag, des Zinsfestlegungstages (der auf eine Zeit vor, während oder nach der Zinsperiode verschoben werden kann), des Zinstagequotienten, jeder Methodik oder Definition zum Erhalt oder zur Berechnung des Ersatzzinssatzes umfassen können) und (b) jede Anpassungsspanne, die auf den betreffenden Ersatzzinssatz Anwendung findet. **FALLS DIE SCHULDVER-SCHREIBUNGEN DURCH DEUTSCHE BANK AG, FILIALE NEW YORK GARANTIERT WERDEN, GILT FOLGENDES:** Die Zahlung aller in Bezug auf die Schuldverschreibungen zahlbaren Beträge **[bei Schuldverschreibungen, deren Abwicklung (i) physisch oder (ii) bar und/oder physisch erfolgt, gilt Folgendes:]** und/oder die Lieferung aller in Bezug auf die Schuldverschreibungen zu liefernden Vermögenswerte wird von Deutsche Bank AG, Filiale New York, als Garantin (die "**Garantin**") gemäß einer von der Garantin am oder vor dem Emissionstag unterzeichneten Garantieerklärung (*Deed of Guarantee*) (die "**Garantie**"), die englischem Recht unterliegt und dem im Agency Agreement enthaltenen Muster entspricht, garantiert. Das Original der Garantie wird vom Fiscal Agent für die Gläubiger der Schuldverschreibungen [,] [und] [die Inhaber von Zinsscheinen] [und] [die Inhaber von Rückzahlungsscheinen] in seiner bezeichneten Geschäftsstelle verwahrt werden.

- (a) Um die Lieferung des Vermögenswertbetrags (bzw. der Vermögenswertbeträge) in Bezug auf eine Schuldverschreibung zu erhalten, hat der Gläubiger der Schuldverschreibungen (i) falls die betreffende Schuldverschreibung durch eine Globalurkunde verbrieft ist, dem betreffenden Clearing System spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag (wie nachstehend definiert) eine ordnungsgemäß ausgefüllte Vermögenswertübertragungs-Mitteilung (mit Kopie an die Emittentin) zu übergeben oder (ii) falls die betreffende Schuldverschreibung durch eine Einzelurkunde verbrieft ist, einer beliebigen Zahlstelle spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag eine ordnungsgemäß ausgefüllte Vermögenswertübertragungs-Mitteilung (mit Kopie an die Emittentin) zu übergeben.

Muster der Vermögenswertübertragungs-Mitteilung sind während der üblichen Geschäftszeiten bei einer jeden Zahlstelle erhältlich.

Eine Vermögenswertübertragungs-Mitteilung darf nur in einer für das betreffende Clearing System annehmbaren Art und Weise übergeben werden (wenn die betreffende Schuldverschreibung durch eine Globalurkunde verbrieft ist) bzw. muss schriftlich oder durch Telefax zusammen mit den Schuldverschreibungen, auf die sich die jeweilige Vermögenswertübertragungs-Mitteilung bezieht, erfolgen (falls die betreffende Schuldverschreibung durch eine Einzelurkunde verbrieft ist).

Eine Vermögenswertübertragungs-Mitteilung hat Folgendes zu enthalten:

- (i) die Angabe des Namens und der Anschrift des Gläubigers der Schuldverschreibungen, der Person, von der die Emittentin Einzelheiten bezüglich der Lieferung des Vermögenswertbetrags erhalten kann, sowie die zur Lieferung des Vermögenswertbetrags erforderlichen Einzelheiten,

- (iii) ein Zahlungsverprechen in Bezug auf sämtliche Lieferauslagen und, falls die Schuldverschreibung durch eine Globalurkunde verbrieft ist, eine Ermächtigung zur diesbezüglichen Belastung eines benannten Kontos des

- (iv) Angabe eines Kontos, auf das gemäß diesem Unterabsatz zahlbare Dividenden (falls anwendbar) oder sonstige Barbeträge zu zahlen sind, und
- (v) eine Ermächtigung zur Verwendung der betreffenden Mitteilung in etwaigen Verwaltungs- oder Gerichtsverfahren.

**[(vi)] [zusätzliche Bestimmungen]**

Eine Vermögenswertübertragungs-Mitteilung kann nach Eingang bei dem betreffenden Clearing System bzw. einer Zahlstelle, wie vorstehend angegeben, nicht mehr widerrufen werden. Nach Übermittlung einer Vermögenswertübertragungs-Mitteilung kann der Gläubiger der Schuldverschreibungen die Schuldverschreibungen, auf die sich die Mitteilung bezieht, nicht mehr übertragen.

Falls die Schuldverschreibungen durch eine Globalurkunde verbrieft sind, wird sich das betreffende Clearing System nach Erhalt einer solchen Mitteilung vergewissern, dass es sich bei der darin als Gläubiger der Schuldverschreibungen bezeichneten Person um den Gläubiger [des] [der] darin genannten Nennbetrags der Schuldverschreibungen gemäß den Aufzeichnungen des Clearing Systems handelt.

Wird eine Vermögenswertübertragungs-Mitteilung nicht ordnungsgemäß ausgefüllt und eingereicht, so kann dies zur Ungültigkeit dieser Vermögenswertübertragungs-Mitteilung führen. Jegliche Feststellung dahingehend, ob eine solche Mitteilung nach Maßgabe dieser Bedingungen ordnungsgemäß ausgefüllt und eingereicht wurde, erfolgt bei Schuldverschreibungen, die durch eine Globalurkunde verbrieft sind, durch das jeweilige Clearing System nach Rücksprache mit der Emittentin und ist für die Emittentin und den Gläubiger der Schuldverschreibungen endgültig und bindend; im Fall einer durch eine Einzelurkunde verbrieften Schuldverschreibung erfolgt die Feststellung durch die jeweilige Zahlstelle nach Rücksprache mit der Emittentin und ist für die Emittentin und den Gläubiger der Schuldverschreibungen endgültig und bindend.

- (b) Die Lieferung des Vermögenswertbetrags in Bezug auf jede Schuldverschreibung erfolgt [auf Gefahr des Gläubigers der Schuldverschreibungen auf solche wirtschaftlich vernünftige Weise, die die Berechnungsstelle nach [ihrem alleinigen Ermessen] festlegt und der in der entsprechenden Vermögenswertübertragungs-Mitteilung von dem Gläubiger der Schuldverschreibungen benannten Person mitteilt] **[alternative Lieferart]**.

Der Vermögenswertbetrag in Bezug auf jede durch Lieferung des Vermögenswertbetrags zurückzuzahlende Schuldverschreibung wird auf Gefahr des Gläubigers der Schuldverschreibungen in der vorstehend angegebenen Weise am Fälligkeitstag geliefert (vorbehaltlich einer Anpassung gemäß diesem § 6 als "**Tag der Lieferung**" bezeichnet), sofern die Vermögenswertübertragungs-Mitteilung, wie vorstehend angegeben, spätestens bis Geschäftsschluss an jedem Empfangsort am **[Stichtag]** (der "**Stichtag**") (mit Kopie an die Emittentin) ordnungsgemäß bei dem

Clearing System bzw. einer Zahlstelle eingereicht wurde.

Erfolgt keine Vermögenswertübertragungs-Mitteilung durch den Gläubiger der Schuldverschreibungen wie vorstehend angegeben (mit Kopie an die Emittentin) spätestens bis Geschäftsschluss an jedem Empfangsort am Stichtag, wird der Vermögenswertbetrag so bald wie möglich nach dem Fälligkeitstag auf Gefahr des jeweiligen Gläubigers der Schuldverschreibungen in der vorstehend angegebenen Art und Weise geliefert (wobei es sich in diesem Fall bei diesem Liefertag um den Tag der Lieferung handelt). Zur Klarstellung wird festgestellt, dass der betreffende Gläubiger der Schuldverschreibungen im Fall, dass der Tag der Lieferung nach dem ursprünglich bestimmten Tag der Lieferung liegt, keinen Anspruch auf jegliche Zahlungen von Zinsen oder sonstigen Beträgen in Bezug auf den betreffenden Zeitraum hat, und es wird keinerlei diesbezügliche Haftung seitens der Emittentin begründet.

- (c) Sämtliche aufgrund der Lieferung des Vermögenswertbetrags in Bezug auf die Schuldverschreibungen entstehenden Lieferauslagen erfolgen für Rechnung des Gläubigers der Schuldverschreibungen und es erfolgt keine Lieferung des Vermögenswertbetrags, bevor nicht sämtliche Lieferauslagen zur Zufriedenheit der Emittentin durch den Gläubiger der Schuldverschreibungen gezahlt wurden.

Nach Lieferung des Vermögenswertbetrags und solange eine andere Person als der betreffende Gläubiger der Schuldverschreibungen als rechtmäßiger Eigentümer jedweder den Vermögenswertbetrag bildender Wertpapiere oder sonstiger Verbindlichkeiten eingetragen ist (die "**Zwischenzeit**"), (i) ist weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt verpflichtet, dem Gläubiger der Schuldverschreibungen etwaige Anschreiben, Bestätigungen, Mitteilungen, Rundschreiben oder sonstige Dokumente bzw. (außer soweit in diesen Bedingungen vorgesehen) Zahlungen jeglicher Art weiterzuleiten bzw. deren Weiterleitung zu veranlassen, die von dieser Person in Bezug auf diese Wertpapiere oder Verbindlichkeiten entgegengenommen bzw. vereinnahmt wurden, (ii) ist weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt verpflichtet, bestimmte oder alle Rechte hinsichtlich dieser Wertpapiere oder Verbindlichkeiten auszuüben bzw. ausüben zu lassen und (iii) unterliegt weder die Emittentin noch die Berechnungsstelle noch eine andere Person zu irgendeinem Zeitpunkt irgendeiner Haftung gegenüber dem betreffenden Gläubiger der Schuldverschreibungen im Zusammenhang mit jeglichen unmittelbaren oder mittelbaren Verlusten oder Schäden, welche dem betreffenden Gläubiger der Schuldverschreibungen möglicherweise aufgrund des Umstands entstehen, dass die betreffende Person während der Zwischenzeit als rechtlicher Eigentümer der betreffenden Wertpapiere oder Verbindlichkeiten eingetragen ist.

Liegt vor Lieferung des Vermögenswertbetrags gemäß diesem § [6] ein Abwicklungsunterbrechungsereignis vor, so wird der Tag der Lieferung hinsichtlich dieser Schuldverschreibung auf den Tag verlegt, an dem kein solches Abwicklungsunterbrechungsereignis vorliegt, wobei dies dem Gläubiger der Schuldverschreibungen gemäß § [15] mitzuteilen ist. Dem Gläubiger der Schuldverschreibungen steht im Fall einer Verzögerung bei der Lieferung des Vermögenswertbetrags gemäß diesem Absatz kein Anspruch auf Zahlungen von Zinsen oder

sonstigen Beträgen auf die jeweilige Schuldverschreibung zu. Wurde die Lieferung des Vermögenswertbetrags gemäß diesem Absatz verschoben, begründet dies keine Verletzung dieser Bedingungen durch die Emittentin und keine Haftung seitens der Emittentin.

Solange die Lieferung des Vermögenswertbetrags hinsichtlich einer Schuldverschreibung aufgrund eines Abwicklungsunterbrechungsereignisses nicht möglich ist, kann die Emittentin unbeschadet der sonstigen in diesen Bedingungen enthaltenen Bestimmungen nach ihrem alleinigen Ermessen entscheiden, anstelle einer physischen Lieferung ihre Verpflichtungen hinsichtlich der betreffenden Schuldverschreibung durch Zahlung des Unterbrechungs-Barabwicklungsbetrags (wie nachfolgend definiert) an den Gläubiger der Schuldverschreibungen spätestens am dritten Geschäftstag nach dem Tag der Mitteilung dieser Entscheidung (die "**Entscheidungsmitteilung**") an die Gläubiger der Schuldverschreibungen gemäß § [15] erfüllen. Die Zahlung des Unterbrechungs-Barabwicklungsbetrags erfolgt in der dem Gläubiger der Schuldverschreibungen gemäß § [15] mitgeteilten Art und Weise.

Soweit es sich bei dem Vermögenswertbetrag nach Feststellung der Emittentin um einen anderen als den lieferbaren Betrag der Maßgeblichen Vermögenswerte handelt, erhalten die Gläubiger der Schuldverschreibungen einen Vermögenswertbetrag in Höhe der nächsten Zahl (abgerundet) der von der Emittentin lieferbaren Maßgeblichen Vermögenswerte (wobei der gesamte Bestand eines Gläubigers der Schuldverschreibungen nach dem Ermessen der Emittentin für die Zwecke der Lieferung des Vermögenswertbetrags zusammengefasst werden kann) sowie einen Betrag in der Festgelegten Währung im Wert der abgerundeten Maßgeblichen Vermögenswerte, den die Berechnungsstelle auf angemessene und wirtschaftlich vernünftige Weise auf Grundlage der (bzw. den) von ihr nach Rücksprache mit der Emittentin ausgewählten Quelle (bzw. Quellen) ermittelt (und erforderlichenfalls unter Zugrundelegung des von ihr als angemessen erachteten Wechselkurses in die Festgelegte Währung umrechnet). Die Zahlung erfolgt auf die den Gläubigern der Schuldverschreibungen gemäß § [15] mitgeteilten Art und Weise.

**[Im Fall eines Möglichen Anpassungsereignisses gilt Folgendes: Mögliche Anpassungsereignis.** Die Berechnungsstelle wird nach Meldung der Umstände eines Möglichen Anpassungsereignisses durch [den] [einen] Aktienemittenten auf angemessene und wirtschaftlich vernünftige Weise feststellen, ob dieses Mögliche Anpassungsereignis eine verwässernde, werterhöhende oder sonstige Wirkung auf den theoretischen Wert der Zugrundeliegenden Aktie hat; stellt sie eine solche Wirkung fest, wird sie (a) gegebenenfalls eine entsprechende Anpassung [des Referenzkurses] [des] [jeweiligen] [Feststellungskurses] [und/oder des Anfangskurses] [und/oder] [des Zinssatzes] [und/oder] [des Rückzahlungsbetrags] [und/oder] [des Basiskurses] [und/oder des Multiplikators] (oder mehrerer dieser Faktoren) und/oder gegebenenfalls weiterer Bestimmungen dieser Bedingungen vornehmen, die nach Feststellung der Berechnungsstelle (die diese auf angemessene und wirtschaftlich vernünftige Weise getroffen hat) geeignet ist, dieser verwässernden oder werterhöhenden Wirkung Rechnung zu tragen (wobei keine Anpassungen vorgenommen werden, die lediglich Veränderungen der Volatilität, der erwarteten Dividenden, des Wertpapierleihsatzes oder der Liquidität hinsichtlich der jeweiligen Zugrundeliegenden Aktie Rechnung tragen sollen) und (b) den Tag des Wirksamwerdens dieser Anpassung festlegen. Die Berechnungsstelle kann (muss jedoch nicht) die entsprechende Anpassung unter Verweisung auf diejenige Anpassung bezüglich eines Möglichen Anpassungsereignisses festlegen, die durch eine Optionsbörse in Bezug auf an dieser Optionsbörse gehandelten Optionen auf die Zugrundeliegende Aktie vorgenommen wurde.

Nach Vornahme einer solchen Anpassung wird die Berechnungsstelle die Gläubiger der Schuldverschreibungen hiervon sobald wie möglich gemäß § [15] unter Angabe der vorgenommenen Anpassung [des Referenzkurses] [des]

[jeweiligen] [Feststellungskurses] [und/oder des Anfangskurses] [und/oder] [des Zinssatzes] [und/oder] [des Rückzahlungsbetrags] [und/oder] [des Basiskurses] [und/oder des Multiplikators] und/oder gegebenenfalls weiterer Bestimmungen dieser Bedingungen sowie einer kurzen Beschreibung des Möglichen Anpassungsereignisses unterrichten.]

- [(2)] **Falls sich Schuldverschreibungen auf Zugrundeliegende Aktien beziehen, die ab dem Handelstag in einer anderen Währung eines Mitgliedstaats der Europäischen Union als Euro notiert oder gehandelt werden, gilt Folgendes: Umrechnung in Euro. Falls eine Zugrundeliegende Aktie zu irgendeinem Zeitpunkt nach dem Handelstag an der [betreffenden Börse] [falls keine Börse angegeben ist, gilt Folgendes: an dem Hauptmarkt, an dem diese Zugrundeliegende Aktie gehandelt wird,] ausschließlich in Euro notiert oder gehandelt wird, wird die Berechnungsstelle eine Anpassung [des Referenzkurses] [des [jeweiligen] Feststellungskurses] [und/oder des Anfangskurses] [und/oder] [des Zinssatzes] [und/oder] [des Rückzahlungsbetrags] [und/oder] [des Basiskurses] [und/oder des Multiplikators] (oder mehrerer dieser Faktoren) und/oder gegebenenfalls weiterer Bestimmung dieser Bedingungen, die nach Feststellung durch die Berechnungsstelle (die diese auf angemessene und wirtschaftlich vernünftige Weise getroffen hat) geeignet ist, den wirtschaftlichen Bedingungen der Schuldverschreibungen zu erhalten. Die Berechnungsstelle wird jedwede für die Zwecke einer solchen Anpassung notwendige Umrechnung ab dem [Bewertungszeitpunkt] [Feststellungszeitpunkt] zu einem angemessenen von der Berechnungsstelle festgestellten und zum [Bewertungszeitpunkt] [Feststellungszeitpunkt] geltenden Devisenkassamittelkurs vornehmen. Anpassungen gemäß dieser Bestimmung wirken sich nicht auf die Währung aus, in der eine Zahlungsverpflichtung aus den Schuldverschreibungen zu erfüllen ist.**

Im Fall [eines De-listing, eines Fusionsereignisses, einer Verstaatlichung[,], [oder] einer Insolvenz] [oder eines Übernahmeangebots] [jeweils] in Bezug auf eine Zugrundeliegende Aktie kann die Emittentin nach ihrem alleinigen und freien Ermessen entweder:**
- (a) die Berechnungsstelle auffordern, auf angemessene und wirtschaftlich vernünftige Weise eine gegebenenfalls hinsichtlich [des Referenzkurses] [des [jeweiligen] Feststellungskurses] [und/oder] [des Anfangskurses] [und/oder] [des Zinssatzes] [und/oder] [des Rückzahlungsbetrags] [und/oder] [des Basiskurses] [und/oder des Multiplikators] (oder mehrerer dieser Faktoren) und/oder gegebenenfalls weiterer Bestimmungen dieser Bedingungen vorzunehmende entsprechende Anpassung festzulegen, die [dem De-listing, dem Fusionsereignis, der Verstaatlichung[,], [oder] der Insolvenz] [oder] [dem Übernahmeangebot] Rechnung trägt, und den Tag des Wirksamwerdens dieser Anpassung festzulegen. Die Berechnungsstelle kann (muss jedoch nicht) die entsprechende Anpassung unter Verweisung auf diejenige Anpassung bezüglich [des De-listing, des Fusionsereignisses, der Verstaatlichung[,], [oder] der Insolvenz] [oder] [des Übernahmeangebots] festlegen, die durch eine Optionsbörse in Bezug auf an dieser Optionsbörse gehandelten Optionen auf die Zugrundeliegende Aktie vorgenommen wurde, oder
  - (b) die Schuldverschreibungen durch Mitteilung an die Gläubiger der Schuldverschreibungen gemäß § [15] insgesamt, jedoch nicht teilweise zurückzahlen, wobei jeder Nennbetrag von Schuldverschreibungen in Höhe [im Fall von deutschrechtlichen Schuldverschreibungen gilt

**Folgendes:** der Festgelegten Stückelung] **[im Fall von englischrechtlichen Schuldverschreibungen gilt Folgendes:** des Berechnungsbetrags] zum Vorzeitigen Rückzahlungsbetrag zurückgezahlt wird.

Die Berechnungsstelle wird die Gläubiger der Schuldverschreibungen sobald wie möglich gemäß § [15] nach Eintritt [eines De-listing, eines Fusionsereignisses, einer Verstaatlichung[,] [oder] einer Insolvenz] [oder] [eines Übernahmeangebots] unter Angabe näherer Einzelheiten sowie der diesbezüglich vorgesehenen Maßnahmen über den Eintritt [des De-listing, des Fusionsereignisses, der Verstaatlichung[,] [oder] der Insolvenz] [oder] [des Übernahmeangebots] unterrichten.

[(4)] *Begriffsbestimmungen.* Für die Zwecke dieser Bedingungen gelten folgende Begriffsbestimmungen:

**"De-listing"** bezeichnet in Bezug auf eine betreffende Zugrundeliegende Aktie eine Bekanntmachung der Börse, dass gemäß den Regeln dieser Börse die (öffentliche) Notierung oder der Handel dieser Zugrundeliegenden Aktie gleich aus welchem Grund (mit Ausnahme eines Fusionsereignisses [oder eines Übernahmeangebots]) widerrufen bzw. eingestellt (werden) wird und die Notierung oder der Handel der Zugrundeliegenden Aktie an einer Börse oder einem Notierungssystem, die bzw. das sich in demselben Land wie die Börse (bzw. wenn sich die Börse in der Europäischen Union befindet, in einem ihrer Mitgliedstaaten) befindet, nicht unmittelbar wieder aufgenommen wird.

**"Insolvenz"** bezeichnet den Umstand, dass aufgrund eines freiwilligen oder unfreiwilligen Liquidations-, Konkurs-, Insolvenz-, Auflösungs- oder Abwicklungsverfahrens oder eines vergleichbaren Verfahrens, das den Aktienemittenten betrifft, (A) sämtliche Zugrundeliegenden Aktien dieses Aktienemittenten auf einen Insolvenzverwalter, Treuhänder, Liquidator oder einen vergleichbaren Amtsträger zu übertragen sind, oder (B) den Inhabern der Zugrundeliegenden Aktien des betreffenden Aktienemittenten eine Übertragung der Zugrundeliegenden Aktien von Gesetzes wegen verboten ist.

**"Fusionstag"** ist der Stichtag eines Fusionsereignisses oder, wenn nach den jeweiligen für ein solches Fusionsereignis geltenden Gesetzen kein Stichtag bestimmt werden kann, ein anderer von der Berechnungsstelle festgelegter Tag.

**"Fusionsereignis"** bezeichnet in Bezug auf eine betreffende Zugrundeliegende Aktie (a) eine Gattungsänderung oder sonstige Änderung dieser Zugrundeliegenden Aktie, die zu einer Übertragung oder einer unwiderruflichen Verpflichtung zur Übertragung aller betreffenden ausstehenden Zugrundeliegenden Aktien auf ein anderes Unternehmen oder eine andere Person führt, (b) die Konsolidierung, Verschmelzung, Fusion oder einen verbindlichen Aktientausch des Aktienemittenten mit einem anderen Unternehmen oder einer anderen Person oder auf ein anderes Unternehmen oder eine andere Person (mit Ausnahme einer Konsolidierung, Verschmelzung, Fusion oder eines verbindlichen Aktientauschs, bei der bzw. dem der Aktienemittent das fortbestehende Unternehmen ist und die bzw. der nicht zu einer Gattungsänderung oder sonstigen Änderung aller betreffenden ausstehenden Zugrundeliegenden Aktien führt), (c) ein Übernahmeangebot, Tauschangebot, eine Aufforderung, ein Angebot oder eine sonstige Maßnahme, das bzw. die zu einer Übertragung oder einer unwiderruflichen Verpflichtung zur Übertragung aller solcher Zugrundeliegender Aktien (außer Zugrundeliegenden Aktien im Eigentum oder unter der Kontrolle des betreffenden anderen Unternehmens oder der betreffenden anderen Person) führt und durch ein

Unternehmen oder eine Person mit dem Ziel erfolgt, 100 % der ausstehenden Zugrundeliegenden Aktien des Aktienemittenten zu erwerben, oder (d) die Konsolidierung, Verschmelzung, Fusion oder einen verbindlichen Aktientausch des Aktienemittenten oder seiner Tochtergesellschaften mit einem anderen Unternehmen oder auf ein anderes Unternehmen, bei der bzw. dem der Aktienemittent das fortbestehende Unternehmen ist und die bzw. der nicht zu einer Gattungsänderung oder sonstigen Änderung aller betreffenden ausstehenden Zugrundeliegenden Aktien, sondern dazu führt, dass die unmittelbar vor diesem Ereignis ausstehenden Zugrundeliegenden Aktien (außer Zugrundeliegenden Aktien im Eigentum oder unter der Kontrolle des betreffenden anderen Unternehmens) insgesamt weniger als 50 % der unmittelbar nach diesem Ereignis ausstehenden Zugrundeliegenden Aktien darstellen, sofern der Fusionstag jeweils an oder vor dem letzten [Bewertungstag] [betreffenden] Basiswertfestlegungstag] oder, falls die Schuldverschreibungen durch Lieferung der Zugrundeliegenden Aktien zurückzuzahlen sind, dem Fälligkeitstag liegt.

**"Verstaatlichung"** bezeichnet den Umstand, dass sämtliche Zugrundeliegenden Aktien oder sämtliche bzw. im Wesentlichen sämtliche Vermögensgegenstände des Aktienemittenten verstaatlicht oder enteignet werden oder auf sonstige Art und Weise an eine Regierungsstelle, Behörde oder sonstige staatliche Stelle oder ein Organ dieser Stellen zu übertragen sind.

**"Mögliches Anpassungsereignis"** bezeichnet eines der folgenden Ereignisse:

- (a) eine Unterteilung, Zusammenlegung oder Gattungsänderung von betreffenden Zugrundeliegenden Aktien (sofern dies nicht zu einem Fusionsereignis führt) sowie die unentgeltliche Ausschüttung oder Zuteilung von Zugrundeliegenden Aktien an bestehende Aktionäre in Form von Bonusaktien, Gratisaktien oder mittels ähnlicher Maßnahmen,
- (b) eine Ausschüttung, Ausgabe oder Dividende an bestehende Aktionäre der betreffenden Zugrundeliegenden Aktien in Form von (i) solchen Zugrundeliegenden Aktien oder (ii) sonstigen Beteiligungsrechten oder Wertpapieren, die zur Ausschüttung einer Dividende und/oder anteiligen Auskehrung des Liquidationserlöses im Hinblick auf den betreffenden Aktienemittenten entsprechend oder anteilmäßig zu den entsprechenden Zahlungen an Aktionäre dieser Zugrundeliegenden Aktien berechtigen, oder (iii) Beteiligungsrechten oder sonstigen Wertpapieren eines anderen Emittenten, den der Aktienemittent (direkt oder indirekt) infolge einer Spaltung oder einer ähnlichen Transaktion erworben hat oder die sich infolge dessen in seinem Besitz befinden, oder (iv) sonstigen Wertpapieren, Options- oder anderen Rechten oder Vermögenswerten, die jeweils für eine unter dem vorherrschenden von der Berechnungsstelle festgestellten Marktpreis liegende, in Barmitteln oder Sachwerten bestehende Gegenleistung gewährt oder geleistet werden,
- (c) eine Leistung, bei der es sich nach Feststellung der Berechnungsstelle um eine außerordentliche Dividende handelt,
- (d) eine Einzahlungsaufforderung seitens des Aktienemittenten in Bezug auf nicht voll eingezahlte Zugrundeliegende Aktien,
- (e) ein Rückkauf der jeweiligen Zugrundeliegenden Aktien durch den Aktienemittenten oder eine seiner Tochtergesellschaften, unabhängig

davon, ob der Rückkauf aus Gewinn- oder Kapitalrücklagen erfolgt oder ob der Kaufpreis in Form von Barmitteln, Wertpapieren oder auf sonstige Weise entrichtet wird, oder

- (f) ein Ereignis in Bezug auf den Aktienemittenten, das dazu führt, dass Aktionärsrechte begeben werden oder von Stammaktien oder anderen Aktien des Aktienemittenten abgetrennt werden und dies gemäß einem Aktionärsrechteplan oder einer ähnlichen Maßnahme zur Abwehr von feindlichen Übernahmen geschieht, der bzw. die beim Eintritt bestimmter Ereignisse die Ausgabe von Vorzugsaktien, Optionsrechten, Wertpapieren oder Bezugsrechten zu einem unter dem von der Berechnungsstelle festgestellten Marktpreis liegenden Preis vorsieht, wobei eine infolge eines solchen Ereignisses getroffene Anpassung bei einer Einlösung solcher Rechte erneut anzupassen ist, und
- (g) sonstige Umstände, die nach Auffassung der Berechnungsstelle eine verwässernde, werterhöhende oder sonstige Wirkung auf den theoretischen Wert der betreffenden Zugrundeliegenden Aktien haben.

["**Übernahmeangebot**"] bezeichnet ein Übernahmeangebot, Tauschangebot, eine Aufforderung, ein Angebot oder eine sonstige Maßnahme seitens eines Unternehmens oder einer Person, das bzw. die dazu führt, dass dieses Unternehmen oder diese Person durch Umwandlung oder sonst in irgendeiner Weise mehr als 10 %, aber weniger als 100 % der ausstehenden stimmberechtigten Aktien des Aktienemittenten erwirbt oder anderweitig erhält oder zu deren Erhalt berechtigt ist, soweit dies von der Berechnungsstelle auf der Grundlage von Mitteilungen an staatliche Stellen oder Selbstregulierungsorgane oder anhand anderer nach Auffassung der Berechnungsstelle maßgeblicher Informationen festgestellt wird.]

- (1) *Verspätete Veröffentlichung.* Stellt die Berechnungsstelle fest, dass in Bezug auf einen Index ein Auslöser der Zeitverzögerten Indexstandfeststellung in Bezug auf einen Festlegungstag eingetreten ist, so wird der Maßgebliche Stand des betreffenden Index, der Gegenstand des jeweiligen Auslösers der Zeitverzögerten Indexfeststellung ist (der "**Ersatzindexstand**") von der Berechnungsstelle [falls "**Bezugsanleihe**" nicht anwendbar ist, gilt **Folgendes**: unter Anwendung der folgenden Formel] [falls "**Bezugsanleihe**" anwendbar ist, gilt **Folgendes**: wie folgt] festgestellt:
  - (a) die Berechnungsstelle stellt den Ersatzindexstand unter Zugrundelegung des entsprechenden Indexstands fest, der gemäß den Emissionsbedingungen der maßgeblichen Bezugsanleihe festgestellt wurde, oder
  - (b) sollte die Berechnungsstelle nicht in der Lage sein, einen Ersatzindexstand gemäß vorstehendem Unterabsatz (a) zu ermitteln, so stellt die Berechnungsstelle den Ersatzindexstand unter Anwendung der folgenden Formel fest:]

$$\text{Ersatzindexstand} = \text{Basisstand} \times (\text{Letzter Stand} / \text{Referenzstand})$$

wobei:

"**Basisstand**" in Bezug auf einen Inflationsindex den Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen)

bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor in Bezug auf den Monat veröffentlicht bzw. bekannt gegeben wird, der dem Monat, für den der Ersatzindexstand festgestellt wird, 12 Kalendermonate vorausgeht.

