Attachment to U.S. Internal Revenue Service Form 8937 Deutsche Bank Aktiengesellschaft

Please find below information as per Part I and Part II of the IRS Form 8937 completed by Deutsche Bank Aktiengesellschaft (Deutsche Bank AG) in April 2017.

Box 10:

Ordinary shares

CUSIP: D18190898

Rights

CUSIP: D1T769565

Box 14:

Deutsche Bank AG issued to its shareholders one tradable right per ordinary share held at the close of business on March 20, 2017. The rights grant their holders the right to acquire one new ordinary share of Deutsche Bank AG for every two rights held against payment of a subscription price of €11.65 per new share. The rights were reflected in holders' accounts beginning on March 20, 2017, and were available for trading on (a) the New York Stock Exchange during the period from (and including) March 21, 2017 to (and including) March 31, 2017 and (b) the Frankfurt Stock Exchange during the period from (and including) March 21, 2017 to (and including) April 4, 2017. The rights could be exercised during the period from (and including) March 21, 2017 to (and including) April 6, 2017.

Box 15:

Because the fair market value of the rights was less than 15 percent of the fair market value of the existing ordinary shares on the date a shareholder received the rights, the rights will be allocated a zero basis for U.S. federal income tax purposes unless the holder elects to allocate basis between its ordinary shares and the rights in proportion to the relative fair market values of the existing shares and the rights determined on the date of receipt. If a holder chooses to allocate basis between its existing ordinary shares and the rights, it must make this election in its tax return for the taxable year in which it receives the rights.

The rights began trading on the Frankfurt and New York Stock Exchanges on March 21, 2017. While there are various methods to determine fair market value, a common method is to use an average of the high and low trading prices on the first day of trading. The average of the high (\$17.75) and low (\$17.01) trading prices on the New York Stock Exchange for Deutsche Bank AG ordinary shares on March 21, 2017 was \$17.38. The average of the March 21, 2017 high (\$2.57) and low (\$2.22) trading prices for the rights on the New York Stock Exchange was \$2.395.

	Average NYSE	
	Price 3/21/17	Percentage
Ordinary Shares	\$17.38	87.8887%
Rights	\$2.395	12.1113%
Total	\$19.775	100%

Using these numbers, each U.S. taxpayer that makes this election must allocate 12.1113% of its basis in its ordinary shares to the rights and reduce its basis in its ordinary shares by an equal amount.

Expiration of the rights

If a U.S. taxpayer receives the rights pursuant to the rights offering and such rights expire, the tax basis of the associated shares will be the same as it was prior to the distribution of the rights.

Box 16:

The average price of ordinary shares trading on the New York Stock Exchange on March 21, 2017 was \$17.38. The March 21, 2017 average price of the rights trading on the New York Stock Exchange was \$2.395. (See calculation under Box 15 above). Using these numbers, each right represented 12.113% of the combined fair market values of an ordinary share and a right.

Box 17:

U.S. Internal Revenue Code sections 305(a) and 307(b) and Treasury regulations sections 1.307-1(a) and 1.307-2.

Box 18:

A U.S. taxpayer generally will recognize a loss on the sale or other disposition of the rights to the extent such holder's tax basis in the rights, if any, determined in U.S. dollars, exceeds the U.S. dollar value of the amount the holder realizes in the sale or other disposition.

Expiration of the rights

If a U.S. taxpayer receives the rights pursuant to the rights offering and such rights expire, the U.S. taxpayer will not recognize any loss.

Box 19:

If a U.S. taxpayer makes the election described in Box 15 above, such election must be made in the U.S. taxpayer's timely filed U.S. federal income tax return for the taxable year in which it receives the rights.