**"Letzter Stand"** in Bezug auf einen Inflationsindex den letzten Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen) bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor vor dem Monat veröffentlicht bzw. bekannt gegeben wird, in Bezug auf den der Ersatzindexstand festgestellt wird.

**"Referenzstand"** in Bezug auf einen Inflationsindex den Stand dieses Inflationsindex (unter Ausschluss etwaiger vorab veröffentlichter Schätzungen) bezeichnet, der von dem jeweiligen Inflationsindex-Sponsor in Bezug auf den Monat veröffentlicht bzw. bekannt gegeben wird, der dem Monat, auf den sich der Letzte Stand bezieht, 12 Kalendermonate vorausgeht.

Die Emittentin unterrichtet die Gläubiger der Schuldverschreibungen durch Mitteilung gemäß § [15] von jedem gemäß diesem § [8](1) festgestellten Ersatzindexstand

(2) *Einstellung der Veröffentlichung.* Wenn der Stand des Inflationsindex zwei aufeinander folgende Monate lang nicht veröffentlicht bzw. nicht bekannt gegeben wurde oder wenn der Inflationsindex-Sponsor bekannt gibt, dass er den Inflationsindex nicht länger veröffentlichen bzw. bekannt geben wird, hat die Berechnungsstelle für die Zwecke der inflationsgebundenen Schuldverschreibungen einen Nachfolgeindex (anstelle eines zuvor geltenden Inflationsindex) unter Anwendung der folgenden Methodik zu bestimmen:

(i) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** wenn von der Berechnungsstelle zu irgendeinem Zeitpunkt gemäß den Emissionsbedingungen der Bezugsanleihe ein Nachfolgeindex bestimmt wurde, so wird dieser Nachfolgeindex als "Nachfolgeindex" bestimmt, ungeachtet dessen, dass zuvor möglicherweise bereits ein anderer Nachfolgeindex gemäß den nachstehenden Absätzen (ii), (iii) oder (iv) bestimmt worden ist, oder]

(ii) wenn **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** ein Nachfolgeindex nicht gemäß § [8](2)(i)] bestimmt wurde und] durch den Inflationsindex-Sponsor eine Mitteilung bzw. eine Bekanntgabe dahingehend erfolgt ist, dass ein von dem Inflationsindex-Sponsor bestimmter als Ersatz dienender Inflationsindex an die Stelle des Inflationsindex treten wird, und wenn die Berechnungsstelle feststellt, dass der betreffende als Ersatz dienende Inflationsindex unter Anwendung derselben oder einer im Wesentlichen gleichen Berechnungsformel oder -methode berechnet wird, die auch bei der Berechnung des zuvor geltenden Inflationsindex angewandt wurde, gilt dieser als Ersatz dienende Index vom Tag des Inkrafttretens dieses als Ersatz dienenden Inflationsindex für die Zwecke der inflationsgebundenen Schuldverschreibungen als "Inflationsindex", oder

(iii) wurde ein Nachfolgeindex nicht gemäß § [8](2)(i) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** oder § [8](2)(ii)] bestimmt, so bittet die Berechnungsstelle nach Rücksprache mit der Emittentin fünf führende unabhängige Händler um Angabe, welches der als Ersatz für den Inflationsindex dienende Index sein sollte. Wenn vier oder fünf dieser führenden unabhängigen Händler antworten und davon mindestens drei denselben Index angeben, gilt dieser Index als

"Nachfolgeinflationsindex". Wenn drei dieser führenden unabhängigen Händler antworten und davon mindestens zwei denselben Index angeben, gilt dieser Index als "Nachfolgeinflationsindex". Wenn weniger als drei dieser führenden unabhängigen Händler antworten, richtet sich das weitere Vorgehen der Berechnungsstelle nach § [8](2)[(iv)], oder

- (iv) wurde bis zum darauffolgenden Stichtag kein als Ersatz dienender Index bzw. Nachfolgeinflationsindex gemäß § [8](2)(i), § [8](2)(ii) **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** oder § [8](2)(iii)] bestimmt, so wird die Berechnungsstelle ab dem jeweiligen Stichtag einen geeigneten Alternativindex bestimmen, und dieser Index gilt als "Nachfolgeinflationsindex", oder
  - (v) wenn die Berechnungsstelle feststellt, dass es keinen geeigneten Alternativindex gibt, unterrichtet die Emittentin im Fall von Anleihen die Gläubiger der Schuldverschreibungen durch Mitteilung gemäß § [15] und zahlt die Schuldverschreibungen insgesamt, jedoch nicht teilweise, zurück, wobei jeder Nennbetrag von Schuldverschreibungen in Höhe **[im Fall von deutschrechtlichen Schuldverschreibungen gilt Folgendes:** der Festgelegten Stückelung] **[im Fall von englischrechtlichen Schuldverschreibungen gilt Folgendes:** des Berechnungsbetrags]] zum Vorzeitigen Rückzahlungsbetrag zurückgezahlt wird.
- (3) *Rücksetzung des Inflationsindex.* Wenn die Berechnungsstelle feststellt, dass eine Rücksetzung des Inflationsindex zu einem bestimmten Zeitpunkt erfolgt ist bzw. erfolgen wird, wird der zurückgesetzte Inflationsindex (der "**Zurückgesetzte Index**") ab dem Rücksetzungstag für die Zwecke der Feststellung des Stands des Inflationsindex herangezogen; dies gilt jedoch mit der Maßgabe, dass die Berechnungsstelle Anpassungen **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** , die jeweils von der für Berechnungen zuständigen Stelle gemäß den Emissionsbedingungen der Bezugsanleihe vorgenommen werden,] an den Ständen des Zurückgesetzten Index vornimmt, so dass diese Stände des Zurückgesetzten Index dieselbe Inflationsrate widerspiegeln wie der Index vor seiner Rücksetzung.
- (4) *Wesentliche Änderung vor dem letzten Stichtag.* Wenn der Inflationsindex-Sponsor an oder vor dem letzten Stichtag bekannt gibt, dass er eine wesentliche Änderung bei dem Inflationsindex vornehmen wird, wird die Berechnungsstelle daraufhin **[falls "Bezugsanleihe" anwendbar ist, gilt Folgendes:** sämtliche Anpassungen entsprechend den Anpassungen vornehmen, die bei der Bezugsanleihe vorgenommen wurden] **[falls "Bezugsanleihe" nicht anwendbar ist, gilt Folgendes:** nur diejenigen Anpassungen bei dem Inflationsindex vornehmen, die erforderlich sind, um den geänderten Inflationsindex als Inflationsindex beizubehalten].
- (5) *Begriffsbestimmungen:* Für die Zwecke dieses § [8] kommt den nachstehend aufgeführten Begriffen jeweils die folgende Bedeutung zu:

"**Stichtag**" bezeichnet in Bezug auf einen Festlegungstag den [●] [fünften Geschäftstag vor dem jeweiligen Festlegungstag].

"**Auslöser der Zeitverzögerten Indexstandfeststellung**" bezeichnet in Bezug auf einen Festlegungstag und einen Inflationsindex den Fall, dass der betreffende Index-Sponsor zu irgendeinem Zeitpunkt an oder vor dem Stichtag den Stand des betreffenden Index (der "**Maßgebliche Stand**") in Bezug auf einen Referenzmonat nicht veröffentlicht bzw. bekannt gibt, der bei einer von

der Emittentin in Bezug auf den jeweiligen Festlegungstag vorzunehmenden Berechnung oder Feststellung heranzuziehen ist.

"Festlegungstag" bezeichnet [●].

[Falls "Bezugsanleihe" anwendbar ist, gilt Folgendes: "Endtag" bezeichnet: [●].

"Ausweichenanleihe" bezeichnet in Bezug auf einen Inflationsindex eine von der Berechnungsstelle ausgewählte und von der Regierung des Landes, auf dessen Inflationsrate sich der betreffende Inflationsindex bezieht, begebene Anleihe, auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung des betreffenden Inflationsindex erfolgt, und deren Fälligkeitstag entweder (a) mit dem Endtag zusammenfällt, (b) auf den unmittelbar auf den Endtag folgenden Fälligkeitstermin fällt, sofern am Endtag keine solche Anleihe fällig wird, oder (c) auf den letztmöglichen Fälligkeitstermin vor dem Endtag fällt, sofern von der Berechnungsstelle keine Anleihe im Sinne von Unterabsatz (a) bzw. (b) ausgewählt wurde. **[falls sich der maßgebliche Inflationsindex auf die Inflationsrate in der Europäischen Währungsunion bezieht, gilt Folgendes:** Die Berechnungsstelle wird eine inflationsgebundene Anleihe auswählen, bei der es sich um einen Schuldtitel der Regierung (nicht jedoch einer Regierungsstelle) von Frankreich, Italien, Deutschland oder Spanien handelt und auf die ein Kupon bzw. ein Rückzahlungsbetrag gezahlt wird, dessen Berechnung unter Zugrundelegung der Inflationsrate in der Europäischen Währungsunion erfolgt.] In jedem Fall wird die Berechnungsstelle die Ausweichenanleihe aus denjenigen inflationsgebundenen Anleihen auswählen, die an oder vor dem Begebungstag begeben wurden, wobei die Berechnungsstelle für den Fall, dass mehr als eine inflationsgebundene Anleihe an demselben Tag fällig wird, die Ausweichenanleihe aus den letztgenannten Anleihen auswählen muss. Kommt die Ausweichenanleihe zur Rückzahlung, so kann die Berechnungsstelle auf derselben Grundlage eine neue Ausweichenanleihe auswählen, wobei die Auswahl jedoch unter allen zulässigen Anleihen getroffen wird, die im Zeitpunkt der Rückzahlung der ursprünglichen Ausweichenanleihe in Umlauf sind (einschließlich jeder Anleihe, gegen die die zurückgezahlte Anleihe ausgetauscht wird).]

"Referenzmonat" bezeichnet den Kalendermonat, für den der Stand des Inflationsindex mitgeteilt wurde, und zwar unabhängig von dem Zeitpunkt der Veröffentlichung bzw. Bekanntgabe dieser Information. Handelt es sich bei dem Zeitraum, für den der Maßgebliche Stand mitgeteilt wurde, nicht um einen Monat, so gilt derjenige Zeitraum als Referenzmonat, für den der Maßgebliche Stand mitgeteilt wurde.

[Falls "Bezugsanleihe" anwendbar ist, gilt Folgendes: "Bezugsanleihe" bezeichnet in Bezug auf einen Inflationsindex [●] **[falls "Ausweichenanleihe" anwendbar ist, gilt Folgendes:** Wenn die Bezugsanleihe vor dem Endtag zur Rückzahlung gelangt bzw. fällig wird, legt die Berechnungsstelle jeder Feststellung, die in Bezug auf die Bezugsanleihe zu erfolgen hat, die Ausweichenanleihe zugrunde.]

Zur Klarstellung wird festgehalten, dass die vorstehenden Regelungen zusätzlich (vorbehaltlich des nachfolgenden Satzes) zu den und unbeschadet der sonstigen Bestimmungen der Schuldverschreibungen gelten. **[im Fall von verzinslichen Schuldverschreibungen gilt Folgendes:** Für den Fall, dass nach § 3 für ein Ereignis oder Vorkommnis, das Gegenstand eines Administrator-/Benchmark-Ereignisses ist, andere Folgen gelten könnten, gelten ungeachtet des Vorstehenden die Bestimmungen von § 3.] Für den Fall, dass nach den sonstigen Bestimmungen der Schuldverschreibungen für ein Ereignis oder Vorkommnis, das Gegenstand eines Administrator-/Benchmark-Ereignisses ist, andere Folgen gelten könnten, bestimmt die Emittentin die anzuwendenden Bestimmungen in angemessener und wirtschaftlich vernünftiger Weise.

Für die Zwecke dieses § 8[(3)][(5)][(6)] gelten die folgenden Begriffsbestimmungen:

**"Administrator-/Benchmark-Ereignis"** bezeichnet den Umstand, dass die Berechnungsstelle feststellt, dass (1) ein Benchmark-Änderungs- oder Einstellungs-Ereignis eingetreten ist oder eintreten wird (2) eine Zulassung, Registrierung, Anerkennung, Übernahme, ein Beschluss über die Gleichwertigkeit, eine Genehmigung oder eine Aufnahme in ein öffentliches Register in Bezug auf die jeweilige Benchmark oder den Administrator oder Sponsor dieser Benchmark nicht eingeholt wurde oder wird oder durch die zuständige Behörde oder sonstige zuständige öffentliche Stelle abgelehnt, verweigert, ausgesetzt oder entzogen wurde oder wird, jeweils mit der Folge, dass es der Emittentin oder der Berechnungsstelle oder einer anderen Stelle nach den anwendbaren gesetzlichen oder sonstigen Vorschriften derzeit oder künftig nicht gestattet ist, die jeweilige Benchmark zu benutzen, um ihre jeweiligen Pflichten aus den Schuldverschreibungen zu erfüllen, oder (3) die fortgesetzte Nutzung der Benchmark im Zusammenhang mit den Schuldverschreibungen aus Sicht der Emittentin oder der Berechnungsstelle

nicht angemessen und wirtschaftlich zumutbar ist, oder für die Emittentin oder Berechnungsstelle mit höheren Kosten verbunden ist oder sein wird und zwar jeweils aufgrund anwendbarer Lizenzbeschränkungen oder einer Änderung der Kosten für die Erlangung oder Beibehaltung einer relevanten Lizenz (unter anderem soweit die Emittentin, die Berechnungsstelle oder eine andere Stelle eine gültige Lizenz besitzen muss, um die Schuldverschreibungen zu begeben oder ihre Pflichten aus den Schuldverschreibungen zu erfüllen, und aus irgendeinem Grund diese Lizenz nicht erlangt oder nicht erneuert wird oder widerrufen wird oder es eine wesentliche Änderung der Kosten für die Erlangung oder die Erneuerung einer solchen Lizenz gibt) oder (4) die für den Administrator und/oder Sponsor einer maßgeblichen Benchmark zuständige Aufsichtsbehörde offiziell bekannt gemacht hat, dass die jeweilige Benchmark für einen oder mehrere maßgebliche zugrundeliegende Märkte nicht mehr repräsentativ ist.

**"Benchmark"** bezeichnet eine Kennzahl, Schwellenwert, Satz oder Wert, auf die bzw. den Bezug genommen wird, um einen für die Schuldverschreibungen zahlbaren oder lieferbaren Betrag oder den Wert der Schuldverschreibungen ganz oder teilweise zu bestimmen, einschließlich ohne Einschränkung wie in der BMR definiert, jeweils wie von der Berechnungsstelle festgestellt.

**"Benchmark-Änderungs- oder Einstellungs-Ereignis"** bezeichnet in Bezug auf die Benchmark jeden der folgenden Umstände:

- (i) eine wesentliche Änderung der Benchmark; oder
- (ii) den dauerhaft oder auf unbestimmte Zeit erfolgenden Wegfall oder die dauerhaft oder auf unbestimmte Zeit erfolgende Einstellung der Bereitstellung der Benchmark.

**"BMR"** bezeichnet die EU Referenzwert-Verordnung (Verordnung (EU) 2016/1011), in ihrer jeweils geltenden Fassung.

For the avoidance of doubt, the application of any of § 6(4), § 6(5) or § 6(6) below shall not preclude the application of any such Condition or any other such Condition either contemporaneously or subsequently and in the event that any such Conditions are inconsistent or the Calculation Agent becomes entitled to exercise one or more discretions under one or more of such Conditions, the Calculation Agent may elect in its discretion which Condition(s) shall apply and under which Condition(s) it shall exercise its discretion.

(1) *Auction Settlement*

If Conditions to Settlement are satisfied during the Notice Delivery Period (such date of satisfaction, the "**Credit Event Determination Date**") and "Auction Settlement" is specified in the applicable Final Terms, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Conditions to Settlement are subsequently deemed not to have been satisfied in accordance with the definition thereof in § 6(10), the Credit Event Determination Date previously determined shall be deemed not to have occurred and the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Conditions to Settlement had not been satisfied, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Conditions to Settlement are deemed not to have been satisfied as soon as practicable thereafter.

If:

- (x) unless settlement has occurred in accordance with the paragraph above, Conditions to Settlement are satisfied pursuant to sub-paragraph (a) of the definition thereof and on or prior to the Auction Cut-Off Date:
  - (i) ISDA publicly announces that no Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity (the date on which ISDA first makes such announcement, the "**No Auction Announcement Date**");
  - (ii) no No Auction Announcement Date has occurred but the relevant Credit Derivatives Determinations Committee has not determined that one or more Auctions will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity; or
  - (iii) the Calculation Agent determines that it is not reasonably likely that an Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent No Auction Determination Date**"); or
- (y) Conditions to Settlement are satisfied pursuant to sub-paragraph (b) of the definition thereof,

then:

- (A) if Cash Settlement is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(2) below; or
- (B) if Physical Settlement is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(3) below.

**If Conditions to Settlement are satisfied and the Securities become redeemable in accordance with this § 6(1), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Conditions to Settlement are deemed not to have been satisfied as soon as practicable thereafter.

**If Conditions to Settlement are satisfied and the Securities become redeemable in accordance with this § 6(2), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.**

(3) *Physical Settlement*

If Conditions to Settlement are satisfied during the Notice Delivery Period (such date of satisfaction, the "**Credit Event Determination Date**") and "Physical Delivery" is specified in the applicable Final Terms or if § 6(1)(B) above applies, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, subject to and in accordance with § 6(7) and (8), provided that if the relevant Conditions to Settlement are subsequently deemed not to have been satisfied in accordance with the definition thereof in § 6(10), the Credit Event Determination Date previously determined shall be deemed not to have occurred and the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Conditions to Settlement had not been satisfied, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Conditions to Settlement are deemed not to have been satisfied as soon as practicable thereafter. In the Notice of Physical Settlement the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver. **For the avoidance of doubt, the Calculation Agent shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.**

If "Restructuring Maturity Limitation and Fully Transferable Obligation" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the satisfaction of Conditions to Settlement, as applicable, then a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

  - (A) if such Security is represented by a Global Security, the relevant Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice; and
  - (B) if such Security is in definitive form, the relevant Securityholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below).

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to the relevant Clearing System, or (ii) if such Security is in definitive form, in writing or by tested telex.

If the Security is in definitive form, the Security must be delivered together with the duly completed Asset Transfer Notice. An Asset Transfer Notice must:

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Securities represented by a Global Security, by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Securityholder and, in the case of Securities in definitive form, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Securityholder.

After Delivery of the Deliverable Obligations comprising an Asset Amount and for the Intervening Period, none of the Issuer, the Calculation Agent nor any other person shall at any time (x) be under any obligation to deliver or procure delivery to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities or obligations included in such Asset Amount, (y) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations included in such Asset Amount or (z) be under any

liability to a Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations included in such Asset Amount.

- (iii) In relation to each Deliverable Obligation constituting an Asset Amount the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation as provided below on the Settlement Date or, as applicable, as soon as practicable after receipt of a duly completed Asset Transfer Notice as provided above, provided that if all or some of the Deliverable Obligations included in such Asset Amount are then Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, on or before the 30th Business Day following the Settlement Date (the "**Final Delivery Date**"),

Provided Further That if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of § 6(8) shall apply.

In the Cash Settlement Notice the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the applicable Final Terms, for the purposes of this § 6(8) the following terms are deemed to have the following meanings:

- (b) in relation to a Sovereign Reference Entity, each entity which becomes a direct or indirect successor to that Reference Entity by way of Succession Event irrespective of whether any such successor assumes any of the obligations of such Reference Entity.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the legally effective date of the Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in subparagraphs (a) and (b)(i) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor or

the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2003 ISDA Credit Derivatives Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities. In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use, in respect of each applicable Relevant Obligation included in such calculation, the amount of the liability in respect of such Relevant Obligation listed in the Best Available Information and shall, as soon as practicable after such calculation, make such calculation available for inspection by Securityholder(s) at the specified office of the Fiscal Agent.

In the case of (b) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than fourteen calendar days after the date of occurrence of the relevant Succession Event), and with effect from the date of occurrence of the Succession Event, each Sovereign and/or entity, if any, that qualifies under (b) above; provided that the Calculation Agent will not make such determination if, at such time, either (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in the definition of Successor in relation to the relevant Reference Entity, and in sub-paragraphs (a) and (b)(ii) of the definition of Succession Event Resolution Request Date are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor or the request the subject of the Succession Event Resolution Request Date is withdrawn in accordance with the Rules prior to the first meeting at which deliberations are held with respect to such request) or (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event with respect to the relevant Reference Entity has occurred, unless in either case the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2003 ISDA Credit Derivatives Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities.

Where pursuant to paragraph (a) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Terms and Conditions and/or the applicable Final Terms as it in its sole and absolute discretion acting in a commercially reasonable manner shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Securities under the provisions of the 2003 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Securityholders in accordance with § [12][15], stating the adjustment to the Terms and Conditions and/or the applicable Final Terms and giving brief details of the relevant Succession Event.

If § 6(13)(i) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) *Obligation and Deliverable Obligation.* Sub-paragraph (a) of the definition of "Obligation" in § 6(10) and sub-paragraph (a) of the definition of "Deliverable Obligation" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "or as provider of a Qualifying Affiliate Guarantee".
- (b) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) will apply, with references to the Qualifying Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:

For the avoidance of doubt, if § 6(14) is specified as applying in the applicable Final Terms the amendments to paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) provided in § 6(13) shall not be construed to apply to Qualifying Policies and Insured Instruments.

For the avoidance of doubt, the application of any of § 6(4), § 6(5) or § 6(6) below shall not preclude the application of any such Condition or any other such Condition either contemporaneously or subsequently and in the event that any such Conditions are inconsistent or the Calculation Agent becomes entitled to exercise one or more discretions under one or more of such Conditions, the Calculation Agent may elect in its discretion which Condition(s) shall apply and under which Condition(s) it shall exercise its discretion.

(1) *Auction Settlement*

If a Credit Event Determination Date occurs and "Auction Settlement" is specified in the applicable Final Terms, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

If:

- (x) unless settlement has occurred in accordance with the paragraph above, a Credit Event Determination Date occurs pursuant to sub-paragraph (a) of the definition thereof and on or prior to the Auction Cut-Off Date:
- (i) the DC Secretary publicly announces, with respect to a Credit Event, that (a) no Credit Derivatives Auction Settlement Terms will be published in relation to obligations of appropriate seniority of the Reference Entity (b) the relevant Credit Derivatives Determinations Committee has Resolved that no Credit Derivatives Auction Settlement Terms will be published following a prior public announcement by the DC Secretary to the contrary (the date on which the DC Secretary first makes either such announcement, the "**No Auction Announcement Date**");
  - (ii) no No Auction Announcement Date has occurred but the relevant Credit Derivatives Determinations Committee has not determined that one or more Auctions will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity;
  - (iii) an Auction Cancellation Date occurs; or
  - (iv) the Calculation Agent determines that it is not reasonably likely that an Auction will be held in accordance with any Credit Derivatives Auction Settlement Terms in relation to obligations of appropriate seniority of the Reference Entity and gives notice of such to the Issuer (the date on which the Calculation Agent gives such notice, the "**Calculation Agent No Auction Determination Date**"); or

- (y) a Credit Event Determination Date occurs pursuant to sub-paragraph (b) of the definition thereof,

then:

- (A) if "Cash Settlement" is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(2) below; or
- (B) if "Physical Settlement" is specified as the applicable Fallback Settlement Method in the applicable Final Terms, the Issuer shall redeem the Securities in accordance with § 6(3) below.

**If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(1), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.**

(2) *Cash Settlement*

If a Credit Event Determination Date occurs and "Cash Settlement" is specified in the applicable Final Terms or if § 6(1)(A) above applies, the Issuer shall give notice to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by the Issuer at the Credit Event Redemption Amount on the Credit Event Redemption Date, provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

**If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(2), upon payment of the Credit Event Redemption Amount in respect of the Securities the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.**

(3) *Physical Settlement*

- (a) If a Credit Event Determination Date occurs and "Physical Delivery" is specified in the applicable Final Terms or if § 6(1)(B) above applies, the Issuer shall give notice (such notice a "**Notice of Physical Settlement**") to the Securityholders in accordance with § [12][15] and redeem all but not some only of the Securities, each principal amount of Securities equal to the Calculation Amount being redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, subject to and in accordance with § 6(7) and (8), provided that if the relevant Credit Event Determination Date is subsequently deemed not to have occurred in accordance with the definition thereof in § 6(10), the redemption of the Securities shall be cancelled and the Securities shall continue in accordance with their terms as if the relevant Credit Event Determination Date had not occurred, subject to such adjustments as the Calculation Agent determines appropriate in its sole and absolute discretion to reflect the retrospective effect of this proviso (including, without limitation, adjusting the due date for payment of any amount payable under the Securities). The Issuer shall give notice to the Securityholders in

accordance with § [12][15] that the relevant Credit Event Determination Date is deemed not to have occurred as soon as practicable thereafter.

In the Notice of Physical Settlement the Issuer shall specify the Deliverable Obligations comprising the Asset Amount that it reasonably expects to Deliver and the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case, the "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation and the aggregate Outstanding Amount of such Deliverable Obligations (the "**Aggregate Outstanding Amount**"). **For the avoidance of doubt, the Calculation Agent shall be entitled to select any of the Deliverable Obligations to constitute the Asset Amount, irrespective of their market value.**

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Securityholders in accordance §[12][15] (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in a Physical Settlement Amendment Notice shall be determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice).

Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Physical Settlement Notice or any Physical Settlement Amendment Notice, as applicable, by notice to Securityholders in accordance with §[12][15], prior to the relevant Delivery Date and (ii) if Asset Package Delivery is applicable, the Issuer shall on the NOPS Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Securityholders in accordance with §[12][15] of the detailed description of the Asset Package, if any, that the Issuer intends to Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice shall not constitute a Physical Settlement Amendment Notice.

- (b) If "Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the occurrence of a Credit Event Determination Date, as applicable, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention a Deliverable Obligation may only be included in the Asset Amount if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date.
- (c) If "Mod Mod R" is specified as applicable in the applicable Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice or the subject of the DC Resolution resulting in the occurrence of a Credit Event Determination Date, as applicable, then unless

the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention a Deliverable Obligation may be included in the Asset Amount only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date. Notwithstanding the foregoing, for purposes of this paragraph (c), in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

- (d) For the purposes of making a determination pursuant to paragraphs (b) or (c) above or the definition of Restructuring Maturity Limitation Date, the final maturity date shall, subject to paragraph (c), be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.
- (e) Asset Package Delivery will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Credit Event Determination Date, as applicable, or if later and the relevant Credit Event Backstop Date was determined pursuant to paragraph (b) thereof, the date that is 60 calendar days prior to the Notice Delivery Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

**If a Credit Event Determination Date occurs and the Securities become redeemable in accordance with this § 6(3), upon Delivery of the Deliverable Obligations Deliverable and/or payment of the Cash Settlement Amount, as the case may be, the Issuer shall have discharged its obligations in respect of the Securities and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Cash Settlement Amount may be less than the principal amount of a Security. Any shortfall shall be borne by the Securityholders and no liability shall attach to the Issuer.**

(4) *Repudiation/Moratorium Extension.*

Where "Repudiation/Moratorium" is specified as a Credit Event in the applicable Final Terms, the provisions of this § 6(4) shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or, if § 6(6)(y) applies, the Maturity Cut-Off Date and the Repudiation/Moratorium Evaluation Date in respect of the Potential Repudiation Moratorium will in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date, then the Calculation Agent shall notify the Securityholders in accordance with § [12][15] that a Potential Repudiation/Moratorium has occurred and:

(7) *Physical Delivery*

(i) If any Security is to be redeemed by Delivery of the Deliverable Obligations comprising the Asset Amount, in order to obtain Delivery of the Deliverable Obligations comprising the Asset Amount(s) in respect of any Security:

(A) if such Security is represented by a Global Security, the relevant Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice; and

(B) if such Security is in definitive form, the relevant Securityholder must deliver to any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below).

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Security is represented by a Global Security, in such manner as is acceptable to the relevant Clearing System, or (ii) if such Security is in definitive form, in writing or by tested telex.

If the Security is in definitive form, the Security must be delivered together with the duly completed Asset Transfer Notice. An Asset Transfer Notice must:

- (1) specify the name and address of the relevant Securityholder, the person from whom the Issuer may obtain details for the Delivery of the Deliverable Obligations comprising the Asset Amount and any details required for Delivery of the Deliverable Obligations comprising the Asset Amount set out in the applicable Final Terms;
- (2) in the case of Securities represented by a Global Security, specify the principal amount of Securities which are the subject of such notice and the number of the Securityholder's account at the relevant Clearing System, to be debited with such Securities and irrevocably instruct and authorise the relevant Clearing System to debit the relevant Securityholder's account with such Securities on or before the Settlement Date;
- (3) include an undertaking to pay all Delivery Expenses and, in the case of Securities represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System in respect thereof and to pay such Delivery Expenses;
- (4) specify an account to which any amounts payable pursuant to § 6(8) or any other cash amounts specified in the applicable Final Terms as being payable are to be paid; and
- (5) authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made, in the case of Securities represented by a Global Security, by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the relevant Securityholder and, in the case of Securities in definitive form, by the relevant Paying Agent after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the relevant Securityholder.

Delivery of the Deliverable Obligations comprising the Asset Amount in respect of each Security shall be made at the risk of the relevant Securityholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice or in such manner as is specified in the applicable Final Terms.

If a Securityholder fails to give an Asset Transfer Notice as provided herein on or prior to the Cut-Off Date specified in the applicable Final Terms, the Issuer will, subject as provided above, Deliver the Deliverable Obligations comprising the Asset Amount in respect of the relevant Securities as soon as practicable after the receipt of the duly completed Asset Transfer Notice, provided that if, in respect of a Security, a Securityholder fails to give an Asset Transfer Notice prior to the day falling 180 calendar days after the Cut-Off Date, the Issuer's obligations in respect of such Securities shall be discharged and the Issuer shall have no liability in respect thereof.

- (ii) All Delivery Expenses arising from the Delivery of the Deliverable Obligations comprising the Asset Amounts in respect of such Securities shall be for the account of the relevant Securityholder and no Delivery of the Deliverable Obligations comprising the Asset Amount shall be made until all Delivery Expenses have been paid to the satisfaction of the Issuer by the relevant Securityholder.

After Delivery of the Deliverable Obligations comprising an Asset Amount and for the Intervening Period, none of the Issuer, the Calculation Agent nor any other person shall at any time (x) be under any obligation to deliver or procure delivery to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of the securities or obligations included in such Asset Amount, (y) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities or obligations included in such Asset Amount or (z) be under any liability to a Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities or obligations included in such Asset Amount.

- (iii) In relation to each Deliverable Obligation constituting an Asset Amount the Issuer will Deliver or procure the Delivery of the relevant Deliverable Obligation as provided below on the Settlement Date or, as applicable, as soon as practicable after receipt of a duly completed Asset Transfer Notice as provided above, provided that if all or some of the Deliverable Obligations included in such Asset Amount are then Undeliverable Obligations and/or Hedge Disruption Obligations, then the Issuer shall continue to attempt to Deliver all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, on or before the 30th calendar day following the Settlement Date (the "**Final Delivery Date**"), Provided Further That if all or a portion of such Undeliverable Obligations or Hedge Disruption Obligations, as the case may be, are not Delivered by the Final Delivery Date the provisions of § 6(8) shall apply.

(8) *Partial Cash Settlement.*

If all or a portion of the Undeliverable Obligations or Hedge Disruption Obligations comprising the Asset Amount are not Delivered by the Final Delivery Date, the Issuer shall give notice (a "**Cash Settlement Notice**") to the Securityholders in accordance with § [12][15] and the Issuer shall pay in respect of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, the Cash Settlement Amount on the Cash Settlement Date.

In the Cash Settlement Notice the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the applicable Final Terms, for the purposes of this § 6(8) the following terms are deemed to have the following meanings:

"**Cash Settlement Amount**" is deemed to be, for each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption

Obligation, determined as provided in this § 6, less (C) Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount), and (ii) zero, provided that where (x) a relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and (y) the Calculation Agent determines in its sole and absolute discretion that a Final Price cannot be reasonably determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Cash Settlement Amount shall be an amount calculated by the Calculation Agent in its sole and absolute discretion equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation (determined by reference to such source(s) as the Calculation Agent determines appropriate) less Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Asset Amount) and may be zero.

**"Cash Settlement Date"** is deemed to be the date falling three Business Days after the calculation of the Final Price.

**"Indicative Quotation"** means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

**"Market Value"** means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date:

- (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the same highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (ii) if exactly three Full Quotations are obtained, the Full Quotations remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded);
- (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations;
- (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation;

  - (I) is a Non-Conforming Substitute Reference Obligation (other than a Loan); or if no such obligation is available,

- (e) If a Substitution Event has occurred with respect to the Non-Standard Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for the Non-Standard Reference Obligation, then, subject to paragraph (a) above and notwithstanding the fact that the Non-Standard Reference Obligation may have ceased to be the Reference Obligation in accordance with paragraph (b) above, the Calculation Agent shall continue to attempt to identify the Substitute Reference Obligation.

For purposes of identification of the Non-Standard Reference Obligation, any change in the Non-Standard Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, constitute a Substitution Event.   - (iii) if more than one entity each succeeds, either directly or as a provider of a Relevant Guarantee, to more than 25 per cent. of the Relevant Obligations of the Reference Entity, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below;

  - (v) if one or more entities succeeds, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor and the Reference Entity will not be changed in any way as a result of such succession;
  - (vi) if one or more entities succeeds, either directly or as a provider of a Relevant Guarantee, to a portion of the Relevant Obligations of the Reference Entity, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations will be the Successor (provided that if two or more entities succeed to an equal percentage of Relevant Obligations, each such entity will be a Successor and these Terms and Conditions and/or the applicable Final Terms will be adjusted as provided below); and
  - (vii) in respect of a Reference Entity which is not a Sovereign, if one entity assumes all of the obligations (including at least one Relevant Obligation) of the Reference Entity, and at the time of the determination either (A) the Reference Entity has ceased to exist, or (B) the Reference Entity is in the process of being dissolved (howsoever described) and the Reference Entity has not issued or incurred any Borrowed Money obligation at any time since the legally effective date of the assumption, such entity (the "**Universal Successor**") will be the sole Successor.
- (b) The Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above; provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations, unless the Calculation Agent, acting in good faith and in a commercially reasonable manner and taking into account the differences between the definition of Successor under the 2014 Definitions and the definition of Successor hereunder and such other factor(s) as it deems appropriate, determines that it is inappropriate to follow such DC Resolutions for the purposes of the Securities.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and as soon as practicable after any such calculation or determination will notify (which notification may be by telephone) the Issuer of such calculation or determination and make such calculation or determination available for inspection by Securityholder(s) at the specified office of the Fiscal Agent.

In calculating the percentages used to determine whether an entity qualifies as a Successor under paragraph (a) above, if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

- (c) An entity may only be a Successor if:
- (i) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after 1 January 2014;

- (e) In the case of an exchange offer, the determination required pursuant to paragraph (a) above shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.
- (f) If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.
- (g) Where, pursuant to paragraph (a) above, more than one Successor has been identified, the Calculation Agent shall adjust such of the Terms and Conditions and/or the applicable Final Terms as it in its sole and absolute discretion acting in a commercially reasonable manner shall determine to be appropriate to reflect that the relevant Reference Entity has been succeeded by more than one Successor and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of the Terms and Conditions and/or the applicable Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Securities under the provisions of the 2014 Definitions.

A Credit Event Redemption Amount may be less than the related Outstanding Principal Amount reduction. Any shortfall will be borne by the Securityholders and no liability will attach to the Issuer.**

(e) *Credit Event Redemption Amount*

Each Credit Event Redemption Amount (if any) and the related Final Price or Auction Final Price, as applicable, shall be calculated in accordance with § 6(10) (*Applicable Definitions*) or that published, as applicable, in respect of the relevant Reference Entity in respect of which the relevant Credit Event Determination Date has occurred.

In the case of interest-bearing Securities:

- (i) Notwithstanding anything to the contrary in § 3, the amount of interest payable in respect of each principal amount of Securities which as of the Issue Date had a principal amount equal to the Calculation Amount and an Interest Period, will be the Interest Amount (as defined in paragraph (j) below) in respect of such Interest Period.
- (ii) § 5[(5)][(6)] shall be amended by the deletion of the words "together (if applicable) with interest accrued to (but excluding) the date of redemption" therein.
- (iii) In the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms, § [9][12] shall be amended by the deletion of the words "together with interest accrued to the date of repayment" therein.
- (iv) In the event that the Securities are redeemed pursuant to § 5[(5)][(6)], § 6(9) or, in the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms, § [9][12], no interest will be payable in respect of the Securities in respect of which the relevant Interest Payment Date has not occurred on or prior to the date fixed for such redemption, provided that if the date fixed for such redemption falls prior to the first Interest Payment Date, no interest shall be payable in respect of the Securities.

For the avoidance of doubt, in the event that the Securities are redeemed at a time when the Outstanding Principal Amount is equal to zero, no interest will be payable in respect of the Securities.

(i) *Interpretation*

Each reference in the Conditions to "each principal amount of Securities equal to the Calculation Amount" shall be deemed to be to "each principal amount of Securities which as of the Issue Date had a principal amount equal to the Calculation Amount".

In the event of any inconsistency between this § 6(19) and any other provision of § 6 or any provision of § 3, the provisions of this § 6(19) will prevail. No date under this § 6(19) will be subject to adjustment in accordance with any Credit Business Day Convention.

(22) <i>Provisions taken from the ISDA supplement titled "Additional Provisions for Monoline Insurer Reference Entities" (published on 15 September 2014)</i>			

If § 6(22) is specified as applicable in the applicable Final Terms, the following provisions will apply:

- (a) *Obligation and Deliverable Obligation.* Sub-paragraph (a) of the definition of "Obligation" in § 6(10) and sub-paragraph (a) of the definition of "Deliverable Obligation" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "or as provider of a Relevant Guarantee".
- (b) *Interpretation of Provisions.* In the event that an Obligation or a Deliverable Obligation is a Qualifying Policy, paragraph (B) of the definition of "Deliverable Obligation" in § 6(10) will apply, with references to the Relevant Guarantee, the Underlying Obligation and the Underlying Obligor deemed to include the Qualifying Policy, the Insured Instrument and the Insured Obligor, respectively, except that:
- (A) the Obligation Category Borrowed Money and the Obligation Category and Deliverable Obligation Category Bond shall be deemed to include distributions payable under an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the Deliverable Obligation Category Bond shall be deemed to include such an Insured Instrument, and the terms "obligation" and "obligor" as used in this § 6 in respect of such an Insured Instrument shall be construed accordingly;
  - (B) references in the definitions of Assignable Loan and Consent Required Loan to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively;
  - (C) neither the Qualifying Policy nor the Insured Instrument must satisfy on the relevant date the Deliverable Obligation Characteristic of Accelerated or Matured, whether or not that characteristic is otherwise specified as applicable in the applicable Final Terms;
  - (D) if the Assignable Loan, Consent Required Loan, Direct Loan Participation or Transferable Deliverable Obligation Characteristics are specified in the applicable Final Terms and if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument;
  - (E) with respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "maturity", as such term is used in the Maximum Maturity Deliverable Obligation Characteristic, shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur; and
  - (F) with respect to a Qualifying Policy and an Insured Instrument, only the Qualifying Policy must satisfy on the relevant date or dates the "Not Subordinated" Obligation Characteristic or Deliverable Obligation Characteristic, if applicable.
- (c) *Outstanding Principal Balance.* References in paragraph (i) of the definition of "Outstanding Principal Balance" in § 6(10) to a Guarantee, the Underlying Obligation and the Underlying Obligor shall be deemed to include a Qualifying Policy, the Insured Instrument and the Insured Obligor respectively. Any provisions of an Insured Instrument limiting recourse in respect of such Insured Instrument to the proceeds of specified assets (including proceeds subject to a priority of payments) or reducing the amount of any Instrument Payments owing under such Insured Instrument shall be disregarded for the purposes of limb (B) of paragraph (ii) of the definition of "Outstanding Principal Balance" provided that such provisions are not applicable to the Qualifying Policy by the terms thereof and the Qualifying Policy continues to guarantee or insure, as applicable, the Instrument Payments that would have been required to be made absent any such limitation or reduction. By specifying that this § 6(22) is applicable, no inference should be made as to the interpretation of the "Outstanding Principal Balance" in the context of limited recourse or similar terms applicable to Deliverable Obligations other than Qualifying Policies.

- (d) *Deliver.* For the purposes of the definition of "Deliver" in § 6(10), "Deliver" with respect to an obligation that is a Qualifying Policy means to Deliver both the Insured Instrument and the benefit of the Qualifying Policy (or a custodial receipt issued by an internationally recognised custodian representing an interest in such an Insured Instrument and the related Qualifying Policy), and "Delivery" and "Delivered" will be construed accordingly.
- (e) *Provisions for Determining a Successor.* Paragraphs (a), (d) and (f) of the definition of "Successor" in § 6(10) are hereby amended by adding "or Qualifying Policy" after each occurrence of "a Relevant Guarantee". Such paragraph (f) will be further amended by adding "or provider of a Qualifying Policy" after "as guarantor or guarantors".
- (f) *Original Non-Standard Reference Obligation, Substitute Reference Obligation and Substitution Event.* The definition of "Original Non-Standard Reference Obligation", paragraph (c)(i) of the definition of "Substitute Reference Obligation" and paragraph (iii) of "Substitution Event" in § 6(10) are hereby amended by adding "or Qualifying Policy" after "a guarantee".
- (g) *Restructuring*
- (i) With respect to an Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest or a Qualifying Policy with respect thereto, paragraphs (i) to (v) inclusive of the definition of "Restructuring" in § 6(10) are hereby amended to read as follows:
- "(i) a reduction in the rate or amount of the Instrument Payments in clause (A)(x) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination); a reduction in the amount of the Instrument Payments described in clause (A)(y) of the definition thereof that are guaranteed or insured by the Qualifying Policy (including by way of redenomination);
- (ii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of the Instrument Payments described in clause (A)(x) of the definition thereof or (B) the payment of the Instrument Payments described in clause (A)(y) of the definition thereof, in each case that are guaranteed or insured by the Qualifying Policy;
- (iii) a change in the ranking in priority of payment of (A) any Obligation under a Qualifying Policy in respect of Instrument Payments, causing the Subordination of such Obligation to any other Obligation or (B) any Instrument Payments, causing the Subordination of such Insured Instrument to any other instrument in the form of a pass-through certificate or similar funded beneficial interest issued by the Insured Obligor, it being understood that, for this purpose, Subordination will be deemed to include any such change that results in a lower ranking under a priority of payments provision applicable to the relevant Instrument Payments; or
- (iv) any change in the currency of any payment of Instrument Payments that are guaranteed or insured by the Qualifying Policy to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom, the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole)."
- (ii) Paragraph (d) of the definition of "Restructuring" in § 6(10) is hereby amended by adding "or, in the case of a Qualifying Policy and an Insured Instrument, where (A) the Qualifying Policy continues to guarantee or insure, as applicable, that the same Instrument Payments will be made on the same dates on which the Qualifying Policy guaranteed or insured that such Instrument Payments would be made prior to such

event and (B) such event is not a change in the ranking in the priority of payment of the Qualifying Policy" at the end thereof.

- (iii) The definition of "Restructuring" in § 6(10) is hereby amended by the insertion of the following paragraph after the final paragraph thereof:

"For purposes of this definition of "Restructuring" and § 6(12), the term "Obligation" shall be deemed to include Insured Instruments for which the Reference Entity is acting as provider of a Qualifying Policy. In the case of a Qualifying Policy and an Insured Instrument, references to the Reference Entity in the first paragraph of this definition of "Restructuring" shall be deemed to refer to the Insured Obligor and the reference to the Reference Entity in the second paragraph of this definition of "Restructuring" shall continue to refer to the Reference Entity."

- (h) *Fully Transferable Obligation and Conditionally Transferable Obligation.* In the event that a Fully Transferable Obligation or Conditionally Transferable Obligation is a Qualifying Policy, the Insured Instrument must meet the requirements of the relevant definition and, if the benefit of the Qualifying Policy is not transferred as part of any transfer of the Insured Instrument, the Qualifying Policy must be transferable at least to the same extent as the Insured Instrument. References in the definition of "Conditionally Transferable Obligation" to "the guarantor" and "guaranteeing" shall be deemed to include "the insurer" and "insuring", respectively. With respect to an Insured Instrument in the form of a pass-through certificate or similar funded beneficial interest, the term "final maturity date", as such term is used in § 6(3) and the definition of "Restructuring Maturity Limitation Date", shall mean the specified date by which the Qualifying Policy guarantees or insures, as applicable, that the ultimate distribution of the Certificate Balance will occur.
- (i) *Other Provisions.* For purposes of the definitions of "Credit Event", "Deliver" and "Prohibited Action" in § 6(10) references to the "Underlying Obligation" and the "Underlying Obligor" shall be deemed to include "Insured Instruments" and the "Insured Obligor", respectively.
- (j) *Additional Definitions.*

**"Qualifying Policy"** means a financial guaranty insurance policy or similar financial guarantee pursuant to which a Reference Entity irrevocably guarantees or insures all Instrument Payments of an instrument that constitutes Borrowed Money (modified as set forth in this § 6(22)) (the **"Insured Instrument"**) for which another party (including a special purpose entity or trust) is the obligor (the **"Insured Obligor"**). Qualifying Policies shall exclude any arrangement (i) structured as a surety bond, letter of credit or equivalent legal arrangement or (ii) pursuant to the express contractual terms of which the payment obligations of the Reference Entity can be discharged or reduced as a result of the occurrence or non-occurrence of an event or circumstance (other than the payment of Instrument Payments).

**"Instrument Payments"** means (A) in the case of any Insured Instrument that is in the form of a pass-through certificate or similar funded beneficial interest, (x) the specified periodic distributions in respect of interest or other return on the Certificate Balance on or prior to the ultimate distribution of the Certificate Balance and (y) the ultimate distribution of the Certificate Balance on or prior to a specified date and (B) in the case of any other Insured Instrument, the scheduled payments of principal and interest, in the case of both (A) and (B) (1) determined without regard to limited recourse or reduction provisions of the type described in § 6(22)(c) above and (2) excluding sums in respect of default interest, indemnities, tax gross-ups, make-whole amounts, early redemption premiums and other similar amounts (whether or not guaranteed or insured by the Qualifying Policy).

12. § 5[(3)](b) of the Terms and Conditions will be deleted and replaced by the following new § 5[(3)](b):

"The Securityholder must, if this Security is in definitive form deliver, at the specified office of the Registrar at any time during normal business hours of the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from the specified office of the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made and the principal amount thereof to be redeemed, and if less than the full amount of the Securities so surrendered is to be redeemed, an address to which a new Security in respect of the balance of such Security is to be sent subject to and in accordance with § 1 (9). If this Security is represented by a Global Security to exercise this option the Securityholder must, within the notice period, give notice to the Registrar of such exercise in accordance with the standard procedures of such Clearing Systems (which may include notice being given on its instruction by such Clearing

Systems or the Registrar by electronic means) in a form acceptable to such Clearing Systems from time to time and at the same time present or procure the presentation of the relevant Global Security to the Registrar for notation accordingly.]

13. If Option V applies and (i) Physical Delivery or (ii) Cash Settlement and/or Physical Delivery applies to the Securities and the Securities are English law Securities other than Credit Linked Securities, the following new § 6[(2)] shall be included:

"[(2)] Physical Delivery.

- (a) In order to obtain delivery of the Asset Amount(s) in respect of a Security (i) if such Security is represented by a Global Security, the Securityholder must deliver to the relevant Clearing System, with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice or (ii) if such Security is a Definitive Note, the Securityholder must deliver to the Registrar or any Paying Agent with a copy to the Issuer not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice (as defined below).

Forms of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered if such Security is represented by a Global Security in such manner as is acceptable to the relevant Clearing System or, if such Security is a Definitive Security, in writing or by tested telex together with the Security Certificates to which the relevant Asset Transfer Notice relates.

An Asset Transfer Notice must:

- (1) specify the name and address of the Securityholder, the person from whom the Issuer may obtain details for the delivery of the Asset Amount and any details required for delivery of the Asset Amount;
- (2) if such Security is represented by a Global Security, specify the principal amount of Securities which are the subject of such notice and the number of the Securityholder's account at the relevant Clearing System to be debited with such Securities and irrevocably instruct and authorise the relevant Clearing System to debit the Securityholder's account with such Securities on or before the Delivery Date;
- (3) include an undertaking to pay all Delivery Expenses and if the Security is represented by a Global Security, an authority to debit a specified account of the Securityholder at the relevant Clearing System in respect thereof and to pay such Delivery Expenses; and
- (4) specify an account to which dividends (if any) payable pursuant to this subsection or any other cash amounts are to be paid; and authorise the production of such notice in any applicable administrative or legal proceedings.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the Securityholder may not transfer the Securities which are the subject of such notice.

In the case of Securities represented by a Global Security, upon receipt of such notice, the relevant Clearing System shall verify that the person specified therein as the Securityholder is the holder of the specified principal amount of Securities according to its books.

Failure properly to complete and deliver an Asset Transfer Notice may result in such notice being treated as null and void. Any determination as to whether such notice has been properly completed and delivered as provided in these Conditions shall be made in the case of Securities represented by a Global Security by the relevant Clearing System after consultation with the Issuer and shall be conclusive and binding on the Issuer and the Securityholder and, if such Security is in a definitive form, by the relevant Paying Agent or the Registrar after consultation with the Issuer, and shall be conclusive and binding on the Issuer and the Securityholder.

- (c) Delivery of the Asset Amount in respect of each Security shall be made at the risk of the Securityholder in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice **[or insert alternative manner of delivery]**.

In relation to each Security which is to be redeemed by delivery of the Asset Amount, the Asset Amount will be delivered at the risk of the Securityholder, in the manner provided above on the Maturity Date (such date, subject to adjustment in accordance with this § 6 the "**Delivery Date**"), provided that the Asset Transfer Notice is duly delivered to the Clearing System or any Paying Agent, as the case may be, with a copy to the Issuer, as provided above, not later than the close of business in each place of receipt on **[insert the Cut-Off Date]** (the "**Cut-Off Date**").

If the Securityholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuer, not later than the close of business in each place of receipt on the Cut-Off Date, then the Asset Amount will be delivered as soon as practicable after the Maturity Date (in which case, such date of delivery shall be the Delivery Date) at the risk of the relevant Securityholder in the manner provided above. For the avoidance of doubt, in such circumstances the relevant Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the originally designated Delivery Date and no liability in respect thereof shall attach to the Issuer."

14. If the Securities are Credit Linked Securities and (i) Physical Delivery or (ii) Cash Settlement and/or Physical Delivery applies to the Securities, the following amendments will be made to § 6(7)(i):
- (a) the words "or the Registrar" will be inserted after each reference to "Paying Agent" therein;
  - (b) the words "and the Registrar" will be inserted after the references to "relevant Clearing System" in the first, third and seventh paragraphs thereof;
  - (c) the words "together with the Security Certificates to which the relevant Asset Transfer Notice relates" will be inserted after the words "tested telex" at the end of the third paragraph thereof; and
  - (d) the first sentence of paragraph four thereof commencing "If the Security is in definitive form" will be deleted.

Wesentlichen dem Folgendem entspricht: "[€100.000] und ganzzahlige darüber hinausgehende Vielfache von [€1.000] bis zu [€199.000] (einschließlich). Es werden keine Einzelkunden für Schuldverschreibungen mit einer Stückelung von mehr als [€199.000] begeben." Im Fall von Namensschuldverschreibungen (Registered Securities) ist nur der erste Satz ohne die Wörter "bis zu [€199.000]" aufzunehmen.

<sup>19</sup> Applicable to English law Securities. (If only one Specified Denomination, insert the Specified Denomination. If more than one Specified Denomination, insert the highest common factor. Note: There must be a common factor in the case of two or more Specified Denominations.)

Anwendbar auf englischrechtliche Schuldverschreibungen. (Falls es nur eine Festgelegte Stückelung gibt, ist diese Festgelegte Stückelung einzufügen. Falls es mehr als eine Festgelegte Stückelung gibt, ist der größte gemeinsame Faktor einzufügen. Folgendes ist zu beachten: Es muss einen gemeinsamen Faktor geben, wenn es zwei oder mehr Festgelegte Stückelungen gibt.)

<sup>20</sup> Applicable in the case of Bearer Securities. Ensure that this is consistent with the wording in the "Description of the Securities - Form of the Securities" section in the Prospectus and the Securities themselves. N.B.: The option for an issue of Securities to be represented on issue by a Temporary Global Security exchangeable for Definitive Securities should not be expressed to be applicable if the Specified Denomination includes language substantially to the following effect: "[€100,000] and integral multiples of [€1,000] in excess thereof up to and including [€199,000]."

Anwendbar im Fall von Inhaberschuldverschreibungen. Es ist sicherzustellen, dass die Angaben im Einklang mit der im Prospekt enthaltenen Beschreibung im Abschnitt "Description of the Securities - Form of the Securities" und den Schuldverschreibungen selbst steht. Folgendes ist zu beachten: Die Option, Schuldverschreibungen zu begeben, die bei Begebung von einer Vorläufigen Globalurkunde verbrieft werden, die gegen Einzelkunden austauschbar ist, sollte nicht anwendbar sein, falls die Festgelegte Stückelung eine Angabe enthält, die im Wesentlichen dem Folgenden entspricht: "[€100.000] und ganzzahlige darüber hinausgehende Vielfache von [€1.000] bis zu [€199.000] (einschließlich)."

<sup>21</sup> As a general rule, TEFRA D shall apply. If TEFRA D applies, the Securities are initially represented by a Temporary Global Security.

Grundsätzlich findet TEFRA D Anwendung. Falls TEFRA D anwendbar ist, werden die Schuldverschreibungen anfänglich durch eine Vorläufige Globalurkunde verbrieft.

<sup>22</sup> If TEFRA C applies, the Securities are typically not initially represented by a Temporary Global Security.

Falls TEFRA C anwendbar ist, werden die Schuldverschreibungen üblicherweise nicht anfänglich durch eine Vorläufige Globalurkunde verbrieft.

<sup>23</sup> Only applicable if the requirements of the TEFRA D exception (*inter alia* denomination in Swiss Francs) are satisfied.

Nur anwendbar, wenn die Voraussetzungen der TEFRA D-Ausnahme (unter anderem Denominierung in Schweizer Franken) erfüllt sind.

<sup>24</sup> Applicable in the case of Securities with Permanent Global Securities exchangeable for definitive Securities.

Anwendbar im Fall von Schuldverschreibungen mit Dauerglobalurkunde, die gegen Einzelkunden austauschbar sind.

<sup>25</sup> Applicable in the case of Securities with Permanent Global Securities exchangeable for definitive Securities.

Anwendbar im Fall von Schuldverschreibungen mit Dauerglobalurkunde, die gegen Einzelkunden austauschbar sind.

## **FORM OF PRICING SUPPLEMENT MUSTER DES KONDITIONENBLATTS**

Set out below is the form of Pricing Supplement for issues of Exempt Securities under the Programme. The Pricing Supplement applicable to a specific issue of Exempt Securities will be substantially in the following form, completed and amended (if necessary) to reflect the particular terms of the relevant Exempt Securities and their issue.

*Nachfolgend aufgeführt ist ein Muster des Konditionenblatts für Befreite Schuldverschreibungen, die im Rahmen des Programms begeben werden. Das Konditionenblatt, das auf eine konkrete Emission von Befreiten Schuldverschreibungen anwendbar ist, wird im Wesentlichen dem nachfolgenden Muster folgen, das vervollständigt und, soweit erforderlich, geändert wird, um die spezifischen Bedingungen der betreffenden Befreiten Schuldverschreibungen und ihrer Emission wiederzugeben.*

**NO PROSPECTUS IS REQUIRED IN ACCORDANCE WITH DIRECTIVE 2003/71/EC FOR THE ISSUE OF SECURITIES DESCRIBED BELOW.**

**GEMÄß RICHTLINIE 2003/71/EG IST FÜR DIE NACHFOLGEND BESCHRIEBENEN SCHULDVERSCHREIBUNGEN KEIN PROSPEKT ERFORDERLICH.**

### **[PROHIBITION OF SALES TO RETAIL INVESTORS IN THE EUROPEAN ECONOMIC AREA**

The Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. For these purposes, a "**retail investor**" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded).<sup>1</sup>

### **[VERBOT DES VERKAUFS AN KLEINANLEGER IM EUROPÄISCHEN WIRTSCHAFTSRAUM**

*Die Schuldverschreibungen sind nicht zum Angebot, zum Verkauf oder zur sonstigen Zurverfügungstellung an Kleinanleger im Europäischen Wirtschaftsraum ("EWR") bestimmt und sollten Kleinanlegern im EWR nicht angeboten, nicht an diese verkauft und diesen auch nicht in sonstiger Weise zur Verfügung gestellt werden. Entsprechend wurde kein nach der Verordnung (EU) Nr. 1286/2014 (die "**PRIP-Verordnung**") erforderliches Basisinformationsblatt für das Angebot oder den Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR erstellt; daher kann das Angebot oder der Verkauf oder die sonstige Zurverfügungstellung der Schuldverschreibungen an Kleinanleger im EWR nach der PRIP-Verordnung rechtswidrig sein. Für die Zwecke dieser Bestimmung bezeichnet der Begriff "**Kleinanleger**" eine Person, die eines (oder mehrere) der folgenden Kriterien erfüllt: (i) sie ist ein Kleinanleger im Sinne von Artikel 4 Abs. 1 Nr. 11 der Richtlinie 2014/65/EU ("**MiFID II**"); (ii) sie ist ein Kunde im Sinne der Richtlinie (EU) 2016/97, soweit dieser Kunde nicht als professioneller Kunde im Sinne von Artikel 4 Abs. 1 Nr. 10 MiFID II gilt; oder (iii) sie ist kein qualifizierter Anleger im Sinne der Richtlinie 2003/71/EG in der jeweils geänderten oder ersetzten Fassung.]*

<sup>1</sup> If the Conditions of the Securities are in the English language only, the Pricing Supplement shall only include the English language sections.

*Falls die Bedingungen der Schuldverschreibungen nur englische Sprache vorsehen, enthält das Konditionenblatt nur die englischsprachigen Abschnitte.*

<sup>2</sup> The legend is to be included if "Applicable" is selected in the option "Prohibition of Sales to Retail Investors in the EEA" in Part II. 4. of the Pricing Supplement.

*Dieser Text ist einzufügen, wenn "Anwendbar" in der in Teil II. 4. des Konditionenblatts enthaltenen Option "Verbot des Verkaufs an Kleinanleger im EWR" ausgewählt wird.*

## TAXATION

PROSPECTIVE PURCHASERS OF SECURITIES ARE ADVISED TO CONSULT THEIR OWN TAX ADVISERS AS TO THE TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF SECURITIES.

### GENERAL TAXATION INFORMATION

**The information provided below does not purport to be a complete summary of the tax law and practice currently available. Potential purchasers of Securities are therefore advised to consult their own tax advisers as to the tax consequences of transactions involving Securities.**

Purchasers and/or sellers of Securities may be required to pay stamp taxes and other charges in accordance with the laws and administrative practices of the country in which they are domiciled or deemed to be domiciled for tax purposes in addition to the issue price or (if different) purchase price of the Securities.

Transactions involving Securities (including purchases, transfer or redemption), the accrual or receipt of any interest payable under the Securities and the death of a holder of any Security may have tax consequences which may depend, amongst other things, upon the tax status of the potential purchaser and may relate to stamp duty, stamp duty reserve tax, income tax, corporation tax, capital gains tax and inheritance tax.

### RESPONSIBILITY OF THE ISSUER FOR THE WITHHOLDING OF TAXES AT SOURCE

The Issuer does not assume any responsibility for the withholding of taxes at source.

### GERMANY

*The following is a general discussion of certain German tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all German tax considerations that may be relevant to a decision to purchase Securities, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the tax laws of Germany currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive or retrospective effect.*

*As each Series or Tranche of Securities may be subject to a different tax treatment due to the specific terms of such Series or Tranche as set out in the respective Final Terms (or Pricing Supplement, in case of Exempt Securities), the following section only provides some general information on the possible tax treatment. Tax consequences that may arise if an investor combines certain series of Securities so that he or she derives a certain return are not discussed herein.*

*The law as currently in effect provides for a reduced tax rate for certain investment income. The coalition agreement between the German Christ Democratic Party, the Christian Social Union and the Social Democratic Party for the formation of a new German federal government provides that the flat tax regime shall be partially abolished. The coalition agreement further specifies that the solidarity surcharge shall be abolished in stages provided that the individual income does not exceed certain thresholds. There is however no draft bill available yet and many details are hence still unclear. Hence, it is still unclear, whether, how and when the current discussion may result in any legislative change.*

*Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any state, local or church taxes, under the tax laws of Germany and any country of which they are resident or whose tax laws apply to them for other reasons.*

### German Tax Residents

The section "German Tax Residents" refers to persons who are tax residents of Germany (*i.e.* persons whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany).

## Withholding tax on on-going payments and capital gains

On-going payments received by a non-business Securityholder will be subject to German withholding tax (*Abgeltungsteuer*) if the Securities are kept or administered in a custodial account with a German branch of a German or non-German bank or financial services institution, a German securities trading company or a German securities trading bank (each, a **"Disbursing Agent"**, *auszahlende Stelle*). The tax rate is 25 per cent. (plus solidarity surcharge at a rate of 5.5 per cent. thereon, the total withholding being 26.375 per cent.). For individual Securityholders who are subject to church tax an electronic information system for church withholding tax purposes applies in relation to investment income, with the effect that church tax will be collected by the Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) in which case the investor will be assessed to church tax.

The same treatment applies to capital gains (*i.e.* the difference between the proceeds from the disposal, redemption, repayment or assignment after deduction of expenses directly related to the disposal, redemption, repayment or assignment and the cost of acquisition) derived by a non-business Securityholder provided the Securities have been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition. If similar Securities kept or administered in the same custodial account were acquired at different points in time, the Securities first acquired will be deemed to have been sold first for the purposes of determining the capital gains. Where Securities are acquired and/or sold or redeemed in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively with the result that any currency gains or losses are part of the capital gains. If the Issuer exercises the right to substitute the Issuer of the Securities, the substitution might, for German tax purposes, be treated as an exchange of the Securities for new Securities issued by the Substitute Debtor. Such a substitution could result in the recognition of a taxable gain or loss for the respective investors. If interest coupons or interest claims are disposed of separately (*i.e.* without the Securities), the proceeds from the disposition are subject to withholding tax. The same applies to proceeds from the payment of interest coupons or interest claims if the Securities have been disposed of separately.

In case the Securities are converted into equity instruments of the Issuer the Holders should not suffer a gain or loss from such conversion. However, the acquisition costs of the Securities should be carried over to the equity instruments received upon conversion and any gain or loss will only be recognized as a gain or loss from the disposal of such instruments and may be subject to a different tax regime and loss deductibility may be further limited.

If Securities qualifying as a forward/future or option transaction (*Termingeschäft*) according to sec. 20 para. 2 sent. 1 no. 3 German Income Tax Act (*Einkommensteuergesetz*) are settled by a cash payment, capital gains realised upon exercise (*i.e.* the cash amount received minus directly related costs and expenses, *e.g.* the acquisition costs) are subject to withholding tax. In the event of physical delivery, the acquisition costs of such Securities plus any additional sum paid upon exercise are generally regarded as acquisition costs of the underlying assets received upon physical settlement. Withholding tax may then apply to any gain resulting from the subsequent disposal, redemption, repayment or assignment of the assets received in particular if they are securities. In case of certain assets being the underlying (*e.g.* commodities or currencies) a subsequent sale of the underlying received may not be subject to German withholding tax as outlined in this section but any disposal gain may be fully taxable at the personal income tax rate of the non-business Securityholder.

In case of a physical settlement of certain Securities (not qualifying as forward/future or option transactions) which grant the Issuer the right to physically deliver the underlying securities or the Securityholder to demand the physical delivery of the underlying securities instead of a cash payment upon physical delivery the acquisition costs of the Securities may be regarded as proceeds from the disposal, redemption, repayment or assignment of the Securities and hence as acquisition costs of the underlying securities received by the non-business Securityholder upon physical settlement; any consideration received by the Securityholder in addition to the underlying securities may be subject to withholding tax. To the extent the provision mentioned above is applicable, generally no withholding tax has to be withheld by the Disbursing Agent upon physical settlement as such exchange of the Securities into the underlying securities does not result in a taxable gain for the non-business Securityholder. Costs for the physical settlement may not be tax deductible. However, withholding tax may then apply to any gain resulting from the disposal, redemption, repayment or assignment of the securities

received in exchange for the Securities. In this case, the gain will be the difference between the proceeds from the disposal, redemption, repayment or assignment of the underlying securities and the acquisition costs of the Securities (after deduction of expenses related directly to the disposal, if any).

To the extent the Securities have not been kept or administered in a custodial account with the same Disbursing Agent since the time of their acquisition, upon the disposal, redemption, repayment or assignment withholding tax applies at a rate of 26.375 per cent. (including solidarity surcharge, plus church tax, if applicable) to 30 per cent. of the disposal proceeds (plus interest accrued on the Securities ("**Accrued Interest**", *Stückzinsen*), if any), unless the current Disbursing Agent has been notified of the actual acquisition costs of the Securities by the previous Disbursing Agent or by a statement of a bank or financial services institution from another Member State of the European Union or the European Economic Area or from certain other countries (e.g. Switzerland or Andorra).

Pursuant to administrative guidance losses incurred by a Securityholder from bad debt (*Forderungsausfall*) or a waiver of a receivable (*Forderungsverzicht*) are generally not tax-deductible. The same rules should apply if the Securities expire worthless. In a recent case the Federal Tax Court (*Bundesfinanzhof*) did not follow this view holding that losses are deductible against other investment income if they are final, i.e. no further payment can be expected, e.g. upon conclusion of an insolvency procedure over the borrower's assets. It still needs to be seen whether the tax authorities will follow this view.

According to administrative guidance, where a Security qualifies as a full risk security (*Vollrisikozertifikat*) which provides for several payments to be made to the Securityholder such payments shall qualify as taxable investment income, unless the terms and conditions of the Securities explicitly provide for the redemption or partial redemption during the term of the Securities and these terms and conditions are complied with. If the terms of the Securities do not provide for final payment at maturity or no such payment is made any losses incurred upon expiry of such Securities shall not be tax deductible.

In computing any German tax to be withheld, the Disbursing Agent generally deducts from the basis of the withholding tax negative investment income realised by a non-business Securityholder via the Disbursing Agent (e.g. losses from the sale of other securities with the exception of shares). The Disbursing Agent also deducts Accrued Interest on the Securities or other securities paid separately upon the acquisition of the respective security by a non-business Securityholder via the Disbursing Agent. In addition, subject to certain requirements and restrictions the Disbursing Agent credits foreign withholding taxes levied on investment income in a given year regarding securities held by a non-business Securityholder in the custodial account with the Disbursing Agent to the extent such foreign withholding taxes cannot be reclaimed in the respective foreign country.

Non-business Securityholders are entitled to an annual allowance (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for couples and partners filing jointly) for all investment income received in a given year. Upon the non-business Securityholder filing an exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent, the Disbursing Agent will take the allowance into account when computing the amount of tax to be withheld. No withholding tax will be deducted if the Securityholder has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the competent local tax office.

German withholding tax will not apply to gains from the disposal, redemption, repayment or assignment of Securities held by a corporation while on-going payments, such as interest payments, are subject to withholding tax (irrespective of any deductions of foreign tax and capital losses incurred). The same may apply where the Securities form part of a trade or business or are related to income from letting and leasing of property, subject to further requirements being met.

#### Taxation of current income and capital gains

The personal income tax liability of a private Securityholder deriving income from capital investments under the Securities is, in principle, settled by the tax withheld. To the extent withholding tax has not been levied, such as in case of Securities kept and administered in custody abroad or if no Disbursing Agent is involved in the payment process, the private Securityholder must report his or her income and capital gains derived from the Securities on his or her tax return and then will also be taxed at a rate of 25 per cent. (plus solidarity surcharge and church tax thereon, where applicable). If the withholding tax on a disposal, redemption, repayment or assignment has been calculated from 30 per cent. of the disposal proceeds (rather than from the actual gain), a

private Securityholder may and in case the actual gain is higher than 30 per cent. of the disposal proceeds must also apply for an assessment on the basis of his or her actual acquisition costs. Further, a private Securityholder may request that all investment income of a given year is taxed at his or her lower individual tax rate based upon an assessment to tax with any amounts over withheld being refunded. In each case, the deduction of expenses (other than transaction costs) on an itemized basis is not permitted.

Losses incurred with respect to Securities can only be offset against investment income of a non-business Securityholder realised in the same or the following years. Any losses realised upon the disposal of shares in stock corporations received in exchange for the Securities can only be offset against capital gains deriving from the disposal of shares.

Where Securities form part of a trade or business or the income from the Securities qualifies as income from the letting and leasing of property the withholding tax, if any, will not settle the personal or corporate income tax liability. Where Securities form part of the property of a trade or business, interest (accrued) must be taken into account as income. Where Securities qualify as zero bonds and form part of a trade or business, each year the part of the difference between the issue or purchase price and the redemption amount attributable to such year must be taken into account. The respective Securityholder will have to report income and related (business) expenses on the tax return and the balance will be taxed at the Securityholder's applicable tax rate. Withholding tax levied, if any, will be credited against the personal or corporate income tax liability of the Securityholder. Where Securities form part of the property of a German trade or business the current income and gains from the disposal, redemption, repayment or assignment of the Securities may also be subject to German trade tax.

Where according to an applicable accounting standard Securities include an embedded derivative the Noteholder may have to account for a receivable and a derivative. The deduction of losses from derivatives may be ring-fenced as follows. Generally, the deductibility of capital losses from Securities that qualify for tax purposes as forward/futures transaction is limited. These losses may only be applied against profits from other forward/futures transactions derived in the same or, subject to certain restrictions, the previous year. Otherwise these losses can be carried forward indefinitely and, within certain limitations, applied against profits from forward/futures transactions in subsequent years. This generally does not apply to forward/futures transactions hedging risks from the Securityholder's ordinary business, unless the underlying is a stock in a corporation. Further special rules apply to credit institutions, financial services institutions and finance companies within the meaning of the German Banking Act.

In the case of physically settled Securities, special limitations may apply to losses from the disposal of an underlying that is a share in a corporation or a unit of an equity investment fund.

#### German investment taxation

If a Security (in particular a Security which is physically settled by delivery of fund shares, fund units or similar instruments or a Security which replicates the performance of an investment fund was considered to qualify as an investment fund unit within the meaning of the German Investment Tax Act (*Investmentsteuergesetz*), tax consequences different from those discussed above would apply. A Securityholder subject to German taxation may then be required to include into his or her taxable income unrealized gains from the appreciation in value of the Security which may be deemed to be a portion of the fair market value of the Security at the relevant time. In general, the taxed unrealized gains will be deductible in computing the capital gain derived from the disposal, redemption or termination of the Security.

#### **Securityholders not tax-resident in Germany**

Interest and capital gains are not subject to German taxation, unless (i) the Securities form part of the business property of a permanent establishment, including a permanent representative, or a fixed base maintained in Germany by the Securityholder; or (ii) the income otherwise constitutes German-source income. In cases (i) and (ii) a tax regime similar to that explained above in the subsection "*German Tax Residents*" applies.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains. However, where the income is subject to German taxation as set forth in the preceding paragraph and the Securities are kept or administered in a custodial account with a Disbursing Agent, withholding tax may be levied under certain circumstances. Where Securities are not kept in a custodial account with a Disbursing

Agent and interest or proceeds from the disposal, assignment or redemption of a Security or an interest coupon are paid by a Disbursing Agent to a non-resident upon delivery of the Securities or interest coupons, withholding tax generally will also apply. The withholding tax may be refunded based on an assessment to tax or under an applicable tax treaty.

### **Inheritance and Gift Tax**

No inheritance or gift taxes with respect to any Securities will arise under the laws of Germany, if, in the case of inheritance tax, neither the deceased nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Security is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

### **Other Taxes**

No stamp, issue or registration taxes or such duties will be payable in Germany in connection with the issuance, delivery or execution of the Securities. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

The European Commission and certain EU Member States (including Germany) are currently intending to introduce a financial transactions tax ("**FTT**") (presumably on secondary market transactions involving at least one financial intermediary). It is currently uncertain when the proposed FTT will be enacted by the participating EU Member States and when the FTT will enter into force with regard to dealings with the Securities.

### **Grossed-up Securities and Special Exception in Germany**

According to the Terms and Conditions of the Securities, the Issuer may undertake in case of withholding of taxes at source or deduction of taxes at source for or on account of any present or future taxes, fees, duties, assessments or governmental charges of whatever nature which are imposed or levied by or on behalf of the country of domicile (or residence for tax purposes) of the Issuer or Germany or any political subdivision thereof or any authority or agency therein or thereof having power to tax (the "**Withholding Tax**" in this paragraph), unless withholding of tax by the Issuer is required by law, to pay additional amounts as may be necessary, subject to certain exceptions as set forth in the Terms and the Conditions of the Securities, in order that the net amounts receivable by the Securityholder after the withholding or deduction of such Withholding Tax shall equal the respective amounts which would have been receivable by such Securityholder had no such Withholding Tax been required. In accordance with these exceptions the withholding tax to be withheld by a Disbursing Agent on investment income (*e.g.* interest payments and capital gains) under the flat-tax regime (*Abgeltungsteuer*), the solidarity surcharge (*Solidaritätszuschlag*) thereon and, if applicable, church tax (*Kirchensteuer*) do not constitute such a Withholding Tax. The Issuer may also choose not to undertake to gross up payments as described above. The Final Terms (or Pricing Supplement, in the case of Exempt Securities) of the relevant Securities will specify whether the Terms and Conditions of the respective Securities provide for the obligation to gross up.

**The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. The prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.**

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*) generally. Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer

acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

## **Taxations of the Holders of Securities**

### Withholding Tax

#### *Non-resident holders of Securities*

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Securities held by non-resident holders of Securities.

#### *Resident holders of Securities*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident holders of Securities.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the Relibi Law will be subject to a withholding tax at a rate of 20 per cent.

### Income Taxation

#### *Non-resident holders of Securities*

A non-resident holder of Securities, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Securities are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes. A gain realised by such non-resident holder of Securities on the sale or disposal, in any form whatsoever, of the Securities is further not subject to Luxembourg income tax.

A non-resident corporate holder of Securities or an individual holder of Securities acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Securities are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Securities and on any gains realised upon the sale or disposal, in any form whatsoever, of the Securities.

#### *Resident holders of Securities*

Holders of Securities who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

#### (a) Luxembourg resident corporate holder of Securities

A corporate holder of Securities must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Securities, in its taxable income for Luxembourg income tax assessment purposes.

A holder of Securities that is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the

law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds and which does not fall under the special tax regime set out in article 48 thereof is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Securities.

(b) Luxembourg resident individual holder of Securities

An individual holder of Securities, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Securities, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Securities has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Relibi Law, which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than a EU Member State). A gain realised by an individual holder of Securities, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Securities is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Securities were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if withholding tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of Securities acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

#### Net Wealth Taxation

A corporate holder of Securities, whether it is resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which such Securities are attributable, is subject to Luxembourg net wealth tax on such Securities, except if the holder of Securities is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, or is a securitisation company governed by the law of 22 March 2004 on securitisation, as amended, or is a capital company governed by the law of 15 June 2004 on venture capital vehicles, as amended.<sup>1</sup>

An individual holder of Securities, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg wealth tax on such Securities.

#### Other Taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of Securities will give rise to any Luxembourg registration tax or similar taxes.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the Securities in Luxembourg in the case where the Securities are physically attached to a public deed or to any other document subject to mandatory registration, or in the case of a registration of the Securities on a voluntary basis.

Where a holder of Securities is a resident of Luxembourg for tax purposes at the time of his/her death, the Securities are included in his/her taxable estate for inheritance tax assessment purposes.

Gift tax may be due on a gift or donation of Securities if embodied in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

---

<sup>1</sup> Please however note that securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, or capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or reserved alternative investment funds governed by the law of 23 July 2016 and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

## AUSTRALIA

***The following is a general summary of certain Australian tax consequences under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, "Australian Tax Act") and any relevant regulations, rulings or judicial or administrative pronouncements, at the date of this Prospectus, of payments of interest and certain other amounts on the Securities issued by Deutsche Bank AG, Sydney Branch and certain other matters.***

***This summary is not exhaustive (in particular, it does not deal with any Australian income tax consequences of acquiring or holding Securities) and should be treated with appropriate caution. In particular, this summary does not deal with the position of certain classes of holders of Securities (including, without limitation, dealers in securities, custodians or other third parties who hold Securities on behalf of other persons). Prospective holders of Securities should also be aware that particular terms of issue of any Series of Securities may affect the tax treatment of that and other Series of Securities. Information regarding taxes in respect of Securities may also be set out in a supplement to this Prospectus or, in case of Exempt Securities, an applicable Pricing Supplement.***

### Introduction

The Australian Tax Act characterises securities as either "debt interests" (for all entities) or "equity interests" (for companies) including for the purposes of interest withholding tax ("IWT") and dividend withholding tax. IWT is currently payable at a rate of 10 per cent. of the gross amount of interest paid by Deutsche Bank AG, Sydney Branch to a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia) or a resident acting at or through a permanent establishment outside Australia, unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

### Interest withholding tax

An exemption from IWT is available in respect of Securities issued by Deutsche Bank AG, Sydney Branch if those Securities are characterised as "debentures" and are not characterised as "equity interests" for the purposes of the Australian Tax Act and the requirements of section 128F of the Australian Tax Act are satisfied.

Deutsche Bank AG, Sydney Branch intends to issue Securities which will be characterised as "debentures" and are not characterised as "equity interests" for these purposes. If Securities are issued which are not so characterised or which do not satisfy the requirements of section 128F of the Australian Tax Act, further information on the material Australian tax consequences of payments of interest and certain other amounts on those Securities will be specified in a supplement to this Prospectus or, in the case of Exempt Securities, the relevant Pricing Supplement).

The requirements in section 128F for an exemption from IWT in respect of the Securities issued by Deutsche Bank AG, Sydney Branch are as follows:

- Deutsche Bank Aktiengesellschaft is a non-resident carrying on business at or through a permanent establishment in Australia when it issues those Securities and when interest is paid;
- those Securities are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that Deutsche Bank AG, Sydney Branch is offering those Securities for issue. In summary, the five methods are:
  - (i) offers to 10 or more unrelated financiers, securities dealers or entities that carry on the business of investing in securities;

- (ii) offers to 100 or more investors of a certain type;
  - (iii) offers of listed Securities;
  - (iv) offers via publicly available information sources; and
  - (v) offers to a dealer, manager or underwriter who offers to sell those Securities within 30 days by one of the preceding methods;
- Deutsche Bank Aktiengesellschaft does not know, or have reasonable grounds to suspect, at the time of issue, that any of those Securities or interests in any of those Securities were being, or would later be, acquired, directly or indirectly, by an associate of Deutsche Bank Aktiengesellschaft, except as permitted by section 128F(5) of the Australian Tax Act; and
  - at the time of the payment of interest, Deutsche Bank Aktiengesellschaft does not know, or have reasonable grounds to suspect, that the payee is an associate of Deutsche Bank Aktiengesellschaft, except as permitted by section 128F(6) of the Australian Tax Act.

### **Compliance with section 128F of the Australian Tax Act**

Unless otherwise specified in any supplement to this Prospectus or, in the case of Exempt Securities, an applicable Pricing Supplement, Deutsche Bank AG, Sydney Branch intends to issue Securities in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

### **Interest withholding tax exemptions under tax treaties**

The Australian Government has signed or announced new or amended double tax conventions with a number of countries (each a "**Specified Country**"), some of which provide for a full exemption from IWT.

In broad terms, once implemented, these double tax conventions effectively prevent IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; and
- a "financial institution" which is a resident of a "Specified Country" and which is unrelated to and dealing wholly independently with Deutsche Bank AG, Sydney Branch. The term "financial institution" refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. (However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.)

The Australian Federal Treasury maintains a listing of Australia's double tax conventions which provides details of country, status and Australian domestic implementation which is available to the public at the Federal Treasury's website. The availability of relief under Australia's double tax conventions may be limited by Australia's adoption of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting in circumstances where a holder of Securities has an insufficient connection with the relevant jurisdiction.

### **Section 126 of the Australian Tax Act**

Section 126 of the Australian Tax Act imposes a type of withholding tax at the current rate of 45 per cent. on the payment of interest on Securities in bearer form if Deutsche Bank AG, Sydney Branch fails to disclose the names and addresses of the holders to the Australian Taxation Office, but is limited in its application to persons in possession of Securities in bearer form who are residents of Australia or non-residents who are engaged in carrying on business in Australia at or through a permanent establishment in Australia. Where interests in Securities in bearer form are held through Euroclear or Clearstream, Luxembourg, Deutsche Bank AG, Sydney Branch intends to treat the operators of those clearing systems as the holders of those Securities for the purposes of section 126 of the Australian Tax Act.

## Other Australian tax matters

Under Australian laws as presently in effect:

- *death duties* – no Securities issued by Deutsche Bank AG, Sydney Branch will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- *stamp duty and other taxes* – on the basis that the Securities are not characterised as "equity interests" for the purposes of the Australian Tax Act, no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Securities issued by Deutsche Bank AG, Sydney Branch;
- *withholding taxes* – withholding tax is imposed at the current rate of 47 per cent. on the payment of interest on Securities unless the relevant holder of Securities has quoted a tax file number ("**TFN**"), in certain circumstances an Australian Business Number ("**ABN**") or proof of some other exception (as appropriate).
- Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Securities, these rules should not apply to payments to a holder of Securities who is not a resident of Australia for tax purposes and does not hold those Securities in carrying on business at or through a permanent establishment in Australia. Such withholding may be made from payments to holders of Securities who are residents of Australia or non-residents who carry on business at or through a permanent establishment in Australia but who do not quote a TFN, ABN or an appropriate exemption.
- *gains on sale or redemption* – a Securityholder who is a non-resident of Australia and who has never held the Securities in the course of carrying on a business through a permanent establishment in Australia will not be subject to Australian income tax on gains realised on the disposal or redemption of the Securities, provided such gains do not have an Australian source. A gain arising on the sale of the Securities by a non-Australian resident holder to another non-Australian resident where the Securities are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia, should generally not be regarded as having an Australian source;
- *supply withholding tax* – payments in respect of the Securities can be made free and clear of the "supply withholding tax" imposed under Australia's tax legislation;
- *goods and services tax ("**GST**")* – none of the issue or receipt of the Securities, the payment of principal or interest by Deutsche Bank AG, Sydney Branch nor the disposal of the Securities will give rise to any GST liability in Australia;
- *additional withholdings from certain payments to non-Australian residents* – the Governor-General may make regulations requiring withholding from certain payments to non-Australian residents, (however these rules do not apply to payments of interest or other amounts which are already subject to the current IWT rules or specifically exempt from those rules); and
- *garnishee directions by the Commissioner of Taxation ("**the Commissioner**")* – the Commissioner may give a direction under section 255 of the Australian Tax Act or section 260-5 of Schedule 1 of the Taxation Administration Act 1953 of Australia (or any other analogous provision under another statute) requiring Deutsche Bank AG, Sydney Branch to deduct from any payment to any other entity (including any holder of Securities) any amount in respect of tax payable by that other entity. If Deutsche Bank AG, Sydney Branch is served with such a direction in respect of a holder of Securities, then Deutsche Bank AG, Sydney Branch will comply with that direction and, accordingly, will make any deduction or withholding in connection with that direction.

## AUSTRIA

**This section on taxation contains a brief summary of the Issuer's understanding with regard to certain important principles which are of significance in connection with the purchase, holding or sale of the**

**Securities in Austria.** This summary does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal or tax advice. This summary is based on the currently applicable tax legislation, case law and regulations of the tax authorities, as well as their respective interpretation, all of which may be amended from time to time. Such amendments may possibly also be effected with retroactive effect and may negatively impact on the tax consequences described. It is recommended that potential investors in the Securities consult with their legal and tax advisors as to the tax consequences of the purchase, holding or sale of the Securities. Tax risks resulting from the Securities (in particular from a potential qualification as a foreign investment fund within the meaning of sec. 188 of the Austrian Investment Funds Act 2011 (*Investmentfondsgesetz 2011*)) shall in any case be borne by the investor. For the purposes of the following it is assumed that the Securities are legally and factually offered to an indefinite number of persons.

### **General remarks**

Individuals having a domicile (*Wohnsitz*) and/or their habitual abode (*gewöhnlicher Aufenthalt*), both as defined in sec. 26 of the Austrian Federal Fiscal Procedures Act (*Bundesabgabenordnung*), in Austria are subject to income tax (*Einkommensteuer*) in Austria on their worldwide income (unlimited income tax liability; *unbeschränkte Einkommensteuerpflicht*). Individuals having neither a domicile nor their habitual abode in Austria are subject to income tax only on income from certain Austrian sources (limited income tax liability; *beschränkte Einkommensteuerpflicht*).

Corporations having their place of management (*Ort der Geschäftsleitung*) and/or their legal seat (*Sitz*), both as defined in sec. 27 of the Austrian Federal Fiscal Procedures Act, in Austria are subject to corporate income tax (*Körperschaftsteuer*) in Austria on their worldwide income (unlimited corporate income tax liability; *unbeschränkte Körperschaftsteuerpflicht*). Corporations having neither their place of management nor their legal seat in Austria are subject to corporate income tax only on income from certain Austrian sources (limited corporate income tax liability; *beschränkte Körperschaftsteuerpflicht*).

Both in case of unlimited and limited (corporate) income tax liability Austria's right to tax may be restricted by double taxation treaties.

### **Income taxation**

Pursuant to sec. 27(1) of the Austrian Income Tax Act (*Einkommensteuergesetz*), the term investment income (*Einkünfte aus Kapitalvermögen*) comprises:

- income from the letting of capital (*Einkünfte aus der Überlassung von Kapital*) pursuant to sec. 27(2) of the Austrian Income Tax Act, including dividends and interest; the tax basis is the amount of the earnings received (sec. 27a(3)(1) of the Austrian Income Tax Act);
- income from realised increases in value (*Einkünfte aus realisierten Wertsteigerungen*) pursuant to sec. 27(3) of the Austrian Income Tax Act, including gains from the alienation, redemption and other realisation of assets that lead to income from the letting of capital (including zero coupon bonds); the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs, in each case including accrued interest (sec. 27a(3)(2)(a) of the Austrian Income Tax Act); and
- income from derivatives (*Einkünfte aus Derivat*) pursuant to sec. 27(4) of the Austrian Income Tax Act, including cash settlements, option premiums received and income from the sale or other realisation of forward contracts like options, futures and swaps and other derivatives such as index certificates (the mere exercise of an option does not trigger tax liability); e.g., in the case of index certificates, the tax basis amounts to the sales proceeds or the redemption amount minus the acquisition costs (sec. 27a(3)(3)(c) of the Austrian Income Tax Act).

Also the withdrawal of the Securities from a securities account (*Depotentnahme*) and circumstances leading to a restriction of Austria's taxation right regarding the Securities vis-à-vis other countries, e.g., a relocation from Austria (*Wegzug*), are in general deemed to constitute a sale (cf. sec. 27(6)(1) and (2) of the Austrian Income

Tax Act). The tax basis amounts to the fair market value minus the acquisition costs (sec. 27a(3)(2)(b) of the Austrian Income Tax Act).

Individuals subject to unlimited income tax liability in Austria holding the Securities as non-business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Securities with an Austrian nexus (*inländische Einkünfte aus Kapitalvermögen*), basically meaning income paid by an Austrian paying agent (*auszahlende Stelle*) or an Austrian custodian agent (*depotführende Stelle*), is subject to withholding tax (*Kapitalertragsteuer*) at a flat rate of 27.5 per cent.; no additional income tax is levied over and above the amount of tax withheld (final taxation pursuant to sec. 97(1) of the Austrian Income Tax Act). Investment income from the Securities without an Austrian nexus must be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases upon application the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The acquisition costs must not include ancillary acquisition costs (*Anschaffungsnebenkosten*; sec. 27a(4)(2) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Sec. 27(8) of the Austrian Income Tax Act, *inter alia*, provides for the following restrictions on the offsetting of losses: negative income from realised increases in value and from derivatives may be neither offset against interest from bank accounts and other non-securitized claims vis-à-vis credit institutions (except for cash settlements and lending fees) nor against income from private foundations, foreign private law foundations and other comparable legal estates (*Privatstiftungen, ausländische Stiftungen oder sonstige Vermögensmassen, die mit einer Privatstiftung vergleichbar sind*); income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act may not be offset against income subject to the progressive income tax rate (this equally applies in case of an exercise of the option to regular taxation); negative investment income not already offset against positive investment income may not be offset against other types of income. The Austrian custodian agent has to effect the offsetting of losses by taking into account all of a taxpayer's securities accounts with the custodian agent, in line with sec. 93(6) of the Austrian Income Tax Act, and to issue a written confirmation to the taxpayer to this effect.

Individuals subject to unlimited income tax liability in Austria holding the Securities as business assets are subject to income tax on all resulting investment income pursuant to sec. 27(1) of the Austrian Income Tax Act. Investment income from the Securities with an Austrian nexus is subject to withholding tax at a flat rate of 27.5 per cent. While withholding tax has the effect of final taxation for income from the letting of capital, income from realised increases in value and income from derivatives must be included in the investor's income tax return (nevertheless income tax at the flat rate of 27.5 per cent.). Investment income from the Securities without an Austrian nexus must always be included in the investor's income tax return and is subject to income tax at the flat rate of 27.5 per cent. In both cases, upon application, the option exists to tax all income subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act at the lower progressive income tax rate (option to regular taxation pursuant to sec. 27a(5) of the Austrian Income Tax Act). The flat tax rate does not apply to income from realised increases in value and income from derivatives if realizing these types of income constitutes a key area of the respective investor's business activity (sec. 27a(6) of the Austrian Income Tax Act). Expenses such as bank charges and custody fees must not be deducted (sec. 20(2) of the Austrian Income Tax Act); this also applies if the option to regular taxation is exercised. Pursuant to sec. 6(2)(c) of the Austrian Income Tax Act, depreciations to the lower fair market value and losses from the alienation, redemption and other realisation of financial assets and derivatives in the sense of sec. 27(3) and (4) of the Austrian Income Tax Act, which are subject to income tax at the flat rate of 27.5 per cent., are primarily to be offset against income from realised increases in value of such financial assets and derivatives and with appreciations in value of such assets within the same business unit (*Wirtschaftsgüter desselben Betriebes*); only 55 per cent. of the remaining negative difference may be offset against other types of income.

Pursuant to sec. 7(2) of the Austrian Corporate Income Tax Act (*Körperschaftsteuergesetz*), corporations subject to unlimited corporate income tax liability in Austria are subject to corporate income tax on income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities at a rate of 25 per cent. Income in the sense of sec. 27(1) of the Austrian Income Tax Act from the Securities with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act, the withholding agent may apply a 25 per cent. rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the corporate income tax liability. Under the

conditions set forth in sec. 94(5) of the Austrian Income Tax Act withholding tax is not levied in the first place. Losses from the alienation of the Securities can be offset against other income.

Pursuant to sec. 13(3)(1) in connection with sec. 22(2) of the Austrian Corporate Income Tax Act, private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*) fulfilling the prerequisites contained in sec. 13(3) and (6) of the Austrian Corporate Income Tax Act and holding the Securities as non-business assets are subject to interim taxation at a rate of 25 per cent. on interest income, income from realised increases in value and income from derivatives (*inter alia*, if the latter are in the form of securities). Pursuant to the Austrian tax authorities' view, the acquisition costs must not include ancillary acquisition costs. Expenses such as bank charges and custody fees must not be deducted (sec. 12(2) of the Austrian Corporate Income Tax Act). Interim tax is generally not triggered insofar as distributions subject to withholding tax are made to beneficiaries in the same tax period. Investment income from the Securities with an Austrian nexus is generally subject to withholding tax at a flat rate of 27.5 per cent. However, pursuant to sec. 93(1a) of the Austrian Income Tax Act, the withholding agent may apply a 25 per cent. rate if the debtor of the withholding tax is a corporation. Such withholding tax can be credited against the tax triggered. Under the conditions set forth in sec. 94(12) of the Austrian Income Tax Act withholding tax is not levied.

Individuals and corporations subject to limited (corporate) income tax liability in Austria are taxable on income from the Securities if they have a permanent establishment (*Betriebsstätte*) in Austria and the Securities are attributable to such permanent establishment (cf. sec. 98(1)(3) of the Austrian Income Tax Act, sec. 21(1)(1) of the Austrian Corporate Income Tax Act). In addition, individuals subject to limited income tax liability in Austria are also taxable on interest in the sense of sec. 27(2)(2) of the Austrian Income Tax Act and accrued interest (including from zero coupon bonds) in the sense of sec. 27(6)(5) of the Austrian Income Tax Act from the Securities if the (accrued) interest has an Austrian nexus and if withholding tax is levied on such (accrued) interest. This does not apply to an individual being resident in a state with which automatic exchange of information exists if the individual provides a certificate of residence to the withholding agent. Interest with an Austrian nexus is interest the debtor of which has its place of management and/or its legal seat in Austria or is an Austrian branch of a non-Austrian credit institution; accrued interest with an Austrian nexus is accrued interest from securities issued by an Austrian issuer (sec. 98(1)(5)(b) of the Austrian Income Tax Act). Under applicable double taxation treaties, relief from Austrian income tax might be available. However, Austrian credit institutions must not provide for such relief at source; instead, the investor may file an application for repayment of tax with the competent Austrian tax office.

Pursuant to sec. 188 of the Austrian Investment Funds Act 2011, the term "foreign investment fund" comprises (i) undertakings for collective investment in transferable securities the member state of origin of which is not Austria; (ii) alternative investment funds pursuant to the Austrian Act on Alternative Investment Fund Managers (Alternative Investmentfonds Manager-Gesetz) the state of origin of which is not Austria; and (iii) undertakings not falling within paragraphs (i) and (ii) above which are undertakings subject to a foreign jurisdiction, irrespective of the legal form they are organised in, the assets of which are invested according to the principle of risk-spreading on the basis either of a statute, of the undertaking's articles or of customary exercise, if one of the following conditions is fulfilled: (a) the undertaking is factually, directly or indirectly, not subject to a corporate income tax in its state of residence that is comparable to Austrian corporate income tax; (b) the profits of the undertaking are in its state of residence subject to corporate income tax that is comparable to Austrian corporate income tax, at a rate of less than 15 per cent.; or (c) the undertaking is subject to a comprehensive personal or material tax exemption in its state of residence. Certain collective investment vehicles investing in real estate are exempted. In case of a qualification as a foreign investment fund, the tax consequences would substantially differ from those described above: A special type of transparency principle would be applied, pursuant to which generally both distributed income as well as deemed income would be subject to Austrian (corporate) income tax.

### **Inheritance and gift taxation**

Austria does not levy inheritance or gift tax.

Certain gratuitous transfers of assets to private law foundations and comparable legal estates (*privatrechtliche Stiftungen und damit vergleichbare Vermögensmassen*) are subject to foundation transfer tax (*Stiftungseingangssteuer*) pursuant to the Austrian Foundation Transfer Tax Act (*Stiftungseingangssteuergesetz*). If the transferor and/or the transferee at the time of transfer have a domicile,

their habitual abode, their legal seat and/or their place of management in Austria. Certain exemptions apply in cases of transfers mortis causa of financial assets within the meaning of sec. 27(3) and (4) of the Austrian Income Tax Act (except for participations in corporations) if income from such financial assets is subject to income tax at a flat rate pursuant to sec. 27a(1) of the Austrian Income Tax Act. The tax basis is the fair market value of the assets transferred minus any debts, calculated at the time of transfer. The tax rate generally is 2.5 per cent., with higher rates applying in special cases.

In addition, there is a special notification obligation for gifts of money, receivables, shares in corporations, participations in partnerships, businesses, movable tangible assets and intangibles if the donor and/or the donee have a domicile, their habitual abode, their legal seat and/or their place of management in Austria. Not all gifts are covered by the notification obligation: In case of gifts to certain related parties, a threshold of EUR 50,000 per year applies; in all other cases, a notification is obligatory if the value of gifts made exceeds an amount of EUR 15,000 during a period of five years. Furthermore, gratuitous transfers to foundations falling under the Austrian Foundation Transfer Tax Act described above are also exempt from the notification obligation. Intentional violation of the notification obligation may trigger fines of up to 10 per cent. of the fair market value of the assets transferred.

Further, gratuitous transfers of the Securities may trigger income tax at the level of the transferor pursuant to sec. 27(6)(1) and (2) of the Austrian Income Tax Act (see above).

## **BELGIUM**

***The following is a general discussion of certain Belgian tax consequences of the acquisition, holding and disposal of Securities. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase Securities and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. In particular, it does not cover the situation of non-residents nor the tax treatment of securities which may be received upon repurchase or redemption of the Securities. This summary is based on the laws of Belgium currently in force and as applied on the date of this Prospectus, which are subject to change, possibly with retroactive effect. This summary is not intended to constitute, nor should it be construed as, legal or tax advice. Prospective purchasers of Securities are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposal of Securities, including the effect of any taxes under the tax laws of Belgium and each country of which they are residents or whose tax laws apply to them for other reasons.***

Any payment of interest (as defined by Belgian tax law) on the Securities made through a paying agent in Belgium will in principle be subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 30 per cent.

If the repurchase or redemption of Securities by the Issuer is in full or in part settled by means of a delivery of securities or other assets, interest includes any positive difference between the market value of those assets on the date of their payment or attribution and the initial issue price of the Securities. In the event interest is paid in the form of delivery of securities, the market value of those securities will be deemed at least equal to their value (prior to the date of the payment or attribution) as determined in the most recent publication by the Belgian Government of the value of securities listed on a Belgian stock exchange (such publication is issued monthly, on the 20th of each month) or on a similar foreign stock exchange.

For Belgian tax purposes, if interest is in a foreign currency, it is converted into Euro on the date of payment or attribution.

### **Income tax**

#### **Structured Securities**

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the performance of underlying products. According to the circular letter, the transfer of structured securities to a third party (other

than the issuer) results in taxation as interest income of the "*pro rata* interest", calculated on the basis of an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to structured Securities (the "**Structured Securities**" for the purposes of the following paragraphs).

It is assumed that any gains realised upon redemption or repayment by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "*pro rata* interest" in case of sale to a third party (*i.e.* other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "*pro rata* interest".

#### *Repayment or redemption by the Issuer*

#### Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), who are holding the Structured Securities as a private investment are subject to the following tax treatment with respect to the Structured Securities in Belgium. Other rules may be applicable in special situations, in particular when Belgian resident individuals acquire the Structured Securities for professional purposes or when their transactions with respect to the Structured Securities fall outside the scope of the normal management of their own private estate.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the Belgian resident individual's income tax liability.

#### Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Interest received by Belgian resident companies on the Structured Securities will be subject to Belgian corporate income tax at the ordinary corporate income tax rate of currently 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from assessment year 2021 for taxable periods starting at the earliest on 1 January 2020. If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Structured Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the

Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

#### Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*), are subject to the following tax treatment with respect to the Structured Securities in Belgium.

Payments of interest on the Structured Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

Sale to a third party

No Belgian withholding tax should apply to the sale of Structured Securities to a third party.

#### Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, provided that the Structured Securities have not been used for their professional activity and that the capital gain is realised within the scope of the normal management of their private estate. Capital losses realised upon disposal of the Structured Securities held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Securities are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are not tax deductible.

Capital gains realised upon transfer of Structured Securities held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Securities held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Securities incurred by Belgian resident individuals holding the Structured Securities for professional purposes are in principle tax deductible.

#### Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Securities to a third party, irrespective of whether such Structured Securities relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from assessment year 2021 for taxable periods starting at the earliest on 1 January 2020.

Capital losses realised upon disposal of the Structured Securities are in principle tax deductible.

#### Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*), are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Securities to a third party.

Capital losses realised upon disposal of the Structured Securities are in principle not tax deductible.

#### Other Securities

The following summary describes the principal Belgian withholding tax considerations with respect to Securities other than Structured Securities.

For Belgian tax purposes, periodic interest income and amounts paid by the Issuer in excess of the issue price (whether or not on the maturity date) are qualified and taxable as "interest". In addition, if the Securities qualify as fixed income securities within the meaning of article 2, §1, 8° of the Belgian Income Tax Code of 1992, in case of a realisation of the Securities between two interest payment dates, an income equal to pro rata of the accrued interest corresponding to the period during which the investor held the Securities in the period between the two interest payment dates is also taxable as interest.

For the purposes of the following paragraphs, any such gains and accrued interest are therefore referred to as "interest".

#### Belgian resident individuals

Belgian resident individuals, *i.e.* individuals who are subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*), and who hold the Securities as a private investment, are in Belgium subject to the following tax treatment with respect to the Securities.

Other tax rules apply to Belgian resident individuals who do not hold the Securities as a private investment.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Securities in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Securities in their personal income tax return. Also, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the Belgian resident individual's income tax liability.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

#### Belgian resident companies

Belgian resident companies, *i.e.* companies that are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*), are in Belgium subject to the following tax treatment with respect to the Securities.

Interest derived by Belgian resident companies on the Securities and capital gains realised on the Securities will be subject to Belgian Corporate Income Tax at the ordinary corporate income tax rate of currently 29.58 per cent. (with a reduced rate of 20.40 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies), to be reduced to 25 per cent. (and 20 per cent.) as from assessment year 2021 for taxable periods starting at the earliest on 1 January 2020. If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Securities made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, provided that certain formalities are complied with. For zero or capitalisation bonds, an exemption will only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6° of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

#### Belgian non-profit legal entities

Belgian non-profit legal entities, *i.e.* legal entities that are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/Impôt des personnes morales*), are subject to the following tax treatment with respect to the Securities in Belgium.

Payments of interest on the Securities made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian non-profit legal entity itself is responsible for the declaration and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Securities are in principle tax exempt, unless the capital gain qualifies as interest (as defined). Capital losses are in principle not tax deductible.

#### **Tax on stock exchange transactions**

The sale and acquisition of the Structured Securities and other Securities on the secondary market is subject to a tax on stock exchange transaction (*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*) if (i) executed in Belgium through a professional intermediary, or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals with habitual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

The tax is generally due at a rate of currently 0.12 per cent. for Securities on each sale and acquisition separately, with a maximum of EUR 1,300 per taxable transaction for Securities. A separate tax is due by each party to the transaction, and both taxes are collected by the professional intermediary. However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions are available, *inter alia*, for certain categories of Belgian institutional investors and non-residents, acting for their own account, provided that certain formalities are respected. Transactions on the primary market are not subject to this tax.

As stated below, the European Commission has published a proposal for a Directive for a common financial transactions tax ("**FTT**"). The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time.

#### **Tax on securities accounts**

Belgian resident and non-resident individuals are subject to a tax on securities accounts (*Taks op de effectenrekeningen/Taxe sur les comptes-titres*) levied at a rate of 0.15 per cent. on their share in the average value of qualifying financial instruments (*i.e.* shares, share certificates, bonds, bond certificates, units or shares

in investment funds or companies (except if acquired or subscribed to in the context of a life insurance or pension savings arrangement), medium-term notes (*kasbons/bons de caisse*) and warrants) held on one or more securities accounts with one or more financial intermediaries during a reference period of 12 consecutive months starting on 1 October and ending on 30 September of the subsequent year ("**Tax on Securities Accounts**"). No tax is due if the holder's share in the average value of the qualifying financial instruments on those accounts amounts to less than EUR 500,000. If, however, the holder's share in the average value of the qualifying financial instruments on those accounts amounts to EUR 500,000 or more, the Tax on Securities Accounts is due on the entire share of the holder in the average value of the qualifying financial instruments on those accounts (and hence, not only on the part which exceeds the EUR 500,000 threshold).

Qualifying financial instruments held by non-resident individuals on securities accounts with a financial intermediary established or located in Belgium fall within the scope of the Tax on Securities Accounts. Pursuant to certain double tax treaties entered into by Belgium, Belgium has no right to tax the capital. Therefore, to the extent the Tax on Securities Accounts is viewed as a tax on capital within the meaning of these double tax treaties, subject to certain conditions, the application of double tax treaties may override the Tax on Securities Accounts.

A financial intermediary is defined as (i) a credit institution or a listed company as defined by Article 1, §2 and §3 of the Law of 25 April 2014 on the legal status and supervision of credit institutions and listed companies and (ii) the investment companies as defined by Article 3, §1 of the Law of 25 October 2016 on access to the activity of investment services and on the legal status and supervision of portfolio management and investment advice companies, which are pursuant to national law admitted to hold financial instruments for the account of customers.

The Tax on Securities Accounts is in principle due by the financial intermediary established or located in Belgium if (i) the holder's share in the average value of the qualifying financial instruments held on one or more securities accounts with said intermediary amounts to EUR 500,000 or more or (ii) the holder instructed the financial intermediary to levy the Tax on Securities Accounts due (eg in case such holder holds qualifying financial instruments on several securities accounts held with multiple intermediaries of which the average value of each of these accounts does not amount to EUR 500,000 or more but of which the holder's share in the total average value of these accounts exceeds EUR 500,000). If the Tax on Securities Accounts is not paid by the financial intermediary, such Tax on Securities Accounts has to be declared and is due by the holder itself, unless the holder provides evidence that the Tax on Securities Accounts has already been withheld, declared and paid by an intermediary which is not established or located in Belgium. In that respect, intermediaries located or established outside of Belgium could appoint a Tax on Securities Accounts representative in Belgium, subject to certain conditions and formalities ("**Tax on Securities Accounts Representative**"). Such Tax on Securities Accounts Representative will then be liable towards the Belgian Treasury for the Tax on Securities Accounts due and for complying with certain reporting obligations in that respect.

Belgian resident individuals have to report in their annual income tax return all their securities accounts held with one or more financial intermediaries of which they are considered the holder within the meaning of the Tax on Securities Accounts.

Prospective holders of Securities are strongly advised to seek their own professional advice in relation to the Tax on Securities Accounts.

## **DENMARK**

The following is a summary description of the taxation in Denmark of the Securities. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of the Securities, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules. The tax considerations for Danish resident investors of acquiring, holding or disposing the securities depend on the investor's tax status and the specific terms applicable to the relevant Securities. Potential investors are in all circumstances strongly recommended to contact their own tax advisers to clarify the individual consequences of the investment, holding and disposal of the Securities. No representations with respect to the tax consequences of any particular holder are made hereby.

## **Taxation at source**

Under existing Danish tax laws, no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Securities, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to in The Danish Corporation Tax Act (in Danish "Selskabsskatteloven") of 6 September 2016 (as amended). This will not have any impact on holders of Securities who are not in a relationship whereby they control, or are controlled by, the Issuer, or where the holders of Securities and the Issuer are not controlled by the same group of shareholders.

Moreover, Danish withholding tax on payments of interest or principal or other amounts due on the Securities will not apply where the payment does not have a Danish source.

## **Resident holders of Securities**

Private individuals, including persons who are engaged in financial trade, companies and similar enterprises resident in Denmark for tax purposes or receiving interest on the Securities through their permanent establishment in Denmark are liable to pay tax on such interest.

Capital gains are taxable to individuals and corporate entities in accordance with the Danish Capital and Exchange Gains Act (in Danish "Kursgevinstloven") of 25 October 2016 (as amended) (the "Act"). Gains and losses on Securities held by corporate entities are generally taxed in accordance with a mark-to-market principle (in Danish "lagerprincippet"), i.e. on an unrealised basis. Gains and losses on Securities held by individuals are generally taxed on a realised basis and if the annual gains or losses do not exceed DKK 2,000, the gains or losses will be exempt from taxation. The net gains held by individuals are generally taxed as capital income at a rate of up to 42 per cent in 2018.

A variety of features regarding interest and principal may apply to the Securities. The applicable taxation of capital gains to corporate entities or individuals will depend on the features applicable to the Securities in question.

Structured securities or notes can be designed in many ways and with many different underlying assets or in a way that the yield will depend on various index or currency flows. When structured securities or notes are issued the following tax rules generally apply to the Securities.

Gains and losses on structured securities or notes are generally treated as gains and losses on financial instruments in accordance with section 29(3) of the Act. However, there are exceptions – for example, securities or notes which are adjusted in relation to developments in the consumer prices index (as computed by Statistics Denmark (in Danish "Danmarks Statistik")), the net consumer-price index or a similar index within the European Union or any of its member states.

The gains and losses on structured securities or notes are calculated irrespective of the rules applying to the underlying asset.

Gains and losses on structured securities or notes issued to both corporate entities and individuals are predominantly treated as taxable income in accordance with a mark-to-market principle (in Danish "lagerprincippet"), i.e. on an unrealised basis.

Corporate entities are generally able to deduct losses on structured securities or notes, but individuals may only deduct losses on structured securities or notes against gains on other financial instruments. However, in both cases, certain restrictions or exceptions apply.

Pension funds and other entities governed by the Danish Act on Taxation of Pension Yield (in Danish "Pensionsafkastbeskatningsloven") of 10 October 2014 (as amended) would, irrespective of realisation, be taxed on annual value increase or decrease of the Securities according to a mark-to-market principle (in Danish "lagerprincippet") as specifically laid down in the act. The net returns are taxed at a flat rate of 15.3 per cent.

## Non-resident holders of Securities

Under existing Danish tax laws, payments of interest or principal amounts to any non-resident holders of Securities are not subject to taxation in Denmark, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to above. Thus, no Danish withholding tax will be payable with respect to such payments and any capital gain realised upon the sale, exchange or retirement of Securities, other than in certain cases on payments in respect of controlled debt in relation to the Issuer as referred to under "Taxation at source" above.

This tax treatment applies solely to holders of Securities who are not subject to full tax liability in Denmark, nor are included in a Danish joint taxation scheme and do not carry on business in Denmark through a permanent establishment.

## EU Savings Directive

Under the EU Savings Directive, Member States are required to provide to the tax authorities of other Member States details of payments of interest (and other similar income) paid by a person to an individual resident, or to certain other types of entities established in that other Member State except that, for a transitional period, Luxembourg and Austria may instead (unless during that period they elect otherwise) impose a withholding system in relation to such payments (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld). The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. The EU Savings Directive has been implemented in Denmark pursuant to Executive Order no. 1316 of 20 November 2015 (as amended) under sections 22 and 23 of the Danish Tax Reporting Act (in Danish "Skatteindberetningsloven").

## FRANCE

***The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the Securities and certain transfer tax implications in case of physical delivery of French listed shares in connection with the Securities. This summary is based on the laws and practice in force as of the date of this Prospectus and subject to any changes in law and interpretation and application thereof, which changes could be made with retroactive effect. Investors should be aware that the statements below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors should consult their professional advisers so as to determine, in the light of their individual situation, the tax consequences of the subscription, purchase, holding, redemption or disposal of the Securities.***

### Withholding tax

*This summary is prepared on the assumption that the Issuer is not or is not deemed to be (and will not be or deemed to be) a French resident for French tax purposes and the Securities (and any transaction in relation to the Securities) are not (and will not be) attributed or attributable to a French branch or permanent establishment or fixed place of business of the Issuer in France.*

*Please note that the treatment regarding withholding tax on payments in relation to the Securities will depend on the nature and characterisation of the relevant Securities.*

Securities constituting debt instruments for French tax purposes

Payments with respect to Securities which constitute debt instruments for French tax purposes will be made free of any compulsory withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French Code *général des impôts*, subject to certain exceptions, interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the

payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at a global rate of 17.2 per cent. on such interest and similar income received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

Securities not constituting debt instruments for French tax purposes

Payments with respect to Securities which do not constitute debt instruments for French tax purposes would not be subject to any mandatory withholding tax in France.

### **Transfer tax and other taxes**

*Please note that the following may be relevant in connection with Securities which may be settled or redeemed by way of physical delivery of certain listed shares (or certain assimilated securities) issued by a company whose registered office is situated in France or securities representing such shares (or assimilated securities).*

Pursuant to Article 235 *ter* ZD of the French *Code général des impôts*, a financial transaction tax (the "**French FTT**") is applicable to any acquisition for consideration, resulting in a transfer of ownership, of (i) an equity security (*titre de capital*) within the meaning of Article L 212-1 A of the French *Code monétaire et financier* or an assimilated equity security (*titre de capital assimilé*) within the meaning of Article L 211-41 of the French *Code monétaire et financier*, admitted to trading on a regulated stock exchange when such security is issued by a company whose registered office is situated in France with a market capitalisation of more than 1 billion Euros on 1 December of the year preceding the year in which the imposition occurs (the "**French Shares**") or (ii) a security (*titre*) representing French Shares (irrespective of the location of the registered office of the issuer of such security). The rate of the French FTT is 0.3 per cent. of the acquisition value of the French Shares (or securities representing French Shares). There are a number of exemptions from the French FTT and investors should consult their counsel to identify whether they can benefit from them.

If the French FTT applies to an acquisition of French Shares, this transaction is exempt from transfer taxes (*droits de mutation à titre onéreux*) which generally apply at a rate of 0.1 per cent. to the sale of shares issued by a company whose registered office is situated in France, provided that in case of shares listed on a recognised stock exchange, transfer taxes are due only if the transfer is evidenced by a written deed or agreement.

### **HONG KONG**

The following is a general description of certain Hong Kong tax considerations relating to the Securities and is based on law and relevant interpretations thereof in effect as at the date of this Prospectus, all of which are subject to change, and does not constitute legal or taxation advice. It does not purport to be a complete analysis of all tax considerations relating to the Securities. Prospective holders of Securities who are in any doubt as to their tax position or who may be subject to tax in any jurisdiction are advised to consult their own professional advisers.

#### **Withholding Tax**

No withholding tax is payable in Hong Kong in respect of payments of principal (including any premium payable on redemption of the Securities) or interest on the Securities or in respect of any capital gains arising from the sale of the Securities.

#### **Profits Tax**

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of assessable profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Under the Inland Revenue Ordinance (Cap. 112) of Hong Kong (the "**Inland Revenue Ordinance**"), as it is currently applied in the Inland Revenue Department, interest on the Securities may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (i) interest on the Securities is derived from Hong Kong and is received by or accrues to a company, other than a financial institution, carrying on a trade, profession or business in Hong Kong; or
- (ii) interest on the Securities is derived from Hong Kong and is received by or accrues to a person, other than a company, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business; or
- (iii) interest on the Securities is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance) and arises through or from the carrying on by the financial institution of its business in Hong Kong.

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal and redemption of Securities will be subject to profits tax.

Sums derived from the sale, disposal or redemption of Securities in bearer form will be subject to Hong Kong profits tax where received by or accrued to a person, other than a corporation, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source. Sums received by or accrued to a corporation (other than a financial institution) by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (as defined in section 16(3) of the Inland Revenue Ordinance) from the sale, disposal or redemption of Securities will be subject to profits tax.

Similarly, such sums in respect of Securities in registered form received by or accrued to either the aforementioned financial institution, person and/or corporation will be subject to Hong Kong profits tax if such sums have a Hong Kong source. The source of such sums will generally be determined by having regard to the manner in which the Securities are acquired and disposed.

### **Stamp Duty**

Stamp duty will not be payable on the issue of Securities in bearer form provided either:

- (i) such Securities are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (ii) such Securities constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable, it is payable by the Issuer on issue of Securities in bearer form at a rate of 3 per cent. of the market value of the Securities at the time of issue.

No stamp duty will be payable on any subsequent transfer of Securities in bearer form.

No stamp duty is payable on the issue of Securities in registered form. Stamp duty may be payable on any transfer of Securities in registered form if the relevant transfer is required to be registered in Hong Kong.

Stamp duty will, however, not be payable on any transfers of Securities in registered form provided that either:

- (ix) the Securities in registered form are denominated in a currency other than the currency of Hong Kong and are not repayable in any circumstances in the currency of Hong Kong; or
- (x) the Securities in registered form constitute loan capital (as defined in the Stamp Duty Ordinance (Cap. 117) of Hong Kong).

If stamp duty is payable in respect of the transfer of Securities in registered form it will be payable at the rate of 0.2 per cent. (of which 0.1 per cent. is payable by the seller and 0.1 per cent. is payable by the purchaser) normally by reference to the value of the consideration. If, in the case of either the sale or purchase of such Securities in registered form, stamp duty is not paid, both the seller and the purchaser may be liable jointly and severally to pay any unpaid stamp duty and also any penalties for late payment. If stamp duty is not paid on or

before the due date (two days after the sale or purchase if effected in Hong Kong or 30 days if effected elsewhere) a penalty of up to 10 times the duty payable may be imposed. In addition, stamp duty is payable at the fixed rate of HK\$5 on each instrument of transfer executed in relation to any transfer of the Securities in registered form if the relevant transfer is required to be registered in Hong Kong.

### **Estate Duty**

No estate duty will be payable in respect of Securities in bearer form and Securities in registered form in Hong Kong.

### **IRELAND**

***The following is a summary of the Irish withholding tax treatment of the Securities. It is based on the laws and practice of the Revenue Commissioners currently in force in Ireland as at the date of this Prospectus and may be subject to change. The summary does not purport to be a comprehensive description of all of the Irish tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities. The summary does not constitute tax or legal advice and the comments below are of a general nature only and it does not discuss all aspects of Irish taxation that may be relevant to any particular holder of Securities. Prospective investors in the Securities should consult their professional advisers on the tax implications of the purchase, holding, redemption or sale of the Securities and the receipt of payments thereon under any laws applicable to them.***

### **Irish Withholding Tax**

Irish withholding tax applies to certain payments including payments of:

- Irish source yearly interest (yearly interest is interest that is capable of arising for a period in excess of one year);
- Irish source annual payments (annual payments are payments that are capable of being made for a period in excess of one year and are pure income-profit in the hands of the recipient); and
- Distributions (including interest that is treated as a distribution under Irish law) made by companies that are resident in Ireland for the purposes of Irish tax,

at the standard rate of income tax (currently 20 per cent.).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax, nor does the Issuer operate in Ireland through a branch or agency with which the issue of the Securities is connected, nor are the Securities held in Ireland through a depository or otherwise located in Ireland, then to the extent that payments of interest or annual payments arise on unsecured Securities (i.e. the Notes), such payments should not be regarded as payments having an Irish source for the purposes of Irish taxation, while in relation to secured Securities the issue may be more complex if the secured Securities were secured for the most part by certain Irish specified assets, e.g. Irish land, exploration or mineral rights or unquoted securities deriving the greater part of their value therefrom. However on the basis that the secured Securities are Pfandbriefe it is not expected that those Securities would be secured for the most part by Irish specified assets.

Accordingly, the Issuer or any paying agent acting on behalf of the Issuer should not be obliged to deduct any amount on account of these Irish withholding taxes from payments made in connection with the Securities.

Separately, for as long as the Securities are quoted on a stock exchange, a purchaser of the Securities should not be obliged to deduct any amount on account of Irish tax from a payment made by it in connection with the purchase of the Securities.

### **Irish Encashment Tax**

Payments on any Securities paid by a paying agent in Ireland or collected or realised by an agent in Ireland acting on behalf of the beneficial owner of Securities will be subject to Irish encashment tax at the standard rate

of Irish tax (currently 20 per cent.), unless it is proved, on a claim made in the required manner to the Revenue Commissioners of Ireland, that the beneficial owner of the Securities entitled to the interest or distribution is not resident in Ireland for the purposes of Irish tax and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

## **ISRAEL**

***The following is a brief summary of the material Israeli tax considerations concerning the ownership and the disposition of the Securities by Securityholders. This summary does not discuss all of the aspects of Israeli tax law that may be relevant to a particular Securityholder in light of his or her personal investment circumstances or to some types of Securityholders who are subject to special treatment under Israeli law. Examples of such Securityholders include residents of Israel or traders in securities who are subject to special tax regimes not covered in this discussion. Because parts of this discussion are based on new tax legislation that has not been subject to judicial or administrative interpretation, it cannot be assured that the relevant tax authorities or the courts will adopt the views expressed herein. The discussion below is subject to change, including due to amendments under Israeli law or changes to the applicable judicial or administrative interpretations of Israeli law, which change could affect the tax consequences described below. This summary assumes that the Securities are not issued by an Israeli entity.***

***The following is not intended, and should not be construed, as legal or professional tax advice and is not exhaustive of all possible tax considerations. Each Securityholder should consult his or her own tax adviser.***

### **Capital Gain on the Sale of the Securities**

#### **Overview**

Israeli Capital gains tax is imposed, inter alia, on a world-wide disposal of capital assets by an Israeli tax resident, and on the disposal of capital assets by a non-resident of Israel if those assets (i) are located in Israel, (ii) are shares or a right to shares in an Israeli tax resident corporation, or (iii) represent, directly or indirectly, rights to assets located in Israel, unless a specific exemption is available under Israeli tax law or unless a treaty between Israel and the country of the non-resident provides otherwise.

When determining a taxable capital gain, the Israeli Income Tax Ordinance ("**ITO**") distinguishes between the "real capital gain" and the "inflationary surplus". The inflationary surplus is the portion of the total capital gain equivalent to the increase in the Israeli consumer price index ("**CPI**") or, in certain circumstances provided in the ITO, foreign currency exchange rates, in each case occurring between the date of purchase and the date of sale. The real capital gain is the excess of the total capital gain over the inflationary surplus. The inflationary surplus is currently not subject to tax in Israel.

### **Capital Gain in the Sale of the Securities by Israeli Tax Residents**

#### **Israeli Tax Resident Individuals**

Generally, the tax rate applicable to real capital gain generated by Israeli tax resident individuals from the sale of securities of a company, purchased on or after 1 January 2003, whether or not listed on a stock exchange, is 25%, unless such holder claims a deduction of expenses for interest and linkage differential in connection with the purchase and holding of such securities, in which case the tax rate applicable to real capital gain will be 30%.

Additionally, if a holder is considered to be a "*Substantial Shareholder*" (i.e., a person who holds, directly or indirectly, alone or together with others, 10% or more of any "Means of Control" of a company (which include, among other things, the right to receive profits of the company, voting rights, the rights to receive proceeds upon liquidation or the right to appoint a director)) at the time of sale or at any time during the preceding 12-month period, such gain will be taxed at the rate of 30%. However, real capital gain derived from the sale of debentures, commercial securities, state loans or securities which are not linked to an index, or which are partially linked to an index, are subject to tax at a rate of 15% (or 20% if paid to a Substantial Shareholder).

Individual holders dealing in securities in Israel for whom the income from the sale of securities is considered "business income", as defined in the ITO, are taxed at the marginal tax rates applicable to business income (up to 47% for 2019 and thereafter).

### **Israeli Tax Resident Corporations**

The tax rate applicable to real capital gain generated by Israeli tax resident corporations from the sale of securities, whether or not listed on a stock exchange, is the general corporate tax rate (23% for 2019 and thereafter).

Notwithstanding, a trust fund, pension fund or other entity that is exempt from tax under Section 9(2) of the ITO are generally exempt from tax on real capital gain, subject to the provisions of the ITO and presentment of a certificate of exemption issued by the Israeli Tax Authority. Non-exempt trust funds are generally subject to tax on real capital gain at the rates applicable to individuals.

Upon the sale of securities traded on a stock exchange, individuals and corporations must file a detailed tax return, including a computation of the tax due, and in addition to an estimated tax payment by 31 January and 31 July of every tax year, with respect to the sales of securities made within the preceding six month-period ended 31 December or 30 June. However, if all the tax that is due was withheld at source according to applicable provisions of the ITO and the regulations promulgated thereunder, there is no need to file a tax return and payment of advances is not required. Capital gains are also reportable on the annual income tax return.

For both individuals and corporations the sale of securities may be exempt from Israeli capital gains tax under the provisions of any applicable tax treaty.

### **Payment of Interest, Original Issue Discount and Linkage Differentials**

#### **General**

Securityholders will be subject to tax in Israel on income from interest (which for the purposes of this summary includes original issue discounts and linkage differentials) if (i) the Securityholder is an Israeli tax resident or (ii) the income is derived from Israeli sources (the payer is located in Israel). Subject to a Securityholder satisfying certain eligibility criteria, interest income may be recognized on a cash basis (i.e., upon receipt) or on an accrual basis. However, income derived from securities denominated in non-Israeli currency and which is attributable to foreign exchange rate fluctuations must be recognized on accrual basis.

#### **Israeli Tax Residents Individuals**

Interest income payable to an Israeli tax resident individual is generally subject to tax at a rate of up to 25% (calculated on the interest received after deduction of any non-Israeli withholding taxes). However, if interest is paid on an instrument that is not linked to the CPI, or is partially linked to the CPI, or is not linked to the CPI until redemption, the applicable tax rate is 15%.

#### **Israeli Tax Resident Corporations**

In general, Israeli tax resident corporations are taxable on worldwide interest, original issue discounts and linkage differentials, at a rate equal to the prevailing corporate tax rate (23% for 2019 and thereafter, calculated on the interest received after deduction of any non-Israeli withholding taxes).

#### **Withholding Tax on Interest Income**

Payments of interest on Securities will be, in principle, subject to withholding tax in Israel.

Under the ITO and the regulations promulgated thereunder, payment of interest is subject to withholding at the following tax rates: when interest is paid to an individual, 25%, or 15% if the security is not linked to the CPI.

Notwithstanding the above, an Israeli tax resident individual shall be subject to withholding tax on interest income at the marginal income tax rate (up to 47% for 2019 and thereafter) in the following cases: (i) the

interest is considered business income or is registered in the individual's books of accounts; (ii) the individual has deducted interest expenses and/or linkage fluctuation expenses with respect to interest; (iii) the individual is a Substantial Shareholder of the issuer; or (iv) the individual is an employee of the issuer or provides services to it, sells products to it, or has a special relationship with it, unless the individual has proved to the assessing officer's satisfaction that the interest or the original issue discount rate were set in good faith, without being affected by the relationship with the issuer. In other cases deductions and exemptions may apply.

When interest is paid to a corporation a withholding tax equal to the prevailing corporate tax rate (23% for 2019 and thereafter) shall apply. Notwithstanding, an exempt trust fund, pension fund or other entity that is exempt from tax under Section 9(2) of the ITO, would generally be exempt from tax on interest and original issue discount, subject to the provisions of the ITO and presentment of a certificate of exemption. Non-exempt trust funds will be subject to tax on interest and original issue discount at the rates applicable to individuals.

The tax rate on interest income (received by individuals or corporations) may be reduced under the provisions of an applicable tax treaty.

### **Excess Tax ('mas yessef')**

Individuals who are subject to taxation in Israel are also subject to an additional tax at a rate of 3% on any annual income exceeding NIS 649,560 for 2019 (the amount is linked to the annual change in the Israeli consumer price index), including, but not limited to, income from dividends, interest and capital gain.

### **Estate and Gift Tax**

Israeli law presently does not impose estate or gift taxes.

## **ITALY**

***The statements herein regarding taxation are based on the laws in force in Italy as at the date of this Prospectus and are subject to any changes in law occurring after such date, which could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.***

***Prospective purchasers of Securities should consult their tax advisers as to the overall tax consequences of acquiring, holding and disposing of the Securities.***

As clarified by the Italian tax authorities in resolution No. 72/E of 12 July 2010, the Italian tax consequences of the purchase, ownership and disposal of the Securities may be different depending on whether:

- (a) they represent a securitized debt claim, implying a static "use of capital" (*impiego di capitale*), through which the subscriber of the Securities transfers to the Issuer a certain amount of capital for the purpose of obtaining a remuneration on the same capital and subject to the right to obtain its (partial or entire) reimbursement at maturity; or
- (b) they represent a securitized derivative financial instrument or bundle of derivative financial instruments not entailing a "use of capital", through which the subscriber of the Securities invests indirectly in underlying financial instruments for the purpose of obtaining a profit deriving from the negotiation of such underlying financial instruments.

### **Tax treatment of Securities issued by an Italian resident Issuer**

Legislative Decree No. 239 of 1 April 1996 ("**Decree 239**"), as subsequently amended, provides for the applicable regime with respect to the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) from securities issued, *inter alia*, by Italian banks (which definition should also include Italian branches of foreign banks when the issuance is made

through the branch, is attributable to the latter and the relevant liability is accounted by the branch, according to the prevailing interpretation of Italian tax law), falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*). For this purpose, debentures similar to bonds are debt instruments implying a "use of capital" issued in mass that incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value and that do not allow a direct or indirect participation in the management of the issuer.

### Italian resident Securityholders

Where an Italian resident holder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected (unless the individual has opted for the application of the "*risparmio gestito*" regimes – see the section entitled "*Capital Gains Tax*" below), (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Securities are subject to a tax withheld at source, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. If the Securityholders described under (i) or (iii) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Law No. 232 of 11 December 2016, as subsequently amended (the "**Finance Act 2017**") and in Article 1(210-215) of Law No. 145 of 30 December 2018 (the "**Finance Act 2019**"), as implemented by the Ministerial Decree 30 April 2019.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's annual income tax return and are therefore subject to general Italian corporate taxation ("**IRES**") (and in certain circumstances, depending on the "*status*" of the holder, also to the regional tax on productive activities ("**IRAP**")).

Under the current regime provided by Law Decree No. 351 of 25 September 2001 converted into law with amendments by Law No. 410 of 23 November 2001 ("**Decree 351**"), Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums or other proceeds in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, or pursuant to Article 14-bis of Law No. 86 of 25 January 1994 and Italian real estate SICAFs ("**Real Estate SICAFs**") are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund and a Real Estate SICAFs.

If the investor is resident in Italy and is an open-ended or closed-ended investment fund, a SICAF (an investment company with fixed share capital) or a SICAV (an investment company with variable capital) established in Italy (the "**Fund**") and either (i) the Fund or (ii) its manager is subject to the supervision of a regulatory authority, and the relevant Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on such Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but a substitute tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Tax**").

Where an Italian resident holder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum period requirement) and limitations, interest, premium and other income relating to the

Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, Italian investment companies (*società di intermediazione mobiliare*) ("**SIMs**"), fiduciary companies, Italian asset management companies (*società di gestione del risparmio*) ("**SGRs**"), stockbrokers and other entities identified by a Decree of the Ministry of Economy and Finance (each an "**Intermediary**").

An Intermediary must (i) be (a) resident in Italy or (b) be a permanent establishment in Italy of a non-Italian resident financial intermediary or (c) an entity or a company not resident in Italy, acting through a system of centralised administration of securities and directly connected with the Department of Revenue of the Italian Ministry of Finance having appointed an Italian representative for the purposes of Decree 239; and (ii) intervene, in any way, in the collection of interest or in the transfer of the Securities. For the purpose of the application of the *imposta sostitutiva*, a transfer of Securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Securities or in a change of the Intermediary with which the Securities are deposited.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a holder.

### **Non-Italian resident Securityholders**

Where the Securities are issued by an Italian resident Issuer and the Securityholder is a non-Italian resident without a permanent establishment in Italy to which the Securities are connected, an exemption from the *imposta sostitutiva* applies provided that the non-Italian resident beneficial owner is either (i) resident, for tax purposes, in a country which allows a satisfactory exchange of information with Italy as listed in the Italian Ministerial Decree of 4 September 1996, as amended by Ministerial Decree of 23 March 2017 and possibly further amended by future decrees issued pursuant to Article 11(4)(c) of Decree 239 (as amended by Legislative Decree No.147 of 14 September 2015) (the "**White List**"); or (ii) an international body or entity set up in accordance with international agreements which have entered into force in Italy; or (iii) a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) an institutional investor which is incorporated in a country included in the White List, even if it does not possess the status of a taxpayer in its own country of residence.

The *imposta sostitutiva* will be applicable at the rate of 26 per cent. (or in any case at the reduced rate provided for by the applicable double tax treaty, if any) to interest, premium and other income paid to holders which are resident, for tax purposes, in countries not included in the White List.

In order to ensure gross payment, non-Italian resident holders must be the beneficial owners of the payments of interest, premium or other income and (i) deposit, directly or indirectly, the Securities with a resident bank or SIM or a permanent establishment in Italy of a non-Italian resident bank or SIM or with a non-Italian resident entity or company participating in a centralised securities management system which is in contact, via computer, with the Ministry of Economy and Finance; and (ii) file with the relevant depository, prior to or concurrently with the deposit of the Securities, a statement of the relevant holder, which remains valid until withdrawn or revoked, in which the holder declares to be eligible to benefit from the applicable exemption from *imposta sostitutiva*. Such statement, which is not requested for international bodies or entities set up in accordance with international agreements which have entered into force in Italy or in the case of foreign Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State, must comply with the requirements set forth by Ministerial Decree of 12 December 2001, as subsequently amended.

### **Tax treatment of Securities issued by a non-Italian resident issuer**

Decree 239 provides for the applicable regime with respect to the tax treatment of interest, premium and other income, including the difference between repayment amount and the issue price, from securities falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian issuers. For this purpose, bonds and debentures similar to bonds are securities that

incorporate an unconditional obligation to pay, at redemption, an amount not lower than their nominal value and which do not grant the holder any direct or indirect right of participation to (or of control of) to management of the Issuer.

### **Italian resident Securityholders**

Where the Italian resident Securityholder is (a) an individual not engaged in an entrepreneurial activity to which the relevant Securities are connected (unless he has opted for the application of the "*risparmio gestito*" regime - see under "*Capital gains tax*", below); (b) a non-commercial partnership; (c) a non-commercial private or public institution; or (d) an investor exempt from Italian corporate income taxation, interest, premium and other income relating to the Securities, accrued during the relevant holding period, are subject to a substitute tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. In the event that Securityholders described under (a) and (c) above are engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* applies as a provisional tax.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the *imposta sostitutiva*, on interest, premium and other income relating to the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019.

Where an Italian resident Securityholder is a company or similar commercial entity or a permanent establishment in Italy of a foreign company to which the Securities are effectively connected and the Securities are deposited with an authorised intermediary, interest, premium and other income from the Securities will not be subject to *imposta sostitutiva*, but must be included in the relevant Securityholder's income tax return and are therefore subject to IRES (and, in certain circumstances, depending on the "status" of the Securityholder, also to IRAP).

Under the current regime provided by Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest, premiums or other proceeds in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 and Real Estate SICAF are subject neither to *imposta sostitutiva* nor to any other income tax in the hands of a real estate investment fund or a Real Estate SICAF.

If the investor is a Fund, and the relevant Securities are held by an authorised intermediary, interest, premium and other income accrued during the holding period on the Securities will not be subject to *imposta sostitutiva*, but must be included in the management results of the Fund. The Fund will not be subject to taxation on such results but the Collective Investment Fund Tax will apply, in certain circumstances, to distributions made in favour of unitholders and shareholders.

Where an Italian resident Securityholder is a pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Securities are deposited with an authorised intermediary, interest, premium and other income relating to the Securities and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019.

Pursuant to Decree 239, *imposta sostitutiva* is applied by an Intermediary.

Where the Securities are not deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying interest to a Securityholder.

### **Non-Italian resident Securityholders**

For Securities issued by a non-Italian resident issuer, no Italian *imposta sostitutiva* is applied on payments to a non-Italian resident Securityholder of interest or premium relating to the Securities provided that, if the Securities are held in Italy, the non-Italian resident Securityholder declares itself to be a non-Italian resident according to Italian tax regulations.

### **Atypical securities**

Interest payments relating to Securities that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject to a withholding tax, levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Securities that are classified as atypical securities, if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1(100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019.

In the case of Securities issued by an Italian resident issuer, where the Securityholder is (a) an Italian individual engaged in an entrepreneurial activity to which the Securities are connected; (b) an Italian company or a similar Italian commercial entity; (c) a permanent establishment in Italy of a foreign entity; (d) an Italian commercial partnership; or (e) an Italian commercial private or public institution, such withholding tax is a provisional withholding tax. In all other cases, including when the Securityholder is a non-Italian resident, the withholding tax is a final withholding tax. For non-Italian resident Securityholders, the withholding tax rate may be reduced by any applicable tax treaty.

If the Securities are issued by a non-Italian resident issuer, the withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Securityholder and to an Italian resident Securityholder which is (a) a company or similar commercial entity (including the Italian permanent establishment of foreign entities); (b) a commercial partnership; or (c) a commercial private or public institution.

### **Capital gains tax**

Any gain obtained from the sale or redemption of the Securities would be treated as part of the taxable income (and, in certain circumstances, depending on the "status" of the Securityholder, also as part of the net value of the production for IRAP purposes) if realised by an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Securities are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Securities are connected.

Where an Italian resident Securityholder is an (i) an individual holding the Securities not in connection with an entrepreneurial activity, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, any capital gain realised by such Securityholder from the sale or redemption of the Securities would be subject to an *imposta sostitutiva*, levied at the current rate of 26 per cent. Under some conditions and limitations, Securityholders may set off losses with gains.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not engaged in an entrepreneurial activity or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from Italian capital gain taxes, including the *imposta sostitutiva* on capital gains realised upon sale or redemption of the Securities if the Securities are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*)

that meets the requirements set forth in Article 1(100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019.

In respect of the application of *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below.

Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident Securityholders under (i) to (iii) above, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident Securityholder holding Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident Securityholders must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay *imposta sostitutiva* on such gains together with any balance of income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. As an alternative to the tax declaration regime, Italian resident Securityholders under (i) to (iii) above may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the relevant Securities (the *risparmio amministrato regime*). Such separate taxation of capital gains is allowed subject to (a) Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries (including permanent establishments in Italy of foreign intermediaries); and (b) an express election for the *risparmio amministrato* regime being punctually made in writing by the relevant Securityholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Securityholder or using funds provided by the Securityholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the Securityholder is not required to declare the capital gains in its annual tax return. Any capital gains realised by Italian resident Securityholders under (i) to (iii) above who have entrusted the management of their financial assets, including Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. substitute tax, to be paid by the managing authorised intermediary. Under the *risparmio gestito* regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the *risparmio gestito* regime, the Securityholder is not required to declare the capital gains realised in its annual tax return. Any capital gains realised by a Securityholder who is an Italian real estate fund to which the provisions of Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, apply and by a Real Estate SICAF will be subject neither to *imposta sostitutiva* nor to any other income tax at the level of the real estate investment fund or the Real Estate SICAF.

Any capital gains realised by a Securityholder which is a fund will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio. Such result will not be taxed with the Fund, but subsequent distributions in favour of unitholders of shareholders may be subject to the Collective Investment Fund Tax.

Any capital gains realised by a Securityholder who is an Italian pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, capital gains realised from the sale or redemption of the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the Securities are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017 and in Article 1(210-215) of Finance Act 2019, as implemented by the Ministerial Decree 30 April 2019, as implemented by the Ministerial Decree 30 April 2019.

Capital gains realised by non-Italian resident Securityholders, not having a permanent establishment in Italy to which the Securities are connected, from the sale or redemption of Securities issued by an Italian resident

issuer and traded on regulated markets are neither subject to the *imposta sostitutiva* nor to any other Italian income tax.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by an Italian resident issuer not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the effective beneficiary: (a) is resident in a country included in the White List; or (b) is an international entity or body set up in accordance with international agreements which have entered into force in Italy; or (c) is a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (d) is an institutional investor which is resident in a country included in the White List, even if it does not possess the status of taxpayer in its own country of residence.

If none of the conditions above is met, capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by an Italian resident issuer not traded on regulated markets are subject to the *imposta sostitutiva* at the rate of 26 per cent.

In any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Securities issued by an Italian resident issuer are connected that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Securities are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Securities issued by an Italian resident issuer.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities issued by a non-Italian resident issuer are not subject to Italian taxation, provided that the Securities are held outside Italy or traded on a regulated market.

#### **Tax treatment of derivative financial instruments issued by an Italian resident issuer or a non-Italian resident issuer**

Based on the principles stated by the Italian tax authorities in resolution No. 72/E of 12 July 2010, payments in respect of Securities qualifying as securitized derivative financial instruments not entailing a "use of capital" as well as capital gains realised through the sale of the same Securities would be subject to Italian taxation according to the same rules described above applicable on capital gains realised through the sale or transfer of the Securities.

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes (not engaged in entrepreneurial activities to which the Securities are connected) as well as capital gains realised by such Italian investors on any sale or transfer for consideration of the Securities qualifying as securitised derivative financial instruments or redemption thereof are subject to a 26 per cent. capital gain tax, which applies under the tax declaration regime, the *risparmio amministrato* tax regime or the *risparmio gestito* tax regime according to the same rules described above under the section "Capital Gains Tax" above.

Payments in respect of Securities qualifying as securitised derivative financial instruments received by investors resident in Italy for tax purposes which carry out commercial activities are not subject to the 26 per cent. capital gain tax, but the proceeds are included in their taxable income and subject to taxation in accordance with the ordinary rules.

Any capital gains realised by a Securityholder who is a Fund will be included in the result of the relevant portfolio accrued at the end of the tax period. The Fund will not be subject to taxation on such result, but distributions made in favour of unitholders or shareholders may be subject to the Collective Investment Fund Substitute Tax.

Any capital gains realised by a Securityholder who is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree No. 252 of 5 December 2005) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. substitute tax. Subject to certain conditions (including minimum holding period requirement) and limitations, interest, premium and other income relating to the Securities may be excluded from the taxable base of the 20 per cent. substitute tax if the

Securities are included in a long-term savings account (piano individuale di risparmio a lungo termine) that meets the requirements set forth in Article 1 (100-114) of Finance Act 2017.

Under the current regime provided by Decree 351, Law Decree No. 78 of 31 May 2010, converted into Law No. 122 of 30 July 2010 and Legislative Decree No. 44 of 4 March 2014, all as amended, payments of interest in respect of the Securities made to Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998, as amended and supplemented, and Article 14-bis of Law No. 86 of 25 January 1994 and Real Estate SICAFs are, if some conditions are met, subject neither to substitute tax nor to any other income tax in the hands of a real estate investment fund or a Real Estate SICAF.

Capital gains realised by non-Italian-resident Securityholders, not having a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instrument is connected, from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian resident issuer are not subject to the *imposta sostitutiva*, provided that the Securities (i) are transferred on regulated markets, or (ii) are held outside of Italy.

Capital gains realised by non-Italian resident Securityholders, not having a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instrument is connected, from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian issuer and not traded on regulated markets are not subject to the *imposta sostitutiva*, provided that the actual beneficiary: (i) is resident for income tax purposes in a country included in the White List; or (ii) is an international entity or body set up in accordance with international agreements which have entered into force in Italy; or (iii) is a Central Bank or an entity which manages, *inter alia*, the official reserves of a foreign State; or (iv) is an institutional investor which is resident in a country included in the White List, even if it does not possess the status of a taxpayer in its own country of residence.

If none of the conditions above are met, capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by an Italian resident issuer not traded on regulated markets are subject to the *imposta sostitutiva* at the current rate of 26 per cent.

In any event, if the Securities qualifying as securitised derivative financial instruments are issued by an Italian resident issuer, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Securities qualifying as securitised derivative financial instruments are connected, that may benefit from a double taxation treaty with Italy providing that capital gains realised upon the sale or redemption of Securities are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon the sale or redemption of Securities.

Capital gains realised by non-Italian resident Securityholders from the sale or redemption of Securities qualifying as securitised derivative financial instruments issued by a non-Italian resident issuer are not subject to Italian taxation, provided that the Securities are held outside Italy or traded on a regulated market.

## **Common provisions for Securities issued by an Italian resident issuers or a non-Italian resident issuer**

### **Inheritance and gift taxes**

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding, for each beneficiary, EUR 100,000; and

- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax is levied at the rate mentioned above in (a), (b) and (c) on the value exceeding, for each beneficiary, EUR 1,500,000.

### **Transfer tax**

Following the repeal of the Italian transfer tax, contracts relating to the transfer of Securities are subject to the following registration tax: (i) public deeds and notarised deeds are subject to fixed registration tax at a rate of EUR 200.00; (ii) private deeds are subject to registration tax only in case of use or voluntary registration.

### **Stamp duty**

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to a Securityholder in respect of any Securities which may be deposited with such financial intermediary. The stamp duty applies at a rate of 0.2 per cent. and it cannot exceed EUR 14,000, for taxpayers different from individuals. This stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Securities held.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

### **Wealth Tax on Securities deposited abroad**

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Securities outside the Italian territory are required to pay an additional tax at a rate of 0.2 per cent.

This tax is calculated on the market value of the Securities at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

### **Italian Financial Transaction Tax (IFTT)**

Italian shares and other participating instruments, as well as depository receipts representing those shares and participating instruments irrespective of the relevant issuer, (cumulatively referred to as "**In-Scope Shares**"), received by a holder upon physical settlement of the Securities may be subject to a 0.2 per cent. IFTT calculated on the value of the Securities as determined according to Article 4 of Ministerial Decree of 21 February 2013, as amended (the "**IFTT Decree**").

Holders on derivative transactions or derivative financial instruments and certain equity-linked securities mainly having as underlying or mainly linked to In-Scope Shares are subject to IFTT at a rate ranging between EUR 0.01875 and EUR 200 per counterparty, depending on the notional value of the relevant derivative transaction or derivative financial instruments calculated pursuant to Article 9 of the IFTT Decree. IFTT applies upon subscription, negotiation or modification of the derivative transactions or derivative financial instruments. The tax rate may be reduced to a fifth if the transaction is executed on certain qualifying regulated markets or multilateral trading facilities.

## **NETHERLANDS**

### **General**

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description

of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a Securityholder may include an individual or entity who does not have the legal title of these Securities, but to whom nevertheless the Securities or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Securities or the income thereof. This summary is intended as general information only for Securityholders who are residents or deemed residents of the Netherlands for Netherlands tax purposes. Each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- investment institutions (*fiscale beleggingsinstellingen*);
- pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or exempt from Netherlands corporate income tax;
- Securityholders holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and Securityholders of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (*statutory defined term*), directly or indirectly, holds or is deemed to hold (i) an interest of 5 per cent. or more of the total issued capital of the Issuer or of 5 per cent. or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- persons to whom the Securities and the income from the Securities are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*) and the Netherlands Gift and Inheritance Tax Act 1956 (*Successiewet 1956*);
- entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba; and
- individuals to whom Securities or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands.

For the purpose of the Netherlands tax consequences described herein, it is assumed that the Issuer is neither a resident of the Netherlands nor deemed to be a resident of the Netherlands for Netherlands tax purposes.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

### **Netherlands Withholding Tax**

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

### **Netherlands Corporate and Individual Income Tax**

If a Securityholder is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Securities are attributable,

income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (at up to a maximum rate of 25 per cent.).

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates (at up to a maximum rate of 51.75 per cent.) under the Netherlands Income Tax Act 2001, if:

- the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Securities are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes, must determine taxable income with regard to the Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a percentage of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The deemed return percentage to be applied to the yield basis increases progressively depending on the amount of the yield basis. The deemed return on income from savings and investments is taxed at a rate of 30%.

#### **Netherlands Gift and Inheritance Tax**

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Security by way of gift by, or on the death of, a Securityholder, unless:

- the Securityholder is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions of the Netherlands gift and inheritance tax; or
- the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions of the Netherlands gift and inheritance tax.

#### **Netherlands Value Added Tax**

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of a cash payment made under the Securities, or in respect of a transfer of Securities.

#### **Other Netherlands Taxes and Duties**

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a Securityholder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

#### **PORTUGAL**

***The following is a summary of the current Portuguese tax treatment at the date hereof in relation to certain aspects of the Portuguese taxation of payments in respect of the Notes. The statements do not deal with other Portuguese tax aspects regarding such Notes and relate only to the position of persons who are absolute beneficial owners of such Notes. The following is a general guide, does not constitute tax or legal advice and should be treated with appropriate caution. #### General tax regime applicable to debt securities

Economic benefits derived from interest, amortisation, reimbursement premiums and other instances of remuneration arising in respect of debt securities are designated as investment income for Portuguese tax purposes. Interest and other types of investment income obtained from debt securities held by a Portuguese resident individual are subject to individual income tax. If payment of interest or other investment income is made available to Portuguese resident individuals, withholding tax applies, as a rule, at a rate of 28 per cent., which is the final tax payable on that income unless the individual elects to include such income in his taxable income (income being subject to tax at progressive rates of up to 48 per cent). An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Accrued interest qualifies as interest for tax purposes.

Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified, in which case, the withholding tax rates applicable to such beneficial owner(s) will apply.

Interest and other investment income derived from debt securities obtained on such debt securities by legal persons resident for tax purposes in Portugal and by non-resident legal persons with a permanent establishment in Portugal to which the income is attributable, are included in the taxable income of such legal persons and are subject to a Portuguese Corporate Income Tax at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007 of 6 November 2007, 17 per cent. for taxable profits up to EUR 15,000 and 21 per cent. on profits in excess thereof to which a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. of such taxable income may be added. Corporate taxpayers with a taxable income of more than EUR 1,500,000 are also subject to State surcharge (*derrama estadual*) of (i) 3 per cent. on the part of its taxable profits exceeding EUR 1,500,000 up to EUR 7,500,000, (ii) 5 per cent. on the part of the taxable profits that exceeds EUR 7,500,000 up to EUR 35,000,000, and (iii) 9 per cent. on the part of the taxable profits that exceeds EUR 35,000,000.

As a general rule, withholding tax at a rate of 25 per cent. applies on interest and other investment income, any amounts so withheld being deemed to be a payment on account of the final tax due. Financial institutions, pension funds, retirement and/or education savings funds, share savings funds, venture capital funds and collective investment undertakings incorporated under the laws in Portugal and some exempt entities are not subject to Portuguese withholding tax.

Without prejudice to the special debt securities tax regime as described below, the general tax regime on debt securities applicable to non-resident entities is as follows:

As a rule, interest and other types of investment income obtained by non-resident beneficial owners (legal persons) without a Portuguese permanent establishment to which the income is attributable are subject to withholding tax at a rate of 25 per cent., which is the final tax payable on that income.

Also, as a rule, interest payments on the debt securities are subject to a final withholding tax at the current rate of 28 per cent. whenever made to non-resident individual persons.

A withholding tax rate of 35 per cent. applies in case of investment income payments to individuals who are resident in the countries and territories included in the Portuguese "blacklist" (countries and territories listed in Ministerial Order (*Portaria*) no. 150/2004, of 13 February 2004, as amended from time to time. Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified, in which case, the withholding tax rates applicable to such beneficial owner(s) will apply. Under the tax treaties entered into by Portugal, which are in full force and effect on the date of this Prospectus, the withholding tax rate may be reduced to 15, 12, 10 or 5 per cent.,

depending on the applicable treaty and provided that the relevant formalities (including certification of residence by the tax authorities of the jurisdiction of residence of the beneficial owners of the interest and other investment income) are met. The reduction may apply at source or by way of a refund of the excess tax. The forms currently applicable for these purposes are (at the date of this Prospectus) available to download at [www.portaldasfinancas.gov.pt](http://www.portaldasfinancas.gov.pt).

### **Special tax regime applicable to debt securities**

Pursuant to Decree-Law 193/2005, of 7 November 2005 ("**Decree-Law 193/2005**"), as amended from time to time, investment income paid on, as well as capital gains derived from a sale or other disposition of the Notes, to non-Portuguese resident Securityholders will be exempt from Portuguese income tax provided the debt securities are integrated in (i) a centralised system for securities managed by an entity resident for tax purposes in Portugal, or (ii) an international clearing system operated by a managing entity established in a member state of the EU other than Portugal (e.g. Euroclear or Clearstream, Luxembourg) or in a European Economic Area Member State provided, in this case, that such State is bound to cooperate with Portugal under an administrative cooperation arrangement in tax matters similar to the exchange of information schemes in relation to tax matters existing within the EU Member States or (iii) integrated in other centralised systems not covered above provided that, in this last case, the Portuguese Government authorises the application of the Decree-Law 193/2005, and the beneficiaries are:

- (i) central banks or governmental agencies; or
- (ii) international bodies recognised by the Portuguese State; or
- (iii) entities resident in countries or jurisdictions with whom Portugal has a double tax treaty in force or a tax information exchange agreement; or
- (iv) other entities without headquarters, effective management or a permanent establishment in the Portuguese territory to which the relevant income is attributable and which are not domiciled in a blacklisted jurisdiction as set out in the Portaria no. 150/2004, as amended.

For purposes of application at source of this tax exemption regime, Decree-Law 193/2005 requires completion of certain procedures and the provision of certain information. Under these procedures (which are aimed at verifying the non-resident status of the Securityholder), the Securityholder is required to hold the Notes through an account with one of the following entities:

- (i) a direct registered entity, which is the entity with which the debt securities accounts that are integrated in the centralised system are opened;
- (ii) an indirect registered entity, which, although not assuming the role of the "direct registered entities", is a client of the latter; or
- (iii) an international clearing system, which is an entity that proceeds, in the international market, to clear, settle or transfer securities which are integrated in centralised systems or in their own registration systems.

### **Internationally Cleared Notes - held through an entity managing an international clearing system**

Pursuant to the requirements set forth in the tax regime, if the Notes are registered in an account held by an international clearing system operated by a managing entity, the latter shall transmit, on each interest payment date and each relevant redemption date, to the direct register entity or to its representative, and with respect to all accounts under its management, the identification and quantity of securities, as well as the amount of income, and, when applicable, the amount of tax withheld, segregated by the following categories of beneficiaries:

- (i) Entities with residence, headquarters, effective management or permanent establishment to which the income would be imputable and which are non-exempt and subject to withholding;

- (ii) Entities which have residence in country, territory or region with a more favourable tax regime, included in the Portuguese "blacklist" (countries and territories listed in Portaria no. 150/2004, of 13 February 2004, as amended from time to time, the Portaria no. 150/2004) and which are non-exempt and subject to withholding;
- (iii) Entities with residence, headquarters, effective management or permanent establishment to which the income would be imputable, and which are exempt or not subject to withholding;
- (iv) Other entities which do not have residence, headquarters, effective management or permanent establishment to which the income generated by the securities would be imputable.

On each interest payment date and each relevant redemption date, the following information with respect to the beneficiaries that fall within the categories mentioned in paragraphs (i), (ii) and (iii) above should also be transmitted:

- (a) Name and address;
- (b) Tax identification number (if applicable);
- (c) Identification and quantity of the securities held; and
- (d) Amount of income generated by the securities.

If the conditions for the exemption to apply are met, but, due to inaccurate or insufficient information, tax was withheld, a special refund procedure is available under the special regime approved by Decree-law 193/2005, as amended from time to time. The refund claim is to be submitted to the direct register entity of the Notes within 6 months from the date the withholding took place. A special tax form for these purposes, and for issuances as from 1 of January 2014 onwards, was approved by Order ("**Despacho**") no. 2937/2014 (2nd series), published in the Portuguese official gazette, second series, n.º 37, of 21 February 2014 issued by the Secretary of State of Tax Affairs and may be available at [www.portaldasfinancas.gov.pt](http://www.portaldasfinancas.gov.pt). The refund of withholding tax after the above six-month period is to be claimed from the Portuguese tax authorities within two years, starting from the term of the year in which the withholding took place.

The absence of evidence of non-residency in respect to any non-resident entity which benefits from the above mentioned tax exemption regime shall result in the loss of the tax exemption and consequent submission to the above applicable.

#### **Portuguese tax treatment of Notes issued by the Issuers (other than Deutsche Bank AG, Portuguese Branch)**

Under current Portuguese law, investment income payments in respect of Notes made to Portuguese tax resident companies are included in their taxable income and are subject to a Portuguese corporate income tax at a rate of (i) 21 per cent. or (ii) if the taxpayer is a small or medium enterprise as established in Decree-Law no. 372/2007, of 6 November 2007, 17 per cent. for taxable profits up to EUR 15,000 and 21 per cent. on profits in excess thereof to which may be added a municipal surcharge (*derrama municipal*) of up to 1.5 per cent. over the Portuguese corporate Securityholders' taxable profits, where applicable. Corporate taxpayers with a taxable income of more than EUR 1,500,000 are also subject to a state surcharge (*derrama estadual*) of (i) 3 per cent. on the part of the taxable profits exceeding EUR 1,500,000 up to EUR 7,500,000, (ii) 5 per cent. on the part of the taxable profits exceeding EUR 7,500,000 up to EUR 35,000,000, and (iii) 9 per cent. on the part of the taxable profits that exceeds EUR 35,000,000.

As regards to investment income on Notes made to Portuguese tax resident individuals, they are subject to personal income tax which shall be withheld at the current final withholding rate of 28 per cent. if there is a Portuguese resident paying agent, unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Investment income payments due by non-resident entities to Portuguese tax resident individuals are subject to an autonomous taxation at a rate of 28 per cent. whenever those payments are not subject to Portuguese withholding tax unless the individual elects to include it in his taxable income, subject to tax at the current progressive rates of up to 48 per cent. An additional income tax rate will be due on the part of the taxable income exceeding EUR 80,000 as follows: (i) 2.5 per cent. on the part of the taxable income exceeding EUR 80,000 up to EUR 250,000, and (ii) 5 per cent. on the remaining part (if any) of the taxable income exceeding EUR 250,000.

Investment income paid or made available to accounts opened in the name of one or more accountholders acting on behalf of one or more unidentified third parties is subject to a final withholding tax rate of 35 per cent., unless the relevant beneficial owner(s) of the income is/are identified and as a consequence the tax rates applicable to such beneficial owner(s) will apply.

Payments of principal on Notes are not subject to Portuguese withholding tax. For these purposes, "**principal**" shall mean all payments carried out without any income component.

### **Administrative Cooperation in the field of taxation**

The regime under Council Directive 2011/16/EU, as amended by Council Directive 2014/107/EU, of 9 December 2014, introduced the automatic exchange of information in the field of taxation concerning bank accounts and is in accordance with the Global Standard released by the Organization for Economic Co-operation and Development in July 2014 (the "**Common Reporting Standard**"). This regime is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

Under Council Directive 2014/107/EU, financial institutions are required to report to the Tax Authorities of their respective Member State (for the exchange of information with the State of Residence) information regarding bank accounts, including depository and custodial accounts, held by individual persons residing in a different Member State or entities which are controlled by one or more individual persons residing in a different Member State, after having applied the due diligence rules foreseen in the Council Directive. The information refers not only to personal information but also to the account balance at the end of the calendar year, and (i) in case of depository accounts, income paid or credited in the account during the calendar year; or, (ii) in the case of custodial accounts, the total gross amount of interest, dividends and any other income generated, as well as the proceeds from the sale or redemption of the financial assets paid or credited in the account during the calendar year to which the financial institution acted as custodian, broker, nominee, or otherwise as an agent for the account holder, among others.

Portugal has implemented Directive 2011/16/EU through Decree-law 61/2013, of 10 May. Also, Council Directive 2014/107/EU, of 9 December 2014, regarding the mandatory automatic exchange of information in the field of taxation was implemented into Portuguese law through Decree-Law no. 64/2016, of 11 October 2016, as amended by Law no. 98/2017, of 24 August 2017, and Law no. 17/2019, of 14 February 2019. In addition, information regarding the registration of financial institutions, as well as the procedures to comply with the reporting obligations arising from Decree-Law no. 64/2016, of 11 October 2016, as amended from time to time, and the applicable forms were approved by Ministerial Order (Portaria) no. 302-B/2016, of 2 December 2016, as amended by Ministerial Order (Portaria) no. 282/2018, of 19 October 2018, Ministerial Order (Portaria) no. 302-C/2016, of 2 December 2016, Ministerial Order (Portaria) no. 302-D/2016, of 2 December 2016, as amended by Ministerial Order (Portaria) no. 255/2017, of 14 August 2017, and by Ministerial Order (Portaria) no. 58/2018, of 27 February 2018, and Ministerial Order (Portaria) no. 302-E/2016, of 2 December 2016.

### **FATCA**

Portugal has implemented, through Law 82-B/2014 of 31 December 2014 and Decree-Law 64/2016 of 11 October 2016, as amended by Law 98/2017, of 24 August, and Law no. 17/2019, of 14 February 2019, the legislation based on the reciprocal exchange of information with the United States of America on financial accounts subject to disclosure (the "**Financial Reporting Regime**") in order to comply with Sections 1471 through 1474 of FATCA. Under such legislation the Issuer will be required to obtain information regarding certain accountholders and report such information to the Portuguese tax authorities which, in turn, will report such information to the Inland Revenue Service of the United States of America.

## SINGAPORE

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore, announced budget measures and administrative guidelines issued by the Inland Revenue Authority of Singapore ("IRAS") or the Monetary Authority of Singapore (the "MAS") in force as at the date of this Prospectus and are subject to enactment of such budget measures and to any changes in such laws or administrative guidelines, or the interpretation of those laws or guidelines, occurring after such date, which changes could be made on a retroactive basis.

Neither these statements nor any other statements in this Prospectus should be regarded as advice on the tax position of any holder of the Securities or of any person acquiring, selling or otherwise dealing with the Securities or on any tax implications arising from the acquisition, sale or other dealings in respect of the Securities.

The statements do not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Securities and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (including without limitation a person holding the Financial Sector Incentive tax status) may be subject to special rules or tax rates.

Furthermore, there may be additional taxation issues arising from Securities which are complex structured products which have not been addressed in this section.

Prospective holders of the Securities who are in doubt about their respective tax positions or any such tax implications of the purchase, ownership or transfer of any Securities or who may be subject to tax in a jurisdiction other than Singapore should consult their own professional tax advisers.

### Interest and Other Payments

Subject to the following paragraphs, under Section 12(6) of the Income Tax Act, Chapter 134 of Singapore (the "ITA"), the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is:
  - (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore); or
  - (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Payments falling within paragraphs (a) and (b) above and made by Deutsche Bank AG, Singapore Branch, would fall within Section 12(6) of the ITA.

Unless exempted, such payments, where made to a person not known to the Issuer to be a tax resident in Singapore, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15.0 per cent. final withholding tax described below) to non tax resident persons (other than non-tax-resident individuals) is currently 17.0 per cent. The applicable rate for non-tax-resident individuals is currently 22.0 per cent. However, if the payment is derived by a person who is a non-tax resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15.0 per cent. The rate of 15.0 per cent. may be reduced by applicable tax treaties.

Certain Singapore-sourced investment income derived by individuals from financial instruments is however exempt from tax, including:

- (a) interest from debt securities derived on or after 1 January 2004;
- (b) discount income (not including discount income arising from secondary trading) from debt securities derived on or after 17 February 2006; and
- (c) prepayment fee, redemption premium or break cost from debt securities derived on or after 15 February 2007,

except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

### **Qualifying debt securities**

Where:

- (i) more than half of a tranche of the Securities which are debt securities (*i.e.* bonds, notes, commercial papers and certificates of deposit) are distributed by persons which are Financial Sector Incentive (Capital Market) Companies or Financial Sector Incentive (Standard Tier) Companies or Financial Sector Incentive (Bond Market) Companies for the purposes of the ITA; and
- (ii) such tranche of Securities are debt securities issued on or before 31 December 2023,

(hereinafter called "**Relevant Securities**"), the Relevant Securities will be "qualifying debt securities" for the purposes of the ITA to which the following treatments apply:

- (a) (in the case of Relevant Securities the payments which fall within Section 12(6) of the ITA) subject to certain prescribed conditions having been fulfilled (including the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS, and the inclusion by the Issuer in all offering documents relating to the Relevant Securities a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost is derived by a person who is not tax resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption shall not apply if the non-tax-resident person acquires Relevant Securities using funds from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium and break cost (collectively, "**Qualifying Income**") paid by the Issuer and derived from the Relevant Securities by a holder who is not tax resident in Singapore and
  - (i) who does not have any permanent establishment in Singapore; or
  - (ii) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Securities are not obtained from the operation,

are exempt from Singapore tax;

- (b) subject to certain conditions having been fulfilled (including the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS), Qualifying Income paid by the Issuer and derived from the Relevant Securities by any company or body of persons (as defined in the ITA), and not being the holder of the Financial Sector Incentive or other special tax status, is subject to tax at a concessionary rate of 10 per cent.;
- (c) (in the case of Relevant Securities the payments which fall within Section 12(6) of the ITA) subject to:

- (i) the Issuer including in all offering documents (including this Prospectus and any relevant Final Terms or Pricing Supplement) relating to Relevant Securities a statement to the effect that any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Relevant Securities is not exempt from tax shall include such income in a return of income made under the ITA; and
- (ii) the furnishing of a return on debt securities in respect of the Relevant Securities within a prescribed period to the MAS,

Qualifying Income derived from the Relevant Securities is not subject to withholding of tax by the Issuer.

However, notwithstanding the foregoing:

- (d) if during the primary launch of Relevant Securities, the Relevant Securities are issued to fewer than four persons and 50.0 per cent. or more of the principal amount of Relevant Securities is beneficially held or funded, directly or indirectly, by related parties of the Issuer, Relevant Securities would not qualify as "qualifying debt securities"; and
- (e) even though Relevant Securities are "qualifying debt securities", if at any time during the tenure of Relevant Securities, 50.0 per cent. or more of the principal amount of Relevant Securities is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income paid by the Issuer and derived from Relevant Securities held by:
  - (i) any related party of the Issuer; or
  - (ii) any other person where the funds used by such person to acquire the Relevant Securities are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption or concessionary tax rate described above.

The term "**related party**", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Notwithstanding that the Issuer may be permitted to make payment of Qualifying Income in respect of Relevant Securities without deduction or withholding for tax under Section 45 or Section 45A of the ITA, any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from Relevant Securities is not exempt from tax is required to include such income in a return of income made under the ITA.

The terms "break cost", "prepayment fee" and "redemption premium" are defined in the ITA as follows:

**"Break Cost"** means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by any loss or liability incurred by the holder of the securities in connection with such redemption;

**"Prepayment Fee"** means any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by the terms of the issuance of the securities; and

**"Redemption Premium"** means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity.

References to "break cost", "prepayment fee" and "redemption premium" in this Singapore tax section have the same meaning as defined in the ITA.

There is no assurance that Securities to be issued from time to time under the Programme will enjoy the tax concessions under the QDS Scheme. Holders of the Securities should consult their own professional tax advisers if they are in any doubt as to the treatment under the QDS Scheme.

### **Withholding tax exemption for Section 12(6) payments by banks**

Payments falling within Section 12(6) of the ITA and made by (amongst certain other persons) licensed banks in Singapore to persons who are non-Singapore tax-residents (other than permanent establishments in Singapore):

- (a) between 1 April 2011 and 31 March 2021; or
- (b) on a contract which takes effect between 1 April 2011 and 31 March 2021,

will be exempt from tax, provided the payments are made for the purposes of the licensed bank's business in Singapore and the payments do not arise from a transaction to which the general anti-avoidance provisions in Section 33 of the ITA applies.

With effect from 17 February 2012, (amongst certain other persons) licensed banks are no longer required to withhold tax on payments falling within Section 12(6) of the ITA which they are liable to make to permanent establishments in Singapore of a non-resident person:

- (a) between 17 February 2012 and 31 March 2021 on contracts that take effect before 17 February 2012; and
- (b) on or after 17 February 2012 on contracts that take effect between 17 February 2012 to 31 March 2021.

With effect from 21 February 2014, the expiry date of 31 March 2021 referred to in the immediately preceding paragraph does not apply to payments to Singapore branches of non-resident persons as the requirement to withhold tax from payments to Singapore branches has been lifted.

Notwithstanding the preceding paragraph, permanent establishments in Singapore of a non-resident person are required to declare such payments in their annual income tax returns and will be assessed to tax on such payments (unless specifically exempt from tax).

### **Capital Gains**

Singapore imposes a tax on income but does not impose tax on gains that are considered capital in nature. There are no specific statutes or regulations which deal with the characterisation of whether a gain is income or capital and the question of whether a gain from the disposal of Securities is income or capital is a question of fact dependent on the holder's specific circumstances.

Any gains considered to be in the nature of capital made from the sale of the Securities will not be taxable in Singapore. However, any gains from the sale of the Securities which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Securities who apply or are required to apply Singapore Financial Reporting Standard 39 ("**FRS 39**"), Singapore Financial Reporting Standard 109 ("**FRS 109**") or Singapore Financial Reporting Standard (International) 9 (Financial Instruments) ("**SFRS(I) 9**") (as the case may be) may for Singapore income tax purposes, be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Securities, irrespective of disposal, in accordance with FRS 39, FRS 109 or SFRS(I) 9 (as the case may be). Please see the section below on "Adoption of FRS 39, FRS 109 or SFRS(I) 9 for Singapore income tax purposes".

Holders of the Securities should consult their own professional tax advisers if they are in any doubt as to the treatment that would be applicable to them.

## **Adoption of FRS 39, FRS 109 or SFRS(I) 9 for Singapore income tax purposes**

Subject to certain "opt-out" provisions, Section 34A of the ITA requires taxpayers who adopt or are required to adopt FRS 39 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 39, subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled "Income Tax Implications Arising from the Adoption of FRS 39 – Financial Instruments: Recognition and Measurement" to provide guidance on the Singapore income tax treatment of financial instruments.

FRS 109 or SFRS(I) 9 (as the case may be) is mandatorily effective for annual periods beginning on or after 1 January 2018, replacing FRS 39. Section 34AA of the ITA requires taxpayers who adopt or who are required to adopt FRS 109 or SFRS(I) 9 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109 or SFRS(I) 9 (as the case may be), subject to certain exceptions provided in that section. The IRAS has also issued a circular entitled "Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments".

Holders of the Securities who may be subject to the tax treatment under the FRS 39 tax regime, FRS 109 tax regime or the SFRS(I) 9 tax regime should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Securities.

## **Goods and Services Tax**

Under the Goods and Services Tax Act, Chapter 117A of Singapore (the "**GST Act**"), the following are examples of exempt supplies not subject to Goods and Services Tax ("**GST**") under the Fourth Schedule to the GST Act:-

- (a) the issue, allotment, transfer of ownership, drawing, acceptance or endorsements of a debt security (*i.e.* any interest in or right to be paid money that is, or is to be, owing by any person or any option to acquire any such interest or right but excludes a contract of insurance and an estate or interest in land, other than an estate or interest as mortgagee or chargeholder); or
- (b) the renewal or variation of an equity security or debt security.

Holders of the Securities should consult their own professional tax advisers regarding the Singapore GST consequences of their acquisition, holding, conversion or disposal of the Securities.

## **Stamp Duty**

Stamp duty is generally not imposed on the issue or redemption for cash of Securities. Where an instrument of transfer of stocks or shares (including funded debt) is executed in Singapore, or is executed outside Singapore but is brought into Singapore, the instrument would be subject to stamp duty of up to 0.2 per cent. of the amount or value of the consideration, or the value of the stocks or shares sold or transferred, whichever is higher. Transfers of securities on a scripless basis through the Central Depository (Pte) Limited are not subject to stamp duty. Transfers of stocks or shares by way of sale or gift of any stock issued by a company, corporation or body of persons incorporated, formed or established outside Singapore (other than stock registered in register kept in Singapore) are also exempt from stamp duty. Special rules apply to certain contracts or agreements for the sale of, or instruments of transfer of, equity interests in entities whose assets include significant Singapore residential property interests. A detailed description of these rules is beyond the scope of this tax section.

Holders of the Securities should consult their own professional tax advisers in respect of the Singapore stamp duty treatment of the issue, transfer or settlement of Securities, particularly where the Securities are capable of settlement by physical delivery.

## **SPAIN**

***The following is a summary of current Spanish law and practice relating to the withholding tax treatment of the Securities. The statements herein regarding Spanish taxes and withholding taxes in***

*Spain are based on the laws in force as well as administrative interpretations thereof in Spain as at the date of this Prospectus (without prejudice of regional tax regimes in the Historical Territories of the Basque Country and the Community of Navarre or provisions passed by Autonomous Communities which may apply to investors for certain taxes) and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules. Prospective holders or beneficial owners of the Securities are advised to consult their own tax advisers concerning the overall tax consequences of their ownership and disposition of the Securities.*

## **Tax Treatment of Securities Issued by Entities Other Than Deutsche Bank AG, Sucursal en España**

### Spanish Withholding Tax

Where Securities are issued by an Issuer which is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Securities other than Spanish Securities ("**Spanish Securities**") means Securities issued through the Issuer's Spanish branch, *i.e.* Deutsche Bank AG, Sucursal en España) is connected, the Issuer should not be obliged to deduct withholdings on account of Spanish income taxes.

Where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Securities other than Spanish Securities or intervenes as manager on the collection of any income under the Securities other than Spanish Securities (acting in such role, a "**Relevant Financial Institution**"), such Relevant Financial Institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Securities other than Spanish Securities. In this respect, income deriving from Securities other than Spanish Securities will include not only interest payments but also income arising from the disposal, redemption or reimbursement of the Securities other than Spanish Securities.

The current withholding tax in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish resident individuals, or against Spanish final Corporate Income Tax liability, in the case of Spanish corporates, or against final Non-Resident Income Tax, in the case of Spanish permanent establishments of non-resident entities.

However, holders of the Securities other than Spanish Securities who are Corporate Income Taxpayers or Non-Resident Income Taxpayers acting through a Spanish permanent establishment can benefit from a withholding tax exemption when the Securities other than Spanish Securities are admitted to trading on an organised stock exchange in an OECD state (the "**OECD Exemption**").

Similarly, when the Securities other than Spanish Securities (i) are represented in book-entry form and (ii) are admitted to trading on a Spanish secondary stock exchange or on the Alternative Fixed-Income Securities Market, holders who are Corporate Income Taxpayers, or Non-Resident Income Taxpayers acting through a permanent establishment in Spain to which the Securities other than Spanish Securities are attributable, can benefit from a withholding tax exemption (the "**Domestic Exemption**").

Additionally, when the Securities other than Spanish Securities (i) are represented in book-entry form, (ii) are admitted to trading on a Spanish secondary stock exchange and (iii) generate explicit yield, holders who are Personal Income Taxpayers can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Securities other than Spanish Securities. However, under certain circumstances, when a transfer of the Notes has occurred within the 30-day period immediately preceding any relevant coupon payment date such holders may not be eligible for such withholding tax exemption.

Notwithstanding the above, Spanish resident individuals earning income under the Securities will still be subject to Spanish Personal Income Tax – to be declared in their annual tax returns together with any other financial income – according to the following rates: 19 per cent. for financial income up to EUR 6,000; 21 per cent. for financial income between EUR 6,000.01 and EUR50,000; and 23 per cent. for financial income in excess of

EUR 50,000. Similarly, Spanish corporates earning such income will be subject to Spanish Corporate Income Tax to be declared in their annual tax returns. The general tax rate for Spanish Corporate Income Taxpayers is currently 25 per cent. This general rate will not be applicable to all Spanish Corporate Income Taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

Finally, tax credits for the avoidance of international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Securities other than Spanish Securities by Spanish resident individuals, Spanish corporates or Spanish permanent establishments of non-resident entities investing in the Securities.

### **Tax Treatment of Securities Issued by Deutsche Bank AG, Sucursal en España**

#### Indirect Taxes

Whatever the nature and residence of the investor, the acquisition and transfer of the Spanish Securities will be exempt from indirect taxes in Spain, *i.e.* exempt from Transfer Tax and Stamp Duty and exempt from Value Added Tax.

#### Direct Taxes

##### *Personal Income Tax - Individuals with tax residence in Spain*

Withholding tax will apply at the applicable rate (currently 19 per cent.) in respect of interest payments made under the Spanish Securities. In addition, income obtained upon transfer, redemption or repayment of the Spanish Securities may also be subject to Personal Income Tax withholdings. Notwithstanding this, when the Spanish Securities (i) are represented in book-entry form, (ii) are admitted to trading on a Spanish secondary stock exchange and (iii) generate explicit yield, holders can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Spanish Securities. However, under certain circumstances, when a transfer of Spanish Securities has occurred within the 30-day period immediately preceding any relevant coupon payment date such holders may not be eligible for such withholding tax exemption.

In any event, holders who are resident for tax purposes in Spain may credit any Spanish withholding tax suffered on income obtained under the Spanish Securities against their final Personal Income Tax liability for the relevant fiscal year.

Either (a) Deutsche Bank AG, Sucursal en España or (b) Relevant Financial institutions (either resident in Spain or acting through a permanent establishment in Spain), acting as depositary of the Spanish Securities or intervening as manager in the collection of any income under the Spanish Securities will be responsible for making the relevant withholding (if any) on account of Spanish tax on any income deriving from the Spanish Securities, as well as may become obliged to comply with the formalities set out in the regulations developing the Law on Spanish Personal Income Tax.

Notwithstanding the above, Spanish resident individuals earning income under the Spanish Securities will still be subject to Spanish Personal Income Tax – to be declared in their annual tax returns together with any other financial income – according to the following rates: 19 per cent. for financial income up to EUR 6,000; 21 per cent. for financial income between EUR 6,000.01 and EUR 50,000; and 23 per cent. for financial income in excess of EUR 50,000.

##### *Corporate Income Tax - Legal Entities with tax residence in Spain*

Any income arising from the Spanish Securities is, as a general rule, subject to withholding tax at the applicable rate (currently 19 per cent.). However, in accordance with Section 61(s) of regulations developing the Law on Corporate Income Tax, Spanish Corporate Income Taxpayers (which for the sake of clarity, include Spanish tax resident funds and Spanish tax resident pension funds) can also benefit from the OECD Exemption.

The Spanish Directorate General of Taxes (*Dirección General de Tributos*) issued a ruling dated 27 July 2004 in which it determined that securities, such as the Spanish Securities, issued in Spain may benefit from the OECD

Exemption if the relevant securities are both admitted to trading on an organised stock exchange in an OECD state and placed in an OECD State other than Spain. Where this requirement is not met, the Issuer will be required to make the corresponding withholdings.

Additionally, in accordance with Section 61(q) of regulations developing the Law on Corporate Income Tax, Spanish Corporate Income Taxpayers (which for the sake of clarity, include Spanish tax resident funds and Spanish tax resident pension funds) can also benefit from the Domestic Exemption.

Notwithstanding the above, amounts withheld (if any) may be credited by the relevant holders of Spanish Securities against their final Corporate Income Tax liability.

Either (a) Deutsche Bank AG, Sucursal en España or (b) Relevant Financial institutions (either resident in Spain or acting through a permanent establishment in Spain), acting as depositary of the Spanish Securities or intervening as manager in the collection of any income under the Spanish Securities will be responsible for making the relevant withholding (if any) on account of Spanish tax on any income deriving from the Spanish Securities, as well as may become obliged to comply with the formalities set out in the regulations developing the Law on Corporate Income Tax.

Spanish corporates earning such income will still be subject to Spanish Corporate Income Tax to be declared in their annual tax returns. The general tax rate for Spanish Corporate Income Taxpayers is currently 25 per cent. This general rate will not be applicable to all Spanish Corporate Income Taxpayers and, for instance, it will not apply to banking institutions (which will be taxed at the rate of 30 per cent). Likewise, special rates apply in respect of certain types of entities (such as qualifying collective investment institutions).

*Non-Resident Income Tax – Non-Spanish Tax Resident Investors acting through a Permanent Establishment in Spain - Individuals and Legal Entities with no tax residence in Spain*

Ownership of the Spanish Securities by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

If the Spanish Securities form part of the assets of a permanent establishment in Spain of a person or legal entity who is not resident in Spain for tax purposes, the tax rules applicable to income deriving from such Spanish Securities are, generally, the same as those previously set out for Spanish Corporate Income Taxpayers. See the section entitled "*Corporate Income Tax - Legal Entities with tax residence in Spain*"

*Non-Resident Income Tax — Non-Spanish Tax Resident Investors not acting through a Permanent Establishment in Spain – Individuals and Legal Entities with no tax residence in Spain*

Interest and other income deriving from the Spanish Securities will be tax exempt in Spain and exempt from Spanish withholding tax when obtained by persons who are resident for tax purposes in a Member State of the European Union (other than Spain) or by a permanent establishment of such persons situated in another Member State of the European Union (other than Spain), provided that such income is not obtained through a country or territory regarded as a tax haven (pursuant to Royal Decree 1080/1991 of 5 July 1991 or any other Law amending or supplementing this) and provided further that any such person provides the Issuer with a certificate of tax residence issued by the competent authorities of their jurisdiction of residence prior to the date on which any relevant payment is made or becomes due. Such certificate is valid for a one-year period.

Holders of Spanish Securities who are resident for tax purposes in a jurisdiction which has ratified a Treaty for the avoidance of Double Taxation with Spain (the "**DTT**") will be subject to Non-Resident Income Tax and Spanish withholding tax on income obtained from the Spanish Securities at the reduced rates (or subject to any exemption) set out in the DTT, if any. Such holders will have to evidence their tax residence by delivering to the Issuer, prior to the date on which any relevant payment is made or becomes due, a tax residence certificate within the meaning of the applicable DTT issued by the competent authorities of their jurisdiction of residence or, as the case may be, the equivalent document set out in the order which further develops the applicable DTT. Such certificate of tax residence is valid for a one-year period.

The Issuer will withhold from any interest payment and any income arising from the repayment of the Spanish Securities at the general rate applicable from time to time, which is currently 19 per cent., or at the reduced rate set out in the applicable DTT, unless the application of a tax exemption is evidenced, as described above.

Notwithstanding the above, these holders will be tax exempt in Spain on any income arising from the transfer of the Spanish Securities on a Spanish official secondary stock exchange, provided that they are resident in a jurisdiction which has ratified a DTT with Spain containing an exchange of information clause.

## **SWEDEN**

***The following summary outlines certain Swedish tax consequences relating to holders of Securities. The summary is based on the laws of Sweden as currently in effect and is intended to provide general information only. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a prospective holder of Securities. The summary does not address, inter alia, situations where Securities are held in an investment savings account (Sw. investeringssparkonto), the tax consequences in connection with a competent resolution authority's exercise of the Bail-in tool and/or any other tools and/or powers under the BRRD or write down of Securities, the tax consequences following variation or substitution (instead of redemption) of Securities or the rules regarding reporting obligations for, among others, payers of interest. Further, the summary does not address credit of foreign taxes. Investors should consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties for the avoidance of double taxation) of acquiring, owning and disposing of Securities in their particular circumstances.***

### **Holders not resident in Sweden**

Broadly speaking, provided that the value of or the return on the Securities relates to securities taxed as shares, private individuals who have been residents of Sweden for tax purposes due to a habitual abode in Sweden or a stay in Sweden for six consecutive months at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption are liable for capital gains taxation in Sweden upon disposal or redemption of such Securities. In a number of cases though, the applicability of this rule is limited by the applicable tax treaty for the avoidance of double taxation.

### **Holders resident in Sweden**

In general, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (for example income that is considered to be interest for Swedish tax purposes and capital gains on Securities) will be taxable. Specific tax consequences may be applicable to certain categories of corporations, for example life insurance companies. Moreover, specific tax consequences may be applicable if, and to the extent that, a holder of Securities realises a capital loss on the Securities and to any currency exchange gains or losses.

If amounts that are deemed as interest for Swedish tax purposes are paid by a legal entity domiciled in Sweden, including a Swedish branch, or in certain cases a clearing institution within the EEA, to a private individual (or an estate of a deceased individual) with residence in Sweden for Swedish tax purposes, Swedish preliminary taxes are normally withheld by the legal entity on such payments. Swedish preliminary taxes should normally also be withheld on other return on Securities (but not capital gains), if the return is paid out together with such a payment of interest referred to above.

## **SWITZERLAND**

***The following discussion is a summary of certain material Swiss tax considerations relating to (i) Securities issued the Issuer where the holder is tax resident in Switzerland or has a tax presence in Switzerland or (ii) Securities where the Paying Agent, custodian or securities dealer is located in Switzerland. The discussion is based on legislation as of the date of this Prospectus. It does not aim to be a comprehensive description of all the Swiss tax considerations that may be relevant for a decision to invest in Securities. The tax treatment for each investor depends on the particular situation. All investors are advised to consult with their professional tax advisers as to the respective Swiss tax***

**consequences of the purchase, ownership, disposition, lapse, exercise or redemption of Securities (or options embedded therein) in light of their particular circumstances.**

**Swiss Withholding Tax**

Payments on a Security are currently not subject to Swiss federal withholding tax provided that the respective Issuer is at all times resident and managed outside Switzerland for Swiss tax purposes.

On November 4, 2015 the Swiss Federal Council announced a mandate to the Swiss Federal Finance Department to institute a group of experts tasked with the preparation of a new proposal for a reform of the Swiss withholding tax system. The new proposal is expected to include in respect of interest payments the replacement of the existing debtor-based regime by a paying agent-based regime for Swiss withholding tax similar to the one published on December 17, 2014 by the Swiss Federal Council and repealed on June 24, 2015 following the negative outcome of the legislative consultation with Swiss official and private bodies. Further, on 23 October 2017, the Swiss Federal Economic Affairs and Taxation Committee of the Swiss National Council filed a parliamentary initiative reintroducing the request to replace the current debtor-based regime applicable to interest payments with a paying agent-based system for Swiss withholding tax. Under such a new paying agent-based regime, if enacted, a paying agent in Switzerland may be required to deduct Swiss withholding tax on any payments or any securing of payments of interest in respect of a Security for the benefit of the beneficial owner of the payment unless certain procedures are complied with to establish that the owner of the Security is not an individual resident in Switzerland.

**Income Taxation**

Securities held as Private Assets by a Swiss resident holder

*Structured Notes*

If a Security classifies as a structured note, its income taxation depends on whether the bond and the derivative financial instrument(s) embedded therein are recorded separately from each other and whether the Security is classified as a structured note with or without a predominant one-time interest payment (a structured note is classified as a note with a predominant one-time interest payment if the one-time interest payment exceeds the sum of the periodic interest payments):

*Non-transparent derivative financial instruments:* If the bond is not recorded separately from the embedded derivative financial instrument(s), the Security is classified as non-transparent structured note and any return over the initial investment is classified as a taxable interest payment. Non-transparent derivative financial instruments generally include a predominant one-time interest payment and are taxed in accordance with the principles set forth below under "*Transparent derivative financial instruments with a predominant one-time interest payment*".

*Transparent derivative financial instruments without a predominant one-time interest payment:* If the bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest payment (see below "*Transparent derivative financial instruments with a predominant one-time interest payment*"), then any such periodic interest payment and the non-predominant one-time interest payment, if any, is taxed when paid to the holder of the Security. A gain, including interest accrued, a loss, respectively, realised on the sale of a Security is a tax-free private capital gain, a non-tax deductible private capital loss, respectively (see below "*Capital Gains, Securities held as Private Assets by a Swiss resident holder*"). The same applies if the Security is redeemed except that interest accrued is taxed when paid.

*Transparent derivative financial instruments with a predominant one-time interest payment:* If the bond is recorded separately from the embedded derivative financial instrument(s) and the yield-to-maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments, then any periodic interest payments and on the sale or redemption of the Security, the difference between the value of the bond at redemption or sale, as applicable, and its value at issuance or secondary market purchase, as applicable, converted, in each case, into Swiss

Francs at the exchange rate prevailing at the time of redemption or sale, issuance or purchase, respectively (modified differential taxation method) constitutes taxable income. A value decrease on the bond respectively realised on the sale or redemption of the Security may be offset against any gains (including periodic interest payments) realised within the same taxation period from all instruments with a predominant one-time interest payment. Any residual return realised on the embedded derivative financial instrument(s) is a tax-free private capital gain, and any residual loss is a non-tax deductible private capital loss, respectively (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

### *Bonds*

*Bonds without a predominant one-time interest payment:* If a Security is classified as a pure bond without a predominant one-time interest payment (the yield-to-maturity predominantly derives from periodic interest payments and not from a one-time interest payment), Swiss resident private investors will be taxed on the periodic and any one-time interest payments, if any, converted into Swiss Francs at the exchange rate prevailing at the time of payment. A gain, including interest accrued, a loss, respectively, realised on the sale of a Security is a tax-free private capital gain, a non-tax deductible private capital loss, respectively (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

*Bonds with a predominant one-time interest payment:* If a Security is classified as a pure bond with a predominant one-time interest payment (the yield-to-maturity predominantly derives from a one-time interest payment such as an original issue discount or a repayment premium and not from periodic interest payments), Swiss resident private investors will be taxed on any periodic interest payments and on any gains, including capital and foreign exchange gains, realised on the Securities (differential taxation method).

### *Pure Derivative Financial Securities*

Periodic and one-time dividend equalisation payments realised on a Security which is classified as a pure derivative financial instrument (such as pure call and put options, including low exercise price options with a maturity not exceeding one year, pure futures, static certificates replicating an index or a basket of at least five shares and with a fixed maturity or an annual redemption right) and which is held as part of a holder's private assets constitute taxable investment income. Any other return will be classified as a tax exempt capital gain or a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

### *Low Exercise Price Options*

According to the current practice of the Swiss Federal Tax Administration low exercise price options are given if the underlying of an option has been pre-financed by at least 50 per cent. at the time of issuance.

For low exercise price options with a maturity exceeding one year the interest component of the low exercise price option (*i.e.* issue discount) constitutes taxable investment income. Any other return will be classified as a tax exempt capital gain or a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

### *Fund-like Securities*

A Security classified as a fund-like instrument will be considered a pass-through instrument for Swiss tax purposes if dividend and interest income (less attributable costs) from, and capital gains and losses (less costs attributable) realised on, the underlying investments, are reported and distributed separately. Under such conditions, an individual holding a fund-like Security as part of private assets only receives taxable income (which he or she must report annually) over such portion of the distributions (in case the fund is distributing the income realised on the underlying investments) or earnings credits (in case the fund is reinvesting the income realised on the underlying investment) as derive from dividends and interest (less attributable costs) on the underlying instruments. Any distributions or credits deriving from capital gains realised on the underlying investments constitute a tax-free private capital gain and any respective loss on the underlying investments is a non-tax deductible private capital loss. Any gain realised within a taxation period on the sale of a fund-like instrument (including accrued dividends and interest) is exempt from income taxation as a private capital gain,

and, conversely, any loss realised a non-tax deductible capital loss (see below "*—Capital Gains, Securities held as Private Assets by a Swiss resident holder*").

#### Securities held as Assets of a Swiss Business

Corporate entities and individuals who hold Securities as part of a trade or business in Switzerland, in the case of residents abroad carried on through a permanent establishment or a fixed place of business in Switzerland, are required to recognise any payments on, and any capital gains or losses realised on the sale or redemption of, such Securities (irrespective of their classification) in their income statement for the respective taxation period and will be taxed on any net taxable earnings for such period.

The same taxation treatment also applies to Swiss-resident individuals who, for income tax purposes, are classified as "professional securities dealers" for reasons of, *inter alia*, frequent dealing and leveraged investments in securities.

### Capital Gains Taxation

#### Securities held as Private Assets by a Swiss resident Holder

A gain, a loss, respectively, realised by an individual resident in Switzerland for tax purposes upon the sale or other disposal of a Security held as part of his or her private assets is a tax-free private capital gain, a non-tax deductible capital loss, respectively, unless such individual is classified, for income tax purposes, as a "professional securities dealer" for reasons of, *inter alia*, frequent dealing and leveraged investments in securities. If an individual is classified as a "professional securities dealer" he or she will be taxed in accordance with the principles set forth above under "*—Securities held as Assets of a Swiss Business*". In relation to the bifurcation of a taxexempt capital gains component, non-tax deductible capital loss component, respectively, from taxable income components of a Security, see the bifurcation principles set forth above with regard to the different instruments under "*—Income Taxation, Securities held as Private Assets by a Swiss resident holder*").

#### Securities held as Assets of a Swiss Business

Capital gains realised on Securities held as Assets of a Swiss Business are taxed in accordance with the taxation principles set forth above under "*—Income Taxation, Securities held as Swiss Business Assets*").

### Stamp Taxes

#### Swiss Federal Issue Stamp Tax

The Securities are not subject to Swiss federal stamp tax on the issuance of securities.

#### Swiss Federal Securities Turnover Tax

Dealings in Securities which are classified as pure derivative financial instruments (such as pure call and put options, including low exercise price options with a maturity not exceeding twelve months, pure futures with a maximal pre-financing of 25 per cent., static certificates replicating an index or a basket of at least five shares and with a fixed maturity on an annual redemption right) are not subject to the Swiss federal securities turnover tax.

Dealings in Securities which have been issued by an issuer outside of Switzerland and which are classified as structured notes, share-like instruments (including low exercise price warrants on shares with a maturity exceeding twelve months) or fund-like instruments are subject to Swiss federal securities turnover tax of 0.3 per cent. on the consideration paid, however, only if a Swiss securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

Dealing in bonds and structured notes with a maturity not exceeding one year are exempt from Swiss federal turnover tax.

The delivery of an underlying taxable security at exercise or redemption to the holder of the Security is subject to Swiss federal securities turnover tax of 0.3 per cent. if a Swiss domestic securities dealer (as defined in the Swiss federal stamp tax act) is a party or intermediary to the transaction and no exemption applies.

### **Gift, Inheritance and Estate Taxes**

Subject to an applicable tax treaty in an international scenario, transfers of Securities may be subject to cantonal and/or communal inheritance tax, estate tax or gift tax if the deceased person has had his or her last domicile in Switzerland, the donor is resident in Switzerland, respectively, or in the case of a foreign deceased or resident person the transfer involves an unincorporated business in Switzerland and Securities are held as part of such business. No such taxes exist at the federal level. Rates depend upon the existing relationship (*i.e.* the relationship between the deceased and the heirs, or between the donor and the donee) and the size of the inheritance or gift. Interspousal gifts and gifts to descendants and inheritances collected by the surviving spouse and descendants are frequently exempt or taxed at very low rates (up to 6 per cent.). Gifts and inheritances received from unrelated persons attract rates ranging from 20 per cent. to 40 per cent. The taxable base is usually the market value of the property transferred.

### **Net Worth and Capital Taxes**

A holder of Securities who is an individual resident in Switzerland for tax purposes or is a non-Swiss resident holding Securities as part of a Swiss business operation or a Swiss permanent establishment is required to report Securities as part of private wealth or as part of Swiss business assets, as the case may be, and is subject to annual cantonal and/or communal private wealth tax on any net taxable wealth (including the Securities), in the case of non-Swiss resident individual holding Securities as part of a Swiss business operation or a Swiss permanent establishment to the extent the aggregate taxable wealth is allocable to Switzerland. Incorporated holders of Securities are subject to cantonal and communal capital tax on net taxable equity, in the case of non-Swiss resident person holding Securities as part of a Swiss permanent establishment, to the extent the aggregate taxable equity is allocable to Switzerland. No net worth and capital taxes exist at the federal level.

### **Non-Swiss resident holders**

A holder of a Security who is not resident in Switzerland for tax purposes and who during the taxation year has not engaged in trade or business carried on through a business operation or permanent establishment in Switzerland, will neither be subject to income tax and capital gains tax nor net wealth or capital tax in Switzerland.

### **Automatic Exchange of Information in Tax Matters**

On November 19, 2014, Switzerland signed the Multilateral Competent Authority Agreement (the "**MCAA**"). The MCAA is based on article 6 of the OECD/Council of Europe administrative assistance convention and is intended to ensure the uniform implementation of Automatic Exchange of Information (the "**AEOI**"). The Federal Act on the International Automatic Exchange of Information in Tax Matters (the "**AEOI Act**") entered into force on January 1, 2017. The AEOI Act is the legal basis for the implementation of the AEOI standard in Switzerland.

The AEOI is being introduced in Switzerland through bilateral agreements or multilateral agreements. The agreements have, and will be, concluded on the basis of guaranteed reciprocity, compliance with the principle of speciality (*i.e.* the information exchanged may only be used to assess and levy taxes (and for criminal tax proceedings)) and adequate data protection.

Switzerland has concluded a multilateral AEOI agreement with the EU (replacing the EU savings tax agreement) and has concluded bilateral AEOI agreements with several non-EU countries.

Based on such multilateral agreements and bilateral agreements and the implementing laws of Switzerland, Switzerland began to collect data in respect of financial assets, including, as the case may be, Warrants, held in, and income derived thereon and credited to, accounts or deposits with a paying agent in Switzerland for the benefit of individuals resident in a EU member state or in a treaty state.

## **Swiss Facilitation of the Implementation of the U.S. Foreign Account Tax Compliance Act**

Switzerland has concluded an intergovernmental agreement with the U.S. to facilitate the implementation of FATCA. The agreement ensures that the accounts held by U.S. persons with Swiss financial institutions are disclosed to the U.S. tax authorities either with the consent of the account holder or by means of group requests within the scope of administrative assistance. Information will not be transferred automatically in the absence of consent, and instead will be exchanged only within the scope of administrative assistance on the basis of the double taxation agreement between the U.S. and Switzerland.

## **UNITED KINGDOM**

***The following information does not purport to be a complete summary of the tax law and practice currently applicable in the United Kingdom. The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs' practice relating to the United Kingdom withholding tax treatment of payments of interest in respect of Securities. It does not deal with any of the United Kingdom taxation implications of acquiring, holding or disposing of Securities. The United Kingdom tax treatment of Prospective Securityholders depends on their individual circumstances and may be subject to change in the future. Prospective Securityholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.***

### **Securities issued otherwise than through the Issuer's London branch**

Payments of interest on the Securities which do not have a United Kingdom source may be made without deduction of or withholding on account of United Kingdom income tax.

### **Payment of interest on the Securities issued by the Issuer's London branch**

- The Issuer, provided that it is and continues to be a bank within the meaning of section 991 of the Income Tax Act 2007 (the "**Act**"), and provided that the interest on the Securities is and continues to be paid in the ordinary course of its business within the meaning of section 878 of the Act, will be entitled to make payments of interest without withholding or deduction for or on account of United Kingdom income tax.
- Payments of interest on the Securities may be made without deduction of or withholding on account of United Kingdom income tax provided that the Securities carry a right to interest and the Securities are and continue to be listed on a "recognised stock exchange", as defined in section 1005 of the Act. The Luxembourg Stock Exchange is a recognised stock exchange. Under published HM Revenue & Customs guidance, the Securities will satisfy this requirement if they are listed by the competent authority in Luxembourg and are admitted to trading on the Main Market of the Luxembourg Stock Exchange. Provided, therefore, that the Securities remain so listed on a "recognized stock exchange", interest on the Securities will be payable without deduction on account of United Kingdom tax whether or not the Issuer is a bank and whether or not the interest is paid in the ordinary course of its business.
- Interest on the Securities may also be paid without deduction of or withholding on account of United Kingdom tax where the maturity of the Securities is less than 365 days and the Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Securities that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Securityholder, HM Revenue & Customs can issue a notice to the Issuer to pay interest to the Securityholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

The references above to "interest" mean "interest" as such term is understood in United Kingdom tax law. If any of the payments under the Securities are treated as manufactured payments or annual payments, the treatment of such payments may differ from the treatment described above. If Securityholders are in any doubt as to their tax position they should consult their professional advisers.

## UNITED STATES

### United States Federal Income Taxation

This discussion does not discuss all aspects of United States federal income taxation that may be relevant to non-U.S. Holders (as defined below) in light of their particular circumstances or to non-U.S. Holders subject to special rules under the United States federal income tax laws, such as financial institutions, real estate investment trusts, insurance companies, dealers in securities, persons holding Securities in connection with a hedging, "straddle", integrated or conversion transaction, persons who own an interest in a partnership or other pass-through entity, former citizens or long-term residents of the United States or tax-exempt organizations.

The discussion below only addresses persons that are neither U.S. Holders nor partnerships ("**Non-U.S. Holders**"). The U.S. federal income tax treatment of a partner in a partnership that holds Securities will depend on the status of the partner and the activities of the partnership. Investors that are partnerships should consult their tax adviser concerning the U.S. federal income tax consequences to their partners of the acquisition, ownership and disposition of Securities by the partnership. As used herein, the term "**U.S. Holder**" means a beneficial owner of Securities that is (i) a citizen or resident of the United States for U.S. federal income tax purposes, (ii) a corporation, or other entity treated as a corporation, created or organised under the laws of the United States or any political subdivision thereof, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has elected to be treated as a domestic trust for U.S. federal income tax purposes.

This summary is based on the Internal Revenue Code of 1986, as amended (the "**Code**"), existing administrative pronouncements and judicial decisions, Treasury regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this Prospectus may affect the tax consequences described herein, possibly with retroactive effect. This summary assumes that Securities issued by Deutsche Bank AG, New York Branch will be treated as debt for U.S. federal income taxes purposes. Persons considering the purchase of Securities are advised to consult their own tax advisers with regard to the application of the United States federal income tax laws to their particular situations, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Subject to the discussion below under "*Hiring Incentives to Restore Employment Act*", interest payments on a Security issued by Deutsche Bank AG, New York branch should not be subject to U.S. federal withholding tax, provided that (1) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of the Issuer entitled to vote, (2) the Non-U.S. Holder is not (i) a controlled foreign corporation for U.S. federal income tax purposes that is related to the Issuer through stock ownership or (ii) a bank extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business, (3) such interest is not contingent on the Issuer's profits, revenues or changes in the value of its property and is not otherwise excluded from the definition of "portfolio interest" by Section 871(h)(4) of the Code, (4) the Non-U.S. Holder certifies that it is not a United States person on a properly completed U.S. Internal Revenue Service Form W-8BEN, W-8BEN-E or other such applicable form, and (5) the Non-U.S. Holder provides any required information with respect to its direct and indirect U.S. owners as required pursuant to Sections 1471 through 1474 of the Code ("**FATCA**") or, if the Securities are held through, or such holder is, a "foreign financial institution" (as defined under FATCA), such foreign financial institution complies with its obligations under FATCA (either pursuant to an agreement with the U.S. government or in accordance with local law) or is otherwise exempt from FATCA.

Subject to the discussion below under "*Foreign Account Tax Compliance Act*" and "*Hiring Incentives to Restore Employment Act*", interest payments on a Security issued by a branch or office outside the United States generally will not be subject to U.S. federal withholding tax.

Subject to the discussion below under "*Foreign Account Tax Compliance Act*" and "*Hiring Incentives to Restore Employment Act*", gain realised by a Non-U.S. Holder on the taxable disposition of a Security generally will not be subject to U.S. federal withholding or income tax, provided that: (i) that payment and/or gain is not effectively connected with the conduct by that Non-U.S. Holder of a trade or business in the U.S.; (ii) in the case of any gain realized on the sale or exchange of a Security by an individual Non-U.S. Holder, that holder is not present in the U.S. for 183 days or more in the taxable year of the sale, exchange or retirement and certain other conditions are met; and (iii) the Non-U.S. Holder is not subject to tax pursuant to provisions of the Code applicable to certain expatriates.

### **Foreign Account Tax Compliance Act**

FATCA imposes a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service (the "**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA. The Issuer (except when issuing through its New York Branch) is an FFI.

The new withholding regime is now in effect for payments from sources within the United States. As a result, the withholding regime could apply to payments in respect of any Securities issued by Deutsche Bank AG, New York Branch, ("**U.S. Securities**") made to certain non-U.S. persons (including financial intermediaries), unless various U.S. information reporting and due diligence requirements have been satisfied. In addition, Deutsche Bank AG, New York Branch will be required to comply with reporting rules similar to those described below.

In addition, FATCA will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. This withholding would potentially apply to payments in respect of (i) any Securities issued by a branch or office outside the United States ("**Non-U.S. Securities**") characterised as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued after the "**grandfathering date**", which A) with respect to Non-U.S. Securities that give rise solely to foreign passthru payments, is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register and (B) with respect to Non-U.S. Securities that give rise to a dividend equivalent pursuant to Section 871(m) of the Code, is six months after the date on which obligations of its type are first treated as giving rise to dividend equivalents, or (in each case) which are materially modified after the grandfathering date and (ii) any Non-U.S. Securities characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Non-U.S. Securities are issued on or before the grandfathering date, and additional Non-U.S. Securities of the same series are issued after that date, the additional Non-U.S. Securities may not be treated as grandfathered, which may have negative consequences for the existing Non-U.S. Securities, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction would not generally be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and Germany have entered into an agreement (the "**US-Germany IGA**") based largely on the Model 1 IGA.

If the Issuer is treated as a Reporting FI pursuant to the US-Germany IGA it does not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes. The Issuer also expects that any branch through which it issues Non-U.S. Securities will be treated as a Reporting FI pursuant to an IGA. There can be no assurance, however, that the Issuer or any branch through which it issues Non-U.S. Securities will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Non-U.S. Securities are made may be required to withhold FATCA Withholding if any FFI through or to which payment on such Non-

U.S. Securities is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA.

Whilst the Securities are in global form and held within Euroclear or Clearstream, Luxembourg (together, the "ICSDs"), Clearstream Banking AG, Frankfurt ("CBF") or SIX SIS AG, Olten, Switzerland ("SIS"), it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Securities by the Issuer, the Guarantor, any paying agent and the Common Depository or Common Safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the ICSDs, CBF or SIS, as applicable, is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Securities. The documentation expressly contemplates the possibility that the Securities may go into definitive form and therefore that they may be taken out of the ICSDs, CBF or SIS, as applicable. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Securities will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Securities.

### **Hiring Incentives to Restore Employment Act**

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986 which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the IRS. A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) or (ii). The final U.S. Treasury regulations issued under Section 871(m) (the "**Section 871(m) Regulations**") require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, based on tests set forth in the Section 871(m) Regulations and applicable guidance, will be subject to the Section 871(m) withholding regime (making such security a "**Specified Security**"). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. Additionally, the Issuer may withhold the full 30 per cent. tax on any payment on the Securities in respect of any dividend equivalent arising with respect to such Securities regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a Securityholder is eligible for a reduced tax rate under an applicable tax treaty with the United States). A Securityholder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the U.S. Internal Revenue Service. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Security are subject to a "significant modification" (as defined for U.S. tax purposes), the Security

generally would be treated as retired and reissued on the date of such modification for purposes of determining based on economic conditions in effect at that time, whether such Security is a Specified Security. Similarly, if additional Securities of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Securities out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Securities are Specified Securities as the date of such subsequent sale or issuance. Consequently, a previously out of scope Security, might be treated as a Specified Security following such modification or further issuance.

With respect to Securities that provide for net dividend reinvestment in respect of either an underlying U.S. security or an index that includes U.S. securities, all payments on the Securities that reference such U.S. securities or an index that includes U.S. securities may be calculated by reference to dividends on such U.S. securities that are reinvested at a rate of 70%. In calculating the relevant payment amount, the holder will be deemed to receive, and the Issuer will be deemed to withhold, 30% of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant U.S. securities. The applicable Final Terms (or Pricing Supplement, in the case of Exempt Securities) will indicate whether the Issuer has determined that Securities are Specified Securities and will specify contact details for obtaining additional information regarding the application of the Section 871(m) Regulations to Securities. If Securities are Specified Securities, a non-U.S. holder of such Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain.

Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

#### **THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)**

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Austria, Belgium, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the "**participating Member States**") as well as Estonia. However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Securities (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Securities where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate. Therefore, it is currently uncertain whether and when the proposed FTT will be enacted by the participating EU Member States and when it will take effect with regard to dealings in the Securities.

Prospective holders of Securities are advised to seek their own professional advice in relation to the FTT.

## BOOK ENTRY CLEARANCE SYSTEMS

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the following "**Clearing Systems**" currently in effect:

- The Depository Trust Company ("**DTC**"), 55 Water Street, New York, NY 10041, United States;
- Clearstream Banking AG, Frankfurt ("**CBF**"), Mergenthalerallee 61, 65760 Eschborn, Germany;
- Clearstream Banking, S.A. ("**CBL**"), 42 Avenue JF Kennedy, 1855 Luxembourg, Luxembourg;
- Euroclear Bank SA/NV, Brussels ("**Euroclear**"), 1 Boulevard du Roi Albert II, 1210 Brussels, Belgium; and
- SIX SIS AG ("**SIS**"), Baslerstrasse 100, 4600 Olten, Switzerland.

The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer believes to be reliable, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Securities held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

### BOOK-ENTRY SYSTEMS

#### DTC

DTC has advised the Issuer that it is a limited purpose trust company organised under the New York Banking Law, a "banking organisation" within the meaning of the New York Banking Law, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to section 17A of the Exchange Act. DTC holds securities that its participants ("**Participants**") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerised book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations ("**Direct Participants**"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC System is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**").

Under the rules, regulations and procedures creating and affecting DTC and its operations (the "**Rules**"), DTC makes book-entry transfers of Registered Securities among Direct Participants on whose behalf it acts with respect to Securities accepted into DTC's book-entry settlement system ("**DTC Securities**") as described below and receives and transmits distributions of principal and interest on DTC Securities. The Rules are on file with the Securities and Exchange Commission. Direct Participants and Indirect Participants with which beneficial owners of DTC Securities ("**Owners**") have accounts with respect to the DTC Securities similarly are required to make book-entry transfers and receive and transmit such payments on behalf of their respective Owners. Accordingly, although Owners who hold DTC Securities through Direct Participants or Indirect Participants will not possess Registered Securities, the Rules, by virtue of the requirements described above, provide a mechanism by which Direct Participants will receive payments and will be able to transfer their interest in respect of the DTC Securities.

Purchases of DTC Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the DTC Securities on DTC's records. The ownership interest of each actual purchaser of

each DTC Security ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Securities are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Securities, except in the event that use of the book-entry system for the DTC Securities is discontinued.

To facilitate subsequent transfers, all DTC Securities deposited by Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of DTC Securities with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such DTC Securities are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the DTC Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to DTC Securities. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the DTC Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the DTC Securities will be made to DTC. DTC's practice is to credit Direct Participants' accounts on the due date for payment in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the due date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the Issuer, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

Under certain circumstances, including if there is an Event of Default (in the case of Securities for which Eligible Liabilities Format is not specified as applicable in the applicable Final Terms), DTC will exchange the DTC Securities for definitive Registered Securities, which it will distribute to its Participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Security, will be legended as set forth under "*Transfer and Selling Restrictions*".

Since DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Owner desiring to pledge DTC Securities to persons or entities that do not participate in DTC, or otherwise take actions with respect to such DTC Securities, will be required to withdraw its Registered Securities from DTC as described below.

### **Euroclear, CBL and CBF**

Euroclear, CBL and CBF each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear, CBL and CBF provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear, CBL and CBF also deal with domestic securities markets in several countries through established depository and custodial relationships.

Euroclear, CBL and CBF have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear, CBL and CBF customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear, CBL and CBF is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

## **BOOK-ENTRY OWNERSHIP OF AND PAYMENTS IN RESPECT OF DTC SECURITIES**

The Issuer may apply to DTC in order to have any Tranche of Securities represented by a Registered Global Security accepted in its book-entry settlement system. Upon the issue of any such Registered Global Security, DTC or its custodian will credit, on its internal book-entry system, the respective principal amounts of the individual beneficial interests represented by such Registered Global Security to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant Dealer. Ownership of beneficial interests in such a Registered Global Security will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Security, the respective depositories of Euroclear and CBL. Ownership of beneficial interests in a Registered Global Security accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal and interest in respect of a Registered Global Security accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Security. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Security in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by Participants to beneficial owners of Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such Participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, premium, if any, and interest, if any, on Securities to DTC is the responsibility of the Issuer.

## **TRANSFERS OF SECURITIES REPRESENTED BY REGISTERED GLOBAL SECURITIES**

Transfers of any interests in Securities represented by a Registered Global Security within DTC, Euroclear and CBL will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Securities represented by a Registered Global Security to such persons may depend upon the ability to exchange such Securities for Securities in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Securities represented by a Registered Global Security accepted by DTC to pledge such Securities to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Securities may depend upon the ability to exchange such Securities for Securities in definitive form. The ability of any holder of Securities represented by a Registered Global Security accepted by DTC to resell, pledge or otherwise transfer such Securities may be impaired if the proposed transferee of such Securities is not eligible to hold such Securities through a direct or indirect participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Securities described under "*Transfer and Selling Restrictions*", cross-market transfers between DTC, on the one hand, and directly or indirectly through CBL or Euroclear accountholders, on the other, will be effected by the relevant clearing

system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian ("**Custodian**") with whom the relevant Registered Global Securities have been deposited.

On or after the Issue Date for any Series, transfers of Securities of such Series between accountholders in CBL and Euroclear and transfers of Securities of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in CBL or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and CBL and Euroclear, on the other, transfers of interests in the relevant Registered Global Securities will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or CBL accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, CBL and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Securities among participants and accountholders of DTC, CBL and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer, the Agents nor any Dealer will be responsible for any performance by DTC, CBL or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Securities represented by Registered Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

## TRANSFER AND SELLING RESTRICTIONS

The Dealers have, in the "**Dealer Agreement**" dated 21 June 2019 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "*Form of the Securities*" and "*Terms and Conditions of the Securities*". In the Dealer Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Securities under the Programme and to indemnify the Dealers certain liabilities incurred by them in connection therewith.

### TRANSFER RESTRICTIONS

***As a result of the following restrictions, purchasers of Securities in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of such Securities.*** Each purchaser of Registered Securities or person wishing to transfer an interest from one Registered Global Security to another or from global to definitive form or vice versa, will be required to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- it will, and will require each subsequent holder to, notify any purchaser of the Securities from it of the resale restrictions referred to in the paragraph above, if then applicable;
